

ALL VOTERS TO GET COPY OF PROPOSED LAWS

50,000 Pamphlets Containing Questions Before Voters Will Soon Be Sent Out

PHOENIX, Ariz., Aug. 26.—Fifty thousand pamphlets have been printed by the state of Arizona to be mailed out to every registered voter. The pamphlets contain the referred and initiated measures to be voted upon at the general election to be held on the 5th of November next. The Secretary of State Sidney P. Osborn, and his office force will be kept busy attending to this matter alone.

The pamphlet that has already been printed contains the following referred amendments to the constitution: Article 8, "The Recall"; Article 2, permitting all municipal corporations to engage in industrial enterprises; Article 9, Section 11, changing the manner mode and method of assessing, equalizing and levying taxes in the state; Article 9, Section 3, restricting the jurisdiction of indebtedness in any district without assent of a majority of property taxpayers, and the Woman Suffrage amendment.

Another pamphlet of Referendum petitions will have to be printed, containing the petitions to repeal the following acts of the last legislature: The semi-monthly payday; the miners lien; the locomotive head light; full train crew; qualifications of train crews; car limit and three cent fare. From present indications referendum petitions will also be out against the Game Law and the Auto License law.

NEW INSPECTOR RAIDS BRIDGE WEBBERS GAME

NEW YORK, Aug. 26.—A gambling house on Forty Second street formerly run by "Bridgie" Webber, where the Rosenthal murder is said to have been planned was raided tonight by Police Inspector Dwyer, successor to Inspector Cornelius Hayes, recently reduced to the rank of captain by Commissioner Waldo. Although Webber, confessed accomplice of the murder, is in jail the place has been running for some weeks as an incorporated "Poker Club" by "Bridgie's" friends. It was said that after two of Dwyer's men entered the place a day or two ago and found a poker game in progress, warrants were procured. Tonight the new inspector went over the head of the police captain in the precinct and led the raid himself. A man who described himself as King Brown, a clerk, was arrested, and many decks of cards, poker chips, and tables confiscated.

Police Commissioner Waldo promised tonight to make public tomorrow a long list of names of owners and agents of buildings rented for gambling houses and other resorts. This list, according to information obtained at police headquarters today contains the names of men high in social and financial circles. That the district attorney would use the list for purposes of prosecution after ownership of the alleged illegally used property, was established, was made known today by a representative of the district attorney.

The proposed prosecution of owners of illegal places was said to have been suggested by Justice Goff, as it is his belief, one of the most effective weapons that could be employed to clean up vice in New York city.

YAVAPAI BOARD NOT TOOL STATE TAX COMMISSION

County Attorney Sullivan Declares Body Right in Lowering Assessments

Yavapai county, whose board of supervisors refused to assess patented producing mines of that county at the rate fixed by the state tax commission, is going to prove a recalcitrant child, apparently. Their stand is backed up, according to the Prescott Journal-Miner, by County Attorney Sullivan, who says that the Yavapai board was acting within its rights in fixing the valuation of this class of mines at fifty per cent.

Attorney General Bullard says that Yavapai county supervisors had no legal right to fix the rate at fifty per cent after the state board had fixed a higher rate but there are two sides to the question. Other attorneys expressing the opinion that the board had the same rights at its last meeting as it did at the previous meetings as board of equalization. This is the stand taken by County Attorney Sullivan, of Yavapai county.

It is his contention that the board has jurisdiction over the assessment roll under the law until the third Monday in August and from the time it goes into their hands until the date last mentioned they can do anything they please with it, using it for a football if so inclined, and the state has no power to interfere with their action.

He does not turn a legal ear of hearing to the point raised by Mr. Bullard to the effect that the board of equalization is a body of limited powers and can do nothing beyond what the statute grants them express power to do.

That is not all the tale of the taxes. One of Yavapai's supervisors was free to say what he thought of the latest move of the State Board of Equalization.

"If the state board thinks it can put anything over us, it is badly mistaken," he declared. "We do not propose to drive mining out of this county and when the Phoenix aggregation gets the idea it can put us in that position, it has another big think coming."

"Why, the tax commission after it met with us in July went to Pinal county and recommended a cut in the assessment of the mines of that county to fifty per cent, while here they ordered us to increase the valuation of the United Verde to a hundred per cent. And that is not the only unjust and inequitable thing they did, and if it ever becomes necessary, full publicity will be given their actions. Personally I would rather resign than be dictated to by that Phoenix bunch and I propose to stand pat on our action for I believe that the state board is making a monumental bluff, and for one, I intend to call it."

CHINK AVIATOR KILLED

SCAN FRANCISCO, Aug. 26.—Fung Rhee, said to have been the pioneer Chinese aviator, was killed yesterday when his biplane fell 200 feet while he was giving an exhibition in his native city of Canton. News of his death was received here today, and Chinatown is grieving.

ROOSEVELT WILLING

real service." One thing Roosevelt asks newspaper correspondents to make clear each time they visit him, that is that he does not say the Standard Oil did not contribute \$100,000 to his campaign fund in 1904, but that he did not know about any such contribution. That if given his campaign manager received it in violation of his explicit instructions.

if your teeth are fit, chew, chew, until the food is liquid and insists on being swallowed.

If teeth are faulty, soften Grape-Nuts with hot milk or cream, or allow to stand a minute soaking in cold cream.

"There's a Reason," as follows: Grape-Nuts food is in the form of hard and brittle granules, intended to be ground up by the teeth; that work not only preserves the teeth, but brings down the saliva from the gums, so necessary in the primary work of digestion.

Many people say (and it is true) that when they eat Grape-Nuts they seem to be able to digest not only that food, but other kinds which formerly made trouble when eaten without Grape-Nuts.

(How?)

W. A. SCHWARTZ GOES TO MEET HIS BRIDE

Cupid Will Tie Haberdasher for Life to Miss Minna Lee

W. A. Schwartz left yesterday for El Paso, where he will meet Miss Minna Lee Beard and they will be married in the Pass City. Miss Beard, who has been visiting relatives at Nashville, Ga., was formerly a nurse at the Copper Queen hospital. She gave up her position some time ago, and since then has been visiting relatives in Georgia. She will arrive in El Paso today, and tomorrow at noon she will become the bride of Mr. Schwartz, the Presbyterian minister at El Paso joining them together.

AMERICAN BAR MEETING

MILWAUKEE, Wis., Aug. 26.—Page after page of the registers of leading Milwaukee hot-els filled today with the names of lawyers and jurists of national and international reputation who have come to attend the annual meeting of the American Bar association.

The meeting will be called to order tomorrow by President S. S. Gregory of Chicago and the sessions will continue over Wednesday and Thursday.

All signs point to one of the most interesting meetings in the history of the association. The attendance promises to be unusually large and representative, while the subjects to be discussed before the meeting are of the highest character and of the greatest public interest.

COLORADO SPRINGS CARNIVAL

COLORADO SPRINGS, Colo., Aug. 26.—The annual carnival at Colorado Springs is in full swing today. The fairgrounds are thronged with people and the atmosphere is one of the most festive of the season.

SEES CATTLE FAMINE RESULT REVOLUTION

Arizona Butchers Troubled Over Rebels' Activities

The advance of the rebel forces into Sonora, which is apparently being overrun by an increasingly large number, is being watched with foreboding by the butchers of Arizona. If they will hold out for a month it will be possible to secure enough cattle from Sonora to give ample supply to consumers for an indefinite period.

The above statement was secured from John Tren, a Bisbee butcher and cattle buyer. Mr. Tren stated that every stockman in northern Sonora is making desperate efforts to round up his stock and ship it out in the immediate future. Thousands of cattle will be crossed at the border ports within the next few weeks, if the rebels allow it. It is not possible to bring these out the result may prove disastrous to lovers of beefsteak and toast.

The paralyzing effect of the rebel advance is being felt at present in some districts where it is impossible to secure a sufficient number of hams to round up in a season of the year of the revolution. Setting a man about many miles from civilization is the chief of the worst of the things the rebels are expected to do.

SONS OF VETERANS MEET

ST. LOUIS, Mo., Aug. 26.—More than one thousand delegates have responded to the headquarters of the Sons of Veterans. The general committee is of the opinion that the organization has held one of the most successful meetings in its history.

HEAT ENDANGERS LIVES OF ELDERLY FOLKS

Sickness and Misery Follow Invasions by the Sun

Old people should be especially careful of their health during the hot months, as high temperatures have a tendency to weaken the entire system. The slightest ailment may develop into a serious one. It is important that old people should be kept cool and comfortable during the summer months.

NEW AUTO LAW GOES INTO EFFECT SEPT. 15

Error in Original Announcement Brings Many Inquiries

PHOENIX, Ariz., Aug. 26.—Owing to some miscalculation in the date of its passage, the automobile law, which was thought to go into effect last Thursday, will not go into effect until the 15th of September. The premature announcement caused quite a flurry in the office of Secretary of State Osborn, who although he had made preparation for issuing the required licenses and seals under the law, was unable to do so because of the non-arrival of the equipment.

Under the provisions of the law the license, number and seal are issued to the applicant owner of the automobile. These are expected to arrive in time for the opening date of the enactment of the law and in sufficient numbers to satisfy the demand that will be made. The number of autos in the state is unknown, but it will soon be found out when the license are all made out and sent.
