## FIRST DAY OF NEW YORK STRIKE PROVES BIG FIZZLE; ONLY A FEW WALK OUT

### NO SIGNS OF 250,000 THROWING UP JOBS AS BOASTED BY AGITATORS

**Jewish Holiday Celebration Takes Few Thousands From Work, but No General Walkout Occurs and City Pursues Its Busy Bent as Though Things Were Normal—Labor Leaders Insist Strike Is Success.**

(Continued from page one)

NEW YORK, Sept. 27.—Although labor leaders insisted tonight that the general strike of trade unionists in the greater city in aid of the carmen who quit their places September 6, eventually would involve at least a half million workers, there were no surface indications of a tie-up of the city's industries, as threatened, after announcement today that the strike had begun.

While union leaders claimed that 195,000 workers in various trades already had joined the movement with twice as many more ready to "walk out" tomorrow the police said they had received no reports to substantiate such estimates. The actual situation, it was said, was confused because of Jewish holidays, which are being celebrated here by more than 100,000 union workers.

Engineers and Strikers  
Workers of the Amalgamated Association of the Street Railway Employees were encouraged tonight over the Brotherhood of Locomotive Engineers coming to their aid.

Officials of that organization notified the public service commission during the day that Theo. P. Shonts had refused to see them and discuss alleged grievances of motormen in the employ of the Interborough, who are members of that brotherhood. Mr. Shonts declared tonight however, that there were no differences between the motormen and the company.

Strike May Grow  
Two hundred and five representatives of various unions, at a meeting late today, ratified the sympathetic strike order. It was said, and to call out the members of their organizations tomorrow.

There were fewer attempts at violence today, according to the police, than for a week past.

### MICHIGAN CENTRAL TRAIN IS HELD UP

**Robbers Board Engine Ten Miles from Detroit, by Confusing Signals.**

(By Review Leased Wire.)  
DETROIT, Sept. 27.—Michigan Central passenger train No. 14, bound from Chicago to Detroit, was held up by a gang of robbers near Dearborn, 10 miles east of here late tonight.

After stopping the train by disarranging the block system, the men unhooked the mail and baggage cars from the rest of the train and drove them down the track a distance of two miles. Here they ransacked both cars, including the registered matter in the mail car and escaped after extinguishing the fire in the locomotive.

The amount of booty obtained will not be known until the postoffice authorities have checked up on the registered mail.

Several automobiles loaded with policemen and deputy sheriffs left Detroit for the scene immediately on word of the hold-up.

FRANK ROCKEFELLER, OIL KING'S BROTHER

Frank Rockefeller (left), John D. and William Rockefeller.

"There'll never be a reconciliation in this world between John and me." So spoke Frank Rockefeller in Cleveland a few days ago when William Rockefeller went to that city presumably to patch up the differences between his two brothers, John D., the oil king, and Frank. They had not spoken for eighteen years. But Frank will not be reconciled.

The three men are in the sunset of life. John D. is 77, William is 75 and Frank is 70. Frank has had more hard luck than his two elder brothers, who stand high among the big moneyed men of the country.

### Germany Says "Sub" Bremen Has Arrived In New London

(By Review Leased Wire)  
BERLIN, Sept. 27. (via London)—The Berlin newspapers today are proclaiming enthusiastically the arrival of the submarine Bremen at New London. The Connecticut town jumped to a point of prime interest and newspapers have found it necessary to describe the situation by the aid of maps. They are also dilating on the history of the town.

The news of the Bremen relieves the protracted tension which had grown intense as expected arrival of the submarine was delayed from week to week. Apparently authentic rumors had been circulated that the Bremen sailed early in August. Hence fears were entertained in some quarters that something had gone wrong with her and the report of her arrival had been greeted by the newspapers as paving the way for the establishment of a regular submarine service between Germany and the United States and as answering the alleged taunt of Germany's enemies when the submarine Deutschland returned home from her voyage overseas: "You can't do it again."

Republican Candidate Sits With Penrose at Pittsburg and Declares "We're All Progressive".

(By Review Leased Wire.)  
PITTSBURG, Sept. 27.—Charles E. Hughes went through the big steel making district of Pittsburg today, addressing thousands of workmen who left their work to hear him, returned to the city tonight covered with dust, and ended the first day of his campaign in Pennsylvania with a speech in the Music Hall of the Pittsburg Exposition.

"The breach of recent years has been sealed," he said, "and our national aims at this time are conceived to be of such transcendent importance that we know no difference and are not allowing any former disagreement to impair our unity of effort. I should take little pleasure in my candidacy if I did not think that a united Republican party was a great liberal party. We are truly progressive, sanely progressive, looking forward to the solution of important problems that this new century will place before us."
