GOES TO THE COAST.

William Harris, formerly mine superintendent for the Calumet & Arizona Company, and probably one of the best practical mining men in the southwest, left yesterday afternoon for the coast, where he will spend a few days, and from which point he will probably take a trip into Colorado. Harris arrived in the city about three weeks ago and at the time was suffering from an acute attack of rheumatism. He left the city very much improved in health. He would make no statement in regard to the various rumors to the effect that he intended to accept a position in the district.

The Ladies' Aid Society of the South Blabes M. E. Church will give a "party" and pie social at the Church Wednesday evening, January 15th. Everybody cordially invited.

Sadler was well acquainted with the deceased and thought very highly of him, describing him as a man of the best character and absolutely fearless. Sadler will leave the city today with the body for Santa Rosa, New Mexico, where the wife of the dead officer lives. Sadler stated that Watson's married life had been very happy, and that he and his wife were devoted to each other in spite of rumors to the contrary.

CHANGE AT THEATER ROYAL.

On Sunday evening the entire program at the Theater Royal underwent a change. Mr. and Mrs. Weaver, appearing on the new bill as the feature in a novel musical comedy sketch. They repeated their success of last week, and have grown steadily in popularity with the patrons of the house. The new films displayed are all of the latest manufacture and most interesting, especially the one showing a realistic picture of the fishing industry off the coast of Sicily. This film shows the entire workings from the time the fish are caught until they are canned and shipped over the world.

DAMAGED CAR RAISED.

The wrecking crew of the El Paso & Southwestern Railroad company arrived in the city yesterday from Douglas and immediately commenced the work of raising the Anheuser-Busch car which was thrown into the ditch as a result of the collision with the cafe parlor car on the afternoon passenger train on Saturday. At first it was thought that the body of the car had been damaged beyond repair but inspection showed that the mechanics would soon be able to put it in serviceable condition. The work was completed last evening.

LEGAL NOTICE.

SUMMONS.

In the Justice Court, No. 28, Precinct of Cochise, Territory of Arizona. C. M. McKean, Plaintiff, vs. Teodoro Rodriguez, Defendant.

IS GIVEN JAIL SENTENCE.

Alberto Viscuro, the Mexican who arrived in the city a short time ago, and represented himself as a Mexican vice-consul as well as a physician, and hung out a "shingle" on Naco Road without going through the formalities of naming the territorial board examiners, was yesterday sentenced to serve a term of six months in the county jail.

PHOENIX, Jan. 13.—Sims Ely, private secretary to Gov. Kibbey, will be the next territorial auditor to succeed Auditor Page, who will take the office of secretary of the territory on April 7. This appointment was decided upon at the time of the announcement of the appointment of Mr. Page. It was thought better to await the action of the senate on the nomination of Mr. Page before announcing the selection of his successor. The course of the senate was foreshadowed yesterday in a dispatch from Washington stating that the committee on territories had

recommended his confirmation.

It was then positively given out that Mr. Ely had been chosen for auditor. A rumor to that effect had become current within the last two days, so that the confirmation of it did not come as a great surprise.

The appointment of Mr. Ely will be entirely satisfactory on all sides. His long and able service as the private secretary of Governor Kibbey and his previous connection with the administration of Governor Kibbey in the same capacity have brought him into touch with the duties of the office of auditor. His appointment is especially gratifying to the newspaper community of which he was formerly a distinguished member.

Concerning the appointment of Mr. Page there is one man who seems to be dissatisfied. That is a Delegate Smith, who did not recall Mr. Page. He could not say whether or not he was a resident of the territory, but he said: "I suppose he is a Rough Rider."
