## UNITED STATES DEMANDS VOICE IN HANKOW ROAD

### American Bankers Stir Europeans by Making Unexpected Demands.

### BUILDING RAILROAD IN CHINA RAISES QUESTION

### This Country Wants Opportunity to Supply Necessary Rolling Stock.

LONDON, Aug. 6.—The question of equal control in the construction of the Hankow Sze Cheun railway is now occupying the attention of international bankers interested in the line for this purpose.

It was announced today, it is understood here, that America considers it important that she should have an equal voice in appointing engineers in charge of the construction, as on their advice the rolling stock will be purchased. This matter previously was arranged by the European bankers, and it was understood that America had no objection. Recently, however, the question was raised by an American, and while the Anglo-French interests agree on all the powers having equal control, the German financiers are offering some objection.

It is proposed to subject the Russian question of control of municipalities along the Russian railroad area in Manchuria, which arose through America's objection to the original Russian plan, to the foreign consuls on the spot for adjustment.

## TRADE REVIVAL NOW WITHOUT OBSTACLE

NEW YORK, Aug. 6.—Bradstreet's says: With the advent of August the new tariff has become an accomplished fact. The leading crops are assuming more tangible form with some tempering of earlier exuberant estimates. High premiums on old supplies of farm implements are disappearing, and the usual fall buyers' excursions are bringing purchasers to the leading markets.

There is also noted for this year, what was absent for two preceding years, a growing scarcity of labor. That the general business situation is essentially sound, is also evidenced by the comparatively small number of business suspensions, and light monthly failure liabilities witnessed for three years past.

## REYES WILL SHORTLY BE RETIRED BY DIAZ

MEXICO CITY, Aug. 6.—It is reported here, apparently on the highest authority, that General Reyes will shortly be retired as governor of Nuevo Leon, to be succeeded by General José María Moer, assistant secretary of war, who was sent to Monterey recently by President Diaz.

## MEXICO DISPLACES REYES FOLLOWERS

MEXICO CITY, Aug. 6.—Because of the political unrest in the greater part of the republic, the administration has made numerous changes. The headquarters of the third military zone has been changed to Monterrey. The governor of Coahuila, a friend of General Reyes, has been supplanted, and numerous officials in towns and cities have been changed.

## GREEKS AND TURKS MAY HAVE TROUBLE

WASHINGTON, Aug. 6.—Apprehension of serious trouble between Turkey and Greece is conveyed in telegrams received by the state department today from Athens. The Macedonian and Cretan situation is referred to in a communication as very grave.

## New Premier of France Arrives In Seven Years

Aristide Briand, who is the new premier of the French government, was promoted a few months ago from the office of minister of public instruction and public worship to that of minister of justice. He was considered for some time the natural successor of Clemenceau in the event of

ARISTIDE BRIAND.

that minister's suddenly relinquishing his leadership. M. Briand is one of the strongest men in French public life, in the opinion of many observers. He is an orator of extraordinary power and persuasiveness, and has been in parliament only since 1902, thus winning his way to the top in the short space of seven years. He started out in life as a lawyer in a small country town and when he went to Paris turned to journalism rather than law, becoming in course of time editor of La Lanterne, one of the principal radical papers of the capital.

## DIAMOND IS FOUND IN ROOSTER'S CROP

LENNOX, Aug. 6.—Mrs. Allen H. Thorndike, of Brainree, who had a summer residence here until it was burned recently, has recovered her \$1200 diamond, which she thought she had lost forever the night of the fire. A prize-winning Plymouth Rock rooster had it in his crop all the time, and when his throat was slit today the gem fell out.

All the fowl on the place have really been under suspicion ever since the fire, for the only Mrs. Thorndike and her husband could account for the loss of the diamond was that some of the barnyard fowls had swallowed it.

## JAPAN NOT TO WAIT CONSENT OF CHINA

TOKYO, Aug. 6.—In a communication issued today Japan officially notified the powers of her intention to proceed immediately with the reconstruction and improvement of the Antung-Mukden railroad without consent of China.

## MAYOR AND OFFICIALS ARE UNDER ARREST

LEXINGTON, Ky., Aug. 6.—Indictments were returned today against Mayor John S. Kahn and the members of the board of public works charging malfeasance in office from alleged failure to enforce improvement contracts with the Lexington Street Railway company.

Officials of the company were indicted also on charges growing out of the same deal.

Crematory Superintendent Graves was indicted on charges of maintaining a nuisance by permitting the crematory to become unsanitary.

THREE WILD WEST STUNT.  
NEW YORK, Aug. 6.—Frank Jay Mackey, California millionaire, has introduced the classic western pastime of riding a horse into a saloon in England. As a result of a wager, Mackey rode a horse into a hotel, around a billiard table and thence to the public station, where he paid a \$10 fine. It was a profitable experiment, as the wager was a large one.

## MRS THAW SAYS JEROME IS NOT CHRISTIANLIKE

### Mother of Harry Denounces Dist. Attorney's Conduct Between Sobs.

### PROSECUTOR IS NEITHER GENTLEMAN OR CHRISTIAN

### Prisoner's Ordeal Ends and Arguments Will Be Presented Today.

WHITE PLAINS, Aug. 6.—Harry K. Thaw's latest struggle to regain his freedom will end tomorrow. The submission of testimony in his hearing before Justice Mills closed today, and all that remains is the final argument of the attorneys. Justice Mills will file his decision with the court clerk Thursday, Aug. 12.

Several possibilities confront Thaw. The court may grant his plea and make him absolutely free; it may decline, on the ground that he has not established his sanity, and refuse to interfere, in which case the state authorities will probably send him back to the Matteawan hospital for the criminal insane. But Justice Mills has further discretionary powers. He may feel that Thaw's mental condition is still in doubt, and for that reason delay a final order, meanwhile placing Thaw in custody of some officer, or possibly on his own recognizance in the care of his family, or he may declare Thaw insane, but moved by his mother's complaint regarding his surroundings at Matteawan, send him to some other state hospital not peopled by criminals.

Jerome is Denounced.  
The evidence on behalf of Thaw closed with a dramatic outburst by his mother, Mrs. Mary Copley Thaw. Her last words were a denunciation of District Attorney Jerome. Earlier in the day she had read a list of names distinguished in New York society. They were guests, she said, at a dinner she gave in New York which Harry attended before his marriage.

"I brought in the names of those who attended that dinner to my son," she said, "because of the statements of Jerome regarding the company Harry was accustomed to keep. I do not have any special enmity to Jerome, but he certainly has not behaved in this matter in a gentlemanly way, or in a Christian manner. Jerome always talked about Harry's being a frequent guest of the tenderloin, when he knows as well as any one that my boy never went to the tenderloin until he met a certain person." Mrs. Thaw's testimony was frequently interrupted by sobbing as she described Harry's surroundings at Matteawan.

Jerome Attacks Experts.  
The greater part of the day was devoted to re-examination of Thaw's alienists. Jerome attacked the experts with every device of the skilled cross-examiner. He roused the ire of Dr. Britton D. Evans by asking him if he was the subject of a denunciation of medical expert witnesses delivered yesterday by Governor Franklin Fort of New Jersey. Dr. Evans is superintendent of the New Jersey state insane hospital at Morris Plains. The expert replied that he declined to go into personalities.

Dr. Isham G. Harris, of the Poughkeepsie state asylum, also received a grilling. Both alienists stuck to their assertion that whatever Thaw's mental condition might be when he shot Stanford White he was now sane. They left the stand unshaken.

## CANADIAN STRIKERS HURT WOMEN IN RIOT

MONTREAL, Aug. 6.—Further rioting developed today in the strike of the Hebrew bakers. In the melee one woman was stabbed, another woman was clubbed over the head, a man was stabbed and several others seriously injured.

## Official Inquiry Into Death of Lieutenant Sutton Presents Many Sensational Features

ANNAPOLIS, Aug. 6.—The Sutton Inquiry board, which is examining witnesses to ascertain if Lieut. J. N. Sutton committed suicide or was killed in a row, is attracting a deal of attention. Every day the testimony furnishes sensational features.

Birney; No. 4, Captain Brown; U. C. M.; No. 5, Major Neville; No. 6, Captain Hood; No. 7, Lieutenant Jenkins; No. 8, Mrs. Sutton; No. 9, Mrs. Parker; No. 10, H. W. Van Dyke; No. 11, E. H. Van Dyke; No. 12, Henry Davis; No. 13, Lieutenant Adams.

## GRAVE DIGGERS OF STOCKHOLM QUIT STRIKE

STOCKHOLM, Aug. 6.—The tense situation, arising from the general strike proclaimed a few days ago, seemed to be relaxing tonight. The grave diggers returned to work today, and discussion is apparent in the ranks of other strikers. The employers of some of the largest plants in Stockholm announce that their men will return to work Monday.

It is reported that the central federation of trades unions has requested the government to mediate in the crisis. M. Von Sydnow, president of the employers' federation, declared tonight, however, that intervention by the government would be without result as the differences were too great to be settled in such a manner. The National Labor Union published a statement disapproving the strikers of the electric light and gas works.

## MANY RUSH TO GAIN RESERVATION LANDS

SPOKANE, Wash., Aug. 6.—With the great land rush ended, it is estimated 259,000 applications await the result of next week's drawings. This estimate allows 75,000 for the Flathead reservation, 105,000 for the Coeur d'Alene, and 19,000 for the Spokane Indian lands. On the last named reservation it is thought there may be eighty good homesteads, so 180,000 applicants must be disappointed.

Local notaries gleaned a harvest. One administered 4,875 oaths, and another 4,065.

## COPPER MARKET IS QUIET; SALES SMALL

NEW YORK, Aug. 6.—The market for standard copper on the New York Metal Exchange was quiet, sales being confined to 47 tons for December delivery at \$13.80. Standard spot was reported firm, \$12.50@12.75. Closing prices for various deliveries follow: August, \$12.72 1/2@12.80; Sept., \$12.59@13.00; Oct., \$12.87 1/2@13.00; Nov., \$12.80@12.90; Dec., \$12.90@13.07. Local dealers were quoting lake copper at \$13.12 1/2@13.50; electrolytic, \$13.15@13.21 1/2; casting, \$12.62 1/2@12.90.

CHINESE KILLS WHITE WOMAN BEFORE ENDING OWN LIFE.  
FRANKFORT, Aug. 6.—A murder of a white woman by a Chinese somewhat similar to the murder of Elsie Sigel in New York occurred in this city today. Ten Yon, Chinese merchant of Berlin, accused by Jewess, shot Elizabeth Hoffman, a music hall singer, and then turned the revolver on himself. Both died.

## LETTERS ENTER INTO SUTTON HEARING

ANNAPOLIS, Aug. 6.—The re-appearance on the witness stand today of Mrs. James N. Sutton, mother of Lieutenant Sutton, whose death is being investigated by a naval board of inquiry, was the signal for a heated controversy between lawyers, which ended in a prolonged conference, and brought the day's proceedings to an abrupt end.

Judge Advocate Leonard offered for identification and to be read in evidence, several letters which he said Mrs. Sutton had written containing serious charges against officers of the marine corps who appeared as defendants.

"The United States has been put to a large expense in bringing witnesses here from all parts of the world," said Major Leonard, "and it becomes my painful duty to offer these letters in evidence in order to enlighten the court as fully as possible on all matters appertaining to this inquiry."

Henry E. Lewis, counsel for Mrs. Sutton, objected on the grounds that Mrs. Sutton was not present, and urged that the letters be not read at this point. Commander Hood, president of the board, ordered the court closed and went into conference with his associates and the judge advocate. Later commander Hood announced that the letters will be read in closed court tomorrow to the interested parties and their counsel.

Following the completion of Lieutenant Utley's cross-examination Surgeon T. Cook was a witness. He testified that he performed the autopsy on Sutton's body, and declared from the nature of the bullet wound it would have been difficult for him to shoot himself hold the revolver in an ordinary way. He added, however, that it was his belief Sutton committed suicide.

## PRESIDENT PARDONS ESPEE BRAKEMAN

YUMA, Ariz., Aug. 6.—Attorney General Wickham today telegraphed the superintendent of the territorial penitentiary to release Murray Bateman, serving a five-year sentence, as a pardon granted by President Taft had been sent by mail. Bateman, a former freight brakeman on the Southern Pacific, was together with the conductor of a freight train named Clarence Maddox, tried in Tucson, March, 1908, charged with robbing trains of valuable goods in carriages. Bateman turned state's evidence, confessed to his guilt, and was sentenced to five years imprisonment. Maddox was later acquitted. Bateman left tonight for Bakersville, Cal.

## MEXICAN GIRL IS STRANGLERED BY CHINESE

EL PASO, Aug. 6.—With a heavy cloth wrapped closely about her head and finger marks on her throat, the body of a young and unidentified Mexican girl, with the evidence pointing to a party of Chinese as the murderers, was found last night at Zahotan, near Guadalupe, Mex., and the Chinese quarter tonight was surrounded by a mob calling for vengeance. The girl was about twelve years old. The body was found in a house recently occupied by Chinese. Marks on the throat indicate the girl was strangled.

## PAYNE'S TARIFF LAW OPERATES SMOOTHLY

WASHINGTON, Aug. 6.—Information received at the treasury today from New York, Boston and Philadelphia indicates the new tariff law is working with unexpected smoothness. Generally at the beginning of the operation of a new tariff law, matters in the big customs houses are at "sixes and sevens" for a few days, but no confusion has manifested itself in the administration of the Payne law, it is said.

## CONTRACTOR MAY BE ACCEPTED AS JUROR

SAN FRANCISCO, Aug. 6.—John J. Binet, contractor, with no decided opinions relative to the graft prosecution, is regarded as a likely candidate for third place among jurors temporarily accepted in the second trial of Patrick Cahoun, of the United Railroads. Binet will be examined further on Monday. A score of talesmen were dismissed today.

## SHOOTS PENDANTS FROM WOMAN'S EARS

VIENNA, Austria, Aug. 6.—Prince George, the ex-crown prince of Serbia, shot a pair of pearl pendants, at ten paces, from a woman's ears. His aim was so perfect that the bullets merely severed the gold wire from which the suspended pearls dropped to the ground uninjured. The two shots were fired in quick succession at the heroine of this adventure, at whose behest the prince acted.

The prince had often been challenged to a similar essay of his skill, and nerve as a marksman, and only yielded in the present instance to the entreaty of his hostess, who declared herself ambitious to serve as a target, reliant on her own calm temperance and the prince's aim.

## CARLISTS WILL MAKE OFFER OF ARMY TO SPAIN

### Meeting Will Be Held on French Frontier and Manifesto Follows.

### PRETENDER WISHES TO AID HIS COUNTRYMEN

### Don Jaime Declares He Is for Peace and Happiness of People.

CERBERE, France, Aug. 6.—Carlism leaders will hold a meeting shortly at a French frontier town to decide upon their attitude in view of recent events, it was said today. Afterwards, it is understood, Don Jaime, the Spanish pretender, will issue a manifesto declaring that he has no intention to profit by the misfortunes of his country, but that if the present government is powerless to save the honor of the nation, he will act. Carlism claim that they are in a position to arm and place in the field quickly 100,000 supporters burning with zeal.

## PRETENDER SAYS HE DESIRES ONLY PEACE

VIENNA, Aug. 6.—Don Jaime, the Spanish pretender, today declared to the correspondent of Neue Freie Presse:

"I returned to Frohdorf as a sign of my peaceful intentions. My own desire is to see Spain happy. The popularity of King Alfonso is decreasing, but this is not his fault. He is a gallant king and I esteem him for his bravery. Queen Victoria is more unpopular, as she is a stranger to the Spanish people.

"The Moroccan war must be brought to a successful end, as the national prestige is at stake. I would only return to Spain at the head of the army to restore peace in case King Alfonso should have been expelled."

There can be little doubt that a very general and vigorous opposition to Alfonso's Queen prevails in Spain, which is surprising, because she has sought in every way to identify herself with the Spanish national spirit. But she is credited with a predominance of English spirit, and the Spaniards seem very ready to remember her as their very devoted Queen than as the Princess Ena. She was reported last to have taken refuge over the French border line, in the little village of Hendaye, and Alfonso is quoted as forbidding her return because he did not wish her to become a second Marie Antoinette.

SPANISH ARMY RESISTS NEW MOORISH ATTACK.

The police continue arresting persons suspected of having had a share in the recent revolt, and it is said several prisoners in the Montjuich fortresses have been shot.

SPANISH LOSSES ARE HEAVY AT MELILLA IS REPORT.

LISBON, Aug. 6.—The Secoli's Melilla correspondent says that the Spaniards have lost 500 men killed and 1200 wounded in the last three days' fighting with the Moorish tribesmen, and 35 officers and 100 men have fallen into the hands of the Moors, who tortured them before putting them to death.
