ARMIES LINING UP FOR BATTLE ON BORDER

(Continued From Page One.)
 In efforts to learn of any plot to interfere with the movement of trains, and soldier guards watched the more important bridges along the railroad tracks through the southern part of Texas.

Mobilization Speeds.
 By the end of the week those in charge of the mobilization believe that it will be almost completed. The first Illinois was the first regiment to go into camp here and it was expected that by tomorrow the Second and Seventh, completing the first brigade commanded by General P. J. Foster, would be here. The Seventh, Seventy-first and Fourteenth New York infantry passed through San Antonio today on the way to the Brownsville district. Other New York regiments will pass through tonight and army officials believe by Wednesday or Thursday the New York movement will be completed. The New York division headquarters will be at McAllen, where military troops and the Second brigade made up of the Seventh, Twelfth and Seventy-first regiments will be stationed. The First brigade, comprising the First, Second and Fourteenth Infantry, will be at Mission and the Third brigade of the Third, Sixty-ninth and Seventy-fourth Infantry at Pharr.

TROOPS MAY CROSS ON NEW HOT TRAIL

Mexicans Raid 54 Miles South east Of El Paso. Cavalry In Pursuit

(By Review Leased Wire.)
 SAN ANTONIO, July 1.—Unwillingness of a lieutenant of the Eighth cavalry today to assume responsibility when in pursuit of raiders near Fort Hancock served to avert the addition of another complexity to the international situation.
 Late reports to General Funston told of the raid by eight Mexicans about 54 miles southeast of El Paso. Lieut. Edwin N. Hardy, of the Eighth cavalry, with a small detachment began the pursuit. He did not come within range of the raiders, but followed their trail to a point where it entered the river, leading in the direction of the Mexican side. The Mexicans had driven away a few horses. The lieutenant reported the incident, adding that he did not feel like assuming the responsibility of following the Mexicans across the Rio Grande. Captain Elroy Elting was ordered by General Bell at Fabens to make an investigation and if the trails were found still "hot" it was expected they would follow it across. He was cautioned, however, to avoid, if possible, a conflict with any of Carranza's troops.
 Captain Elting was instructed to take with him two troops of cavalry sent from El Paso.

First Baptist Church.
 9:45, Sunday School.
 11:00, Sermon, "Blessed are they that hunger and thirst after righteousness."

Methodist Episcopal Church.
 Preaching at 11 and 7:45.
 Sunday School, 9:45.
 Epworth League meeting 6:45.
 CHARLES W. HARSHMAN.

SHOTS EXCHANGED AT COLUMBUS LINE

U. S. Patrol Escapes Bombardment And Returns Fire Civilians Suspected

(By Review Leased Wire.)
 COLUMBUS, N. M., July 1.—American cavalrymen patrolling the border, three miles south of here, were fired upon tonight from the Mexican side of the line and returned the fire. None of the Americans were injured.
 The persons who did the shooting escaped in the darkness.
 The shots were fired at a point known as the "South Gate" where, until recently, 25 men of the Carranza customs guard were stationed on the Mexican side of the imaginary line which marks the frontier, while a small detachment of cavalry has been on patrol duty on the American side. It was through this gate that General Pershing's command entered Mexico. Officers investigating the shooting believed it was done by several irresponsible civilians.

MISSOURI BATTERIES OFF TO LAREDO

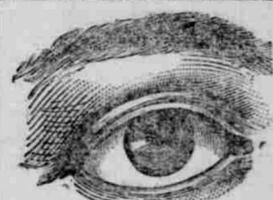

(By Review Leased Wire.)
 NEVADA, Mo., July 1.—The first section of the second contingent of the Missouri national guard left here at 5:30 this afternoon, presumably for Laredo, Texas. The troops constituted the three batteries of field artillery and the signal corps, a total of 521 men and 18 officers.
 The second train was scheduled to leave an hour later.

MRS. KIRK DIES.

Mrs. H. E. Kirk, the widow of the late Harry Kirk of Cananea, died at her home in Douglas on the afternoon of June 29. Her death was caused by pneumonia contracted while suffering from a fractured thigh. The deceased was an old timer in the Southwest and in the state of Sonora. She went to the Prospects mine, near Arizpe, in 1893, leaving there to go to Cananea where she remained with her husband until the latter's death. Since that time she has resided in Douglas. Mrs. Kirk was fifty-five years old and a native of the state of Kansas.

Chamberlain's Colic, Cholera and Diarrhoea Remedy

Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. Obtainable everywhere.—Advertisement.

Pacific Ready-Cut House

Style 46
 Complete for Only
\$415.80
 Delivered

Five rooms. All materials from the ground up—lumber carefully cut-to-fit to exact size at the mill, marked and numbered, ready to be nailed in its proper place; paint; doors; hardware; sash; roofing; flooring; fine inside finish, etc.—everything down to the last nail. Simple, individual instructions to show where each piece goes.

You buy your home at rock bottom cost when you

take advantage of our Ready-Cut System. Out of every \$100 you ordinarily pay for lumber to build your house, \$18 goes into the waste pile—an absolutely dead loss. You keep that \$18 in your pocket when you take advantage of the great Ready-Cut System of construction. Not a foot of lumber goes to waste. Why deliberately throw your money away by building the ordinary way?

But we not only save you money on lumber, but in countless other ways. We cut all this lumber at the mill by fast, accurate machines, which do better work than slow, expensive hand labor. We scientifically plan, design and cut. As a result we actually save you as high as 50 percent. In addition you save weeks of time, worry and bother.

These positive facts merit your immediate investigation if you desire to buy or build a dwelling at the very lowest cost.
