

# Events of the Past Week in Society

tend the Anona dance while the men retired to the dining room where a most sumptuous banquet was in waiting.

The dance given by the Woman's club on the evening of the 28th was not as well attended as usual because of so many other affairs, but those who were present had a splendid time.

Many of the club members have left the city, some for the East others for the coast. Those of us left behind will take a trip to Lewis Springs, go to Douglas on the Fourth and enjoy the cool mountain air of our own camp.

Mrs. Erace, finally informally entertained with a musical Saturday evening. The occasion was the arrival of a new piano at their home.

The Ladies' Guild which met at the home of Mrs. Clawson on Tuesday afternoon elected the following officers: Mrs. J. E. Mosher, Sr., president; Mrs. Benton, vice-president; Mrs. Quick, secretary; Mrs. Shields, treasurer; Mrs. Scott, collector.

Mr. and Mrs. Hicks of School Hill, entertained the Town and Country club on Monday evening. Charades and waxworks were the enjoyable features with refreshments served later.

The Anona dance held on Monday evening in the Opera House was well attended by the members and their friends.

The Anona club has passed a very pleasant year under the direction of the president, Mrs. Nolan. At a recent meeting a nominating committee was appointed with Miss Maud Smith, chairman.

Childrens Day will be observed today at the Methodist church with appropriate services. Registrations had music have been in preparation for some time.

The musical entertainment given by the Methodist church in the Y. M. C. A. building was well attended. The program included some of the best musicians in the city.

Now that there are so many musicians it is not difficult to arrange an evening's entertainment. The ladies who sang in the quartette are practicing to some extent for next year's work.

There are whispers of another excellent program to be given in mid-summer.

Music hath charms to soothe the savage breast. We are not savages but can enjoy and are easily soothed.

The reception in honor of Governor and Mrs. Kibbey, Secretary and Mrs. Nichols, Colonel and Mrs. McClintock was a pleasant social affair of last week.

Ladies appointed by the Chamber of Commerce assisted in receiving.

From eight to nine o'clock the reception hall was filled with friends, old and new anxious to meet the honored guests.

Among those who called were Lieutenant and Mrs. Wilcox of Tombstone, Hon. B. A. and Mrs. Packard of Naco. After the reception the ladies accepted the invitation to at-

prizes will be offered for certain feats of strength. There will be races, jumping, etc. One can easily imagine how much fun the boys will have. Aside from the twelve boys from here, there will, it is expected, be several visitors. Harry Fleming and Hartwell Nowell, of Bisbee, and perhaps F. W. Peterson, of Alamogordo. We hope the fellows will have the time of their lives.

If you don't believe that Douglas people are leaving by the dozens, just glance at the following list of departures within the last week: Mrs. Chas. A. Romada left on Wednesday evening for her old home in Milwaukee, Wisconsin, where she will spend the summer with her parents. She expects to return to Douglas about October 1. The same evening Mrs. E. M. Lewis, president of the Woman's Literary Club, left for Buffalo, New York, to spend the remainder of the summer in the east.

Thursday morning Mrs. E. Hoenicka, mother of Mrs. Thos. Paxton, left for Chicago. She was accompanied by J. W. Yost, who will visit his old home in West Virginia before returning to Douglas. Last Sunday Mr. and Mrs. Mardock and son left for Chicago. Mrs. Mardock has spent several months in and near Douglas. Chas. Nichols left on Wednesday evening for an extended visit to his old home in Ithaca, New York.

Wednesday morning Miss Sara Hooper left for her home in Murfreesboro, Tennessee. Miss Hooper is the most popular of our school teachers, and before her departure she was much feted and entertained.

Dr. Downs left Wednesday morning for Chicago, where he will spend the summer with friends.

Mr. and Mrs. Geo. H. Kelly and grandson, Sam, left this week for a pleasant visit in Milburn, Indian Territory, where they will spend some time with Mrs. Kelly's brother.

Then another marked departure was that of W. S. Dixon, who left on Wednesday for Oakland, California, where he will spend the next two weeks. Before his return he will be married in Los Angeles, California, returning to Douglas about June 20.

Then on Wednesday Mrs. H. R. Burger and daughter, Fannie, left for Chicago, where Miss Burger will take a course in the conservatory of music. Just think, three of the school teachers left all at once. Miss Weber for her home in San Antonio, Texas; Miss Lucas for Minnesota, and Miss Broyles, accompanied by her sister, Willie, for their home in Kansas City.

Mrs. J. H. Davis was another to leave. She is to visit in Chicago, Oregon and Illinois with relatives. She was accompanied by her sister, Miss Margaret Burns. And even this long list doesn't do justice to those who have left us. O, yes, there was Miss Nina B. Hurst, who left for her vacation with her parents at Stillwater, Oklahoma, and Mr. and Mrs. W. F. Nisart, who have gone to Edgerton, Ohio, for a visit of a month.

Mrs. Sam Priest will be gone for several weeks visiting relatives in Indiana, and Mrs. Levy and baby, left for New York City, where she will spend the remainder of the summer.

On last Sunday afternoon there was a pretty little home wedding solemnized at the home of Mr. and Mrs. H. A. Smith, the contracting parties being T. F. Phillips and Mrs. Emma Fellows, both of Los Angeles, California. The ceremony was performed at 3

o'clock by the Rev. Geo. Logie, in the presence of the immediate family. The house was made attractive with sweet peas and carnations, and after the ceremony dainty refreshments of orange ice and cake were served. Mrs. Phillips is a niece of Mr. Smith, and she and Mr. Phillips departed for Los Angeles on Friday morning.

Miss Sara Hooper was the guest of honor at a party given by James Speed on Tuesday evening. The guests who played whist were: Mr. and Mrs. W. Worthington, Mrs. Speed, Miss Sara Hooper, Marie O'Brien, Agnes Speed, Mr. and Mrs. W. R. Thurston, Katherine Paxton, Beas Fox, Blanch Penhoel, Alta Gessell, Messrs. J. S. Ely, Fred Nichols, E. C. Robinson, C. O. Thomas and Geo. Hill. The prize, a pretty Indian basket, was won by Miss Marie O'Brien. During the refreshments of ice cream and cake the Ritz orchestra played a number of beautiful selections.

The attractive new residence going up on the corner of Thirteenth and C avenue is to be the future home of Mr. and Mrs. Andy Scott, and will be in readiness for its guests about July 15. It is made of concrete blocks, with a large porch made artistic with pillars, in fact, it is a beautiful home.

In a recent epistle from a friend in Fort Worth there was a line which ran, "Has the craze reached Douglas?" and judging from the various conversations of late one would think the "craze" had really found its way out even as far as Arizona. Of course it was the roller skating this person referred to, and which has caused great amusement for large crowds of people each evening. These young people of the south charter the halls for an evening and invite their various friends to have a pleasant time skating. In spite of the warm weather the interest has kept up.

Prof. W. E. Lutz left this week for his home in Virginia, where he will spend several weeks visiting relatives, after which he will take a special course in the University of Chicago, returning to Douglas about September first.

There! One could write almost as much again if he were to tell of all the persons who have left in this one little week. There are those who will wonder how the town manages to exist without these dearly beloved, and we do hope Uncle Sam won't call for a census while so many are away. One good thing, every single person least anticipates a return to Douglas.

FAME'S LADDER, and then come down again without a round stop!

Miss Caroline Hayes entertained a small party of friends with a porch party at her home on Thirteenth street. There were two tables of whist, made up of the following guests: Mr. and Mrs. Troubridge, Mrs. Hayes, Misses Adele Paxton, Katherine Paxton, Caroline Hayes, and Messrs. Fred Paxton, Hal Christy and John Hayes. Refreshments of orange sherbet and cake were served, and as the guests departed they were each given a beautiful bouquet of sweet peas and roses by the hostess.

Are you one of those who claim there is nothing to do in Douglas, no place to go? Well, just a word. According to reports, at least some few have found something to do. As there wasn't a mutton on last Wednesday afternoon a luncheon suggested as a substitute. If the lunch had been just the average, ordinary kind, one would never have been sworn to secrecy, but it was decidedly extraordinary. For instance, who could have guessed that the table was to be so beautiful, the draws were piled, or that the chairs which followed were to be so tempting and palatable? One might easily have imagined himself dropped down in Guthrie's in Chicago, for there were the palms, and, really, things couldn't have had a more delicious flavor. Yes, there's a whole lot of things to do in Douglas—though it isn't everyone who can discover just what and where they are. It is a case of "to the victor belongs the spoils."

Isn't it about time we were hearing something about our out of town friends? Word has been received from Ethel Moore, saying that she is much improved in health. She attended the commencement at Bryn Mawr, and the first week in July will go with her mother to Atlantic City, where she will spend the rest of the summer. Miss Katherine Christy has arrived safely in Silver Bell, and reports that, though a small place, she expects to have a delightful time.

Miss Eva Wolcott, who has been teaching in the girls' collegiate school of Los Angeles, California, is expected home about the first of July. She will pay Douglas a visit before the summer is over.

Before another month C. O. Thomas will be leaving for his home in Kansas City. He will stop at several points on his way, but will spend the most of his time with his parents in Kansas City.

The Embroidery Club was entertained this week by Mrs. Thos. Paxton in honor of Mrs. E. Hoenicka. The ladies spent the afternoon with a guessing contest of physical puns and a delightful musical program. Mrs. C. E. Duggan recited in a most pleasing manner. Miss Adele Paxton played and Mrs. Strodtboff sang a couple of selections, which were high-

ly appreciated. The guests were: James Rugh, Ellen Sames, Oakes, Pearson, D. Fox, C. R. Troubridge, H. A. Strodtboff, C. E. Duggan, W. G. McDonald, Hayes, Howe, D. F. Johnson, C. E. Bull, J. F. Ross, E. Hoenicka, J. P. Sexton, Emerson, W. R. Thurston and Misses Alta Gessell, Caroline Hayes, Adele Paxton and Mamie Howe. Miss Alta Gessell won the prize, a book of poems, and Miss Hayes got the booby. Refreshments of ice cream and cake were served.

The band boys report an excellent time last Sunday, when they went to Clouderoff to furnish music for the excursion. Though the trip was long one, with little stay at Clouderoff, the boys say it was quite worth while, and the scenery was beautiful, almost equal to that of Colorado. Several of them have expressed their intention of going to Clouderoff for their summer vacations, because of the ideal weather, it being almost too cool most of the time.

There was another of the very enjoyable dances given by the machinists at Irene hall last Wednesday evening. There was a large attendance, and the evening was thoroughly enjoyed. This crowd of young men expect to give their dances at least once a month during the summer, which will be something pleasant to look forward to. Last Wednesday evening the music was furnished by Mrs. Palmer and Mr. Vanasek.

One of the most shocking bits of news which has disquieted the young society people of Douglas for some time was that of the departure of Mr. and Mrs. Thurston for El Paso, where they will make their future home. Mr. Thurston left Friday morning, and Mrs. Thurston will leave Sunday evening. Mr. and Mrs. Thurston have, during their residence of two years in Douglas, been the most popular and generally liked young couple of the town. They have been termed "official chaperones" and have acted in that capacity numerous times. Mrs. Thurston has planned and executed no end of good times for the young people, and it is needless to say her leaving will change affairs considerably. Perhaps the only ray of light on the subject is that El Paso isn't so far away but that they may return often. Mrs. Thurston will be accompanied to El Paso by Miss Adele Paxton, who will spend a couple of days shopping.

Two more of our university boys have returned to Douglas for their summer vacation, Burrell R. Hatcher and Fred Hardiker.

If the occasional giant fire cracker, plus any number of lesser explosions, is any forerunner of the glorious Fourth, we are all looking forward to the splendid celebration. Reports are coming in each day that financially the big celebration is assured, and we may expect a time such as Douglas never even hoped for. Bisbee has been decidedly generous in their support, and will, we hope, send us a large crowd of people looking for a good time.

Mrs. W. R. Thurston was the guest of honor last night at a party given by Miss Bess Fox. Bridge whist was the game of the evening, the tables being made up of the following young people: Misses Blanch Penhoel, Caroline Hayes, Gladys Philbrick, Beas Brown and Adele Paxton; Mr. and Mrs. Troubridge, Messrs. E. C. Robinson, Doran, Fred Nichols, C. O. Thomas, W. C. Winegar, Jas. Speed, and W. B. Cramer. After several pleasant games the prizes were awarded to Mrs. Thurston and Mr. Cramer, the former being a pretty china plate and the latter a book. Refreshments of peach sherbet and cake were then served.

Mrs. Cowan left last evening for a summer in Canada.

The Shakespeare Club has decided to continue its meetings throughout the summer, but has changed the time of meeting from Saturday afternoon to Thursday morning.

NUGENT'S NEW ENTERPRISE. It is stated upon good authority that Hon. M. J. Nugent has entered into a contract with the company, headed by Epes Randolph, owning the Llano de Oro mine in Sonora, to conduct the mercantile business of that promising camp under much the same conditions as he formerly did that of Kofa. He has disposed of much valuable property here within the past few days, and it is more than likely that this was done for the purpose of financing his new enterprise.

Next to Cananea, Llano de Oro promises to become the largest camp in Sonora, employing thousands of men, and conditions are such that the company will do practically all of the trade of the place.

Take a Partner.—Jaye Turner, who has leased the Hotel Queen, has taken in Harry Alexander as a partner. Mr. Alexander is well known in this city, having been one of the founders of the Portal townsite, and was also formerly general manager of the Co-chise Consolidated at Paradise.

Lowell Plays Sunday.—The Lowell ball team will be down Sunday for a game with the local team. The game will be played at Lincoln park and will be called at 3 o'clock. Kittle Knight will be in the box for the Lowell team, and Martinez will pitch for Douglas.

E. Dupes left last week for the Mayflower district, where he will take down a five stamp mill built there some years ago and remove it to his gold claims near Morenci. He has a considerable amount of free-milling gold ore already mined on his claims, which will run through the mill while other ore is being developed.

## SUMMER OUTING FOR BISBEE BOYS

Y. M. C. A. CAMP IN THE HUACHUCAS WILL BE READY JUNE 18 AND A BIG TIME IS ANTICIPATED.

In ten days all the lucky boys of the Y. M. C. A., will be happily stored away in Camp Huachuca which is the name of the new summer camp the Association has established in the Huachuca mountains to begin June 18. The extremely hot weather of the last few days is sending in the boys with their applications, their parents being anxious to have them enjoy the cool of the mountains for two weeks.

The latest addition to the Camp equipment is a large Mess Tent 22x29 feet given by Professor James Douglas. This tent is to serve as the Mess Tent and as assembly tent for meetings of various kinds and to serve as a play-house for the boys should there be any wet weather. The camp is to be under the direct supervision of the officers of the Y. M. C. A., of Bisbee and Douglas. Other leaders will be appointed and the camp conducted in a semi-military style. A good delegation is expected from the Douglas Association. There are also a number of boys expected from Tombstone. The use of fire-arms and tobacco are to be strictly prohibited in the younger boys' camp.

ten tents for sleeping purposes, according to the number of the boys that register for the camp. The recreative features of the camp will be varied. Hikes to the several mountains peaks and canyons will be arranged. On some of the trips camping over night and sleeping in the open, the boys preparing their own meals and roughing it in the real style, will be the scheme followed. Athletic games and contests will be arranged between the different parties in the camp. A swimming pool will be built by the boys in the stream near the camp. For those interested in photography a dark room will be built for developing pictures on the grounds. The country round about is full of interesting and beautiful bits of scenery which delight the camera enthusiast.

One of the most pleasant features of camp life is the camp fire in the heart of the woods. Any one who has witnessed one of these camp fires and participated in its fun as well as its seriousness will never forget it. The huge fire shooting up its tongue of flame into the darkness of the night,

The Young men's Christian Association of Bisbee is planning to conduct a summer camp for men and boys in the Huachuca mountains this season, beginning on June 18, and continuing until July 18. The campsite selected is in Miller canyon, in the heart of the mountains. The first two weeks of the camp will be open to boys between the ages of twelve and eighteen years.

The association has issued a camp folder, which gives the plans, cost and privileges of the camp in detail. The purpose of the camp is to provide for the men and boys two weeks of free and easy life, full of clean fun, sport and healthful recreation under the leadership of Christian men. Last year over 10,000 boys in various parts of the country were in attendance at the Y. M. C. A. summer camps.

The local association, in conjunction with the association at Douglas, are the first in the southwest to offer their membership the privileges of the summer camp. The camp is intended primarily for members of the Y. M. C. A., and instead of charging an extra fee for outsiders, the association has arranged to take all who will join the association on the quarterly basis.

The cost of the camp will be \$10 for the two weeks for the boys and \$12 for the two weeks for the men. The food will be the best and prepared under the direction of an experienced cook. The association is planning to have a large mess or assembly tent, and will furnish from six to eight or

the company of happy boys, the great dark background of the piney woods, the weird light over all, the singing, the yells, the stories, the fun, then the serious word at the close is a happy experience long to be remembered.

One may get the best idea of what camp life is from the following daily routine which will be followed in the camp: At 8:00 reveille is sounded and every boy appears in front of his tent for "setting up" exercises. This will be followed by a dip in the pool for those who are brave. At 7 o'clock the flag is raised; breakfast is served at 7:30, and chapel held at 8:30. Afterward come camp duties, games, rambles, etc., with a swim at 11 o'clock and dinner at 12.

The afternoon is devoted to athletic sports, etc. Supper is served at 6 o'clock. A twenty-minute interesting Bible study is held at sunset. At 7:30 retreat is sounded and the flag lowered. Then comes the camp fire with the jolly times. At 9:20 taps is sounded and lights are put out for a good nine hours sleep.

Visitors day in the camp will be Friday. It is expected that a large number of boys will go from the Bisbee association. A delegation is expected from Douglas and one from Tombstone. Probably forty or more boys will be in camp during the first two weeks.

Every boy who can possibly spare the time and the small amount of money necessary should not fail to attend the camp this summer.

### Los Angeles Shopping Facilities Right at Home

In this number of the Review we make our first announcement locally, to our friends and patrons in Arizona, placing the best facilities of Los Angeles at your disposal. Many of you already know us through acquaintance made in Los Angeles. Others have become acquainted through mail order dealings. To those who do not know us we want to say that we conduct the most progressive store in Los Angeles. It's an up-to-date store, where dependable merchandise is sold cheap. We're building our business on the merits of our merchandise and the superiority of our service.

We want your business when you come to Los Angeles, and your mail orders while you're at home. Advertisements will appear from time to time, and prices advertised will hold good one week after appearance. Mail orders carry the same "money back" privilege as personal purchases.

**President Suspenders**  
Regular 50c Brand ..... 39c  
Light weight, narrow or wide webs; new patterns in light, medium or dark; advertised everywhere at 50c. On sale by mail prepaid at 39c a pair.

**Ready to Make Waists**  
\$2.00 values ..... 98c  
Shirt waist patterns exquisitely embroidered on fine sheer materials in the newest and most fascinating effects. Come with and without lace insertions. Plenty of materials for any style of waist.
