CLASH BETWEEN FEDERAL AND ARIZONA OFFICERS OVER REBEL

Antonio Tonan, Veteran of Four Wars, Held by Commissioner After Territorial Officer Had Apprehended Him on Charge of Stealing Horses in the Territory

The authority of the territory of Arizona and the authority of the United States clashed yesterday over the person of an insurrecto soldier, Antonio Tonan. The United States came out victorious, getting possession of the person of the insurrecto soldier and three horses and saddles which it is charged the soldier stole.

Yesterday morning Lowell officers received word from Deputy Sheriff Bob Hildreth of Douglas that Antonio Tonan had stolen three horses there and departed in the direction of Bisbee, requesting that he be arrested and held until the officer arrived on the next train from Douglas.

U. S. Takes a Hand.

The arrest was made by Deputy Sheriff Will White and Officers Bailey and Hall of Lowell. Tonan was lodged in the Lowell jail. In the meantime Customs Inspector Toles, stationed at Douglas, arrived in the city and swore out a complaint before United States Commissioner James D. Taylor, charging Tonan with smuggling the officers alleging that the insurrecto had smuggled three horses and three saddles across the line at Douglas, without paying duty on them.

Prisoner Arraigned.

After the warrant was issued Tonan was brought up from Lowell and taken before United States Commissioner Taylor and arraigned. Tonan wanted time in which to get witnesses, so the case was set for Saturday afternoon at 2 o'clock. Tonan was returned to Douglas in charge of Customs Officer Toles. The government also has possession of the horses and saddles.

When Deputy Sheriff Hildreth arrived in Bisbee his prisoner had been arraigned before the commissioner on the federal charge. The territorial officer was incensed at what he termed the unjust action of Customs Officer Toles and made a report of the action to Sheriff White, sending the report by Deputy Roy Swain.

Not Given Square Deal.

The Douglas deputy says that he has not been given a square deal. He says that a rebel captain who had been shot through the hand came across the line to Douglas to get his wound treated at the Red Cross hospital, accompanied by two insurrecto

soldiers. The officer and the two soldiers tied their horses to a rack, the Douglas officer says, and went up stairs to the hospital. He says that while they were at the hospital, Tonan stole the horses and left for Bisbee.

Tonan's family resides a short distance below Lowell and Deputy Hildreth telephoned to Lowell officers to be on the look-out for the insurrecto. Hildreth and two insurrecto soldiers, the ones who had accompanied the rebel captain to Douglas, arrived in Bisbee on the 2:10 o'clock train from Douglas, but Customs Officer Toles had beat him to the prisoner.

Tells Another Story.

Tonan, who is well known in Bisbee and Lowell, tells a different story. He tells that his captain gave him permission to bring the three horses out of Mexico and that the American customs officer gave them a permit to cross with them. He says that he took care of the horses himself and led two others, friends on this side having written him that they would join the insurrecto cause if they were furnished rifles and horses. Tonan claims to be able to prove that he was given permission by American customs officers to cross the line with the horses.

He said that he was unable to explain the action of the captain who gave him permission to bring the horses to this side unless he was drunk.

Went Hungry in Spain.

Tonan claims to have been a soldier under four flags, in the Cuban revolution, in the American army of pacification and the army of the Mexican rebellion. He says he quit King Alfonso's army because he was not given enough to eat.

Tonan says that he knows "Diamond Dick," the second captain under Cabral, and that Dick is now at Agua Prieta. He says that he does not know Victoria MacGregor, alias "John of Arc."

The two insurrecto soldiers who accompanied Deputy Hildreth to Bisbee in pursuit of Tonan wore the rebel colors, red, white and green, in caottes tied to buttonholes and as hat bands. They were the center of attraction for a number of Mexicans while they were in Bisbee.

SCHOOL TEACHERS TO RECEIVE THEIR PAY

Two Bisbee Banks Agree to Cash Warrants and Face a Long Wait

Arrangements have been made by two city banks for the cashing of school warrants for the last month's salaries of the school teachers of the district, thus relieving temporarily a very embarrassing situation. The refusal on the part of one bank to pay the warrants, after the teachers had completed their plans for a summer vacation, caused consternation in the teaching corps.

The deficit in school funds, which may amount to as much as \$10,000, has caused considerable discussion and solicitude is expressed for the next year's school work. According to a county officer, the next appropriation will not be made until after January 1, 1911, four months after the opening of the schools of the district, and where the money will come from to run the schools from September until the next appropriation is not apparent. The deduction of the deficit or shortage of the district from the appropriation for next year would be one way out of the dilemma, but many question the advisability of "robbing Peter to pay Paul."

However, the cutting of the teaching corps may balance the shortage of this year, thus leaving the next year's fund unimpaired so far as funds go. It is not the intention of the board to cut the teaching staff indiscriminately and the schools where the attendance has remained up to standard during the year will not be interfered with. The Central school and the Lowell school will have the same number of teachers. Several teachers will be taken from the South Bisbee school. The closing of the mines in that suburb has caused a number of people to move out, thus reducing the number of children in the school.

Just how much the deficit will be can not be told at present, as taxes are slow coming in, as well as bills against the fund, but according to a member of the school board it may be as much as \$10,000, or it may not be more than \$6,000. This deficit has resulted notwithstanding the fact that the county board of supervisors added 5 per cent to the county school superintendent's estimate.

GREAT FUN AT BIG PICNIC ON SUNDAY

Father Hiked Some for the Cigars, Etc., but Mother Was Bashful

Eleven coach loads of joy seekers left Bisbee Sunday morning bound for Lewis Springs to attend the annual joint picnic of the Eagles and Red Men. Approximately 2,000 people attended the fraternity men's outing and 2,000 people are their debtors for a day of recreation and pleasure.

At noon there was a spread a dinner that would make a king slip into the pantry like a small boy at night. Each housewife, squaw of a Red Man or mate of an Eagle, had spent days in the preparation of dainties for a gastronomic jubilee, and the assortment of good things to eat enticed every one of them to the rank of past master.

The day was spent with the maximum of pleasure and with the minimum alloy of roushness. Father, mother and children returned to Bisbee just tired out with fun. The swimming pool was the delight of small boys.

Father Hiked Some.

The sport program was the event of the day. There were races for every member of the family, but temptations of fine coffee and XXX flour was not enough to pull mother into the limelight of the race for married ladies. The sport committee has for sale one can of perfectly good coffee and one 25-pound sack of good flour. But the way father ran for that box of 50 Birkens and the quart of whisky would have made St. Ives as green as cabbage with envy.

The Winners.

Following are the results of the sport events:

Race for boys of 18 and under—Earl Hill, first; silk shirt, E. Wiles, second; gold cut buttons.

Fat man's race—Bill Tonkin, first; fifty cigars, P. M. Kelly, second; a quart of whisky.

Race for girls over 16—Eva Setty, first; silver hand bag, Miss Sparks, second; hand-raised china, Miss Aroha, two-pound box of candy.

Race for girls of 14 and under—Clara Duncan, first; silk parasol, Blanche Warner, second; purse.

100-yard dash—O. Brown, first; a Reeler hat, Mr. Phillips, second; box of international cigars.

Race for boys between ages of 8 and 12—Frank Sanders, first; suit of clothes, Tom Wright, second; Brownie kodak, Willie Stack, third; baseball and bat.

TITLES TO DESERT CLAIMS AFFECTED BY COURT DECISION

Supreme Court Decides That Entrymen Secure Rights Which They Can Sell

INDICTMENT IS DISMISSED

WASHINGTON, D. C., May 15.—Titles to many claims in western deserts are affected today by a decision of the supreme court of the United States, holding that desert land entrymen obtain "rights to entry which may be assigned."

The question of assignment became material in the indictment of William B. Hammers in the United States district court for the Southern district of California on a charge of perjury.

It was alleged that Hammers had given false testimony in regard to the improvement of a desert entry in the Imperial valley.

The indictment was dismissed on the ground that testimony was immaterial because a desert land entry could not be assigned, and in this case the entry about which Hammers testified had been assigned.

The court said it would accept the interpretation of the interior department in many cases before it, to the effect that the entries were assignable, and directed further proceedings under the indictment against Hammers.

SNIDER WILL HAVE AN AMUSING ROLE

Coach to Participate in "Liberty Hall" Play Thursday Night for Alumni

Thursday night the Alumni Association play "Liberty Hall" will be given at the Orpheum. Many people surrender their hard earned dollars with great reluctance for a starry production, but in this case they will likely consider it a joyful privilege. "This is not another of the crimes committed in the name of sweet charity, but a really good play with a strong cast which has had the benefit of excellent coaching," said one of the promoters. Mr. Snider, the coach, has had remarkable success in the past in training amateurs and this production promises to be no exception. In addition he himself is cast for a very amusing part and everyone who has been so fortunate as to hear any of his readings will want to hear him again.

INTEREST INCREASES IN REVIVAL MEETINGS

The program of the revival now going on at the First Baptist church, in charge of Territorial Evangelist White, is very encouraging to the pastor and church members. The attendance is increasing daily and interest is growing.

Sunday morning Evangelist White delivered a very impressive sermon on "Making Good," a unique subject handled in the evangelist's characteristic manner. The subject Sunday evening was "Common Sense Reasons for a Hell." The little church was filled and the sermon was listened to with deep interest.

The meetings will continue this week, services being held each evening. The subject tonight will be: "The Red Too Short and the Cover Too Narrow."

AN EXHIBIT IN COURT.

Bonday Gazette: An Indian judge, when first appointed to his position, was not well acquainted with Anglo-American law. He was in which a Hindu was charged with stealing a "nighal." The judge did not like to betray his ignorance of what a nighal was, so he said, "Produce the stolen property."

The court was held in an upper room, so the usher gasped, "Please your lordship, it's downstairs!"

"Then bring it up instantly!" sternly ordered the judge.

The official departed and a minute later a loud bumping was heard, mingled with loud and earnest exhortations. Neater came the noise, the door was pushed open and the panting official appeared, dragging in the blue bull.

The judge was dumfounded, but only for a minute.

"Ah! that will do," said he. "It is always best when possible for the judge personally to inspect the stolen property. Remove the stolen property, usher."
