BISBEE, ARIZONA, THURSDAY MORNING, MAY 18, 1905.

NO. 314

## CHICAGO STRIKE TO END

### Through Arbitration Plan, According to Present Arrangements—Expected Close Will Come Today—Gompers on Hand

**GOMPERS IN CHICAGO TODAY.**

Chicago, May 17.—Samuel Gompers, president of the American Federation of Labor was the central figure in the teamsters' strike situation today. His presence in Chicago was regarded as offering some hope of success. Gompers met the labor leaders today in his rooms at the Briggs house.

Just before going into conference he said:

"I am not in position to say what will or will not be done. I will say, however, that I have no intention to interfere in any way unless I am commissioned to do so by President Shea and his colleagues to do so."

Chicago, May 17.—It is highly probable that the next twenty-four hours will see the end of the teamsters' strike in Chicago. Although some of the labor leaders will so acknowledge, it is generally understood tonight that the program for calling off the strike has already been arranged.

Tomorrow morning at 9 o'clock a meeting will be held between the teamsters' council and a committee representing the Team Owners' Association. It will be made plain to the teamsters that the business interests of the team owners render it imperative that the boycott be lifted.

It will then be agreed by the team owners and teamsters joint council that the demand of the team owners to make deliveries to boycotted houses with union drivers be submitted to arbitration. This arbitration is to concern only the team owners association and teamsters. Members of the employers' association are in no manner interested in it in an official sense. Pending the decision of this board of arbitration the strike is to

## NAN PATTERSON KILLED

### Caesar Young—Judge Davis Makes Statement

New York, May 17.—Somewhat to the astonishment of those present at the monthly dinner tonight of the Phi Delta Phi club, an organization of lawyers, Justice Vernon M. Davis of the supreme court of the state of New York, who was the guest of honor, gave his opinion as to the guilt of Nan Patterson, while making an argument in defense of Assistant District Attorney Rand, who had prosecuted the young woman at her three trials for the murder of Caesar Young.

Justice Davis, who presided at the first two trials of the former chorus girl, said that she had lied from the beginning to the end, and it was his opinion that the majority of the community now believed that Miss Patterson held the pistol by which Young was shot; that J. Morgan Smith bought the weapon and gave it to her, charging her at the same time with the duty of "scaring" Young.

In the middle of the justice's remarks the reporters were asked to leave the room, but before they had reached the door they were called back by the speaker, who said that he left it to their discretion as to just what parts of his speech were to be used.

"We have heard a great deal in the public press of late of the severe criticism of Mr. Rand and his conduct of the trial," said the justice. "You can't prosecute a criminal without telling what you believe to be the truth. In the second trial before me the defendant went on the stand, and it was quite obvious that she was telling falsehoods from the beginning to the end. The very air seemed charged with the fact that she was lying. Yet she was a woman. She was young. It was natural that the public should sympathize with her. The people seemed to know that she was not telling the truth and the great public of New York said: 'Why shouldn't she lie? Let her lie. Let her get the benefit of her lies.'"

"But today in the light of the last disagreement I feel sure that most people are convinced—that the majority of the people believe—that the pistol that killed Caesar Young was held by her, was bought by J. Morgan Smith, in an attempt to get money from Caesar Young for the support of the combined family."

"I don't mean to say that she took the pistol from the reticule and shot him inside, but I do believe that she had the pistol and showed it to Caesar Young. An argument followed, and he took hold of the weapon. In the conversation and consequent struggle the pistol went off and the man was killed."

"I believe, moreover, that had she told the story on the witness stand as it really happened, in other words, had she told the truth, that the second jury would have acquitted her."

## SAILING BOATS START

### On Big Race Across Atlantic—American Boat Takes Lead

New York, May 17.—A splendid fleet of sailing yachts swept across the starting line at Sandy Hook light ship at 12:15 p. m. today, and with the queenly American schooner Atlantic heading the way, headed out to the broad Atlantic ocean on a race of 1,000 miles to the English coast for a \$5,000 cup offered by Emperor William, of Germany.

When last seen, as they vanished into the mist, they were strung in a line six miles long, heading south-eastward and pointing as nearly as possible to the wind that was dead ahead.

A quarter of a mile astern of the Atlantic was the 90-foot American yawl, which was holding a hot brush with the German schooner Hamburg, The Philadelphia schooner Hildegarde was next. The Endymion, holder of the trans-Atlantic yachting record, was almost a mile astern of the Atlantic, and more than half a mile astern of the Endymion were the Thistle and Fleur De Lis. Strung out behind were the American bark Apache, the British topsail schooner Sunbeam, and five miles astern of the leader the American three-masted schooner Utowana. Bringing up the rear was the British clipper ship Vahalla. These two latter had been delayed by a bad start.

## MR. FERGUSON WITHDRAWS.

From Braun-Ferguson Drug Co. at Special Stockholders Meeting Yesterday.

A special meeting of the stockholders of the Braun-Ferguson Co. was held in this city yesterday, and as a result Mr. N. E. Ferguson, who has been connected with the company for the past three years, retired from the presidency, and J. Q. Braun was elected to succeed him.

Owing to the resignation of Mr. Ferguson and his retirement from the company, the selection of a new set of officers was made necessary, and the following were elected:

J. Q. Braun, president.  
G. W. Coswell, V. P.  
W. A. White, secretary and treasurer.  
C. A. Brofflee and Tom Collins, directors.

It is understood that the business of the Braun-Ferguson Co. will be conducted as in the past, with headquarters at El Paso, but that Mr. Braun will assume the active management of the company in the future.

Braun-Ferguson control drug stores in El Paso, Bisbee, Douglas and Cananea.

## NEW ARIZONA POSTOFFICE.

Washington, D. C., May 17.—A postoffice has been established at Winkelman, Pinal county. Ernest A. Spann is the postmaster.

## FALL RIVER STRIKE AFFAIR

Boston, May 17.—In a statement issued today by Governor Douglas, as referee in settlement of Fall River textile strike of 1904, he finds that a partial restoration of wages has not been arranged.

When the strike was settled last fall through the governor's intervention he was empowered to fix a margin of profit at which operators would receive increase in wages.

The governor reports that the conditions during the months between January and April were not such as to warrant any increase.

## GOVERNOR DOUGLAS MAKES REPORT—SAYS CONDITIONS DO NOT WARRANT WAGE INCREASE.

AT SOCORRO AND HARQUA HALA

Phil, Engasser and Jim Medlar have returned from Socorro and Harqua Hala, where they went with Solon Marker with a 30-ton consignment of freight and lumber. The Socorro is preparing to start its mill, and B. J. Quan is getting in shape to cyanide at the Harqua Hala.—News-Herald.

## SEVEN MEN ARRESTED

### Suspected of Causing Santa Fe Wreck at Emporia

Emporia, Kan., May 17.—Seven men were arrested here this afternoon by Santa Fe detectives on the suspicion of being connected with the wreck of train No. 17 yesterday. Five were released and two held for further investigation. All were former railroad men.

A small boy living near Junction testified that two men had been hanging around the Howard branch tool house for the last week and that he overheard them talking about breaking in.

The two men arrested deny having seen each other before. The last of the wrecked cars were put on the track this afternoon.

No sign of the two passengers said to be missing was discovered.

## GENERAL GOMEZ ILL.

Cuban Hero Near Death's Door With Nephritis.

Santiago de Cuba, May 17.—Gen. Maximo Gomez is dangerously ill with nephritis. The general's extreme age and the results of the many wounds he received in his campaigns for the liberation of Cuba complicate his trouble. He rallied from an operation for an abscess a week ago, but suffered a relapse yesterday. His family has been summoned and will arrive here tomorrow.

## Notice of Change.

Washington, May 17.—Count Cassini, the Russian ambassador, has officially informed the Washington government of the appointment of Baron Rosen as ambassador to the United States. He has advised his government that the appointment is entirely agreeable to President Roosevelt.

## NAVAL BATTLE IS INLAR

### Believed Rojestvensky Will Force Issue Speedily Another Great Battle on Land Also Thought at Hand—Russians Out of French Waters

Amoy, May 17.—It is believed that part of the Japanese fleet is taking up a position below Formosa and that Admiral Togo has planned to fight the Russian squadron south of Formosa. The Japanese get orders from this vicinity at night time.

St. Petersburg, May 17.—It is announced today from Cronstadt that Vice Admiral Birleff, commander in chief at Baltic port, has ordered the commanders of the fourth division of Vice Admiral Rojestvensky's fleet to hold their ships in readiness to leave for the far east by June 14th, without fail.

No Russian Vessels in French Waters.

Tokio, May 17.—In reply to representations of the Japanese government the French government has notified the authorities here that Admiral de Jonquieres has reported that he had cruised along the coast of Anna on May 13th and 14th for the purpose of forcing any Russian ships to leave the coast should he find any in French waters. The admiral, it is added, did not find any Russian vessels between Cape St. James and Turan. Even so far as Joadney, the most northern anchorage on Anna coast, not one Russian ship was observed.

## MR. FERGUSON WITHDRAWS.

St. Petersburg, May 17.—With the suspicious stoppage of dispatches from Manchuria, and the strong possibility that Vice-Admiral Rojestvensky has cut his last communication with home and set forth on the final stage of his journey to his goal, either Togo or Vladivostok, keen interest is manifested in naval and military circles here.

Though the admiralty, which has been completely silent since the advent of Rojestvensky in the Chinese Sea, publishes no dispatches, the conviction is growing that the united squadrons, as indicated by the Associated Press on May 15th, departed from the Annam coast immediately after their junction, and naval officers are anxiously expecting news of the first skirmishes.

Neither admiralty nor individual officers have any information regarding the rumored request of Vice-Admiral Rojestvensky to be relieved, and all who were questioned regarding the report expressed doubts of its accuracy. The Associated Press was informed late last night that Vice-Admiral Birleff would be sent to Vladivostok, which possibly accounts for the origin of the rumor of Rojestvensky's request to be relieved of his command.

On the military side the indications are that events are rapidly shaping for the preliminary stage of another great battle. The Russian army has been refitted, and is ready for action, and it is asserted that Gen. Linievitch is not the man to waste days in inaction.

## SEVEN MEN ARRESTED

### Suspected of Causing Santa Fe Wreck at Emporia

Washington, May 17.—The naval situation is viewed with intense interest, but the admiralty is able to throw little light on the situation. It gives no confirmation of the Tokio report that Admiral Rojestvensky returned to Hong Kohe bay. The Russian admiral is keeping his movements and plans secret, not communicating even with home authorities. Many wild reports emanating from Tokio are attributed to the agitated state of mind of the Japanese over the result of the coming battle.

The story that sailors from the crews of the interned Russian ships at Shanghai are being sent to complete the complement of Rojestvensky's fleet is nonsense, as is the previous story that a large number of mercenary were shipped at Madagascar.

The admiralty considers there is no harm now in divulging the fact that Rojestvensky's ships are overmanned instead of undermanned, as when they left Libau there was still a hope that the Chilean and Argentine warships could be purchased and portions of the crews designed for them were carried on board the Russian fleet.

Many naval men incline to the opinion that Rojestvensky will pass out of the China sea into the Pacific through Ballintang channel, north of the Island of Luzon, Philippine Islands, and give Formosa a wide berth, instead of sailing through the 200-mile stretch of straits of Formosa, in which the Russians might be subjected to a torpedo attack.

Another division of reinforcements for Rojestvensky is almost ready at Cronstadt, and will be sent out under command of Rear Admiral Parespago. It will consist of two fine new battleships, the Slava and Imperator Alexander II, two cruisers, a torpedo cruiser, a gunboat, a transport and several minor units. The division is now engaged in speed trials and maneuvering off Cronstadt. The appearance of this reserve division in the far east in the course of the summer, should the hostile fleets suffer equally in the coming battle, is counted on to give Russia the necessary decisive preponderance at sea. The possession of this division, naval men believe, may eventually prove Russia's salvation.

## SEVEN MEN ARRESTED

### Suspected of Causing Santa Fe Wreck at Emporia

Washington, May 17.—Patents have been granted as follows:

Francis B. Austin, of Tombstone, safety device for elevator.  
Alfred I. Conkey and C. C. Bradley, of Clifton, saw guide.  
Mary E. Kneveton, Phoenix, centimetre process of manufacturing steel.  
Contracts for carrying the mail on the following named routes have been awarded:

Camille to Elgin Station, B. T. Powell, of Camille.  
Hereford to Palmerlee, S. J. Hayhurst, of Bisbee.  
Bernard S. Rowland appointed rural letter carrier at Xavier. B. Miller, substitute at Phoenix.  
The Wells-Fargo Nevada National Bank has been approved as reserve agent for the First National Bank at Yuma.

## GLENN HEARING TODAY.

Number of Friends Come to Assistance of Young Man Charged With Theft.

George Glenn, who is charged with taking a hat at the Copper Queen store, will have hearing this morning at 10 o'clock, postponement of the case having been made yesterday in order to allow the summoning of witnesses, of whom there will be about twenty. Of the number most have been called by the defense. The latter is represented by Neale & Ross.

A number of friends came forward in behalf of Glenn yesterday when it was learned that he was in jail in default of bond, and the latter, in the sum of \$100, was speedily provided. His friends assert that some mistake has been made. Those who brought the charge are equally positive in assertions that no mistake has been made.

## RECEIVER IS ASKED FOR

### Pinal County Mining Property Standard Co. Difficulties

St. Louis, May 17.—Application for a receiver for the Standard Copper Co. of Arizona, and for an injunction restraining the sale or other disposal of the property, and preventing the maintenance of offices in St. Louis, was made in the circuit court today.

The plaintiffs are minor stockholders, who say they own 32,400 of the 100,000 shares of the capital stock. One allegation is that a mortgage for \$10,000 on the property, which consists of land and mills in Pinal county, and which is due, is invalid, for the reason that it was executed in Missouri.

## WIDELY KNOWN SHERIFF.

James Parks in the City From Graham County on Business.

Sheriff James Parks, of Graham county, arrived in the city last evening from Douglas, where he spent the day in quest of witnesses for the defense in the case of the Territory of Arizona against Oscar Roundtree, a ranger, charged with an assault upon the person of a Mexican named Vega, which is alleged to have occurred at Clifton during the time of the floods in that town, at which time the rangers placed under arrest a number of Mexicans, charging them with theft.

At the present session of court the grand jury indicted Roundtree for assault, and his trial will be had at the present term of court, which will convene at Solomonville on Friday.

James Parks is one of the most widely known peace officers in Arizona, and has been sheriff of Graham county for the past six years. During the strike troubles at Morenci two years ago Sheriff Parks was in command of the forces there, and it was due to his cool and careful management on that occasion that bloodshed was more than once averted.

## BOY BREAKS BOTH ARMS.

In a Fall From Stairway to Ground Fifteen Feet Below.

A ten-year-old son of W. H. Swyres, residing at Lowell, had both arms broken in a fall sustained from a stairway at his home yesterday afternoon. The fractures are just above the lad's wrists.

The boy was playing on the stairway, which goes up on the outside of the house, when he slipped under the banister and fell to the ground, a distance of fifteen feet. Dr. Bledsoe was summoned from this city and reduced the fractures.

## Railroad Paymaster—J. R. Todd.

bookkeeper and paymaster with the A. & N. M. R. R. is in the city for a few days on business. Mr. Todd states that the A. & N. M. R. R. has fully recovered from flood damages sustained during the winter, and is again in prime condition. He is interested in baseball at Clifton, and while here will endeavor to arrange a date for a game between the Clifton and Bisbee teams for some time next month.

## BIG STEAMER AGROUND

### Cunard Liner Resists Efforts to Get Her Off Mud Bank

New York, May 17.—The big Cunard liner Carona tonight is still fast on Flynn's Knoll, off Sandy Hook, on which she grounded while making her way out to sea in the thick weather of Tuesday afternoon.

At high tide this afternoon six powerful tugs and a steam pilot boat strained and pulled at the hawthers, and the big ship turned her own screws in an effort to slide her bows from the mud.

When the tide was at its height the Carona's stern was swung around quite a distance, and the tugmen say she also was moved slightly nearer the channel, but all efforts to entirely free her failed.

The Carona has a full cabin list, embracing many distinguished people, but practically no word has come from the stranded ship as to how they are passing the long hours in rain and fog.

## SCHOOL TRUSTEES WIN SUIT

### Brought to Determine Legality of Its Bond Issue Proceedings.

Word was received in the city last evening that Judge Doane had rendered decision in favor of the school trustees of Bisbee district in a suit with the Bank of Bisbee, the latter being required by the court to take the \$75,000 bond issue which it recently bid in.

The suit was a friendly one, brought to determine whether the school trustees had sufficiently advertised the proposed bond sale. Had not the court found that sufficient advertisement had been made it would have been necessary to again go through the entire bond selling and building contract letting proceedings.

A special meeting of the Board of Trustees was called last evening upon information received regarding the termination of the suit at Tombstone. The contract was formally awarded to Boston & Brown, and the papers will be signed up today. The contract price was \$52,000, and work will be commenced today. Architect Hurst, who drew the plans for the building, will be the supervising architect. The contractors were required to furnish bonds in the sum of \$15,000, which they did with L. C. Shattuck and the Miners & Merchants bank as sureties.

## BIG CEMENT WALL.

### To Be Built for the Protection of Johnson Addition.

A big piece of cement work is to be commenced in a few days by the J. E. Thompson Co. at the Johnson addition. It will consist in a wall 210 feet long, nine feet high and 18 inches thick which is to run along the front of the addition on Naco road. The purpose of the wall is to provide against encroachment by the waters of the creek on the lots of the addition, at the base of which it runs in flood seasons.

## BOY MURDERERS ARE SANE

### COMMISSIONERS APPOINTED TO INVESTIGATE SANITY MAKE REPORT TO GOVERNOR.

Denver, May 17.—The commissioners appointed by the governor to investigate the sanity of Coas. O. Peters, Newton Andrews and Fred Arnold, the three boys under sentence of death for the killing of Mrs. Amanda Youngblood, have reported all three to be sane, after a thorough investigation.

The board of pardons is considering the cases this afternoon.

## \$300 LOT SELLS FOR \$4,000.

Evidence of Advance Made by Lowell Real Estate in Last Few Years.

Robert Hennessy yesterday sold to the Bisbee Lumber Co. at Lowell a lot included in the present lumber yard of the company for \$4,000.

The sale affords an evidence of the big advance that real estate in and about Lowell has made in the last few years. Mr. Hennessy purchased the lot about three years ago for \$300.

## NEW MEXICANS ASK FOR AID

Messrs. H. W. Kelly and Frederick H. Pierce, representatives of the Las Vegas Water Users' Association, are in Washington presenting to the attention of the Secretary of the Interior the attractions of the Las Vegas project.

Secretary Hitchcock gave the New Mexicans a hearing yesterday at which they outlined the wishes of the people and described in detail numerous advantages this project possesses over those in less favorably located sections. The Secretary was much impressed with the showing made, and expressed a desire to promote as much as possible the plans of the people of Las Vegas for substantial and permanent development.

Later the committee called upon Chief Engineer Newell of the Reclamation Service, who explained fully the condition of the reclamation fund and the law governing its distribution. He stated that the Bureau earnestly desires to forward the work on the Las Vegas project as soon as the condition of the reclamation fund will permit; that the enterprise and industry of the people in meeting the requirements of the law, in signing up their land, and other ways co-operating with the Reclamation Service, were thoroughly appreciated, and furnish an example other communities would do well to emulate.

Messrs. Kelly and Pierce will today transmit to the Secretary a formal request that the Government continue its investigations of this project, and complete the plans for the construction, so that actual work may be begun as soon as money is available.
