There are now twenty-five men at the camp and others are being received almost daily.

HAS BEEN DISSOLVED.

Dissolution of the old Superior & Pittsburg Copper company has been finally completed. The matter had to be taken through the courts in this county as well as in the state of Minnesota. The final papers have now been filed so that the company is now only a matter of history. The stock was taken over by the Columet & Arizona company.

TAKEN TO ROAD CAMP.

Jack Garnett, who was recently arrested on a charge of petty larceny, committed in Upper Brewery Gulch, and who pleaded guilty and was sentenced to serve a term of four months at hard labor, was taken to the road camp near the Bisbee Extension yesterday.

UNITED ARIZONA COPPER MINING CO.

Don't forget that the United Arizona Copper Mining stock will go on the New York curb next week at double the price it is now selling for. There remain only a few days in which to get it at 50 cents a share. Better get your order in this week to make sure of getting it at that price. Shaft now down 180 feet and cross-cut driven 90 feet toward the big porphyry dyke. Ore all the way down the shaft and in the crosscut. Don't miss the opportunity of getting some of this stock before it advances in price. W. L. Martin, at Sasse's, 817 Advertiser.

Keeping Yourself Well

HOW YOU GET SICK
Sometimes you overload your stomach with rich foods. Your life may be an active one, and thus you may care for all you eat. But a few days of inactivity show your system does not call for so much. You awake in the morning tired. Your body feels heavy; you know you are not up to the mark. Your digestion has not cared for the overload. Part of it remains. It generates gas that inflames the delicate linings. They fail to pour out the digestive fluids and neglect to absorb the life-giving elements. You know something is wrong. Your body gets weak, and soon opportunity is offered for some severe illness. Taken in time, the indigestion would not become serious. First remove the overload; then soothe the sore membrane; then build up the weakened body. It's simple to say, but not too easy to do. You need help. A tonic that will quicken digestion, help remove waste, soothe the soreness and arouse the system—that's just what you need. **Peruna** has an enviable record in this respect. It has aided many thousands in the last century to overcome just these conditions, and thereby prevent serious sickness. The tablet form is convenient for regular administration.
