Finish—Investigation of the
Accident Ordered.

(By Review Leased Wire)
COLORADO SPRINGS, Sept. 4.—The collapse of a portion of the bleacher seats at the Welsh-White fight today precipitated two hundred spectators to the ground and injured at least one hundred, several seriously.

Sixty Will Recover.

At the various hospitals here tonight it was said that all of the sixty persons taken there immediately after the accident would recover. Many later were released after having their injuries dressed.

The crash came before the larger part of the crowd had arrived. Policemen, aided by members of the fire department and special officers, quickly placed the injured in automobiles and comparative little confusion resulted, and the boxing program was not delayed.

Try to Shift Blame.

Announcement was made from the ring that the stands had been carefully inspected before the crowd was admitted and that no reason could be ascribed for the collapse of the seats. D. G. Johnson, commissioner of public safety, said that so far as he knew no inspection had been made by the city engineer's office and he added that a thorough investigation would be made in an effort to fix the responsibility.

NATIONAL SINGLES TITLE IS AT STAKE IN NEW YORK TODAY

Johnston of San Francisco,
and R. Norris Williams of
Philadelphia, Will Clash at
Forest Hills Courts.

(By Review Leased Wire.)
FOREST HILLS, N. Y., Sept. 4.—Master racket wielders from the east and west will contest here tomorrow a national singles tennis championship. R. Norris Williams II, of Philadelphia, and William J. Johnston of San Francisco, sole survivors of 126 players who entered the tournament a week ago, won their places today to finals by defeating respectively Clarence J. Griffin of San Francisco and R. Lindley Murray of California and New York. Williams eliminated Griffin 6-3, 6-3, 6-3, and Johnston checked Murray's flight 6-2, 6-3, 6-1.

In neither case was the victor severely pressed and the playing of the two matches consumed less than two hours.

Johnston and Williams had excellent control, cross courting, lobbing and driving for side and back lines with great certainty. The gallery of more than 10,000 spectators applauded every shot. Former President Roosevelt was a spectator.

Prior to the playing of the singles the national junior singles championship was decided.

Harold A. Throckmorton winner of the middle states junior championship, defeated Roland Roberts, the Pacific title holder and the two youngsters played a hard match which Throckmorton won 7-5, 6-4, 6-4.

RIOT FOLLOWS PARADE AT EL PASO

Outgrowth of Streetcar Men's
Strike, Results in Minor In-
juries to Fifty—Police Now
in Control.

(By Review Leased Wire)
EL PASO, Sept. 4.—Rioting, an outgrowth of a strike of street railroad trainmen in progress here, followed a Labor Day parade today. The rioters attacked several street cars being operated by strike breakers in the downtown streets, wrecked the cars and beat the trainmen. A dozen persons were arrested on charges of inciting riots and it is estimated that at least fifty persons were injured in the street fighting.

Ill feeling between strikers and operators who took their places when the strike was called two months ago, manifested on several occasions recently reached a climax today in a fist fight on a downtown street between a striker and an employee of the railroad company. The general disturbances followed. For a time it seemed as if the municipal police reinforced by a detachment of Texas Rangers would be powerless to quell the mobs. Finally, however, after several hours of disturbances in which riots took place on all of the business streets and street railway traffic had been suspended, the mobs dispersed. When traffic was resumed policemen armed with pistols and shotguns and ordered to shoot anyone interfering with the cars, were detailed to protect each crew.

Meanwhile, all saloons in the city were closed until further notice and military authorities ordered all soldiers, stationed in this district to their camps. Tonight the provost guard patrolling the streets was strengthened and several companies of infantry were kept in reserve to prevent any untoward incidents that might tend to complicate the international situation. Early tonight the authorities expressed the belief that the situation was under control.

WILSON VISITS CABIN WHERE LINCOLN WAS BORN

President, in Little Town of
Hodgenville, Kentucky, Pays
Touching Eulogy to Great
Emancipator.

(By Review Leased Wire)
HODGENVILLE, Ky., Sept. 4.—President Wilson came to Kentucky today to pay homage to the memory of Lincoln and avoid politics, but a great crowd, gathered from all parts of the state, cheered him at every appearance and turned his visit into a campaign event.

Accepts Cabin for U. S.

The President accepted, for the federal government, the log cabin in which Lincoln was born, in a speech devoted to an eulogy of the Civil War president. Standing on a temporary platform at the foot of a hill topped by a magnificent granite building housing the Lincoln cabin, he praised Lincoln as the embodiment of democracy.

Lincoln's Democracy.

"We are not worthy to stand here unless we ourselves are in deed and in truth real Democrats and servants of mankind, ready to give our very lives for the freedom and justice and spiritual welfare of the great nation which shelters and nurtures us," he said. The non-political character of the program was emphasized by the mention of the name of Charles E. Hughes, the Republican nominee, by one of the speakers in giving the list of directors of the Lincoln Farm Association.

As "Next President"

But as soon as the formal exercises were over, politics came to the fore. At the railroad station platform the President stood for nearly an hour shaking hands with men and women who greeted him as the "next President."

What was said to be one of the largest crowds ever gathered in this part of Kentucky came to Lincoln Farm in special trains and automobiles and on foot. The President and his party were taken from the station to the farm in automobiles accompanied by a troop of Louisville police. On the way the President stopped and laid a wreath on a statue of Lincoln.

At the farm he walked up a long flight of broad granite steps lined with thousands of cheering persons.

It became known here tonight that the situation is much more serious than has been indicated, confidential reports say the unpublished demands threaten the authority of China over the whole of inner Mongolia.

Officials here view the development with real anxiety, fearing another China-Japanese crisis which might involve the interests of the United States.

The Cheng Chiatung incident, trivial in itself, but coming on top of the strained relations ever since Japan took over Kiaochow from Germany, has been closely watched since Japan hastened to send 20,000 soldiers to the disturbed district and her cabinet announced that a satisfactory outcome depended on China. Reports from Peking show alarm there. The prompt and unanimous acceptance of the new cabinet announced today is believed to have been a result of Japanese and Chinese financial pressures.

Japan's demands as published, call for dismissal of the Chinese officials in command of the troops at the scene of the trouble, withdrawal of the Chinese garrison, indemnification of the families of the Japanese killed and extension of Japanese police rights in inner Mongolia.

Actual account of the dispute vary. The Chinese claim it arose when Japanese soldiers attacked the Chinese

HUGHES ROASTS SETTLEMENT OF R. R. STRIKE

Tennesseans He Would
Have Forced Labor Unions
to Accept Arbitration.

(By Review Leased Wire.)
NASHVILLE, Tenn., Sept. 4.—In territory which no Republican presidential nominee ever has visited before, Charles E. Hughes tonight faced a tumultuous audience in the auditorium here. With cheers for Woodrow Wilson ringing again and again in his ears, circled by questioners and hallooed often by Democratic sympathizers the nominee criticized the administration for its policies, argued for a protective tariff and in a reference to the enactment of the Adamson bill, asserted that he stood firmly for the abrogation of all industrial disputes.

"I believe there is no grievance with respect to labor," Mr. Hughes said, "that cannot be settled by a fair and candid explanation of the facts."

"We have, in the past, had to deal frequently with the opposition of employers to the principles of arbitration. Sometimes they have refused to arbitrate disputes. Public opinion has spoken firmly for the principles of arbitrating industrial disputes, and I would not surrender it to anybody in the country."

"I believe that anything else that is right in this country can be settled right. What are our free institutions? We have come down the long course of history with the people fighting slowly, slowly now with defeat and now with victory—for a recognition of the reign of reason instead of the reign of tyranny and force."

"Now then, I stand for two things: "First, for the principle of fair, impartial, thorough, candid arbitration; and second, for legislation on facts according to necessities of the case. And I am opposed to being dictated to, either in the executive department or congress, by any power on earth before the facts are known."

"We have a great country and great future. But it can only be preserved in one way; that way is the way that is honest and right and I will take it; but I won't take any way that I cannot know anything about."

FRENCH CAPTURE 5000 GERMANS AND MILES OF FRONT ON BLOODY SOMME

teen Mile Front in Western
Theater of Struggle.

RUSSIANS REPORTED

ing on Big Front, Are Driv-
ing Rumanians Back, In-
flicting Heavy Losses.

(By Review Leased Wire)
PARIS, Sept. 4.—"A bloody battle is going on on both banks of the Somme," says the official communication issued tonight. "The French have made fresh progress east of the village of Forest north of the river and south have successfully attacked objectives along a front of twenty kilometers (12 1/2 miles) from Bar le Due to Chalmers."

"The village of Soyecourt was brilliantly carried by assault, as well as part of Verdunvillers. More than 5,000 prisoners have been taken north and south of the Somme in the last two days."

"Progress also was made on the right bank of the Meuse, (Verdun sector) in the Fleury region."

Offensive Continues
LONDON, Sept. 4.—Keeping up their strong offensive against the Germans north and south of the Somme River in France, the Anglo-French forces again have driven their lines forward and captured important German positions.

South of the Somme, the village of Soyecourt and part of the village of

Russians Unstopped.
Again there is heavy fighting on the front in Russia west and southwest of Lutsk and north of Zborov and near Brezany, in Galicia, with the Russians generally the aggressors. Petrograd controverts the assertion of Berlin that the Russians obtained only local successes near Brezany, by the declaration that the Russians won a victory over the Teutons here and took 2,641 prisoners. In the Carpathian region, according to Petrograd, the Russians have captured an entire series of heights and are advancing to the Hungarian frontier.

Rumanians Checked.
Along the transylvanian front the Russians continue to press their advantage against the Austro-Hungarians. Here they have captured additional towns and now are said to be bombarding the town of Hermannstadt, which is second in importance only to Kronstadt. The German and Bulgarian forces are attacking along the entire front between Dobruja and Belzartza. Near Koernar, Berlin reports, the Rumanians were driven back with the loss of 750 men taken prisoners.

Albania, the Italians east of Avlona have taken the villages of Kutai and Brizar and Monte Gradist.

Fiercest Fighting
Berlin, in admitting the claims of British and French successes in the fighting of Sunday in the Somme region, says the battling over the 18 mile front from Danomont to the Somme, was of the greatest ferocity. The Germans held their ground at Thiepval, north of Pozieres and near Gineby, but Guilleumont village and wood were lost, as likewise was Ginchy, but a counter attack of the Germans won back a portion of the latter town.

German Airship Lost.
Berlin admits the loss of an airship the night of September 2. It is probable that this was the Zeppelin which London reported was brought down during the raid on the east coast of England Saturday night. Vermandovillers have been captured while seemingly more important still, the French have made fresh progress east of the village of Forest which lies one and one half miles southeast of the railroad town of Combles—a gain which, taken with the capture of Guilleumont on Sunday, seemingly outflanks Combles and apparently renders it untenable. More than 5,000 Germans have been made prisoners north and south of the Somme during the last two days.

On the British right wing progress is reported north of Falfemont farm, while a German counter attack north east of Moquette farm was repulsed. In the Verdun sector, Paris records a fresh gain near Fleury.

CONFEREES ON MEXICO HOLD LOVE FEAST.

NEW YORK, Sept. 4.—Hopes that a broad foundation of understanding and sympathy between Mexico and the United States will govern future relations were expressed here today by both American and Mexican members of the joint commission that will meet at New London on Wednesday to begin its discussion of border disturbances.

The six commissioners were the guests of Secretary of State Lansing at luncheon here. Informal addresses were delivered by Mr. Lansing and Franklin K. Lane, secretary of the interior, who heads the American commission, while Luis Cabrera, chairman of the Mexican commission, and Eliseo Arredondo, Mexican ambassador designate, spoke in reply.

KILLS ALABAMA PARSON
FOR BREAKING UP HOME.
BIRMINGHAM, Ala., Sept. 4.—Will Trotter, under arrest at Shady Grove, Alabama, charged with killing the Rev. J. E. O. Harrison, admitted today, according to Shady Grove police officials, that he shot Harrison.

According to reports reaching Birmingham, the minister had been suspended by church officials on a charge of misconduct with Mrs. Trotter, who is organist at the church.

In Far-off Africa.
The Germans have surrendered to the British Dar-es-Salaam, Germany's chief seaport in East Africa.

Considerable fighting is in progress in the Austro-Italian theatre but without any important change in terrain having occurred.
