### Explosion of a Fuse in Fuse Factory Brings Frightful Holocaust

## SEVEN KNOWN DEAD

### Number of others thought Sacrificed at Avon, Conn. Many are Injured

Avon, Conn., Sept. 15.—Explosion of a fuse was followed by a fire in a building of the Climax Fuse company here this afternoon.

Panic resulted among twenty employes in the building, and seven are dead and several others fatally hurt.

There was no way of coping with the flames, which soon spread rapidly, and in less than an hour after the explosion occurred those who were unable to escape were in the clutches of a fire that eventually burned their bodies to ashes.

The dead are: Wm. Burke, 40 years; married. James Joyce, about 35; married. McIlie McCarthy. Miss Julia Sullivan. Mrs. M. B. Tucker. Wallace McCarthy, aged 18. James Wallace, married.

As one of the walls of the second largest building fell several bodies could be seen entangled in a mass of machinery in the basement, and in a short time they were reduced to ashes.

Soon after the building in which lives were lost was consumed the fire spread to a new structure just completed at a cost of \$25,000, and in a few hours this building was gutted. Property loss is estimated at \$100,000.

## UP TO STREET COMMITTEE.

Will Not Permit Slavonians to Run Waste Into O. K. Street—Other Offenders.

The troubles of the Slavonians on Chihuahua Hill who put a pipe line down to O. K. street at cost of about \$200 to carry off waste water from their homes has been passed up to the Street Committee of the Council.

## MINER COMMITS SUICIDE

### John Sullivan, Widely Known Takes Life at Tombstone

(Special to Review.) Tombstone, Sept. 15.—John Sullivan, an old timer in this camp, took his life about 5 o'clock this evening in a vacant lot back of the court house.

A shot was heard there at about that time, but discovery of the body was not made until about 8 o'clock.

Sullivan returned here recently from a visit at Chicago, where he went from Prescott. He had been working there as a miner for about three years.

Following his arrival here he drank a good deal, and despondency ensuing is supposed to have led him to fire the 38 bullet into his brain this evening that ended his life in an instant.

The deceased was about sixty years of age. So far as is known he has no relatives in the west.

## RIOTOUS WOMEN.

### Caused General Alarm From Vicinity of Copper Queen Stable.

A telephone message from the Copper Queen stable last night about 10 o'clock asked for an officer to come at once to that vicinity, it being stated that an unknown man with a six-shooter was puncturing the moonlight night with shots. Several women, it was said had been run from their homes in fright.

Officer Wilmoth was notified and at once went to the scene of the alleged trouble. On arrival he found that a couple of women residing in a house near the stable had become frightened at a rock rolled against the house by some one who is supposed to have been desirous of stopping racket the women were making inside.

The officer reported on return to town that the women were intoxicated and that he had come near making their arrest.

## FINE BUILDING IN BREWERY.

### Mr. Krutz Will Erect It of Cement Blocks to Be Made in Bisbee.

Mr. Krutz, of Douglas, was before Building Inspector Yeakum yesterday for the purpose of submitting plans for a building he will erect on ground he has in Brewery. Mr. Krutz is not yet determined whether he will put up a three-story structure or whether it will have but two stories.

The strong probability, however, is that the building will be of three stories. Cement blocks made by the Bisbee Cement Works will be used in construction of the building, which will be an imposing structure. There will be store rooms on the first floor, while the upper floors will be for lodging purposes.

## A STARTLING CONFESSION

New York, Sept. 15.—Geo. W. Perkins, member of J. H. Morgan & Co., and first president of the New York Life, was the star witness at today's session of the legislative committee.

His testimony was replete with revelations as to finance as applied by insurance companies. The climax of the day came when Mr. Perkins was asked concerning an entry of \$48,706 in a ledger marker, "ordered paid by president."

The check was payable to J. P. Morgan & Co., and Mr. Perkins frankly stated it was a contribution to the National Republican Committee, and had been paid to Cornelius N. Bliss, Mr. Perkins said.

"This payment was made after careful deliberations. It must not be considered an ordinary contribution to the campaign fund. It was paid because we felt that the assets of the New York Life would be jeopardized by Democratic success."

Mr. Perkins said contributions were also made in 1900 and in 1896.

## FIVE REFUGEES ARE HELD IN

Cincinnati, O., Sept. 15.—Of 200 refugees from the yellow fever district of Louisiana who arrived here today, five are held on suspicion of having the disease. It is unofficially reported that scores of others scattered throughout the city are sick and may have the fever.

## MAY HAVE CIVIL WAR

Budapest, Hungary, Sept. 15.—Dense masses of workmen marched to the lower house of the diet today for the purpose of making a demonstration in favor of universal suffrage.

Strong cordons of police were posted. Herr Julius Just, president of the house, received the deputation, who presented petitions setting forth the demands of the people. Just begged the people to await quietly the decision of parliament.

Vienna, Sept. 15.—Conservative circles are looking forward with considerable apprehension to the action of the Hungarian parliament, which convened at Budapest today. For many years the sentiment in favor of a separation of Hungary from Austria has been growing, and the separatist faction among the nationalists has been gaining in strength to such an extent that it seems a crisis is imminent.

The imperial government, which is warmly supported by the German speaking provinces of the dual monarchy, has foreseen the impending crisis and has taken steps to prevent any attempt on the part of the Hungarian nationalists to bring about the separation.

When the Hungarian parliament was opened in July it was feared that the separatists would force the issue by proposing separation in open parliament. To prevent the execution of this plan parliament was adjourned.

until today from the day of opening. In the meantime the imperial government has taken precautionary steps to resist, if necessary, with force of arms any attempt of the Hungarian separatists to bring about a disruption of the dual monarchy.

## GLOBE MURDERER IS HUNG

### Zack Booth's Neck Broken at Globe Yesterday Morning—Exhibited Remarkable Nerve to the Last—Insanity Dodge the Final Effort

(Special to Review.) Globe, Sept. 15.—Zack Booth was hanged here today for the murder of Berry Wiley and Juan Vigil, whose killing he confessed. He had been twice sentenced, and appeal was made to the Circuit Court of Appeals at San Francisco. The appeal was denied.

Booth tried the insanity dodge, but the sheriff stood pat, and would not make affidavit. The execution was delayed two hours this morning while the petition was argued for habeas corpus. It was denied by Judge Tucker.

The drop fell at 10:44. Booth's neck was broken instantly. He claimed that he killed the young men in self-defense. He professed religion at the end, and said he was sure of going to heaven to meet his sainted mother.

Booth was cool and collected to the end, and never faltered. He supervised all the details preliminary to the execution. It was the first legal hanging in Gila County since 1890.

Phoenix, Sept. 15.—Without intervention Zack Booth will be hanged in Globe this afternoon for the murder of young Berry and a Mexican sheepherder at Gilsela more than a year ago. After the case of Booth had passed through the supreme court he was sentenced to be hanged on August 16th.

Governor Kibbey granted a respite for one month, which expires today. The respite was granted on the representations of the attorneys for Booth that he desired to take the case to the circuit court of appeals. It was regarded as doubtful at the time that the court would take jurisdiction in the case, and recently it denied the application.

Attorney W. P. Richardson, acting for Colonel E. J. Edwards, Booth's attorney, yesterday applied to the Governor for another respite on several grounds, one of which was that he was convicted on evidence that was insufficient. He also stated that he had expected papers from Globe in support of his application yesterday morning, but that they had not come. He believed they would arrive today.

This application was made in the forenoon and the attitude of the Governor was regarded as unfavorable. In the afternoon the attorney appeared again and the Governor declined to grant the respite on the showing made. It is understood that petitions were being circulated in Gila county praying for a commutation of the sentence.

Throughout the case Booth has been pursued by the unlucky number 13, and Friday, while Friday is a common day for executions, every important phase of Booth's case has occurred either on that day or on the thirteenth of some month.

Booth evidently gave up hope months ago. He has written several letters to acquaintances in Phoenix, in which he expressed no hope at all, but that he was resigned to whatever fate might befall him. His later letters have a religious tone. He was converted or expressed conversion during the time he was in the jail of this county for safe keeping.

## UNEASINESS CAUSED.

Rome, Sept. 15.—The activity of Vesuvius and of the crater on the Island of Stromboli is causing uneasiness. Numerous earthquake shocks have been felt in the surrounding district.

## EMBEZZLEMENT

Indianapolis, Sept. 15.—David E. Sherrick, ex-auditor of the state, was today taken to the police station on a charge of embezzlement of the state's funds. Sherrick is in a nervous condition, bordering on collapse. It is alleged he used about \$145,000 of the state's funds in private enterprises.

## TROLLEY CAR COLLISION.

Kansas City, Sept. 15.—Seventeen persons were injured, none seriously, in a collision early today between two trolley cars on Kansas City-Leavenworth line near Leavenworth.

## FOREST RESERVE PRIVILEGES.

Washington, Sept. 15.—The Forest service has granted Geo. E. Paxton, of Bisbee, privilege to construct a wagon road within the Chiricahua Forest Reserve, and to Mr. Trojanovich, of Thatcher, privilege to construct a logging chute in Mount Graham reserve.

## GANS--SULLIVAN DRAW

### Referee So Said but Crowd was Not Satisfied

Baltimore, Sept. 15.—Twin Sullivan, of Boston, and Joe Gans, of this city, boxed fifteen rounds tonight. Referee O'Hara called it a draw, but it would have been difficult to find a man in the large audience who agreed with him.

When the gong ended the fifteenth round Gans was hanging to his opponent trying to save himself from punishment and from a knockout that seemed not far away. Sullivan showed scarcely a mark, while Gans was badly battered up.

## GOES TO MEET BRIDE.

### L. E. Hawes, of B. I. Co., Will Wed Des Moines Young Lady at El Paso Today.

L. E. Hawes, of the Bisbee Improvement Co. office force here, left last evening for El Paso. The trip is one of more than usual significance for Mr. Hawes, inasmuch as he expects to return from it in company with a bride.

The young lady in the case is Miss Caroline Gamble, of Des Moines, Iowa. The latter city was also formerly the home of Mr. Hawes. Miss Gamble is expected to reach El Paso this morning, and the wedding will occur this afternoon. Mr. and Mrs. Hawes will probably arrive in Bisbee Monday evening. They will later in the week be at home in a cottage Mr. Hawes has prepared for reception of his bride on Mason Hill.

## HUNTING PARTY RETURNING.

### Telegram Says Black River Expedition Reached Benson Last Night.

A telegram was received in the city last night stating that the hunting party composed of Messrs. Tovrea, Kelly, Manahan and Downs of this city and Sheriff White, of Los Angeles, which left several weeks ago for a trip in the Black River country had arrived at Benson, which means that the members will probably reach home on this morning's train.

First to Yzabel—Scott Whizley, Dr. morning for Yzabel, on the first duck hunting trip that has been made this season into that famed hunting ground from this city.

## NEUTRAL ZONE ESTABLISHED

Gunshu Pass, Manchuria, Sept. 15.—General Fukushima, representing Field Marshal Oyama, and General Ovanovsky, representing General Linevitch, met yesterday on a plain near Shabotzu, and after nine consecutive hours' negotiations signed the armistice to take effect on September 16th.

It agrees to the abolition of all hostilities or inimical actions, establishes a neutral zone four kilometers wide between the two armies. Only civilians will be allowed within this territory, according to the agreement.

Special naval envoys are to meet near Vladivostok to confer and establish an armistice and neutral naval zone also. The armistice on the border of Korea is to be arranged by separate negotiations between the local commanders.

## Demand Abolition Martial Law.

Tokio, Sept. 15.—The committee of the lower house of the diet, which has been investigating the recent disturbances, will have an interview with Premier Katsura tomorrow, on which occasion the committee will demand the abolition of martial law and will organize a special committee of inquiry into the police outrages.

District Attorney Tom Flannigan was through the city yesterday morning enroute to Tombstone from a visit at Douglas.

## MISS ALICE IN CHINA

Pekin, Sept. 15.—Miss Alice Roosevelt, Mrs. Rockhill, the wife of the American minister, and the ladies of her party went to the summer palace and were received in formal audience by the Dowager Empress.

The empress moved among the visitors, chatting informally and presenting them with handsome gifts of bracelets and rings.

## THE EXPLORER WAS RETURNING

Paris, Sept. 15.—The minister of colonies today received a dispatch from Governor French of West Africa, announcing the death of Count de Brazza, the explorer, at Dakar. The Count de Brazza was returning from a special mission to Central Africa to investigate the charges of cruelty against the natives, when he was attacked by acute dysentery.

Cable to Lowell—The telephone company is now arranging to put a cable line between the city and Lowell at the earliest moment that it can get the work done. The greatly increased business at Lowell has made a cable imperative to the handling of the traffic in satisfactory manner. Beside the service that is now being afforded there are a number of additional telephones wanted at Lowell as soon as they can be supplied.

## QUIET NIGHT FOR BARON KOMURA.

New York, Sept. 15.—Baron Komura passed a quiet night. His condition indicates nothing serious or alarming.

Mrs. C. W. Black has sold her property on Higgins Hill to Clint Moon.

## LEAD HELD BY COCHISE

### County Still has an Assessed Valuation of Nearly \$11,000,000

## MARICOPA GOMES NEXT

### S. P. Files Mortgage Covering Loan of \$160,000,000 at Tombstone

(Special to Review.) Tombstone, Sept. 14.—The work of making out the duplicate assessment rolls of Cochise county reached point this morning where Clerk Howe and his assistants were able to give total of the valuations. Cochise county still has the largest amount of taxable property, though the board reduced the valuations on the non-producing mines. The rolls now show a total valuation of \$10,987,493.53. This includes the raises made by the territorial board and those changes made by the County Board of Equalization.

The total valuation of Maricopa County is given at \$10,237,000. The valuation as given by the territorial board for Cochise County after they made the raises and before the County board made their reductions was a little over twelve million. The valuations as returned by the Assessor was a little less than nine million, and upon which valuation the tax rate of \$2.95 was fixed.

There is at the present time being placed on the records of Cochise county one of the largest instruments that has ever been filed in that office. The instrument is a mortgage issued by the Southern Pacific Railroad Company and the Southern Pacific Company wherein the corporations mortgage all of the real and personal property belonging to the companies to the Equitable Trust Company of New York to secure a loan of \$100,000,000.

The mortgage was recently ratified by the board of directors of the Southern Pacific company. The loan is further secured by the issuance of first mortgage gold refunding bonds in the amount named, bearing interest at the rate of four per cent per annum.

The instrument is dated Jan. 3rd, 1905, and the properties mortgaged are said to be in Arizona, California and New Mexico, and include 3,285 miles of track. The new bonds which are to run for fifty years, are issued for the purpose of refunding the old bonds of the California Pacific Railroad company and kindred corporations which are about to mature. All the old roads of the Southern Pacific Railroad company of California have recently been consolidated into the Southern Pacific company of Kentucky. The mortgage contains 790 folios, and will cost the company at the rate of 20 cents per folio, or \$158.

New Restaurants—Brewery street has been active this week in the production of new restaurants. Two have been started, both close to the Wave.

## THE ROCKEFELLER CASH

### Mission Board Resolves to Stop "Tainted Money" Talk

Seattle, Washington, Sept. 15.—By a vote of 46 to 16 the American Board of Commissioners for Foreign Missions today went on record as being opposed to further discussion of "tainted money" in any of its phases. This vote was not taken, however, until the question had been threshed out in all of its phases, and the leading Congregationalists of America had voiced their sentiments on the subject.

Dr. Washington Gladden, leader of the minority, precipitated the discussion by introduction of the following resolution: "Resolved, That officers of this society should neither solicit nor invite donations to its funds from persons whose gains are generally believed to have been made by methods morally responsible and socially injurious."

## CONTROL OF THE WABASH

New York, Sept. 15.—Joseph Ramsey, formerly president of the Wabash railroad, in a public statement today asks the stockholders for proxies in his name for use at the annual election of directors to be held at Toledo, O., October 10th. It is believed an attempt is being made to dispute the control of the property by George J. Gould.
