

PRESIDENT SENDS ENVOYS TO RAILWAY STRIKE CONFERENCE

Government Agents May Offer to Intervene. Gompers Says A. F. of L. Is Behind Trainmen.

(By Review Lease Wire.) WASHINGTON, Aug. 8.—At the suggestion of President Wilson Judge W. Chambers and G. W. W. Hanger, of the United States board of mediation and conciliation, left Washington tonight for New York to be on the ground tomorrow when the representatives of the 400,000 railway men threatening a strike confer with the representatives of the carriers, Martin A. Knapp, the third member of the board, now in Connecticut, also is expected to reach New York tomorrow.

Under the law the board is not authorized to offer its services unless asked to intervene by interested parties or unless a tie-up is imminent, but in view of the magnitude of the threatened trouble it was believed tonight that an offer to mediate might be made should the employees and the men fail to get together tomorrow, President Wilson, it was said tonight, was anxious to have the board go.

That American Federation of Labor stands squarely behind the men in their demands for an eight-hour day was made plain in a letter addressed to officials signed by Samuel Gompers. The communication was sent on behalf of the executive council to the secretaries of the Order of Railway Conductors and the Brotherhood of Railway Trainmen and Locomotive Firemen and Enginemen. In it Mr. Gompers said:

"It is our most earnest hope that the railway companies may be induced to take a broad-minded and humanitarian view of your demands. Railway companies understand the full meaning of the eight-hour day and realize the advantages, moral and social, that will inevitably result from its adoption. They cannot refuse to concede to the workers the boon of the eight-hour day—and concede without imposing upon the workers the necessity of cessation of work in order to establish your demand.

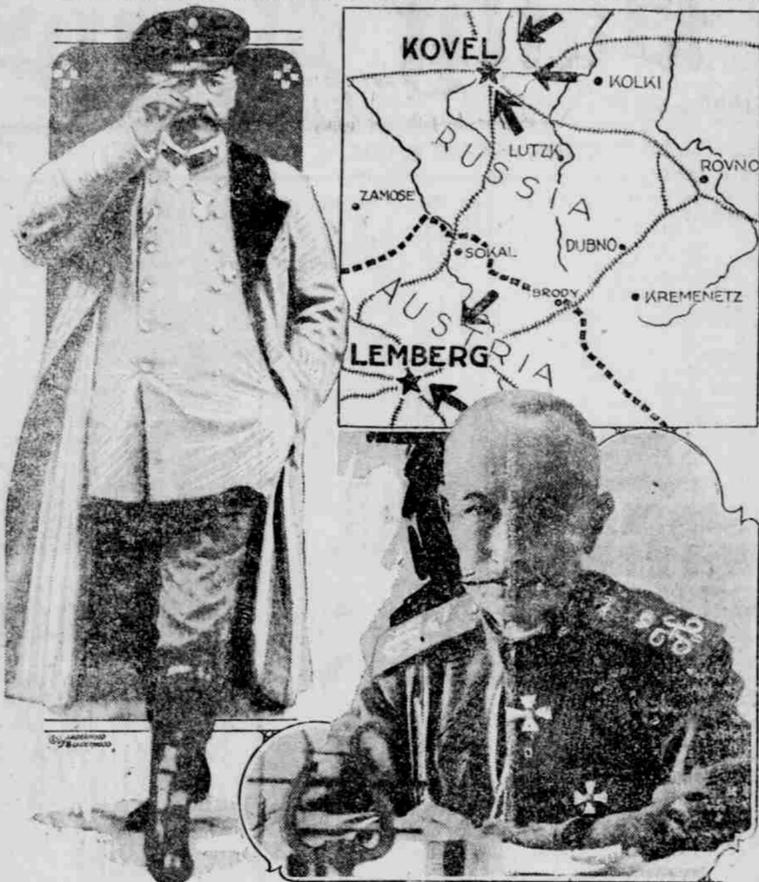

"Regardless of whether your purpose is secured by the voluntary agreement of the railway companies or whether it is necessary for the railway to strike to obtain this just demand the American Federation of Labor pledges to the brotherhoods its support and sympathy in the effort to accomplish that which is fundamental for the protection and betterment of the railway men."

NEW JERSEY PUTS QUARANTINE ON EPIDEMIC.

TRENTON, N. J., Aug. 8.—The state department of health today voted for a state wide quarantine because of the infantile paralysis epidemic. The department also prohibited children under 16 years of age from traveling from one city to another unless provided with a proper health certificate.

Two daughters of Joseph H. Tumulty, secretary to President Wilson, were held up at the Pennsylvania railway station for examination before leaving Trenton to return to the Tumulty home at Allensport.

GENERAL VON HINDENBERG GIVEN HUGE TASK OF HOLDING BACK BRUSHLOFF IN LATTER'S TERRIFIC DRIVE ON EASTERN FRONT

General von Hindenberg (left); General Brusiloff in his headquarters; map showing Kovel and Lemberg. It is reported from Berlin and Vienna that General von Hindenberg, grim hero of many a hard fought campaign, has been chosen to take complete charge of all the German-Austrian armies now operating on the eastern front. He is expected to stop the Russian armies led by General Brusiloff and restore the Teutonic balance in the east. His task is admittedly a hard one.

would appoint to office only men who were well qualified.

Democratic expenditures for rivers and harbors were attacked by the nominee.

Raps Pork Barrel.

"I propose that we shall stop this pork business," he said. "I propose that we shall have government in a business like way. We won't have any more if I can stop it of these 'kiss me and I'll kiss you' appropriations in Congress."

"The nominee said he stood for business like responsible budget" based on facts.

Oh, No! No Ho! Air! "I do not want any hot air in mine," he added.

The Democratic party, Mr. Hughes said, was approaching the idea of a protective tariff, "like a skittish horse to a brass band." In 1912, he added, "the Democratic platform had said in effect that a protective tariff was unconstitutional. They say in effect now that the European war has changed the constitution of the United States," he said.

Mr. Hughes reiterated much of his Detroit speech regarding the administration's Mexican policy.

Mistrusted Poor Mexico. "It had no right," he said, "to commit this country to a course of conduct which landed Mexico in anarchy, left our citizens a prey to the ravages of revolutions and made our name a word of contempt in a sister republic."

"We have gone forward," the nominee said, in speaking of the administration's Mexican policy, "with a determination to be destructive, not constructive, to destroy all they had."

As to the administration's foreign policy, Mr. Hughes said:

Wilson "Talk Cheap." "We have allowed our words to be eaten up by hesitation by delay. We have somehow or other convinced the world that our talk is cheap."

He Proposes. "I propose that we have a new birth of American purpose and courage. We have no occasion to fear war in the assertion of those rights, which all recognize and only respect us for maintaining. But if we are glib in speech, if we indicate that we are not ready to meet the full responsibility that our words imply, we are pushed a little further until some fine time events occur which arouse an implacable resentment from one end of the country to the other. That is the danger of war."

"This administration has come near to landing us in war with its weakness. I believe that with our peaceful purposes, our just purposes, we have no occasion to be drawn into strife, if we are prepared, if we are dignified, if we show that we can mean what we say. And I desire that we look to the future we shall have American citizenship the proudest title in the world, American administration as efficient as any in the world, and American honor the cherished bough of every American citizen."

Mr. Hughes spoke for nearly an hour. The hall was so jammed that even the street in front was impassable. The audience cheered him for five minutes before he spoke. A band perched in a loft played stanzas of the "Star Spangled Banner" during the demonstration, but the music was lost in the volume of cheers.

The nominee left tonight for St. Paul.

Tillman Vehement. It would take effect one year after enactment. During the closing hours of debate today Senator Tillman denounced southern cotton mill owners opposing the bill and said that while he believed it unconstitutional he was tempted to support it because of the selfishness of the interests fighting it. He also declared congress was too much influenced by the attitude of labor in business.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Relief in Pulmonary Or Throat Troubles

depends largely on the sufferer's ability to rebuild a weakened system, and thus hasten a return of normal body functions.

In this effort much depends on fresh air—night and day—and rest and good food. The patient should refrain from work that overtaxes, and all sanitary precautions should be taken. These commonsense measures do not always achieve the desired results unless aided by proper medication.

It is here that Eckman's Alternative has evidenced its worth, for in many cases it has effected lasting benefit. And often such troubles seem to yield to it.

In no case is its use attended with possible harm, since it contains no poisonous or habit-forming drugs. At your druggist's. Eckman Laboratory, Philadelphia.
