

# SEND IN NAMES OF THE NEEDY; THEY'LL BE CARED FOR TOMORROW

Large Fund and Quantities of Supplies Available to Help Make the Christmas Day Brighter for Everybody in the Warren District — All That Is Now Asked Is Your Help to Locate Those Who Are in Need of Cheer.

If you are aware of a needy family in the district, send the name and address in to Miss Cummings, secretary of the charities committee.

The offices of Miss Cummings are in the Central School building. Either go there with the information you may have as to needy persons or send her a note or telephone.

If you have reason to believe that there is a needy family of which she has not heard, attend to getting the information to her the first thing this morning. Do not put it off until afternoon, but do it now.

At the disposition of Miss Cummings is a large sum of money and a quantity of clothing, general supplies and food. It is her wish, of the Char-

ities organization and of many individual contributors that these things may find their way to the needy tomorrow, helping them to happiness during the day and perhaps turning them to constantly brighter things in the future. Do your part.

Tomorrow will indeed be a busy day for the Charity Committee and those who are assisting them. All poor people in the district who are known of will receive a basket of good things to eat and those needing clothes will be furnished with those. Miss Cummings has been working for several weeks to get an entire list of the needy, so that all may be supplied with necessities and a little more. Her phone is 443, call the number.

## A CLEAN SCALP MEANS BEAUTIFUL HAIR

There is nothing "just as good" as Newbro's Herpicide. Some dealers will even go so far as to tell you they have something better.

That dealer has an axe to grind. You can't stop his grinding, but you can prevent him grinding it at your expense.

There is one sure, swift way to do it.

Go where you can get what you ask for. You wouldn't be obliged to do this very often, as fortunately the majority of druggists are honest and conscientious.

Newbro's Herpicide has been so long and favorably known as "the original dandruff destroyer" that no one should be deceived.

When you use a hair remedy, you don't want one which merely promises to kill the dandruff germ and prevent the hair from falling.

You want one that will do it. Herpicide does it. The hair becomes soft and lustrous. There is life, snap and beauty where formerly the hair was dead, dull and brittle.

Applications of this wonderful prophylactic may be obtained at the best barber shops and hair dressing parlors.

Send ten cents in postage or silver to The Herpicide Co., Dept. R., Detroit, Mich., for a nice sample of Herpicide and a booklet telling all about the hair.

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

be a great treat to the men away from home and bring back memories of days at home when there was always enough for all and plenty to spare.

So let not Christmas day be any other than a pleasant one for you. The Y. M. C. A. can make you forget the blues and enjoy yourself. There will be free pool and bowling all day. A good time for men, women and children. Admission free to all.

New York Curb brokers who unsuccessfully opposed the admittance to official quotation of the so-called Standard Oil shares have asked the Board of Representatives of the New York Curb association to reconsider the matter.

## S. P. MAPS SHOW LINE THROUGH CAPITAL CITY

Maps just issued by the Southern Pacific company indicate beyond a doubt that the intention of the Esper officials eventually is to run main line trains through Phoenix.

Two proposed roads are shown on the new maps. One is from Lordsburg to Solomonville and one is from San Carlos to Christmas, through the Gila box canyon.

The road that leaves the main line at Lordsburg angles in a north-westerly direction around the Graham mountains and easterly to Solomonville, on the Gila valley line of the Arizona Eastern system. It crosses the Arizona & New Mexico railroad about Duncan, on the Arizona side.

From Solomonville to San Carlos the present Arizona Eastern tracks will be used. Then comes the Gila box canyon link to Christmas, some 25 miles.

These proposed roads are shown on the maps in the time tables issued in the change in schedule which were made early this month. Anyone can get a time table at any Arizona Eastern or Southern Pacific office.

Railroad men say that there can be only an object in building the road from Lordsburg to Solomonville, and that is for the handling of main line trains. There is no traffic between these two points worth going after.

It is absurd to suppose that the main line trains are to be run through the Gila valley and to Tempe then back to the present main line at Maricopa, one railroad man said today. "That would lose all the time gained. One objection to the present line is the heavy Estrella grade, between Maricopa and Gila Bend. I cannot say why the line from Hassayampa to Yuma was left off."

It is well known that surveys have been made from Hassayampa to Yuma and there is every reason for believing that they were made for the Southern Pacific.

State of Massachusetts estimates for regular and special purposes are \$2,325,318 higher than last year, and Gov.-elect Walsh is facing biggest state tax in history. 1913 appropriations were \$18,147,000, compared with estimate of \$21,472,318 for 1914.
