CHICAGO GRAINS. CHICAGO, May 16.—Discussion of peace chances had considerable effect today in bringing about lower prices in wheat. The market, although steady at the close with July 1.16 1/2-1.18 and September 1.16 1/2-1.18. Corn finished 1-8-1/2 cents unchanged 1-8 off and provisions varying from same as yesterday's finish to a decline of 10 cents.

Peace talk showed its market influence in the main through the evident restraint put upon buyers. Bears in wheat were disposed to emphasize the peace talk.

Corn developed firmness owing to the fact that country offerings were light. Oats were steadied by export sales of 250,000 bushels at the seaboard. Provisions averaged lower on account of sharp down turn in the value of hogs. Rallies at times were prompted by rumors of peace and by assertions that 1,500,000 pounds of lard had been disposed of for Belgium relief.

COTTON MARKET. NEW YORK, May 16.—The cotton market closed steady at a net advance of 10 to 16 points.

METALS MARKET. NEW YORK, May 17.—Copper firm electrolytic nearby nominal; August and later 29 3/4. Bar silver 75 3/4. The metal exchange quotes lead 7.30 7/8; spelter dull. East St. Louis delivery 15 1/4 asked.

(By L. J. Overloek) BOSTON, May 17.—There was a great deal of profit taking in the market but at lower level buying orders appeared and reaction was checked. North Butte was especially under pressure and stock was plentifully supplied. Would take advantage of these reactionary times to buy into the rails and coppers. The war stocks were on tap all day and would sell them on all rallies.

RODRIGUEZ MUST HANG.

PHOENIX, Ariz., May 17.—The board of pardons and paroles this afternoon declined to make any recommendation to the governor in the case of Francisco Rodriguez, sentenced to be hanged next Friday for the murder of his wife in this city five years ago. The board renewed its order made exactly a year ago in same case when it declared there were no mitigating circumstances and no reason why judgment of death should not be executed.

Advertisement for a speedboat. 'SPEEDY 3' BOAT WOULD DO COAST PATROL SERVICE IN WAR. Many rich men living along the Atlantic coast are having built speedy boats like this that will carry guns, searchlights, wireless, and will be manned by regular men from the navy and commanded by their owners, who will have the rank of ensign. In time of war these speedy little craft would do patrol work, such as is being done by privately owned boats in England, which are patrolling the coast and watching out for submarines.

What is Home Without an Heir!

This is a subject that has a place in all minds in all times. And it naturally directs thought as to the comfort of the mother during that wonderful period of expectancy. Mothers who know recommend "Mother's Friend." It is an external remedy for the stretching muscles, enables them to expand without undue strain, assists the organs to crowd against nerves, to pull at ligaments to thus avoid pain. Thus restful days are assured, peaceful nights are experienced, morning sickness, headache, apprehension and other distresses are among the various things which women everywhere relate they entirely escaped by using "Mother's Friend." And by its effect upon the muscles the form is retained and they return to their natural, smooth contour after baby is born. Get a bottle of this invaluable aid to expectant mothers. Any druggist will supply you. It is harmless but wonderfully effective. Write to Bradford Regulator Co., 413 La-Mar Bldg., Atlanta, Ga., for a specially written guide book for women interested in the subject of maternity. It will prove an inspiration. It contains information that every woman should know all about. Write today.
