## ENGLAND IS AGAIN SCENE OF AIRSHIP ACTIVITIES

### Third Raid of Air Vessels Made on the East Coast of England in 48 Hours; The Large Towns Are Avoided

#### ABOUT FIFTY BOMBS DROPPED BY VISITORS

#### Russia and Austria both Claim to Have Made Progress in the Carpathian Campaign; Western Front Is Quiet

LONDON, April 16.—(Special.)—England, this afternoon, experienced its third hostile air raid within forty-eight hours, but the last, like those immediately preceding it, resulted in no loss of life and no serious damage to property. Taking advantage of the flying weather, which enabled the Zeppelins to visit the vicinity of Tyne Wednesday night, the coast of Suffolk and Essex early this morning, a German aeroplane having crossed the North Sea this afternoon, flew over the county of Kent, dropping bombs. In all, four missiles were dropped in the vicinity of the towns of Dover and Margate. The latter just across the straits from the Isle of Sheppey, which is the headquarters of the British royal flying corps.

At 6:30 the bombs fell in the fields. During the three raids at least fifty bombs were sent down by the Germans. Either by error or purposely, the aircraft seemed to have kept away from the larger towns. There they might have been discovered by searchlights and come under fire from the land. In the Carpathians the Russians and Austrians both report progress. Comparative calm prevails in the west.

After visiting Sittingbourne, the aeroplane this afternoon, flew over the Isle of Sheppey. It is thought probable the raider mistook the towns attacked for Sheerness, the British naval base, which is on the other side of the island. On his way, the airman passed over Canterbury and other towns in Kent but did not drop any projectiles upon or near them. The Zeppelins, for it is believed that there are two of them which visited East Anglia during the early hours of the morning, dropped some 25 incendiary and explosive bombs on Lowestoft, Spottiswoold, Maldon, Burnham-on-Crouch, Heybridge and Thringham, but like the raid on the previous night on the Tyne, no material damage was done, although a number of persons had very narrow escapes.

In Lowestoft a bomb was dropped in a garden shattering a row of small houses. The people were sleeping in them and were cut by broken glass. There is an inclination here to consider the raid only in the nature of reconnaissance for, except in the case of the aeroplane bases, points of military importance were avoided, although in each case the air craft passed within a short distance of such places. In view of this belief extra precautions are being taken, while fine weather lasts.

The Allies are already making reprisals for all the German attacks over the fighting zone, and it is considered likely the raids over England will receive their reply before very long.

Although the thaw has set in in the Carpathians, the roads have been turned into mud and the district inundated by swollen streams, the fighting continues. The Russians report they have taken further heights in the mountain ranges and repulsed attacks in the vicinity of Rostok, also in the direction of Strv, where the Austro-Germans are attempting an outflanking movement. The Austrians make similar claims and disclose the fact that the Russians have been attacking also in southern Poland and western Galicia, apparently with a view of preventing the Austrians from sending more reinforcements into the Carpathians.

#### DENIES REPORTS

VIENNA, April 16.—Official Frenchblatt declares all reports of the alleged intention on the part of Austria to conclude a separate peace with Russia to be devoid of foundation.

TWO WEEKS BEFORE F-4 CAN BE RAISED

HONOLULU, April 16.—Naval officers in charge of the work of raising the F-4 from the ocean floor outside the harbor, said it would be several weeks before the hull, which contains the bodies of twenty-two, is brought to the surface. There are now three lines attached to the craft and another must be hooked on before the pontoon scoops can be employed to begin the lifting operations.

## OBREGON MAKES STATEMENT OF CELAYA FIGHT

### Carranza Commander in Detailed Statement to First Chief Says He Had Great Victory Over Villa Forces

(By Pan-American News Service)

EL PASO, Tex., April 16.—General Obregon's official report of the battle of Celaya follows: "I am pleased to notify you I have reached my standards over two hundred square kilometers of territory, the battlefield of the last two days, between the forces of Francisco Villa and my command. He had three subordinate generals and 30,000 men, infantry, cavalry and artillery, opening the attack on this city at 6 a. m. the 13th.

"I immediately gave orders to General Cesarito Castro, with 6,000 men, to fall back in reserve in our rear, to stand under arms to go against any point of the battle line where most needed. I ordered General Benjamin Hill, with the rest of the cavalry, to deploy as infantry and Col. Maximiliano Coas, with artillery, to form the center of defense awaiting charges.

"The enemy opened fire over a battle line covering a 29 kilometer length. Casualties were copious and desperate, all units of the enemy being actively engaged. The battle lasted 28 hours when I ordered the remaining column of cavalry under the command of General Fortunato Maycotte, Alejandro Gonzalez, Porfirio Gonzalez, Martin Triana and Jesus Novoa to move against the left wing of the enemy while General Amador Lopez Espinosa, Marza Garay Gaxiola and Jaime, withdrew from the trenches and attacked the right wing while Generals Hino and Manzo with infantry, supported and aided the attack on ordered to cover half of our front and part of the left wing while the flanks crushed in the enemy.

"This movement demoralized the enemy and at 1:15 p. m. they began a retreat which by 2 o'clock became a rout. When we reached the trenches we found 30 cannon in good shape with ammunition and cartridges for 5000 rounds, capturing about 8000 prisoners, a large number of horses and saddles and other supplies and provisions.

"My fresh cavalry immediately began pursuit and I hope to capture the enemy's military trains. Up to the time this is sent out I estimate the losses of the enemy at 14,000 dead, wounded and deserters while our loss is estimated at 2000 dead and wounded, among whom I lament a colonial and a staff officer. I make no special mention of the conduct of any brigade under my army, and congratulate you (General Carranza) for this triumph of our arms.

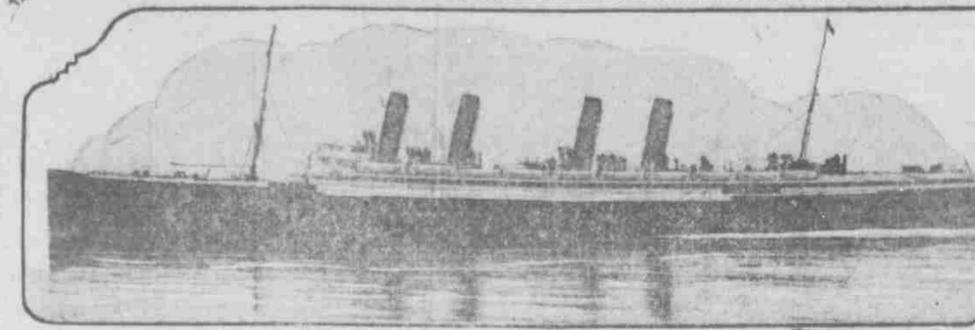

"Alvaro Obregon, Commander in Chief to General Venustiano Carranza.

#### FRENCH AIR ACTIVITIES

NEW YORK, April 16.—The activities of airmen, shown in the latest war dispatches from Paris, reports ten persons killed and wounded by bombs from a German Taube in the vicinity of the Cathedral in Aindens. Two civilians were killed and one injured in Rottwell, Wurtemberg, by exploding missiles from a French biplane which attempted to destroy a powder magazine, while the other aviator threw bombs on Leopoldshoehe and Maxieres-les-Metz, ten miles north of the German fortress at Metz. These damaged the workshops and railway stations.

Ten bombs, according to Paris, found their target in Leopoldshoehe; forty fell on the electric station at Maxieres-les-Metz; six struck the powder magazine at Rottwell; and a huge flame shot up surrounded by smoke. The army commander at Stuttgart, declares aside from the fatalities the damage done in Rottwell was small.

## HERE'S LAST OF GERMAN SEA RAIDERS THAT FINDS HAVEN IN NEWPORT NEWS

The last of the German sea raiders, the converted cruiser Kronprinz Wilhelm, arrived Sunday at Newport News, Va., and here she will remain until the end of the war. Many times reported destroyed, the former North German Lloyd liner had evaded hostile warships for eight months while she sent fourteen merchantmen to the bottom.

## SETTLEMENT ON SKULLS COBBLE FIRST TERMS IS GROUND AROUND TAKEN BY BOYD NEUVE CHAPELLE

### \$12,000 Original Settlement Offered J. Boyd Is Taken by Him; Attorney Cleary Opens Way for Evidence

TOMBSTONE, April 16.—(Special.)—The case of Jack Boyd vs. the Warren Street Railway Company for \$69,000 damages, which was started yesterday, came to a sudden ending. When court was called the attorneys announced that they wished for a few moments to talk over matters before going on with the examination of the jurors of which number there were six more to be examined to complete the panel. A conference was held by the attorney for the plaintiff, W. B. Cleary, and Attorneys Ross and Knapp for the company. A plan of settlement in way of a compromise was offered by Attorney Cleary, but his offer was refused and the representatives of the company then offered to him the same figures that they had offered Boyd at the time of the accident, to-wit, \$12,000. The matter was held in abeyance for about an hour or so and after Cleary had consulted with his client and his friends they finally agreed to accept the offer of the company. The jury panel was then excused until Monday.

There is no doubt but what the verdict arrived at yesterday morning in the Boyd case had a great deal to do with the action that was taken in the Boyd case. In the Boyd case the suit was brought to recover \$69,000 damages and the jury brought in (Continued on page 8)

## YAVAPAI LASS SELECTED AS THE SPONSOR

### Miss Esther Ross, Seventeen Year Old Daughter of Prescott Druggist, Selected as Sponsor For the "Arizona"

#### LARGE COMMITTEE IS NAMED BY GOVERNOR

#### Sponsor is a Native Born Girl of Arizona and Will Break Bottle of Roosevelt Dam Water Over Bow of Ship

PHOENIX, April 16.—Miss Esther Ross, of Prescott, seventeen years old and a native daughter, was named by Governor Hunt to christen the battleship Arizona. The governor appointed forty six members on a commission to represent Arizona in launching the newest ship of the navy in Brooklyn June 19. Mayor L. W. Mix, of Nogales, was chosen chairman of the commission. It is possible additional names will be added to bring the number up to fifty, including prominent men and women throughout the country.

Miss Ross is the daughter of W. W. Ross, a pioneer of the state for more than a quarter century, a draught of Prescott where his two children received their early education. The daughter finished in a Danville, Kentucky, school. The son, Thomas Dashiell Ross, was appointed a cadet to Annapolis a year ago.

A unique feature of the launching of the battleship is that it will be christened with the first water flowing over the top of the Roosevelt dam near Phoenix, caught and bottled specially for the occasion three days ago.

The commission appointed by the governor to represent Arizona at the launching follows: Mayor L. M. Mix, Nogales; L. C. Hughes, Tucson; Richard E. Sloan, Phoenix; Joseph H. Kibbey, Phoenix; Col. Alexander Brodie, New Jersey; Fred T. Coalter, Springerville; Frank Pinkey, Blackwater; C. B. Wood, Phoenix; T. J. Powers, Phoenix; D. H. Claridge, Solomonville; Wiley E. ## THAW GOES BACK TO MATTEAWAN SAYS THE COURT

### Appellate Division of the New York Supreme Court Confirms Lower Court's Decision; Verdict Unexpected

NEW YORK, April 16.—Harry Thaw was ordered back to the state hospital for the criminal insane at Matteawan by the Appellate Division of the New York Supreme Court. In an opinion, concurred in by all the justices, the court affirmed the denial by Supreme Justice Page of the motion to return Thaw to the jurisdiction of the state of New Hampshire.

The court held the original order, committing Thaw to Matteawan, was still valid. Plans are now being formulated to take the case to the state court of appeals. The decision adverse to Thaw came as a great surprise to his counsel. The court held that in returning involuntarily to his jurisdiction Thaw was subject to no promise or inducement, that New Hampshire had only done the duty expected of it when the state returned him to New York to answer for a crime for which he had been indicted.

## 125,000 ARE THROWN OUT EMPLOYMENT BY BIG STRIKE

### Governor Dunne Orders Members of the State Board of Arbitration to Offer Their Services in Chicago Strike

#### CARPENTERS' COUNCIL ISSUES THE ORDERS

#### Employers Bind Themselves to Stand For the Present Scale and Many More Are Expected To Go Out Soon

CHICAGO, April 16.—Governor Dunne ordered the members of the state board of arbitration to offer their services to the Chicago building Trades workers and their employers in the interest of industrial peace. A call was issued immediately for a meeting of the board Monday. It is estimated that 125,000 wage earners in Chicago are made jobless by the strike and lockout today. The employing interests predicted the list of idle would grow unless an agreement to arbitrate was reached.

The strike order was issued by the Carpenter District Council which became effective at close of work yesterday. It was followed today by a restrictive measure in the form of a lockout directed at 16,000 carpenters engaged in construction work all over Cook county. The lockout debarred union carpenters from work on four thousand buildings which are being erected by 1200 contractors who are pledged and bonded to maintain their stand until every union in structural trades, comes in terms. The terms include an anti-strike agreement covering a period of three years. Union leaders declared tonight the strike would not end until the demands of the men for an increase of wages of five cents an hour were granted. Besides a total of 60,000 in the unions of various branches in the building trades, at least 60,000 more men and women in shops and mills that furnish material for building, were laid off.

#### TURKS SMASHED AGAIN BY BRITISH INDIANS

LONDON, April 16.—The British Indian troops inflicted another defeat on the Turks in the vicinity of Shaiba Mesopotamia, although at considerable loss to themselves, their casualties being about 700. This announcement was made at the India office.

The report said that after clearing Turks out of their positions north and west of Shaiba last Tuesday, the British, on Wednesday, continued the offensive in the direction of Zuhair, four miles south of the Shaiba fort. The Turks were driven out from advanced positions. The British attack then was directed against the main line near Birehlyeh wood.

"Here," says the report, "the enemy, whose strength is estimated at 25,000, including six regular battalions with six guns, had occupied a series of well constructed trenches from which they were able to direct a heavy rifle and machine gun fire on our advanced troops. Nevertheless our attacks drove the enemy out of the trenches at the point of the bayonet. The whole line was finally captured.

#### TO VILLA'S AID

BROWNSVILLE, April 16.—A report that the Villa troops which have been besieging Matamoros for more than two weeks had started for Celaya was received tonight by Major General Fuston. The report indicated they had been called back to assist Villa in his campaign against Obregon.
