RUSSIA RESUMES OFFENSIVE OVER WHOLE EAST FRONT

Czar's Men Swarm Into Battle to Thwart Von Hindenburg's Effort to Regain Points Before Winter.

(By Review Leased Wire)

PETROGRAD, Sept. 26. (via London)—Although the official communications have shed little light on recent developments in the war situation, it was learned from staff officers that after a long lull the battles at all important points in General Brussiloff's front are again assuming the intensity which characterized the first period of his advance.

The principle centers of action are the districts near Vladimir-Veolynski and near Lutsk, the Halicz region and the Carpathians, and in each of these there is a general resumption of the fighting which has spread to adjacent points until the whole eastern section of the war theatre may be said to be again in action. Although the Russians still claim the initiative, it is evident that the German counter attacks are becoming constantly more frequent and in the huge reinforcements to these regions from other points as well as the more aggressive character of the German fighting, there are signs that Field Marshal von Hindenburg, the new chief of staff, is planning a new campaign to recover the old position before winter sets in.

To meet this, the Russians have already begun a fresh offensive, the details of which have not yet been announced.

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask: "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.
