

THE PENSION OFFICE

Building Will Be Used for Holding Inaugural Ball

FINAL VOTE STOOD AYES, 136; NAYS, 90

Warm Fight in the House, But the Resolution Was Finally Passed by a Call for the Ayes and Nays, After the Proposition Had Been Defeated by Rising Vote—No Political Lines Drawn in the Matter.

Washington, Jan. 9.—The House today adopted the Senate resolution providing among other things, for holding of inaugural ball in Pension Building.

Speaker Cannon and several other Republican leaders declared themselves as opposed to the idea of employment of the pension building for the purpose of holding the ball.

For the third time during this session the resolution granting temporary occupancy of a portion of the monument lot by an American railway appliance exhibition in connection with the meeting of the International Railway Congress to be held in this city, was called up. Favorable action on this resolution had previously been prevented by the opposition of Mr. Mann, of Illinois. Today the resolution was passed in spite of Mr. Mann's objections.

When the attention of the House was directed to a resolution providing for inauguration ceremonies, opposition developed to holding the inaugural ball in the pension office.

Mr. Baker, of New York, said it was a preposterous proposition for the Republicans, "who say they are the soldiers' friends," to delay action on their pension claims by giving up the pension building for a week or ten days. The City of Washington, he said, ought to commend itself to the Czar of Russia, because it was where autocracy ruled. Beneficiaries of the government improvements for Washington were not the people of the city, "but those who own land, the values of which you (facing the Republican side) are making by your constant presents of public money."

Declaring it would be discourteous to the President of the United States to shut the door in his face, after all arrangements had been made for the presence of all the governors of the States and their wives, and various organizations which would participate in the inauguration, Mr. Gaines, of Tennessee, said he favored the pension building this time, but gave notice that never again would he vote for a like proposition.

The House, on a rising vote, refused to pass the resolution, but reconsidered when the ayes and nays were called, passing the resolution finally by 136 to 90. Political lines were not drawn in the voting.

ITALIAN SHOT BY MAFIA.

Belleville, Ill., Jan. 9.—Pedro Bruno, an Italian workman, was shot late last night by unknown parties, supposed to be members of the Mafia Society. Bruno, together with two other Italians, lives in a small hut near Belleville. Shortly before midnight they were awakened. Bruno went to the door and was shot, his injuries being serious. The police found two mysterious marks on the side of the hut. One was the crude representation of a setting sun, and the other was a circle with two quadrants inside.

INAUGURATED GOVERNOR OF ILLINOIS.

Springfield, Ill., Jan. 9.—Accompanied in state by hundreds of marching troops in military array, and led by a staff of Colonels, Lieutenant Colonels, Majors, Captains and Lieutenants, Charles S. Deneen today proceeded from the executive mansion to the assembly hall of the House of Representatives, where he was inaugurated governor of Illinois.

After the inauguration ceremonies the more distinguished members of the party were driven to the Leisler Hotel, where a luncheon was served, covers being laid for sixty persons.

IMPORTANT STATEHOOD CONFERENCE HELD MORGAN MAKES A VERY WARM SPEECH

(SPECIAL TO REVIEW.)

Washington, Jan. 9.—The statehood situation has changed somewhat. Senator Beveridge is beginning to find out the bill in its present shape will not pass.

He says the bill must stand or fall as provided in the pending measure. His uncompromising attitude indicates little prospect of final legislation this session.

An important statehood conference was held yesterday by the Democratic Senators, and an attempt was made to come to an agreement that would permit of some kind of statehood legislation.

Senator Bailey, of Texas, said that he would agree to the passage of a bill if it provided for admitting Oklahoma and Indian Territory as one state and New Mexico as another, leaving out Arizona altogether. Such strong opposition developed to this proposition that the conference broke up without reaching any conclusion.

Senator Bailey intimated that under no other conditions would he agree to a statehood bill at the present session. When asked if he would go to the extent of filibustering, he said he would not, but at the same time he hoped filibustering would not be necessary to kill the present bill.

Washington, Jan. 9.—After the passage of the omnibus claim bill and few other minor measures, and fixing January 28th for the delivery of addresses in memory of the late Senator Hoar, the Senate devoted today to Statehood.

Mr. Morgan spoke for two hours against the bill. He spoke particularly of the character of the population of New Mexico and the Indian Territory. He declared that the framers of the constitution were of the white race, and that it was not their intention that Mexicans, Indians, Negroes and half-breeds should be brought into citizenship. He said that if Arizona and New Mexico were admitted into the Union on the joint statehood basis, this class of citizenship would control the elections, and said that with that class of citizenship in the ascendancy that bribery would be rampant, and whiskey used to effect.

BISBEE PEOPLE INTERESTED IN SONORA

CADENA DE COBRE IS NAME OF COMPANY.

Property Is Located in Sahuaripa District—Bisbee Man Leaves to Take Charge.

The Cadena De Cobre is the name of a mining property recently acquired by Bisbee parties. It is in the Sahuaripa District, State of Sonora, Mexico and has promise of becoming one of the richest mines in that district. The property is not a new one but has been slow of development because of its inaccessibility to railroads, and the fear of the Apache and Yaqui Indians that haunt the mines in that part of Mexico.

The former owners of the property were Combs, O'Neill, and DeBouch. Mr. DeBouch having lived in that country for the last forty years. He had constructed an adobe smelter and in a crude way was getting about 20 to 30 per cent value from the ore, which if handled by improved devices would yield 80 to 90 per cent.

The property consists of the Monterey, Sonora and Cadena De Cobre. All the work thus far has been done on the Monterey, but all the properties give evidence of a high grade ore. The new company has elected the following officers: E. E. Hughes, President, Albert E. Zeh, Sec. & Treas. Directors: E. E. Hughes, Wm. M. Hennessy, James E. Kinsey, Mary Kinsey, and Wm. O'Neill.

Mr. Jno. Fitzgerald will have charge of the development work for the new concern, and left last evening for Mexico to begin operations. He reported that three new railroads were under way of construction and would reach within three miles of the property, thus giving splendid facilities for shipping in the near future. He also stated that Col. Kostelitzky, the commander of "The Flower" of the Mexican Army would start on Feb. 15 with 200 scouts down the Yaqui river and meet Gen. Tarasus coming north. Great satisfaction is manifest among the inhabitants as it is generally conceded that after the meeting of these Generals, the plans for protection from the Indians will be more complete, and both Americans and Mexicans will enjoy a larger freedom.

OKLAHOMA TO BESIEGE WASHINGTON.

Guthrie, Okla., Jan. 9.—One of the largest delegations that ever waited on Congress will leave Oklahoma tomorrow evening for Washington. The purpose is to make a united effort to procure the passage of the Hamilton statehood bill. The delegation, which travels by special train, is made up of influential business and professional men, representing all the principal cities and towns of the territory.

R. K. Osteen left yesterday for Tucson, and will not return before spring. J. C. Callaghan left yesterday for Douglas. It is probable that upon his return from that city that he will find an opening here.

CLIFTON - MORENCI ORPHANS

(SPECIAL TO REVIEW.)

Phoenix, Jan. 9.—The New York Foundling Hospital case came up in the Supreme Court today. Seventeen orphans, ranging in ages from two to six years, were brought into court by their guardians.

Their cleanliness and neatness, and the comfortable way in which they were dressed, together with the solicitude for their welfare as shown by their guardians excited most favorable comment, and called up wishes by the spectators that they might be allowed to keep their homes.

It was agreed that returns should be made of the writs of habeas corpus tomorrow, and the arguments were set for Thursday.

WANT PICKETT TO GO BAILEY WANTS TO KNOW

TOMBSTONE ATTORNEY WHO HAS A WIDE ACQUAINTANCE AMONG SENATORS

Will Be Asked to Represent Cochise County on Committee of Lawyers Who Will Go to Washington to Make Protest Against Passage of Joint Statehood Bill.

Friends and acquaintances of Col. H. L. Pickett, of Tombstone, are urging him to consent to be the Cochise county member of the committee from the Arizona Bar Association, who will leave Phoenix in a few days, to go to Washington to make protest in the name of the legal fraternity, against the passage of the obnoxious joint statehood bill.

Col. Pickett is being urged to accept the place on account of his wide acquaintance in Washington among the most influential senators. Col. Pickett was for twenty years a resident of New Mexico, and knows full well why this territory should not be joined with our eastern neighbor.

He is also quite familiar with the modus operandi of Congress, and if Col. Pickett could be induced to take the place on behalf of Cochise county he would be a valuable and useful addition to the committee.

Cochise county has been asked to certify her proportion of the expenses of the trip of the committee, and it is proper that a representative should be chosen from among the attorneys of the county. From a canvass among the lawyers practicing at the bar of Cochise county, the unanimous choice is Col. Pickett.

POISONS HER HUSBAND

Mason, Mich., Jan. 9.—Love for her husband's hired man led Mrs. Carrie Joslyn to kill her husband with arsenic, according to a confession by the woman, who was arrested today on a charge of killing the husband, William Joslyn, who died Christmas day at his home near here.

It took two weeks to kill the man, Mrs. Joslyn said, the poison being administered by her in coffee and afterwards in lemonade, when the victim was too ill to leave his bed. According to the confession the woman and the hired man, Isaac Swan, conspired to kill Joslyn so that she and Swan might marry.

The police are searching for Swan, who has disappeared. The woman was accompanied to jail by her two young children.

HUSBAND DESERTED WIFE AND BABY

BISBEE WOMAN GOES TO DOUGLAS IN SEARCH OF HUSBAND AND MEETS DISAPPOINTMENT.

Investigation By Officers at Douglas Disclosed Fact That Man Has Gone With Another Woman—Wife Finds Herself in Destitute Circumstances.

(Special to Review.)

Douglas, Jan. 9.—A pathetic case was brought to light this morning. A young woman by the name of May Williams arrived in Douglas, a couple of days ago from Bisbee in search of her husband, who had left Bisbee to come to this city to start an eating house, so he told her. She searched the city for the man, but could not find him, and the officers were called to her assistance. They soon found that the man had never come to Douglas, and it was later learned that he had gone on to Fort Worth with another woman, leaving his wife absolutely without funds to care for herself and infant child. It can be said with pride that no deserving person in trouble in this city is left unaided by the people, and as soon as the sad plight of the deserted wife and mother was known a petition was at once drawn up at the justice office setting forth the condition of Mrs. Williams and asking aid for her. Although the petition has been in circulation but a short time there is no doubt but that there will be funds raised to relieve her, immediate needs.

Mrs. Williams is a handsome woman, and is the mother of a child that is only a few months old; she has relatives in Los Angeles, and a cousin in Bisbee, who have been notified of her trouble. The cousin works in one of the mines, and will aid her all that he can as soon as payday comes. Mrs. Williams, with her baby, is at the Pullman.

PORT ARTHUR ARMY OFF FOR LIAO YANG

NEWS OF DISASTROUS MINE EXPLOSION RECEIVED AT CHEE FOO.

Approaching Japanese Cruisers and Mysterious Wireless Messages Are Heralded From Port Louis, Malakal—No News of Baltic Fleet.

London, Jan. 9.—A dispatch from Port Louis, Malakal, to the Daily Mail says:

"Nothing has been seen or heard of the Russian Baltic fleet. It is supposed that it is sheltering either in some harbor off Madagascar or off Comoro Islands. There are mysterious rumors here of the approach of Japanese cruisers and of receipt of strange wireless messages.

The Daily Telegraph's correspondent at Chee Foo reports that the Japanese consul there has received news of a disastrous mine explosion at Port Arthur. The same correspondent asserts that a large portion of Gen. Nogi's army has been already hurried north to Liao Yang.

ADAMS TO BE SEATED

While Former Governor Peabody Files Notice of Contest

COLORADO'S CRISIS HAS NOW PASSED

Without Bloodshed, But Much Talk, Word Comes From Colorado That Is All Serene and Smooth Sailing Now in Those Troubled Political Seas—Only Violent Counter-Currents Now to Be Avoided.

Denver, Jan. 9.—With the exception of the contest for the governorship, which will be filed by Governor Peabody on Wednesday and hearing of which will continue through several weeks, the political troubles of Colorado that are of particular interest to the outside world have been settled, and Adams will be inaugurated as governor.

Despite all incendiary talks that have been made from time to time, the difficulty has been adjusted amicably. Nobody has been killed, and so far as known nobody has even landed or received as much as one little punch.

There is no sign of trouble now, and unless violent counter-currents strike in from some unexpected direction, there will be no trouble in the future.

SMOOTH CHINAMAN

Freezes to Death in Refrigerator Car.

Washington, D. C., Jan. 9.—Leong Dick, a Chinaman garbed in four suits of clothes, was put in a refrigerator car at Windsor, Ont., to be smuggled into America. The car was billed to Detroit, less than one hundred miles away, and it was thought that Dick could keep warm for that distance, but a storm came up, the car was sidetracked and subsequently sent to St. Paul and on to Chicago and then to St. Louis before it was opened. Dick was found inside, frozen to death.

Two cousins of Dick said that they had paid Lam Chee, a rich and prominent Chicago Chinaman, \$300 to get him into the country, and they threatened to sue him for the money but Lam Chee answered that it was not in the contract that Dick was to be delivered alive.

The immigration officials heard of the affair and after great trouble succeeded in convicting Lam Chee today at Chicago. He is wealthy.

TO STOP TREASURY RAIDS.

Washington, Jan. 9.—A novel plan for river and harbor improvements has been adopted. In the future in making appropriations Congress will make most of the river and harbor appropriations contingent upon the state or states where the work is to be done contributing to the expense.

GIRL WIFE COMMITS SUICIDE.

Menominee, Mich., Jan. 9.—Married at 16, separated from her husband a few months later, and suicide by means of carbolic acid, is the sad story of Mrs. Peter Stovekin, formerly Margaret Seymour, who took her life today in a fit of despondency.

ARIZONA TEACHERS PROTEST.

The Territorial Teachers' Association of Arizona, which represents every section and every important institution of public education in the Territory, in annual session in Flagstaff, Arizona, December 28-31, 1904, hereby expresses by unanimous vote the strongest and most urgent opposition to the union of Arizona and New Mexico in one state under any circumstances whatever. The differences of educational organizations and social conditions, and the size of the proposed state, and the difficulties of intercommunication between the different sections, are unanswerable arguments against such union.

A. H. M'CLURE, President.

MARY B. POST, Secretary.
