RUSSIA IS AT THE MERCY OF HER TROOPS

Navy is No Longer Looked to For Aid in the Crisis at Hand—Troops believed Unstable Bulwark Against Revolutionary Flame—News of Situation at Home May Have Bad Effect

St. Petersburg, June 29.—The Russian government, although it has been almost paralyzed by the news that sailors at Libau also had mutinied, is making desperate and even frantic efforts to meet the flames of revolution before they can now the last bulwark of the autocracy.

With Poland red with the spirit of revolt, the Caucasus already almost in a state of civil war, and idly, the whole country is profoundly ripe for the long predicted evolution.

St. Petersburg, June 29.—The first act of the government after dispatching Admiral Kruger's squadron from Sebastopol, was to summon the Kniaz Potemkine, whose mutineers have now been joined by the crews of the torpedo boats which accompanied it to Odessa, to surrender, under threat of firing upon and sinking the vessel. This was followed by declaration of martial law at Odessa and Libau, and the clothing of military commanders with plenary powers.

The newly formed council for imperial defense met last night under the presidency of the Grand Duke Nicholas. Great fear is expressed that many regiments are honeycombed with sedition, and there is grave doubt of their loyalty should they be called upon to fire on the revolutionists. Indeed, the most startling stories involving the unreliability of the troops are being repeated in St. Petersburg, but the truth of many of them is more than questionable.

What effect the news of happenings at Odessa will have upon the troops and people in general is problematical and puzzling to the press. When the news reaches the armies in Manchuria it is bound to create a deep impression. At the admiralty, where the temper of the Black Sea sailors is known, the orders sent to Admiral Kruger's squadron were by no means unanimously approved. Among others, Vice-Admiral Skrydloff openly expressed opinion that the blue jackets of Kruger's ships would not fire on their comrades on board the Kniaz Potemkine, but that, on the contrary, they might revolt should they be ordered to shoot. Admiral Skrydloff was of the opinion that the best course would be to allow the crew of the

Latest reports from Odessa show that the mutineers from the Russian battleship are in a desperate struggle with the troops, and that the workmen of the city have joined in the fight on the troops. The earlier reports received today were to the effect that order was being restored, but later dispatches show conditions to be growing worse.

of concerted action, on the part of the blue jackets, and is full of menace for the future peace of the Russian Empire.

Firing on Odessa.

London, June 29.—The Odessa correspondent of the Daily Telegraph, in a dispatch filed at 11 o'clock Thursday night, says that the Kniaz Potemkine is firing on the town, and that Admiral Kruger's squadron is not in sight.

Another Mutiny at Libau.

Libau, June 29.—The Russian sailors mutinied here last night, and attacking the government stores, seized the arms and fired into the officers' quarters.

Infantry, artillery and Cossacks were brought to the scene of the fighting but the result is not known. Intense excitement prevails here.

Entire Harbor Gutted.

Odessa, June 29.—Practically the entire harbor was gutted by fires started by the mob last night. Large quantities of merchandise, as well as four or five Russian steamers, were burned.

Probably three hundred rioters were killed and several Cossacks were also slain.

Troops are now rapidly restoring order.

British Steamers Not Damaged.

London, June 29.—Telegrams received today from Odessa by the ship owners say no British steamers were damaged in the rioting yesterday.

These advices add that the situation is quieter today.

St. Petersburg, June 29.—4:50 p. m.—Shortly after noon a dispatch was received here reporting that complete anarchy reigned at Odessa. The streets are filled with frenzied workmen who are fighting the troops.

Under the cover of smoke and many burning buildings the work of pillage has begun. The dispatch adds that mutineers from the battleship Kniaz Potemkine attacked the troops with machine guns and fought from behind barricades.

It is also reported that many soldiers have joined the mutinous sailors.

RESIGNATION DEMANDED

Taft Savagely Attacked Wallace of Panama Commission

Washington, June 29.—Charging him with changing his position over night "for mere lucre," and with being influenced "solely by personal advantage," Secretary Taft in his conference in New York on June 26 with John F. Wallace, chief engineer of the Panama Canal, after administering a severe reuke to him, requested his resignation on the ground "that public interest requires that you tender your resignation at this moment, and turn over the records of your office to the chairman of the commission."

This fact is disclosed in an important statement issued from the office of the secretary of war, which reviews the relations of Mr. Wallace at the war department with the commission since the latter body reorganized last spring, quoting several expressions of the chief engineer as to his satisfaction with arrangements, and then gives practically a verbatim account of the conference between Secretary Taft and Mr. Wallace in New York.

The statement issued tonight concludes with the president's letter to Mr. Wallace, dated Cambridge, Mass., June 28th, which reads:

"Your resignation as a member and chief engineer of the Isthmian Canal commission, tendered in accordance with the request of Secretary Taft, which request under the circumstances has my entire approval, is hereby accepted, to take effect immediately.

"Very truly yours,
"THEODORE ROOSEVELT."

LUNATIC KILLS POLICE CHIEF.

Slays Antigo, Wis. Official, Who Attempts to Capture Him.

Antigo, Wis., June 29.—Jack McArthur, chief of police of this city, was shot and killed today by an escaped lunatic named Jim Wittinger. The insane man got away from the Oshkosh asylum, and was reported as having been seen at a place six miles from the city. McArthur took one man and went after him. When he learned where Wittinger was McArthur sent his companion for assistance, while he kept watch. When the posse returned they found McArthur lying dead in the road, his body riddled with buckshot. In one hand was his revolver. Wittinger is still at large.

THRILLING BOAT RACE

Won By Yale By a Praction. Harvard Close Behind

New London, Conn., June 29.—Yale's varsity crew this afternoon wrested victory from Harvard in the annual four-mile race on the hTames by the length of an oar. After rowing for four miles with shells lapping and graceful prows zigzagging between strokes, the Yale boat crossed the finish line three-quarters of a length ahead of the crimson. Yale won by two and one-half seconds. The blues' times was 22:33 1-2.

Such a race has not before been rowed in the twenty-seven years of racing between these old rivals. The Harvards finished the first mile of the race just two seconds behind Yale. The New Haven boat passed the mile and a half flag in 8:01; Harvard, 8:04. The time for the two miles was: Yale, 16:47; Harvard, 16:59.

Yale's time at the three-mile flag was 25:37; Harvard's, 25:43. The last quarter mile of the race was a fight never to be forgotten by those fortunate enough to witness it.

The Cambridge shell glided inch by inch on the stern of the blues' boat. The crews were only a hundred yards from the finish, and still it was either's race. The crowd became wild with excitement. The Harvard shell continued to creep up on the Yale boat, and every man of the two crews was pulling out the last ounce of his power when suddenly the flag at the finish dipped, and Yale was the winner by three-quarters of a boat length.

REGISTERED MAIL FROM WEST STOLEN.

Memphis, June 29.—Between the Iron Mountain mail car and the Memphis postoffice registered mail valued at \$20,000 mysteriously disappeared Friday night, and the loss has just leaked out. The mail came from Texas, Oklahoma and the West, and was intact up to the time taken from the car. The safe to be sacked for the Memphis transfer.

The twelve bags in which it was supposed to be were delivered all right, but only ordinary mail was in them. All other sacks were searched and all trains out were wired in vain. The mail was gone. All employees are under close surveillance and detectives are at work, but all traces seems lost.

SPECIAL FREIGHT RATES.

Made by G. V., G. & N. R. R. for Government Supplies for Tonto.

The Secretary of the Interior has executed a contract with the Gila Valley, Globe and Northern Railway Company whereby the above named company agrees to make a special freight rate on material and machinery to be used in the construction of irrigation projects under the Act of June 17, 1902.

These reductions in freight rates are made in view of the fact that the government irrigation systems on or tributary to the lines of the railroad company will be of great benefit to the country traversed by those lines, and to all parties doing business therein. The money thus saved will be covered into the reclamation fund, and will reduce the cost of construction and promote the development and settlement of the lands under the project.

SHOOTING AT DOUGLAS

Frank Wensel, a Former Bisbee Waiter, Probably Fatally Hurt

WAS ACCIDENTALLY HIT

While at Work By One of Four Shots Fired By Quarreling Negroes

(Special to Review.)

Douglas, June 29.—A shooting scrape occurred in the Eagle Cafe in this city this evening at 6 o'clock, and as a result Frank Wensel, a waiter employed in the place, is lying at the Calumet & Arizona hospital in a precarious condition, shot through the breast with a 44 calibre pistol.

From reports current on the streets tonight the shooting was the outgrowth of trouble between a negro porter at the cafe and a bartender in the same place. Trouble appears to have been brewing between them for some time. About 4 o'clock this afternoon the two again had a quarrel, and it is alleged that the negro cut at the bartender with a knife, when the latter left the place and purchased a six-shooter and returned. In the meantime the negro had also armed himself, and when the two belligerents met hostilities were commenced.

Two shots were fired by each party without effect, but Frank Wensel, better known as "baldy," who was at work in the cafe, received a bullet in the breast, the ball coming out at the back. The wound is probably fatal, but the victim was resting comparatively easy at the last report from the hospital tonight.

It is not known which shot struck Wensel. Both parties to the shooting were placed under arrest a short time after the occurrence, and a preliminary hearing will probably be held tomorrow.

Frank Wensel, the wounded man, formerly worked as a waiter in the English Kitchen, and was here last about two years ago.

ROLLING MILLS AT EL PASO.

Phelps-Dodge Steel Plant Declared to Be Possibility of Near Future.

El Paso, June 29.—Persistent rumors are being circulated to the effect that influences are at work to bring about the establishment of steel works and rolling mills in or near the city.

The name of Phelps-Dodge is mentioned prominently in this connection, but it is said that other interests are bound to take up the advantages offered, if the big mine and railroad corporation does not.

C. B. Eddy is said to have turned his attention, now that he has disposed of the Northeastern system, to the development of the iron resources of New Mexico. Investigation of the advantages of the district has been made by an expert. Whether or not his report was favorable has not been made public.

ARTICLES SIGNED FOR 20-ROUND MATCH TO TAKE PLACE IN SAN FRANCISCO.

San Francisco, June 29.—"Jimmy" Britt of this city and "Kid" Sullivan of Washington have signed articles for a 20-round match, to take place July 21st, before the Hayes Valley Athletic Club of San Francisco.

OHIO DEMOCRATS NAME

State Ticket—Strong Platform Adopted

Columbus, O., June 29.—After a continuous session lasting six hours, with several striking features, the Ohio Democratic convention today named the following state ticket to be voted on at the state election in November:

For Governor—John M. Pattison, of Clermont county.

For Lieutenant Governor—T. J. Mathers, of Shelby county.

For Attorney General—James A. Rice, of Stark county.

For State Treasurer—Charles F. Mason, of Butler county.

For member of the Board of Public Works—Patrick C. McGovern, of Muskingum county.

Chairman Daugherty inaugurated a sensation by reading a communication from National Committeeman John R. McLean, who wrote from Washington, offering his resignation, which was at once accepted.

The resolutions introduced today approve of the determination of the national administration "to purchase supplies for the Panama canal in the markets of the world and not pay tribute to our protected monopolies," and says: "We trust that the day may soon come when the common people of this country may enjoy the same privilege and not be compelled to pay manufacturers for the necessities of life a higher price than these articles are sold for by the same manufacturers to foreign purchasers."

The platform demands the stoppage of rebates and secret contracts and instructs representatives in congress to aid in the enactment of such a law. The party pledges itself if successful in this state election to use its utmost endeavor to eliminate graft and political corruption.

The resolutions favor the election of United States senators by a direct vote of the people, and also the referendum and initiative, especially with reference to issuing municipal and county bonds and granting franchises.

EFFORT TO SAVE UPSHAW

Valdez in Hands of Jury. Other Court Proceedings

Tombstone, June 29.—A strenuous fight is being put up by Attorney Cunningham to save Wm. Upshaw, the negro who murdered a young colored girl at Bisbee several months ago. Sentence, it was expected, would be passed on Upshaw by the court today, but it still hangs fire. Meantime Attorney Cunningham has moved for a new trial and asked arrest of sentence pending decision on this point.

Alfonse Smith, sent from Bisbee on forgery charges brought by Ben Wetzel and Wm. Black, has been found guilty. Sentence has not yet been passed by the court, nor date named upon which it will be.

Reyes Valdez, the Mexican charged with the murder of a Mexican girl at Bisbee, will probably know his fate tomorrow. His hearing was concluded tonight and the case given to the jury at 8 o'clock. At a late hour the jury had not yet reported.

The divorce case of Cummings vs. Cummings, both being residents of this city, was heard by the court today, evidence being concluded this afternoon. Judge Doane has taken the case under advisement.

Guermo, one of the Mexicans charged with attempt to murder Mart Moore at Paradise, has been ordered discharged from custody by the court, on the ground that the evidence submitted was not sufficient to hold. The hearing of De Leon, the other Mexican implicated in the affair, has been postponed until Saturday in order that time may be given to bring important witnesses from Clifton.

Hearing of the David O'Brien case has now been set for July 8.

BEEF TRUST INDICTMENTS.

Chicago, June 29.—It is expected that either tomorrow or Saturday indictments will be voted in connection with the inquiry into the beef industry which has been in progress for several weeks.

HENEY IS MERCILESS

In Arraignment of Senator Mitchell—Latter Sorely Cut

Portland, Ore., June 29.—The case of United States Senator Mitchell will not go to the jury before tomorrow. Today was consumed by District Attorney Heney in finishing his argument for the prosecution, and when he completed it, court was adjourned until tomorrow. Judge Bennett will commence to speak in behalf of Senator Mitchell tomorrow morning, and will be followed by Senator Thurston. Mr. Heney will then make his final argument. If time remains, Judge De Haven will give his charge tomorrow. This, however, seems unlikely unless the lawyers for the defense consume much less time than it is believed they will.

Mr. Heney, in his argument to the jury, has been tracing the transactions of the firm in relation to land matters from the time the senator asked for a copy of the firm's books, covering a period from November, 1901, until July, 1902. His arraignment of the defendant, whom he said had been the cause of the perjury of Judge Tanner and his son, and whom he charged with an attempt to suborn his private secretary, Harry Robertson, to testify in accordance with the falsehood outlined, was merciless, and caused the face of the defendant to flame and pale with passion.

LION AND BEAR KILL

Stock of Rancher Stoddard in the Huachuacas—Brings Hides to Town.

H. L. Stoddard was in the city yesterday with the hides of two of the animals he reports that in the last few weeks mountain lion and bear have killed six burros and two horses for him.

Mr. Stoddard brought with him yesterday the hides of two of the animals that participated in the raid, on his place. One of them was a lion and the other a brown bear hide. The latter was a particularly large and fine specimen.

PURE WATER FOR PANAMA.

Panama, June 29.—The system of aqueducts, which will give the Isthmus a supply of pure water was inaugurated this afternoon.

EIGHT NEGROES LYNCHED

THEY WERE TAKEN FROM JAIL WHERE THEY WERE CHARGED WITH ASSAULTING WIFE OF A PROSPEROUS FARMER.

Atlanta, Ga., June 29.—A special to the Journal from Watkinsonville, Ga., says:

Eight negroes were lynched by a mob here between 1 and 2 o'clock this morning.

They were in jail charged with assaulting Mrs. Weiden Dooly, the wife of a prosperous young farmer, near here.

Report says that one white man was also killed, and an unconfirmed rumor says that several were wounded but not killed.

Later it is learned that one of the eight men lynched miraculously escaped death by falling to the ground when the volley was fired and feigning death.

FIRE IN UTAH MOUNTAINS.

Ogden, Utah, June 29.—A mountain fire which is not yet under control is raging north of here. With a frontage of over a mile the fire has traversed five miles of territory, destroying fences, fruit crops and haystacks.

Hundreds of men are endeavoring to keep the fire's path cleared from the scattered dwellings in the vicinity. A powder magazine directly in the path of the fire was only saved by strenuous efforts. No estimate of the damage has yet been made.

TWO WRECKS IN KANSAS

SANTA FE LIMITED GOES INTO TRAIN NEAR CENTER CITY. U. P. WRECK AT ELLIS.

Kansas City, Mo., June 29.—The Santa Fe Limited passenger train, bound for Chicago, collided with a train on the belt road two miles from Center City, today.

Two trainmen were killed and two fatally injured, and one passenger was hurt.

Union Pacific Wreck.

Ellis, Kan., June 29.—The west bound passenger train on the Union Pacific crashed into a freight in the yards today, when J. H. Kinney, the engineer on the passenger train, and two men, believed to be tramps, were killed.

The freight train, on taking the siding, failed to pull far enough off the main track.

Battleship Hurrying to Odessa.

Sebastopol, June 29.—A battleship and cruiser left here during the night with orders to steam full speed for Odessa.

CONTRACT FOR CARRYING MAILS.

(Special to Review.)

Washington, June 29.—Contract for carrying mail from Zaba to Nogales was awarded to C. A. Gilder, of Nogales.
