

URGES COMMISSION GOVERNMENT FOR ARIZONA COUNTIES

Bill Providing for Business Administration of Affairs Probable

The creation in effect of a commission form of government for counties of Arizona will be the object of a bill that will in all probability be introduced at the next session of the state legislature.

Readers of The Review will recall that six months ago M. Newman, then mayor of the city, advocated this plan as an adaptation of the so-called municipal form of government to the county government, asserting that it was nothing more than the application of business sense to the administration of the county government.

When asked by a representative of The Review yesterday for his opinion of the proposed law Mr. Newman gave it his unqualified endorsement "I am very glad to hear of it," he said.

"It is in effect an application of the principle of the municipal commission government to the government of the county and, as I have stated before, it is founded on business principles. I believe that there should be no difference in administering the business affairs of a county and a business corporation.

"Yes, I am in favor of such a law. As it is now no man capable of holding down the position of supervisor is warranted in devoting sufficient time to the duties of the board without allowing his own business to retrogress. I believe that all three members of the Cochise county board should be paid a salary large enough for them to accept it without impairing their private fortunes, and then devote all of their time to the county's affairs. I believe that able men for the positions of supervisors could be got for a salary of say \$2,000 a year.

"I believe that there is no question but what this would pay the county, both in economy and efficiency. The taxpayers would get more for their money, or they would then have a right to expect that the supervisors would give their whole time to the county. I would favor a plan that would give to each supervisor supervision of certain branches of the county work, say one man for supervision over county roads, which is a very important matter at this time; another the clerical work and another the financial job, attending to assessments, etc."

Mr. Newman also took occasion to reiterate his belief that Bisbee should adopt the commission form of government for the city. "We are coming to it sooner or later," he declared.

Gus Hickey, chairman of the present board of supervisors, is also in favor of the principle of the suggested plan but in a somewhat modified form. He believes that the same end would be attained by the employment of one supervisor, the chairman, on full salary, the same as that paid to the sheriff of an Arizona county who should be given power to act in certain matters and whose full time should be required for the county.

Mr. Hickey would also, in the same connection, abolish the state tax commission and enact a law making the chairman of the boards of supervisors of the several counties, the state board of equalization. "By reason of their knowledge of local conditions they would be in a better position"

RULE FAVORS EDUCATIONAL QUALIFICATION

Apache County Court Decides Favorable to Provision of State Election Law

ST. JOHNS, Ariz., Aug. 22.—Judge Ling of the Superior court of Apache county handed down a decision in the case of Arnito and Chavez vs. County Recorder Platt, in favor of the defendant. This case has created great interest throughout this section, as it was instituted solely for the purpose of testing the constitutionality of the educational qualification law.

On August 5th Gabriel Arnito and Luis Chavez, two Mexican pioneers, who were born in New Mexico, appeared before the county recorder and registers of voters, Henry J. Platt and demanded to be registered as electors of Apache county. They were asked to read a portion of the constitution of the United States, but refused to do so.

It is understood that the case will be carried to the highest court in the United States if necessary, and the plaintiffs claim that they are ultimately sure of winning out.

FOREMENS DINNER PLAN POPULAR

Success of First Leads to Possibility of Affairs Being Held Each Month

It is probable that "foremen dinners" will be regular affairs with the Copper Queen mining company, since the first, given Tuesday evening of last week at the country club, was such a success. The object in giving the dinner was dual, to promote fellowship and at the same time to edify. At that dinner Forest Rutherford, superintendent of the smelter at Douglas made an interesting talk on the smelting of Bisbee ores and ores in general that was both interesting and instructive.

The talk followed an appetizing course dinner. Those at the dinner were foremen, bosses, division foremen and officials of the company. It is understood to be the intention of the company to give these dinners probably as often as once a month and the next one will be for the foremen of the night shift, the day shift bosses having been the ones invited at the dinner last week.

NEW YORK TRADE EXHIBITION

NEW YORK, Aug. 22.—The large trade exhibition ever held in New York opened in the Grand Central Palace today and will continue until the end of the month. The exhibition has been arranged for the exclusive benefit of the army of fall buyers who are now in the metropolis from all parts of the United States and Canada. The exhibitors include leading manufacturers in all branches of the home furnishing, crockery, glass and allied trades.

MURDERER TO BE SHOT.

RENO, Nev., Aug. 22.—Andriji Mirkovich is to be shot to death early tomorrow morning at the Nevada State penitentiary. He is the first sentence to death by shooting ever imposed in Nevada, and was made possible by the law passed at the last session of the legislature giving a condemned person the choice of death either by hanging or shooting. Mirkovich chose shooting. The crime of which he was convicted was the murder of John Gregovich, a Tonopah merchant, last May.

he said, "the more justly and impartially to make assessments." Regarding this feature Mr. Newman did not express himself, saying that he was not sufficiently well informed on the matter to give an opinion.

Directors of Club Meet. That the affairs of the Warren district country club are in splendid condition was the report of the board of directors of the club at a meeting held Tuesday night. The golf course is being put in condition for the winter golf season.

Escapes From Gang. Juan Duran, who had been sentenced to ten days work on the street gang in the city court, escaped from the gang after he had been at work only half a day. Duran is a frequent transgressor of city ordinances.

CALIFORNIA HOTELS HEALTH AND SUMMER RESORTS

Brief Local Items

May Enter Races. Jim Jones is being urged by friends to enter his pacer in the racing events at the Arizona state fair in which entry is limited to Arizona horses. J. R. Henderson, treasurer of the fair commission is anxious to have this county represented in these events.

Tovrea Returns. E. A. Tovrea has returned from a business trip to Magdalena, Sonora and reports that there is much activity on the part of rebels in that part of the state. This is confirmed by William Farrell of Lowell who has returned from the vicinity of San Miguel.

Hays Is Released. Frank Hays, who was arrested at Phoenix and brought back to Bisbee to answer to a charge of grand larceny in Judge High's court, was released under bond of \$250 last night. His bondsmen are William Gidley and Jim Harrington. The case will be on trial Saturday morning at 10:30 o'clock.

Beatty Returned to Bisbee. G. R. Beatty, who is charged with beating a board bill here, was brought back to Bisbee yesterday afternoon by officers there at the request of Bisbee officers. When he was arraigned in court he asked permission to confer with the complainant, Mrs. Hagan and the court allowed it. Returning to the court room after the conference, the complainant paid all of the costs of the case, \$12.50, and asked that the complaint be dismissed.

The court dismissed the complaint. Five warrants charging fraud of this character were issued by Judge High yesterday but only one defendant has been arrested as yet.

Child's Funeral. The funeral of Terrence Vickers, infant son of Mr. and Mrs. Joseph Vickers, was held yesterday afternoon at 2 o'clock from the Palace chapel, conducted by the Reverend Creighton Spencer. Interment was in Evergreen cemetery.

Well Known Old Timer Dies. James K. Potter, the father of J. T. ("Tack") Potter, the well known rancher, and of Rubie Potter of Dixie Canyon, died yesterday morning at 1:40 o'clock at the home of J. T. Potter, nine miles south of Bisbee, following a long but only recently severe illness. He was one of the best known old timers and frontiersmen of the county and was a survivor of numerous fights with Indians in the pioneer days of the territory.

The funeral will be held this morning at 10 o'clock from the Palace chapel on Main street and interment will be in Evergreen cemetery.

Rails Being Hauled. The first car load of rails for use in extending the canyon line of the Warren-Bisbee railway to the Thomas place in Tombstone canyon was laid down at the present terminus of that line yesterday and Superintendent Jesse Youakum of the company said that barring bad weather the laying of steel would begin by next Wednesday. In the meantime the material for the construction work will be assembled.

Directors of Club Meet. That the affairs of the Warren district country club are in splendid condition was the report of the board of directors of the club at a meeting held Tuesday night. The golf course is being put in condition for the winter golf season.

Escapes From Gang. Juan Duran, who had been sentenced to ten days work on the street gang in the city court, escaped from the gang after he had been at work only half a day. Duran is a frequent transgressor of city ordinances.

He Meant It, Too. A citizen of Warren failed to keep an engagement last night and a friend called him on the phone to jog his memory. The answer that he got made exclamation points and inter-

DIAMONDS \$115 A CARAT WUERKER'S 229 South Spring Street, Los Angeles

KILLED MEXICAN DENIED CITIZENSHIP

LOS ANGELES, Aug. 22.—Judge Willis of the superior court denied naturalization papers today to O. E. Finsted, rancher and miner because the court thought that by so doing the United States might become involved in controversy with Mexico. Finsted came to America in 1881, in 1891 he filed a petition for citizenship a few years later he went to Mexico where he took up a mining claim, and became involved in a fight with a Mexican, who he killed. Finsted claimed it was an accident, and after three years confinement he was released and returned to Los Angeles. Judge Willis explained that the department of Washington had advised his action, fearing the United States might be damaged by which the applicant might bring against that republic for false imprisonment.

The court stated its ruling was not absolute but that Finsted might employ counsel to examine his case and renew his application at the November sitting of the naturalization court.

APPLE GROWERS MEET

ST. LOUIS, Mo., Aug. 22.—Members of the American Apple Growers' congress from many states are attending the annual convention of the organization, which began its sessions today at the Planters' Hotel in this city. The reports of the members indicate that the apple yield this year will approach record-breaking figures in nearly all sections of the country.

LORETO ACADEMY, a refined and up-to-date boarding and day school for young ladies and girls, beautifully situated and well equipped. For particulars address Sister Superior, Loreto Academy, Bisbee.

SUMMER FOODS OFTEN CAUSE DYSPEPSIA

Their Effect on the Digestive Organs Responsible for Many of the Season's Ills. Summer should be the period of perfect health, but impure water and milk, unripe food, and the tendency to indulge in acid food and lead drinks, produces a contrary condition in many people.

The effect of the average summer diet is to congest even normally regular bowels, and this results in disarranging the entire digestive system. When the bowels are choked with the stomach's refuse, indigestion is almost sure to follow, and the waste matter that should pass out through the bowels, not finding passage, ferments in the stomach and the poisons are forced into the blood, causing much distress and often serious illness.

To keep the bowels free, there is no more effective remedy than Dr. Caldwell's Syrup Pepsin. This is a pleasant-tasting, low-stimulant and laxative tonic that is very gentle in its action, bringing relief in an easy, natural manner, and without discomfort. A spoonful of Syrup Pepsin will quickly check summer diarrhoea by cleansing the bowels and removing the matter that irritates and inflames the tissue. It is sold in drug stores for fifty cents a bottle; a large family size, considerably more than twice the quantity, costs a dollar.

If you have never used Syrup Pepsin and would like a free bottle, postpaid, write to Dr. W. R. Caldwell, 406 Washington St., Monticello, N. H.

Roosevelt Wears Bisbee Hat. Ed Wittig, who herds with the Bull Moose, is in receipt of a letter from Colonel Theodore Roosevelt acknowledging the "Bull Moose" hat sent to him by Wittig some time ago. The colonel returns his thanks for the token and says that he will be "delighted" to wear it.

Recent Arrivals. Born to Mr. and Mrs. Mac Sinclair of Warren at the Copper Queen hospital yesterday, a girl; to Mr. and Mrs. F. D. Lane, at the same hospital, a girl.

Warrenite Buys Car. E. C. Roberts, manager of the Phelps Dodge store at Warren, has bought a Flanders "26" auto from the Bisbee agency. It was delivered to him yesterday.

Street Work Pushed. Night and day shifts in the street department are working to clear the silt and boulders from the streets and other gangs are working at clearing up Tombstone canyon. Brewery silt has been cleared off. In places on that street the silt was so hard that it had to be picked up.

HENDERSON WATKINS Lumber Co.

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, man-drake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "Golden Medical Discovery."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how strong the constitution the stomach is "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue."

"More than a week ago I was suffering with an awful cold in my head, throat, breast, and body," writes Mr. James G. Knorr, of 710 L. Street, S. E., Washington, D. C. "Some called it La Grippe, some pneumonia. I was advised by a friend to try a bottle of your 'Golden Medical Discovery.' I tried a bottle and it did me so much good that I feel safe in saying it is the greatest and best medicine that I ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."
