

WYOMING PEOPLE LYNCH NEGRO IN BROAD DAYLIGHT

Railroad Employee Had Shot Switchman; Sheriff Wires He Could Not Identify Mob Members

(By Review Leased Wire)
GREEN RIVER, Wyo., Dec. 10.—A mob of 500 persons today lynched "Joe" Woodson, a negro, hanging him from a telephone pole in front of the courthouse, after he had shot and killed Albert Miller, a switchman for the Union Pacific railway, and wounded another railroad man.

The shooting followed the ejection of the negro from the dining-room at the Union Pacific station. It was said that the negro, who was employed there as a porter, had made an offensive remark in the hearing of the railroad men, to a white girl, a waitress. Woodson later returned to the dining-room armed with a revolver and began firing.

Miller fell at the first shot. Another bullet struck his companion, Curtis, entering one arm.

Deputy sheriffs reached the place shortly afterward and arrested Woodson, taking him to the county jail.

In the meantime, the mob, which consisted partly of railroad men, began forming. It marched to the jail and after overpowering the guards, seized the negro and hanged him.

Efforts of Arthur Dixon, sheriff of Sweetwater county, to learn the identity of any member of the mob have proved fruitless, he telephoned to Governor Houx at Cheyenne this afternoon. None of the mob members wore masks, but the sheriff was not able to identify any of them.

The last lynching in Wyoming occurred in this county about one year ago when a negro was hanged for an attack upon a white woman. Only four persons participated in the hanging and their identity never was learned.

MAY OFFER REWARD.
CHEYENNE, Wyo., Dec. 10.—A report of the lynching at Green River was telephoned to Governor Houx's secretary today by Sheriff Dixon of

Sweetwater county. It is probable the governor will offer a reward of \$500 for the arrest of any member of the mob. It was said at the state house this afternoon.

T. R. WOULD FORM ALL- ENGLISH ALLIANCE

(By Review Leased Wire)
NEW YORK, Dec. 10.—That the United States and Great Britain could today agree to a universal arbitration treaty which would make war between the two nations impossible for all time, is the opinion expressed by Theodore Roosevelt in a letter made public here today, which the colonel wrote to George Haven Putnam, president of the American Rights League.

"I am now prepared to say what five years ago I would not have said," the former president wrote. "I think the time has come when the United States and the British empire can agree to universal arbitration treaty. In other words, I believe that the time has come when we should say that under no circumstances shall there ever be a resort to war between the United States and the British empire, that no question can ever arise between them that cannot be settled in judicial fashion, in some such manner as questions between states of our own union would be settled."

Colonel Roosevelt's letter was written in response to an invitation extended to him by Mr. Putnam to join the English-speaking union of which Arthur J. Balfour, British foreign secretary, is president. Although declining to accept membership, explaining that he was devoting his time "to secure in this country a spirit of undivided nationalism," Colonel Roosevelt said he was in sympathy with the general purpose of the English-speaking union.

In his letter the colonel also expressed the opinion that the United States should not try to build a navy equal to England's, which he described as "probably the most potent instrumentality for peace in the world," but that America's navy should be second in strength.

WHO WOULDN'T BE A CHINK?

SAN FRANCISCO, Dec. 10.—A general exodus of brewing capital from the United States to the Orient was foretold in a statement by Rudolph Samet, president of the California State Brewers' association, which today ended its annual session here.

"We are looking to China as the best place to locate," Mr. Samet said. "I am leaving in a few days for that country to arrange for the construction of a \$2,000,000 plant for the Rainier Brewing company. Other breweries are making similar arrangements."

WRITE THE BOYS OVER THERE A CHRISTMAS NOTE.

NEW YORK, Dec. 10.—An appeal to the people of the country to make a concentrated effort to "break down the barrier created by 3000 miles of ocean" between American troops and their home land by writing "letters full of the home flavor," was made here today jointly by the war department commission on training camp activities and Secretary of War Baker.

RETURNING SHIP GIVES INVALIDS BAD TREATMENT

NEW YORK, Dec. 10.—Bringing 2350 American soldiers, the British transport, Empress of Britain, arrived here today after a stormy passage across the Atlantic. Of the 500 of the men returning on the Empress of Britain the shriek of an air raid siren just installed on a police boat served to remind them of dangers under which they had fought. These soldiers included wounded of the 27th, 30th, 33rd and 37th divisions. Some had lost arms or legs.

The other troops were from training camps in England and included men of the 307th, 331st, 140th, 337th, 256th and 834th aero squadrons and the 10th, 13th, 14th and 17th air service construction companies.

WOUNDED FORGET PAIN.

NEW YORK, Dec. 10.—Wounded American soldiers arriving here today from overseas on the steamer Kronland, forgot their injuries in their joy at the reception New York accorded them. When the police band on the patrol boat bearing the mayor's welcoming committee struck up "Keep the Home Fires Burning" and "Home, Sweet Home" as it came alongside the Kronland, caps, canes and crutches were thrown into the air and the maimed and wounded, waving with the well and strong, danced and cheered. The Kronland brought 62 officers, 1180 enlisted men and 1096 civilians. The Empress of Britain, which also arrived today, brought 2450 soldiers. The men will be embarked tomorrow.

AMERICAN COMMANDER AVERTS SERIOUS CLASH

(By Review Leased Wire)
LONDON, Dec. 10.—The Manchester Guardian says it has received from a well-informed allied source the statement that "another very serious incident has been provoked by the forward action of Italy on the Adriatic coast." The newspaper's informant continues: "Ten days ago, though perfect quiet reigned in that district and Serbian contingents from Gen. Franchet d'Esperey's army already were in occupation of Cetinje, the Italians insisted on landing 2000 troops at Cattaro, in Dalmatia. Happily, to counterbalance this, the allies secured the presence of an equal number of troops, including French and American soldiers.

"The Italians, however, showed signs of behaving as masters and proceeded to demand the lowering of the national flag. An armed conflict was averted owing to the active intervention of the American commander. The national flag and emblems remain in position."

NEW YORK, Dec. 10.—A resolution to be sent by wireless to President Wilson on board the transport George Washington, urging him to work at the peace conference for the self-determination of Ireland, was adopted tonight at an "Irish self-determination" mass meeting at Madison Square Garden.

"There are nine active leagues in our association and I have received assurances from all of them that they desire to govern their own affairs."

(By Review Leased Wire)
BALTIMORE, Dec. 10.—Development of trade with the Latin-American countries and the improvement and further construction of inland waterways were leading features in the dis-

ussions of after-the-war before the various sections of the Southern Commercial congress today. At the session of the house of governors tonight, Governor Boyle of Nevada, declared that "if the western spirit prevailed in the south the land between Baltimore and New Orleans could not be duplicated in any other territory in the country." Governor Boyle told how the barren and unused lands in the west had in recent years been converted into fertile and productive territory and pointed out to the southerners the opportunities presented for similar work throughout the south and southwest.
