Bisbee M. E. Church, where very successful lecture on Panama, accompanied by views, was given last night and where an interesting illustrated sermon of exceptional merit will be preached next Sunday night.

Edwin George Decker, pastor of the Methodist Church, is preparing a rare treat for art lovers, in the illustrated sermon which he will give at the Church Sunday night next at 7:45. He will use a set of beautifully colored reproductions of Titoni's famous paintings. Titoni's interpretation has thrown a new light on the Gospel narrative, and brought very near the scenes of those wonderful days when Heaven was open and the angels came forth to sing the praises of the King of Kings and Lord of Lords. When He lived the humble life of a peasant and brought conviction that He was not only the son of man but also the son of God. The following pictures have been chosen from the list prepared by this greatest of modern painters.

- a. The Voice of One Crying in the Wilderness.
- b. The Axe Laid at the Root of the Tree.
- c. The Withnower.
- d. John, the Baptist and the Pharisee.
- e. Baptism of Jesus.

SELLS TO OLD DOMINION

Deal Taken to Indicate the Globe Mother Lode Runs Westward

The Old Dominion Copper Mining & Smelting company has purchased from James A. Fleming eighty acres of mineral ground adjoining the company's property on the west, and lying west of Pinal creek, says the Globe Record.

The claims purchased were formerly known as the Bell Dominio group and were then owned by J. F. Hechtman, W. D. Plske and W. T. Philter, from whom Col. Fleming acquired them.

The purchase of this ground which is not slightly developed by the Old Dominion company at a figure several times greater than the price paid for it by Col. Fleming, indicates the confidence of the Old Dominion engineers in the extension of the Old Dominion field in that direction, and which has already been followed by the Old Dominion on their lower levels under Pinal creek where a large body of excellent ore has been developed.

It is the belief of some well informed mining men who consider the Old Dominion vein to be the mother lode of the district, that the continuity of the lode will in time be proven to a connection with the ore bodies in the western part of Globe district adjacent to Miami.

Suffered Twenty-One Years Finally Found Relief

Having suffered for twenty-one years with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-Root. The physician's called it "Mother's Pain" and injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp Root and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now as my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours,

MRS. JOSEPH CONSTANCE, Angellee Par, M. Knoxville, La.

Personally appeared before me, this 15th day of July, 1911, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact. Wm. Morrow, Notary Public.

FOURTH OF JULY CELEBRATION IN DISTRICT TO BE BIGGEST IN STATE

Arrangements Now Concluded to All Practical Purposes—What the Length Program Will Afford—Night Carnivals and Confetti Open the Doors for Gaiety for Everybody—Open Air Dances—Great Parade—Music

Ready! Mark time! This is the situation surrounding the Fourth of July celebration in the Warren District. So far as the board of directors are concerned their work from now on will be largely perfunctory, although they will hold an important meeting tomorrow evening. Final reports will then be received from several of the committees although others have already presented reports that leave nothing more to come except actual results.

At the last meeting of the Board of Directors of the celebration committee final details were presented by nearly all of the committees and a completed list of the attractions were given to the program committee. The program is now in the hands of the printers. Today the advertising bills will be sent to the outside points telling prospective visitors what they may expect for their entertainment upon arrival here. Numerous attractions have been offered that are not included, for it was impossible to crowd everything into the space of time that is afforded. But there will be enough to keep homesteaders and visitors alike busy.

The big celebration will open at daylight on the morning of the Fourth with the firing of the national salute. Then will come preparations for the day's festivities. These will start with the military and civic parade. In this will be the Fourth Cavalry band and two troops of the same regiment, other music, handsomely decorated floats, automobiles and carriages, cowboys equestriennes and many other features. The parade committee will give \$350 in prizes and the line of march will be from the soda works, down Tombstone canyon to Main street, to Subway, to Brewery Avenue, to Review Avenue, to Naco Road and to the bridge below Lowell where it will disband.

At the same hour as the start of the parade will begin the drilling contests, which will occur on a car on the second track east of the Phelps-Dodge warehouse. This location was requested by Brewery Avenue and Naco road and the location was obtained after much difficulty by the committee. Many teams are drilling and the three men event promises to be the most interesting thing of the kind ever seen in the district.

Immediately following the parade the races will start on Subway street. The railroad company has agreed to cover the street car track with earth where the racers will have to cross it, thus insuring safety to the competitor and spectators. Cars will not run further west than the depot during the races. First will come the events for boys and girls and then will come the events for men. The sports committee have arranged a splendid program, which extends over to the fifth.

Those who prefer baseball can journey down to Warren Park where a high class game has been arranged by the local baseball management and up town and in Lowell there will be band concerts during the afternoon.

The evening's proceedings will begin on the plaza with a band concert, public patriotic exercises, Assistant

District Attorney Murry will read the declaration of independence, John S. Williams will introduce Governor Hunt and he will make the address of the day.

Following the speaking and concert will come the fireworks. This display contains few set pieces and no day fireworks, has cost \$350 and will be more effective than anything Bisbee has known before.

At the same hour in Lowell the open air dance will begin and will continue until midnight, while there and in Bisbee it will be carnival night with masques and confetti and everything else that accompanies such gaiety. In Bisbee there will be a concert to follow the fireworks while the carnival is in progress.

The feature of Monday morning is to be a six round boxing contest for points between well known amateurs for a handsome gold medal. It will be followed by the relay races and other athletic events that were not finished the previous day.

Saturday afternoon there will be a ball game and the wild west show at Warren while up town there will be band concerts and sports and the evening will again be given over to fun and carnival with concerts in Bisbee and open air dancing in Lowell.

All will be glad to receive rest and respite by Sunday morning but in the afternoon the program is resumed with more baseball and an exhibition of fancy drilling by Capt. Selvert's troop of the Ninth. The participation of the troops mentioned and the cavalry band has been assured in a letter from General Scott to Secretary Hagy under date of June 21.

Every night the city and Lowell will both be brilliantly illuminated and during the days they will be bright with floating bunting, the brilliant red, white and blue of the national flag. All in all the efforts surpass in all ways any of those of the past and insure to Bisbee and its visitors the greatest celebration in Arizona.
