ROOSEVELT ATTACKS WILSON'S SPEECH

President's Words Were Not "Strong" Enough To Suit The Colonel At Memorial Day Address

LIKES BRYAN, FORD, BUT RIDICULES THEM

Denounces Acts Of German-American Alliance As Treason To The American Government.

(By Review Leased Wire) ST. LOUIS, May 31.—Col. Theodore Roosevelt delivered three speeches in St. Louis today in which he advocated universal service and denounced President Wilson's Memorial Day speech as weak.

Thunderous and cheering crowds greeted him. Colonel Roosevelt maintained that President Wilson used "weasel" words which sucked the life out of his phrases and made them meaningless. "When Mr. Wilson speaks of 'universal voluntary training,'" he asserted, "he draws a parallel to a truancy law which would make universal attendance by children at school obligatory to all except those who wanted to remain away."

Mr. Roosevelt averred that he thought well of Mr. Bryan and Mr. Ford. "I like them in private life," he added, "they are nice, amiable men. But I cannot join them in any well meant joy rides, which is what I should be compelled to do if I should take their ideas seriously."

Colonel Roosevelt addressed the largest crowd at the City Club in the afternoon where he said that neutrality which allowed tramping on American rights could not be tolerated and that there could be no Americans who were not Americans to the core.

"Alliance, Traitors," "I denounce the German-American alliance with all my soul," he shouted. "The acts of their leech constitute moral treason to our government and to our people."

He will speak at Newark, N. J., Thursday.

ANGELENO WOMAN IS CLUB PRESIDENT

Mrs. Cowles Carries N. Y. Convention; Arizona Woman Honored

(By Review Leased Wire) NEW YORK, May 31.—Supporters of Mrs. Josephine Evans Cowles, of Los Angeles, claimed tonight upon early returns from the balloting that she had been elected president of the general Federation of Women's clubs by a safe majority over Mrs. Samuel Sneath, of Tiffin, Ohio. Of the 2,446 delegates not more than 1,800 voted, it was asserted. The small vote was ascribed to the fact that many of the delegates from the west and middle west left last night for their homes while others refrained from voting because of warm personal friendship for both candidates. There were no contests in the selection of representatives from each state to board of directors by the revision of the by-laws increasing the membership of the board from 15 to 57. The directors elected included: Arizona—Mrs. H. A. Moran; Colorado—Mrs. W. R. Garretson; New Mexico, Mrs. Geo. W. Frenger; Texas—Mrs. W. B. Sharp. Women's dress reform in all its phases was discussed at a conference of the home economics committee. Manufacturers told the audience that it is desired to have a standardized street dress and they admitted that it is possible—if women will try to cut dress bills down by half and even more.

MAY AVERT STRIKE NEW YORK, May 31.—Delegates to the convention of the Commercial Telegraphers Union in session here expressed their hope that an agreement would be reached between members of the Union and their employers. President Konnenkamp declared no definite action was taken regarding the proposal that the strike be called.

STRESSER BEST ON MAT. INDIANAPOLIS, May 31.—Joe Stresser of Dodge City, Neb., tonight won a wrestling match from Chris Erenson, of Indianapolis, getting the first fall in 28 minutes and the second in one and one-half minutes.

Lieut. George S. Patton while on a foraging trip near the San Antonio (Mexico) camp visited the San Miguel ranch, about sixty miles southeast of Namiagua, and with a scout and nine enlisted men in three automobiles encountered and killed three Villistas, one of whom was Captain Julio Cardenas, a well known Villa officer.

\$3,500,000 FOR AEROPLANES PASSES IN HOUSE

\$11,000,000 Also Voted For Government Armor Plate Plant, And 2,730 More Sailors Favored.

(By Review Leased Wire) WASHINGTON, May 31.—Amendments to the naval appropriation bill to provide for a \$11,000,000 government armor plate plant, for \$3,500,000 instead of \$2,000,000 worth of aeroplanes for 2730 additional sailors and a bonus system to encourage the speedy construction of war supplies were passed by the House, sitting as a committee of the whole. Party lines were broken down on every vote. Twenty three Republicans and two Progressives joined the Democrats in voting for the armor plate, the final vote being 165 to 91. Thirteen Democrats lined up with the Republicans on the additional aeroplane amendment which was carried 150 to 423. The bonus and increased personal amendment were adopted overwhelmingly without roll calls. Debate on the armor plate amendment which had already passed the House as a separate bill, centered largely around the question of whether the Bethlehem Steel Company, the largest private manufacturer of plate had treated the government fairly in dealings with it. Representatives Butler and Graham of Pennsylvania waged the fight against the naval committee amendment. A proposal by Representative Vane of Pennsylvania to locate the plant at Philadelphia was defeated 155 to 5. The increase of 2,730 sailors in the naval personnel will be effected by removing hospital corps from the total number of enlisted men provided by law. Representative Roberts of Massachusetts made a futile attempt to add 2500 and 700 marines to the bill. Only a few more amendments will be offered before the closing of debate Friday.

Carranza "Invites Withdrawal"; Calls Expedition "Invasion"; Declares America Not Sincere

CONFERENCE ON TODAY EL PASO, Texas, May 31.—General Gabriel Gaviira commanding northern Chihuahua, arrived tonight in Casas Grandes, where he expected to meet General J. J. Pershing in conference tomorrow morning, according to a message received here by Andres Garcia, the Mexican consul at El Paso. The special train which left Juarez this morning passed through Casas Grandes in the afternoon for Pearson so as to allow General Gaviira to inspect the garrison there. It later returned to the town chosen for the conference, which the Mexican commander said prior to his departure, would be limited to arrangements for closer cooperation between the Mexican and American forces in the hunt for the bandits.

12,000 Word Note Says U. S. Blundered In Thinking Mexico Permitted Them To Cross Border

LANGHORNE INVASION IS "INDEFENSIBLE" Words Of Friendship Contradicted By Actions, Says Note; Asks U. S. To Define Attitude Toward Mexico

(By Review Leased Wire) MEXICO CITY, May 31.—Extra editions of newspapers containing the note of the Mexican government to the United States were read by thousands of persons in the streets tonight. The document has created a sensation here. Claiming that the words and protests of the United States have been entirely in contradiction of their acts and that in spite of protests not to intervene in the affairs of Mexico, soldiers of the United States are in Mexico without the consent of the Mexican government and in violation of Mexico's sovereignty, the Mexican government now asks for the immediate withdrawal of these troops. The note is made in a 12,000 word retort made public at the foreign office today about noon. The note recites that the American troops crossed the border after the Columbus incident without the permission of the Mexican government. The act was not considered one of invasion then solely because the United States said they had misinterpreted the attitude of the Mexican government. Calls it "Invasion." When the second expedition crossed the line after the Glenn Springs incident, the note maintains, the fact that this was done without the consent of the Mexican consul at Del Rio, Texas, is undeniable and that act can only be considered as one of invasion. Invites Withdrawal. "The Mexican government therefore invited the United States to bring to an end this unsupportable situation," the note concluded, "and to support its protestations and declarations of friendship by an immediate withdrawal of American troops."

G. O. P. STARTS CONTEST OF DELEGATES TODAY

Right Of Sixty Two To Sit In Chicago Convention June 6 Will Be Decided By National Committee

CROWDS ALREADY SWARM TO CHICAGO

Hotel Lobbies Are Buzzing With Advance Columns Of Politicians. Convention Plans Completed

(By Review Leased Wire) CHICAGO, May 31.—The Republican national committee will meet in the Coliseum tomorrow to hear forty contests involving the right of sixty-two delegates to it in the convention. The committee expects to conclude its work Saturday so that the temporary roll of delegates may be proposed. Comparatively little interest is manifest in the present contests, as a majority of them are in southern states and the result is not expected seriously to affect the chances of the presidential candidates. Final plans for the convention were approved by the sub-committee of the committee on arrangements of the national committee which held its last meeting today. The sub-committee approved the following program for the first two days: Wednesday, June 7. The convention opens Wednesday A. M. Delegates to order at 11 a. m. by Chas. D. Hilles of New York, chairman of the Republican national committee. Prayer by Rev. John Timothy Stone of Chicago. Call for convention read by Jas. B. Reynolds of Massachusetts secretary of the Republican national committee. Election of temporary chairman. Address of temporary chairman. Election of temporary officers. Selection of committees on credentials, program, opening, rules and order of business and resolution. Miscellaneous business. Meeting of committees on credentials will be held in national convention room Coliseum annex, following the adjournment of the first session. Notice of meeting place or other committees will be announced later.

SONORA TO BAR GRAFTERS AND POLITICAL TRICKSTERS

Civil Governor Huerta Also Declares For Strict Prohibition, Praising Calles Who Effected It

DRY LEGISLATION WORKS BEAUTIFULLY

State Clothing Factory To Make Uniforms For Soldiers, Public Fish Plant To Be Built

(By Review Leased Wire) DOUGLAES, May 31.—Adolfo de la Huerta, who took office two weeks ago as civil governor of Sonora in a proclamation received here today expressed the belief that the prohibitory decree against liquor of Gen. Calles, former military governor of the state, had given "beautiful results." "I will work more strongly than has the instigator of the law, to the end of the extermination of the vice of drunkenness," he says. The new governor promises to eliminate all grafters and men of doubtful political standing from official positions in Sonora. This action is believed by Calles' adherents to presage a sweeping order ousting many of the former governor's staunchest supporters, although de la Huerta promised to retain all of them. Plans Fabricated. De la Huerta proposes to establish a clothing factory for manufacturing uniforms for the army, the output to be purchased by the government and the profits of the business to support the widows of soldiers. A fish packing plant to employ former soldiers invalided from active duty on account of wounds, on the same terms, is another of his proposals. Lands Offered Tillers. Large tracts of land are available in the Altar district of Sonora for this purpose, he said. The governor also proposes to enlarge the harbor at Guaymas, build long distance telephone systems and automobile roads and to encourage the importation of automobiles in large numbers by the people of Sonora and foreigners. Loyalty Demanded. While offering guarantees of life and safety of property to natives and foreigners, the decree says that anyone "who directly or indirectly conspires against the good of the constitutional cause" will be executed under the law of January 25, 1862. This law provides for summary execution of traitors.

Washington Thinks Carranza Bluffing; Immediate Withdrawal Not Thought Of

(By Review Leased Wire) WASHINGTON, May 31.—General Carranza's latest note, questioning the good faith of the United States government and with a threat of armed recourse, demanding withdrawal of American troops from Mexico was presented at the state department today by Eliseo Arredondo, the Mexican ambassador-designate. Tonight a translation of the voluminous document about 12,000 words long, was laid before President Wilson who at once began considering how it should be answered. No one in official circles would attempt to forecast just what course the President might decide upon. There was complete unanimity, however, in the belief that there would be no immediate withdrawal of the Pershing expedition. De Factos Fail. High officials said the de facto government so far had failed utterly to demonstrate its ability to protect the border against bandits, and expressed the opinion that troops would stay in Mexico until this was done. The uncompromising tone of the note was probably for effect on the Mexican people, and there was little disposition to believe that the de facto government actually contemplated active armed measures against the American troops.

PRIDE OF GERMAN AVIATION CORPS

"Immelmann the Falcon," they call him, and he is the pride of the German aviation corps. Although in his twenties, the Kaiser has conferred upon him the order "pour le merite" in recognition of his skill and daring in bringing down French and British aeroplanes. He has shot down fourteen enemy aeroplanes.

FRENCH RECOVER IMPORTANT TRENCHES AT VERDUN

Infantry Captures Le Mort Homme Slope Together With 225 Prisoners. Austrians Advancing

(By Review Leased Wire) LONDON, May 31.—The French troops northwest of Verdun, in the region of Le Mort Homme, have turned on the offensive against the Germans and in a spirited attack have captured a strongly organized position on the slopes southwest of Le Mort Homme. Seven machine guns and 225 prisoners were taken in the attack which was the only infantry fighting on Wednesday reported in the latest French official communication.

The town of Avocourt and Hill 304, in this immediate vicinity are under a heavy bombardment and shells of large caliber are being used. Bombardments also are in progress north of Verdun, from the Meuse river to Fort Vaux and in the Hartmannswillerkopf region in the Vosges mountains.

On the Asiago-Anserio sector of the Austro-Italian front the Austrians have taken additional points of vantage from the Italians and put down attempts by King Victor Emmanuel's men to recover lost ground. According to the Austrian communication during the present offensive they have captured 21,081 Italians and 298 cannon. The Italian war office admits the evacuation of positions at Mont Pratona and Punta Canale, on the Asiago plateau. The late region south of Divinsk on the Russian front again is the scene of heavy battles, probably due to more infantry fighting. Farther south on the Volzhian front and along the Bessarabian border there is increased activity by the Teutons and Russians.

MEXICO FILES CATTLE SUIT IN TOMBSTONE COURT

Omaha Dealers Charged With Smuggling Herds Across Border, Evading \$9,180 Export Duty

(By Review Leased Wire) DOUGLAS, May 31.—Claiming that it was defrauded out of \$9,180 in duties by the smuggling of 609 head of cattle from Mexico into Arizona three weeks ago, the United States of Mexico filed suit today in the superior court at Tombstone, against Jim Heron and T. J. Bonshove of Omaha, Nebraska, alleged owners of the animals. The full amount of duties with interest and costs of action are prayed for by the plaintiff. S. W. White of Douglas attorney for the Mexican government, stated today that if this suit is successful he will file a second suit for approximately thirty six thousand dollars.

This is alleged to be the amount of duties due the Mexican government on twenty five hundred cattle smuggled across the border at Lang's ranch in N. M. by Donohoe on the night previous to the smuggling of the six hundred head sued on.

By special agreement the cattle will not be attached pending resolution of the suit. It is understood that they will be shipped to Wyoming.

SONORA TROOPS STORE MILLIONS OF GUN SHELLS

Shipment Of Ammunition To Fronteras, Coupled With Carranza Note, Worries City Of Douglas

(By Review Leased Wire) DOUGLAS, May 31.—Receipt of reports of the contents of the Carranza note, urging that American troops be withdrawn from Mexico coupled with sudden activity in shipment of munitions from Agua Prieta to Fronteras and Chucheta, the base camps of the defacto troops in northern Sonora, caused some local uneasiness today. While it was admitted in Agua Prieta that such shipments are being made, it was stated that they were no larger than other previous shipments and had no special significance. While the embargo on arms and ammunition continues in force, it is reliably reported that Mexican forces are using as little ammunition as possible and have a reserve of several million rounds.

WILSON NOT WANTED BY GERMANS AS MEDIATOR

So Declare Liberalists In Reichstag At Berlin; Switzerland Favored As Peace Protagonist

SOCIALISTS DO NOT AGREE WITH SPEAKERS

German Government Scored For Weak Policy Toward America Amid Applause; Sharp Answers Reply

(By Review Leased Wire) BERLIN, May 31.—(Via London)—At the session of the Reichstag today Dr. Gustav Stresemann, national liberal, in an address repeated the idea that President Wilson would be available as a peace mediator.

"If you take a vote of the German people," said Dr. Stresemann, "only a small minority would accept President Wilson as a mediator, after he has rendered it possible for our enemies to keep going in a military way by intensifying the possibilities of the manufacture of war supplies, after he has done nothing whatever to utilize the vast power of a great world state to guarantee the shipments of provisions to Germany; after we have found that he has ever raised his hand threateningly and proclaimed against us with all his power, we tried to defend ourselves against the miserable starving-out war."

Switzerland Favored. "We would not reject the peace mediation of a really neutral power, possibly the president of Switzerland, but President Wilson's hand we reject, and we believe a great mass of the German people approve our rejection of it."

The speaker's words were greeted with loud applause, mingled with shouts of disapproval from socialists. Scores Government.

Herr von Graefe, conservative sharply attacked the government, accusing it of weakness in dealing with the United States. He was answered as sharply by Dr. Karl Helfferich, speaking for the first time as secretary of the interior.

Herr Herch, national liberal, asked "do you believe seriously that President Wilson wants to do anything for Germany?"

"You know he does not," said Herr Herch, answering his own question.

FORD MAY ESTABLISH PLANTS IN EUROPE.

(By Review Leased Wire) HOBOKEN, N. J., May 31.—Gaston Plaintiff, business manager for Henry Ford, was one of the passengers who sailed today for Europe on the steamship Frederick VIII of the Scandinavian American line. He denied that his trip was the forerunner of another peace expedition and said he was going abroad to look over sites where it is possible assembling plants may be erected as branches of Mr. Ford's factories. "Mr. Ford may go abroad in a month," Plaintiff stated.
