The funeral of Carl, the two-year-old son of Mr. and Mrs. L. C. Shattuck, took place yesterday from the family residence yesterday, interment being in Evergreen cemetery. A large concourse of friends of the family attended. The little fellow is the second to succumb to the dread scarlet fever this season. Death came Sunday morning after a short illness. The parents feel keenly the loss of the child as he had just arrived at an age when children so grow upon the hearts of their parents that separation is almost unbearable. A host of friends of Mr. and Mrs. Shattuck will extend a heartfelt sympathy for them in their bereavement.

TUCSON FIRE BOYS.

Today the firemen's team which will be entered from Tucson to the territorial tournament, will leave Tucson for Phoenix.

It is the intention to take 18 men in the team. They will be selected as the result of showings made in the practice runs, says the Tucson Citizen.

Tucson has issued a challenge to any team in the territory. The showing made by the team at Tombstone has given the members great confidence. A letter has been sent by Secretary Greg Lartigue to Secretary Short of the Territorial Firemen's Association, requesting that accommodations be found for the local firemen during fair week. It is realized that it will be wisdom to secure quarters in advance as Phoenix will be crowded during the fair owing to the large number of conventions that will be held there.

The local firemen's team will practice hard during the remaining week before going to Phoenix, and it is a good bet that if the locals get a race they will win.

Joseph I. Canlarow, a druggist from Hartford, Conn., is in Bisbee with the expectation of locating permanently. Dr. M. D. Cohn, of New York City is a visitor in Bisbee. He is greatly impressed with the town and will probably locate here.

E. W. Armstrong, of the Globe Consolidated Co., returned to Globe last evening after spending several days in Bisbee.

T. J. Franzen, of the Lightning Shop, who has been in a Tucson hospital for the past few weeks, returned to the city yesterday much improved in health.

G. S. Crockett, of Naco, spent yesterday in Bisbee on business pertaining to his interests in the Mountain View Development company.

JOINTURE WAS LOST IN APACHE COUNTY

The Question Was Totally Ignored By Majority of Voters.

PHOENIX, Nov. 12.—There was little new in the way of election development yesterday beyond further confirmation of the election of Scott, Republican councilman from Navajo county, thus assuring the Republicans of a majority of one in the council. There is some doubt yet about the figures of the assembly. The indications are that the Democrats will have sixteen members and the Republicans eight members.

The first word from Apache county was brought by Isaac Barth, the Democratic candidate for District attorney in that county. Mr. Barth said that at the time he left a few small precincts had not been heard from, but he believed he was elected, and also his father, Sol Barth, had been elected probate judge, defeating Alfred Ruiz, former councilman from that county. The rest of the Republican ticket, Mr. Barth said, was undoubtedly elected. Mr. Barth was for point statehood, but he said that the proposition had been defeated there by about fifty votes. In his opinion it ought to have carried, but the trouble was that many of the voters did not vote one way or the other. The Mexicans generally ignored the question. He did not precisely know how the vote stood, but he said that Judge Answorth had received only seven votes.

Cooper carried the county by the usual Republican majority. It is quite certain now that Cooper also carried Pinal county by a small majority. Complete figures and reliable ones have been received here from no county, five days after election, but in that respect Arizona is little different from most of the states of the Union.

ADVANCE ACCEPTED.

PITTSBURGH, Nov. 12.—Announcement was made tonight that the switchman had agreed to accept an advance of four cents per hour as offered last week in Chicago by railroad officials, and it is asserted there will be no strike. Representatives of the firemen and engineers met today at the Seventh Avenue Hotel in this city to discuss the wage question, but no definite action was taken. It was said all statements must be made through the general officers.

CAPITAL CITY MAN PAYS FREAK WAGER

Bet Made on Mark Smith Carried Out in Presence of Crowd Who Cheer Loser As He Finishes.

(Phoenix Enterprise.)

After five attempts, Officer Moore, true to his promise, finally succeeded in carrying D. C. Warren from the steps of the band stand into the city hall building at 10 o'clock this morning.

On election day Officer Moore, who is a republican, made a freak bet with D. C. Warren, who is a democrat. The bet was that the one who lost should carry the winner from the steps on the band stand into the city hall building. Warren being a staunch democrat, bet that Smith would be elected, and Moore bet that Cooper would be elected.

As Smith was elected by a huge majority, Moore lost his bet, and promptly at 10 o'clock the bet was carried out. Fully 500 people were at the city hall to see how well Moore succeeded in carrying his man.

Warren weighs 220 pounds, which is no light load to carry. However, Moore had decided that he would accomplish the task if it took him all day.

R. GRIFFITH, E. G. RILEY, E. A. WILKINSON, Committee.

NEW COMPANY HAS BEEN FORMED

Reorganized San Jose Mining Company Will Start Up Operation Within Few Weeks, With Ample Capital.

Dr. Brandon, of Naco, one of the stockholders of the Reorganized San Jose Mining Company, was in the city yesterday on business connected with his company and interviewing local stockholders in regard to the management of the property in the future.

The San Jose Gold Mining company was the Mexican company known on this side of the line as the Arizona Mining and Dev. Co., in which C. G. Jones and al., of Oklahoma City, were the principal owners. The Oklahoma crowd secured control of the mines in the San Jose mountains, nine miles from Naco, by an agreement to do certain things, all of which the local stockholders allege was not done.

A few months ago the general manager of the company succeeded in placing the property in the hands of a receiver, and it was about to be sold for debt, when Dr. Brandon, together with other local stockholders, placed the situation before Attorney Perea, at Cananea. He soon discovered that the Oklahoma stockholders had not complied with the laws of Mexico in several instances, and went into court and moved that the property be placed again in the hands of the original owners. The court rendered his decision accordingly, and the Reorganized San Jose Mining company is the result, with a capitalization of \$30,000 Mexican money.

The Mexican judge also held that General Manager Sparrow, who represented the Oklahoma interests, did not have the legal right to contract debts chargeable against the company, and the new company starts out with a clean sheet. The Oklahoma people have made a motion for an appeal to the federal court, but it has been denied, and at the present writing the local stockholders are again in possession of the property. Mr. Brandon stated yesterday that the Bisbee and Naco stockholders who originally invested in the old Gold Treasure company would be protected by the new company, and the old stock exchanged for the new.

Asked yesterday what the plans of the new company were, he said: "Chas. McHenry, formerly superintendent of the property, will again be placed in charge of the property and the mill will be again in operation within a few weeks. It has been demonstrated that the mill at present on the property can be operated at a profit of \$300 per day. Just after I secured possession of the property we run ten tons of ore through the mill and cleaned up \$280 from the plates. Another five ton run of ore, which we found in the bins, gave us returns of \$125. We have got one of the best little paying mining propositions in the country, and propose to work it. We have ample funds on hand to go ahead."

The officers of the Reorganized San Jose Gold Mining company are: A. T. Toolen, president; P. H. Murtgah, vice-president; G. C. Barry, treasurer; Dr. Brandon, secretary and general manager.

GEN. SHAFER, U. S. A. DIES.

(Continued from Page One)

Dr. Thorne arrived early Saturday morning, and together with the local physicians diligently watched the patient all that day. In the afternoon a slight rally was detected, and relatives and physicians were extremely hopeful, but the change was short lived. At 10 o'clock snoring spells seized the veteran.

Dr. Herzstein arrived shortly after midnight Saturday morning and after being hurriedly driven to the General's side a consultation was held with the other physicians in attendance.

It is stated that Dr. Herzstein deemed an operation the only means of relief from the intestinal obstruction, but the condition of the patient would forewarn nothing but fatal result in such an attempt. Dr. Herzstein, accompanied by Dr. Thorne returned to San Francisco, all hope of saving the gallant old warrior having been abandoned.

The patient was left in charge of Dr. Mitchell, and the battle against desperate odds continued.

Through it, all the veteran bore up bravely, always cheerful and hopeful, his mind clear and cognizant of his critical condition. The patient remained conscious until 9 o'clock this morning. Pure oxygen, sent from San Francisco, performed great work in keeping life up, but after midnight and early this morning a constant sweating was discovered. Dr. Mitchell and trained nurses labored unceasingly, but the General lapsed into unconsciousness at 9 o'clock and remained in that condition until his death.

Capt. and Mrs. W. H. McKittrick, the general's son-in-law and daughter, Miss Edmond, his niece, and James N. Shafter, a brother of the general, were at his bedside when the end came.

The body of Maj. Gen. Shafter will leave this city on Wednesday evening next, and upon arrival at Point Richmond next morning will be placed aboard a government tug and escorted by military officers to the Presidio at San Francisco. Interment will be in the post cemetery.

The remains will rest at McKittrick's ranch until Wednesday evening.
