

NEWS IN THE DISTRICT

MACHINE RACES THE BIG EVENT

Sporting Instinct Stirred by June 8 Outlook — Cars and Cycles Entered — Red Cross and Ambulance

The big enthusiasm is breaking loose in the forthcoming automobile and motorcycle race to be run from Bisbee to Lewis Springs on Sunday June 8, the day of the Eagles-Red Men picnic at that resort.

How well this enthusiasm is backed is best told in the list of entries that the joint committee of the fraternal organizations was able to give out yesterday. This list will not close for some days and will doubtless receive further additions. To the present time it stands as follows, with the doors open for all who wish to get in.

Vellie 40, entered and to be driven by Dr. Leonard, owner, with Mechanician Baxter.

Lozier 60, entered by Reno Bros. Douglas.

Hubick 39, Cocheise Motor Co., Bisbee.

E-34-F Studebaker 36, J. J. Bowen, Bisbee.

Cole 46, Sheriff Wheeler, driver, Roy Swain.

Chalmers 26, Bert Smith of Hurston, Smith, Bisbee.

Cole 49, James Ovens, Bisbee.

There are seven entries of cars of well known models, all fast and each believed by the individual owner to be the fastest. They will break away from Bisbee three minutes apart at the drop of the flag of the starter and they will arrive at Lewis Springs after the arrival of the special train which will enable the big throng at the Springs to witness the exciting end of the game, the finish.

Following the racers will be a Red Cross and ambulance car in charge of Dr. Hawley. Similar provision for care in the event of accident in the motorcycle race will be provided, an ambulance car following this race.

Along the route motorcycle guards will protect the roadway from danger to either the racers or travel by keeping the road clear. Everybody will be expected to obey these guards and their flag signals. Disobedience by any racer will mean his forcible holding up and expulsion from the race, along with a fine.

Telephone communication between guards with the police grounds and Bisbee, will be established with the making of temporary connections with the line along the way. All dangerous places in the road will be guarded by a man with a flag who will give the slow signal.

The route for securing a mooted question, has been definitely fixed for Tombstone canyon. All agree that this road provides that which is most valuable in any race, the endurance test and hill climbing qualities. Start will be made from the upper end of Main street, the motorcycles leaving first because of the fact that the heavy machines testing over the road would make the motorcycle game all the more difficult if the riders had to follow through the auto tracks.

The first flag for the motorcycles will drop at 9 o'clock. They will leave at 2 minute intervals and should all be away by 9:30, the hour now fixed for calling the automobiles to the tape.

Each race participant will carry a

"Oh Girls! Do Try GETS-IT for Corns"

The New-Plan Corn Cure. No Fuss. No Pain. Sure and Quick.

You never used anything like "GETS-IT" for corns, before! You're sure at last that every stubborn corn that you've tried so long to get rid of is a "gower." You apply "GETS-IT" in 2 seconds, that's all. "GETS-IT" does the work. There's no more fussing, no more bandages to fix, no more salves to turn the flesh red and raw. No more plasters to get misplaced and press on the corn. No more "pulling," no more pain, no more picking and gouging, no more razors.

"How I Did Suffer from Corns for Year! 'GETS-IT' Got Them All in a Few Days!"

"GETS-IT" stops pain, strikes up the corn and the corn vanishes. "GETS-IT" never fails, is harmless to healthy flesh. Warts, calluses and bunions disappear.

"GETS-IT" is sold at drug stores at 1c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago. Sold in Bisbee by Bisbee Drug Co., Central Pharmacy and Phelps Dodge Mercantile Co.

number and can be kept in touch with by this means and is impossible connection from start to finish. That interest in the races will make this telephone line the busiest and most popular in Arizona during the morning hours of June 8 is already a certainty, for race enthusiasm is now a local card and certain of getting better every day.

In connection with the auto race there are still several points to be settled. The most important of these is in the difference of opinion as to handicap restrictions that should be put on the higher power striped cars, or whether they should not be rated into a separate class and distinct race at the beginning. The Vellie and Lozier are both striped cars and racing gear. The handicap they should carry, if started in that way, is a matter for mechanics to study out with calculations based on gear and power. Both cars unquestionably have large advantage over the stock cars represented in the other entries in the fact that they go stripped. Settlement of those points will probably be reached at a meeting of the automobile men the first of next week.

CATHOLICS OBSERVE INTERESTING FEAST DAY

Catholics of the district yesterday observed services in commemoration of the feast of Corpus Christi, one of the most interesting of the calendar. The feast, which celebrates the institution of the Eucharist, formerly fell on Thursday in Holy Week, but as the Catholic church observes the passion of Christ that day, the early dignitaries changed the date of the feast.

The Blessed Juliana, a holy religious of Liege, Belgium in the eleventh century, according to the Catholic version, believed that she had seen a vision enjoining her to influence the ecclesiastical authorities to establish such a feast. In 1230, when she became the head of an order, she consulted several theologians and church dignitaries about the vision, with the result that the archbishop of Liege, who afterward became Pope Urban IV, became interested and an office was composed.

In 1264 Robert, bishop of Liege, ordered a day set apart for special observance in his diocese. After Urban's death Henry, the next bishop of Liege, petitioned Urban IV to establish the feast as a universal one, which that pope did by a bull issued in 1264. Since that time the feast has remained a universal one, and is so celebrated.

WILSON MUSICAL IS HIGHLY SUCCESSFUL

The musical recital given last night by Miss Lois Wilson, talented young violinist, was highly successful. The audience was large and enthusiastic.

Miss Wilson, who is but 15, has studied under some of the best musicians in this country and abroad and is one of the youngest but one of the most talented violinists. The program last night was well balanced and the recital one of the most pleasing musical events of the season.

Assisting Miss Wilson were Mrs. Fanny Harrington and Paul Nadeau, vocal; Miss Katherine Salmon, reciting; Miss Nell and Gilbert Maxson, troupe and piano, and Dr. Doris Hodgson, accompanist.

THE ADJUSTMENT AT NACOSARI

Perfect Preciado and Miners Bring About Return of Mill Workers — Credit Is Due for Firm Stand Taken

The strike of the mill employees of the Mocheruma Copper Co. was settled on Tuesday, through the concerted efforts of the prefect of the District Sr. Agustin Preciado, on learning of the reasons given by the millmen for the strike, were dissatisfied, claiming that the grounds therefor were insufficient, and that the strike was unjustified, and that a delegation of about 100 Nacosari to investigate the matter and hear the complaints of the strikers, who had alleged mistreatment of the part of the American mill superintendent, one shift boss and the time-keeper.

The miners at that time advised the men to return to work, as by their unjust action they were not only inconveniencing themselves, but also the company and over 1000 miners at Pflares who had no complaints to make. Most of the miners returned to Pflares on Sunday evening and Monday morning, without having made much headway with the strike leaders.

On Tuesday, seeing that nothing was being done, and having grown tired of further delay in the matter, another delegation of about 250 came down from the mines and advised the prefect and the strikers that the concentrator would have to start up again on the company's conditions, i. e., that the Americans who had been forced to leave camp, be allowed to return and resume their work.

The miners stated that if any of the millmen were dissatisfied and did not care to return to work, they were at liberty to stay away from the mill, but that a sufficient number of men from the mines would go to work in the mill to allow of its resuming operations, and remain there until such time as the company could replace them with other men who knew more of the work in the concentrator, at which time they would return to the mine and resume their old positions.

The strike leaders, in view of this declaration on the part of the miners, and the fact that the majority of the millmen themselves were not in sympathy with the movement, together with the further fact that they had been unable to convince the Pflares miners that there was any just cause or reason for calling the strike and forcing the Americans out, were obliged to accede to the demands of their fellow-workmen and agree to the reopening of the mill.

Great credit and praise is due to the prefect of the district, Sr. Agustin Preciado, for the able manner in which he handled the situation and his untiring efforts in endeavoring to bring out a solution of the difficulty satisfactory to all parties.

During the negotiations, it developed that the strike had been organized with the millmen directly, but among several hangers-on in the camp who were not connected with the company, and who brought it about to satisfy personal grievances and to further their political ambitions.

Healthy Baby is Precious Blessing

To Make It Healthy and Keep It Healthy Use a Reliable Baby Laxative

In spite of the greatest personal care and the most intelligent attention to diet, babies and children will become constipated, and it is a fact that constipation and indigestion have wrecked many a young life. To start with a good digestive apparatus is to start life without handicap.

But as we cannot all have perfect working bowels we must do the next best thing and acquire them, or train them to become healthy. This can be done by the use of a laxative, one very highly recommended by a great many mothers. The remedy is called Dr. Caldwell's Syrup Pepsin and has been on the market for two generations. It can be bought conveniently at any drug store for fifty cents or one dollar a bottle, and those who are already convinced of its merits buy the dollar size.

Its mildness makes it the ideal medicine for children, and it is also very pleasant to the taste. It is sure in its effect and promptly banishes. Very little of it is required and its frequent use does not cause it to lose its effect, as is the case with so many other remedies.

Thousands can testify to its merits in constipation, indigestion, biliousness, teething, headaches, etc., among them reliable people like Mrs. M. Johnson, 725 Dayton St., Kenosha, Wis. She is the mother of little Dorothy Johnson who was always in delicate health until her mother gave her Dr. Caldwell's Syrup Pepsin, after

SECOND AMPUTATION WILL BE NECESSARY

J. W. McKay, long time car inspector with the Southwestern and one of the most highly esteemed men in railroad circles of this district, will be obliged on Monday to submit to a second amputation of the leg which he crushed beneath a car at Lowell on Saturday last.

Following the accident, it was found necessary to amputate the leg below the knee immediately upon the arrival of the injured man at the Copper Queen hospital, the bone being crushed and flesh terribly mangled and bruised. Owing to the shock he had sustained, it was not deemed safe at that time to attempt more of an amputation than absolutely necessary. In fact the operation performed was undertaken with doubt that was subsequently justified in the attendance of two sinking spells before a permanent rally occurred. In one of these spells the life of the injured man for a time hung by a thread and only the splendid treatment of which he had the advantage saved him from death.

Since the operation of Saturday night the physicians in attendance have devoted efforts to building the injured man up to withstand the later operation that bruised flesh and torn ligaments makes necessary above the point of the first operation. Time to his age the undertaking is a grave one. However, it was said last night that he had responded exceedingly well to the efforts put forth and that it was believed that on Monday he would be able to go through the final amputation successfully.

The man, summoned from Douglas following the accident, is here with his mother and will remain until the crucial period is over.

LOWELL'S GOOD BILL FRIDAY AND SATURDAY

The management of the Lowell theater should be credited with making one of the most phenomenal auto chases recorded in the history of the motion picture business, endeavoring to secure the feature program Pauline Cushman, for the Lowell's patrons. Tuesday at 2:00 p. m. Manager Frazier started a big Mitchell six out of Tucson with a special shipment of films that had failed to make connections there with the train coming to Bisbee and at the same time Mr. Frazier left Lowell with a Studebaker and drove like a demon to meet the machine on the way from Tucson.

The machines met 10 miles the other side of Huachuca siding, the films transferred to Frazier's machine and the return journey started with plenty of time to reach the Lowell theater for the first show, but fate was against the plucky manager. The tires gave out one after another until six changes had been made and every tire and inner tube had been used, still there was more trouble. The last emergency tire had been placed on the machine and another start was made. Less than 5 miles had been covered when it was discovered that this tire had a slow leak and it was necessary during the rest of the trip to stop at intervals of from three to 5 miles and pump. Two hours time was lost by tire trouble. The little Studebaker made a record run from Lowell to Huachuca siding, covering 46 miles in 3 hours flat. Although Mr. Frazier did not arrive in time to give an exhibition of the famous war pictures he can be credited with making one of the most strenuous efforts on record in the moving picture world to please its patrons and avoid disappointment of those who planned to see this marvelous masterpiece.

The program for today and tomorrow is, as usual, right up to the Lowell standard which is generally conceded to be the best in the district if not in the state. "The Welcome Intruder" is a special by the Biograph manufacturers, the intruder is a little lost boy who has some thrilling experiences which go to make up a very pretty story with the usual happy ending. "The Inventor's Sketch" here's a story without a woman in it. The author as well as the manufacturer are to be commended for their courage in producing it. It is altogether too common a superstition of belief that a play must carry a love story or it won't get through. "Arabia, the Equine Detective" Arabia the intelligent horse that does the detective work and saves the hero from paying for the villain's crime, is a beautiful animal and it is very interesting to see him in this picture. In the picture are very many pretty girls, whom also, it is pleasant to look upon.

"His Widow" a comedy that no one can tell how many laughs it contains and "Collecting the Bill" will keep the house in a roar of laughter. It is the kind of picture to make the audience forget their troubles. Sunday and Monday the Lowell will present expressly for the ladies benefit "The American Princess" produced in cooperation with Lucile, Ltd. (Lady Duff Gordon) of New York and Paris. Featuring the very latest fashions of the two greatest cities in the world.

ROYAL PROGRAM CHANGE AT TONIGHT'S SHOW

The Royal Theater management announces a complete change of bill for today. The four changes a week at the Royal has met with public favor and is attested by the immense crowds that attend the little play house nightly.

In an interview regarding the 500-man talking pictures, Mr. Norcross stated that while he could not positively state the exact date when they will be shown here, it will probably be early in June.

Exhibitors all over the country are eager to get them at the earliest possible date and the company manager, during the special machines necessary for their presentation is working full capacity in an endeavor to supply the great demand.

The ninety day exclusive contract now held by the Orpheum vaudeville circuit expires June 15th. As soon as this contract expires they will be released through the regular channels to picture houses throughout the country and no doubt Bisbee will see them at an early date.

DOROTHY JOHNSON

Johnson says: "I never saw such rapid improvement in the health of anyone. Syrup Pepsin is a wonderful remedy and I shall never be without it again." Thousands keep Dr. Caldwell's Syrup Pepsin constantly in the house, for every member of the family can use it from infancy to old age. The users of Syrup Pepsin have learned to avoid cathartics, salts, mineral waters, pills and other harsh remedies for they do but temporary good and are a shock to any delicate system.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address in a postal will do—to Dr. W. B. Caldwell, 117 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

AMATEURS AND STRONG ORPHEUM BILL TONIGHT

Tonight the Orpheum has the star attraction of the week, because it is amateur night, and everybody wants to see the amateurs. Get your seats early. Amateurs intending to go on are requested to report at the theater at 5 o'clock for rehearsal.

Last night the change in bill gave the Orpheum the best Thursday night attendance of the year. The enthusiasm with which the crowd received the show affords the best comment. There was applause throughout. It reached to the moving pictures, the two comedies in which kept the house in a roar of laughter. "Keeping a Great City Clean" depicts work of the street cleaning department in New York and is very interesting particularly at this time.

Horan & Van in juvenile impersonations and the three year old tot who appears with them are the sensation of the vaudeville bill and earn the applause given them. The child is a phenomenon and must be seen to be appreciated.

The comedy sketch is excellent of its kind. It gets much applause and brings out laughs. White Pawn is an Indian girl in song and dance entitled to praise for her work.

LOWELL'S GOOD BILL FRIDAY AND SATURDAY

Takes a Day Off

Captain Watters, chief of the Southwestern branch, going out of the city, took a day off yesterday in which to look about the city and the mines and post up on the rapid progress being made. The absence of the captain from his train was noted by numerous friends, who could figure it only on the theory that he was sick, and attention of the facts in the case becomes doubly in order.

Royal Theatre

THE HOUSE OF EXCLUSIVE PICTURES

An hour at the Picture show is well spent when pictures of the "ROYAL" class are shown.

It's not the price, but the class of photo-plays that attract the best people of Bisbee to the "ROYAL" nightly.

REGARD FOR THE COMFORT OF OUR PATRONS AND COURTEOUS ATTENTION IS OUR MOTTO.

PROGRAM FOR FRIDAY & SATURDAY

"FATE" (Biograph) A wonderful character drama showing the innate good and bad in mankind.

"THE ESCAPE" (Pathe) Two convicts escape from prison and take different roads in life. A study in life that's worth while.

"CHECKMATED" (Vitagraph) A pretty dramatic offering with Miss Florence Turner in the leading role.

"THERE SHE GOES" (Pathe) The season's big comedy success.
