

GRINDELL BOOSTS BORDER ROUTE

During Trip East He Demonstrated Advantages of the Southern Route

HAD PLEASANT TRIP

E. P. Grindell secretary of the Douglas chamber of commerce, returned to his home yesterday morning from a trip through the east and north, where he went to boost for the Borderland ocean to ocean highway, and to interest the various clubs to route the tourists over this highway.

While in Chicago he attended the meeting of the Transcontinental Touring club of America, and also the big aviation meet, which, he says, gave him an opportunity to meet many prominent men and explain the features of the route.

As a result, the touring club will in the future direct all the tourists over this route, and is now having reproductions of the map and a description of the road prepared, which will be published soon.

Saw Auto Races
He attended the auto races in Milwaukee and distributed a large number of maps, that were published by the Douglas Chamber of Commerce, among the auto men at these races, who expressed surprise that a passable road was already completed.

In Kansas City he spent some time with the Auto club there, and also with the Old Trail association, which has just completed a route for a national highway from Washington to Albuquerque. On account of the efforts of Grindell, this association will make an investigation of the Borderland route, and probably will make it a part of their official route. The auto clubs of Kansas City have promised to route all tourists over the southern route.

Was Tendered Banquet
Dodge City was his next stop, and here a big smoker and a banquet

was tendered him, and a good roads meeting held, at which Mr. Grindell explained the route he was boosting. He induced them to erect a big sign board at the borders of the town bearing a picture of the map between that place and El Paso.

He also stopped off at Albuquerque and Las Cruces, and at the latter place attended the fair and distributed maps of the route.

Mr. Grindell is well pleased with his trip, and states that there was great interest in the route everywhere he had been. Arrangements are now being made to have the road logged for the American Auto Blue book.

ASHURST SURE OF A VICTORY

Junior Senator Talks in Phoenix Before Making Opening Speech of Campaign

PRaises MARK SMITH

Senator Henry F. Ashurst was present in Phoenix last Saturday, where he delivered his first speech in the presidential campaign. The Arizona Democrat of Saturday carried the following interview with Mr. Ashurst, who may be expected to cover the state before the election next month:

"I firmly believe that Governor Wilson will be elected president by one of the greatest majorities that any man has received in the history of the country for the high position," said Senator Ashurst tonight.

"The people of the country are alive to the situation which confronts them. On one hand they have a republican presidential candidate before them whose nomination was dictated by the business and financial bosses. On the other they have an aspiring candidate, who, when turned down by his former friends, the bosses, has set about to build up a party, with the assistance of certain great financial interests, which he can dominate for his personal aggrandizement. It is strange that with two such candidates as Taft and Roosevelt on the one hand and a man like Woodrow Wilson, who is the choice of the people of the nation, on the other, that the voters of the union should flock to Wilson's support," said Ashurst.

Also tonight, Senator Ashurst will tell of the splendid work done in congress by Carl Hayden. "No man could have done more for his state than did Mr. Hayden for Arizona," he said.

Senator Ashurst also had a kind word for Senator Mark Smith, who is absent. "Never let me hear a man say that Mark Smith is not constantly working—working night and day—for the best interests of the people of this state. There is not a man in Washington more universally loved and admired than Mark Smith, and no man in Arizona can secure as much for this state in the senate as Mark Smith."

BAZAAR SHAPE TAKE ON DEFINITE PLANS

Dances Will Be Important Feature—Game Committee Head Is Named

Music quite as good if not superior to that which has always been a feature of the Elks invitation dances will be a feature of the dances that will prove one of the most attractive features at the Elks Burn the Mortgage Bazaar. Besides this the matter of ventilation in the dancing hall will be given especial attention by the committee and numerous other arrangements for comfort and enjoyment will be provided. This was one of the important matters decided on at the meeting of the bazaar committee at the Elks club house yesterday morning. In addition to this it was decided to add a ladies auxiliary committee on donations and the head of the committee on games was selected.

Will Avoid Crowding.
At the time of the bazaar held when the Elks home was completed the dancing proved to be one of the most attractive features but at that time crowded conditions arose which will be so far as possible obviated by the efforts of the committee on dances of which E. B. Wallace is the chairman. This year the booths will be kept out of the lodge room so as to give more floor space for the dancers. In the past the room has become too warm when crowded with dancers and better ventilation will be furnished by the installation of a number of electric fans. Excellence of music is assured from the fact that Brennan's orchestra has been engaged for the five nights and will be a full five piece orchestra. Those who come to the bazaar especially for the dancing as many will be sure to do will find that the committee has left nothing undone to conduce to their enjoyment of this feature.

Games Big Feature.
Of equal importance to the report of the committee on dancing was the selection of Dick Brotherton as head of the committee on games, for as on the former occasion this branch of the entertainment will be, it is expected, the biggest drawing card of the whole affair. Within a few days he will select his associates on the committee and is expected to make a report on the personnel at the meeting next Sunday.

Thus far few arrangements have been outlined as to the games that will be in vogue. It has been planned to have two faro banks, tables running there will be two roulette wheels and it is also planned to have two crap games running. Of course this resumption of open gambling is not for the coin of the realm. The rewards of the fortunate are to be paid in the coinage of the Elks and is not good outside of the bazaar.

The appointment of Mr. Brotherton and his agreeing to undertake the important work which his committee has to do is regarded as especially fortunate by the other members of the committee.

ENGINEER WHIRLED TO DEATH ON FLYING BELT

Employe of Brewery in Douglas Found in Engine Room Unconscious

DOUGLAS, Sept. 30.—Ed Sette, who for eight or ten months had been engineer for the Copper City Brewery company in Douglas, was whirled to his death yesterday morning about 11 o'clock on a flying belt in the power room of the brewery. He was alone at the time.

He was found apparently a few moments after the accident had happened by some of the employees, his body lying on the belt at the wheel guard. The belt was but eight inches wide.

Died This Morning.
As soon as found he was rushed to the Calumet hospital and all possible aid rendered him, but to no avail, death relieving him at 1 o'clock this morning. His injuries were internal, there being no bones broken in his body.

Leaves Widow and 3 Children.
The dead man was 38 years old, and is survived by a wife and three children who live in Douglas, and a mother and sister who reside in Wisconsin. The two latter have been notified of the death and will be here to attend the funeral arrangements for which have not yet been made, the body being in charge of Undertaker Ferguson of Douglas.

INTERVENTION BY TAFT IN MEXICO FAR AWAY

President Has No Intention at Present Call Congress in Extra Session

BEVERLY, Mass., Sept. 30.—The report of the special secret committee on the revolutions of Madero and Orozco will not influence President Taft in his policy toward that country, published reports that have reached the president here, that the senate committee would report in favor of intervention, have been read with great care by the president, but will not change his attitude.

This statement was made by the president to callers. His position in regard to Mexico, he told his visitors, has not changed since he sent the Mexican ambassador to Mexico City, with word that intervention was not an impossibility.

Mr. Taft is not prepared to call congress in extra session to pass upon the need of intervention and he told his callers that he had no present intention of doing so. He does not believe conditions in Mexico are as bad as they were several weeks ago.

Taft is standing firm upon his declaration to the Mexican ambassador and believes that conditions have improved since he told him what might be expected from the United States if American lives and property were not protected.

He made it clear to friends that intervention is just as far away today as it was then—not a probability, but it is not an impossibility.

ATTORNEY MORRISON TO GO TO BAY CITY

U. S. Lawyer to Make Trip to Coast Metropolis to Attend Court

United States Attorney J. E. Morrison will leave the latter part of the week for San Francisco, to appear for the government in several cases before the circuit court of appeals which sits at San Francisco. He will return by way of Phoenix, attending the meeting of the federal grand jury and district court there.

The Steele murder case will come before the court of appeals on appeal from the district court. Steele, it will be remembered by readers of this paper, was convicted of murdering two men in the White Mountain Indian reservation.

The case of the United States against W. F. Fegan, which was appealed by the government, is an important one. The facts, as alleged by the government, are substantially that Fegan prevented a duly commissioned land office surveyor from surveying a certain mining claim. The defendant alleges that the government statute does not apply in mining claims, and on this point the issue depends.

PERMISSION TO PASS THROUGH U. S. DENIED

Colquitt of Texas Withdraws Consent for Mexican Troops to Trespass

AUSTIN, Texas, Sept. 30.—Governor Colquitt today withdrew permission for Mexican troops to cross Texas territory from Eagle Pass to Del Rio and Marathon, stating that "he did not care to take the risk." The governor sent the following message to the secretary of state, at Washington:

"Concerning the movement of Mexican troops through Texas, from Eagle Pass to Marathon or Del Rio, my adjutant general calls attention to the fact that it would be a rough 70-mile march, and I desire to withdraw my consent for the passage of these troops through Texas until I am advised more fully with reference to their movement. This march of 70 miles through the territory I have referred to will invite difficulties which I do not want to occur in Texas."
