

# ACCIDENTAL, IS DEATH VERDICT ON W. K. PITZER

### Switchman Fell Under Car When His Hands Slipped Off Brakes, Coroner's Jury Find; Body Was Terribly Crushed

Unavoidable accident was the verdict of a coroner's jury rendered last evening at the inquest conducted by Justice of the Peace James Allison into the death of W. K. Pitzer, the El Paso & Southwestern switchman who was run over and killed by a car near the Czar shaft Thursday night. Pitzer, who was terribly crushed and mangled, lived for several hours after the accident and was conscious most of the time, but died shortly after midnight yesterday at the Copper Queen hospital.

Seven witnesses, among them railroad men who saw the accident, testified at the inquest. It appeared that Pitzer was attempting to set the brakes on a car, which had been "kicked" onto a side track on the hill by a locomotive, but that his hands slipped and he fell under the car. No reason could be ascribed for the accident except that his hands must have slipped.

The wheels did not pass over Pitzer's body but he was caught by the brake rigging under the car, dragged for some feet and badly crushed. The car ran up the grade a few yards and then, Pitzer having been unable to set the brakes, it rolled back down the grade and over his body a second time.

Pitzer was a member of the Kenova, West Virginia, lodge of Masons, and also had a brother at Roanoke, Va. The body, which is at the Palace undertaking rooms, will be sent either to Kenova or Roanoke for burial. Definite instructions from his relatives are now being awaited.

Pitzer also belonged to the Eagles and to the Switchmen's union. He had worked at Yuma and Prescott, among other places in the state. He was about 35 years old and unmarried.

The members of the coroner's jury were W. A. Campbell, William Arndt, Edward Clague, O. S. French, W. J. Bartley and L. A. Ritchey.

# Gen. Calles Defied In Mescal War, Report

DOUGLAS, Aug. 8.—President Municipal Jorge Tato of Agua Prieta, has defied Gov. P. Elias Calles, according to well authenticated reports in Agua Prieta, and has refused to obey the governor's orders, including one demanding his resignation as president.

The trouble, it is said, is the result of Governor Calles' determination to enforce his recent decree against the manufacture and sale of mescal. The story goes that a few days ago Governor Calles telegraphed Mr. Tato and ordered that he send at once to Hermosillo any person or persons, male or female, who had been or were violating his order prohibiting the sale of mescal.

Mr. Tato answered that it would be impossible to do that, whereupon the governor replied that he must either obey the order or resign as president. To this Mr. Tato is said to have replied that he would do neither, virtually defying the governor.

The outcome of the clash will be nobody knows, but it has created considerable excitement in Agua Prieta, where the sentiment is strongly back of Presidente Tato. The office of presidente municipal is elective. Whether the occupant can be removed by the governor remains to be seen.

# Nacozari Railroad To Resume Traffic

DOUGLAS, Aug. 8.—Officials of the Nacozari railroad announced this morning that freight and passenger traffic between Nacozari and Douglas will be resumed tomorrow, after being suspended since July 31, due to the washing out of the bridge over the Fronteras river at Fronteras, the largest bridge on the line. Since that time workmen have been busy night and day rebuilding the bridge, and tomorrow it will be ready to accommodate traffic.

Trains will arrive and depart tomorrow at the regular time, the train from the south arriving at 11:30 a. m., and departing at 1:35 p. m. This is Mexican time, which is one hour slower than American time.

**Farm Labor Status In Cochise County**  
J. C. Miller, farm labor specialist, connected with the extension service of the university, has just issued a valuable summarized report of the farm labor situation and crop prospects in various counties of the state. The report for Cochise county follows:  
Crop prospect 90 per cent with sufficient help to handle. Full harvest expected.  
Wages: \$50-\$60 per month with board; \$75-\$90 without board.  
Applicants for work may be referred to county agent for placement. Returning soldiers will be cared for.

# SILVER BELL'S FAMOUS MINES ARE REOPENED

### Closed Since Armistice, Old Camps Resume Work With Rising Copper Price, Tucson District Is Flourishing Again

Edward Massey, deputy state mine inspector, is back from the mining country around Tucson and the Silver Bell district and reports a gratifying resumption of development work in production in both sections. Silver Bell, one of the famous old camps of the state, which has been opened up, closed down and reopened more times perhaps than any place in the state, is again resuming operations.

The mines at Silver Bell closed down soon after the armistice, after a highly profitable war-time production, but with the increased price of copper they are again coming to the front. Mr. Massey reported that the El Tirol property, which is being worked by Percy Williams, has a force of 35 men and is shipping 450 tons of ore a month.

The North Star mine in the Twin Buttes district, belonging to the Midland Copper company, has struck a 4 1/2 to five-foot vein of ore while drifting on the 250-foot level, that will run five percent sulphide.

The Queen, also owned by the Midland company, has shipped 200 tons of 15 per cent ore.

At Mineral Hill the Consolidated Copper company is doing development work and has opened up a big body of ore on the 700-foot level which will be shipped to Tucson. The company expects to construct its own mill within a year.

# WAR DECLARED ON VIOLATORS TRAFFIC LAWS

### Eleven Arrests Made In Last Three Days; New, Stricter Traffic Ordinance Is Now Being Drawn By City Atty.

In line with the city authorities' determination that reckless automobile driving and the violation of the traffic ordinances must cease, Chief of Police Kempton and his men are conducting a vigorous campaign down town in an effort to straighten out the automobile tangle.

Three arrests were made yesterday, and four on each of the two preceding days for various violations of the traffic laws. The three arrests made yesterday were all for parking near a fire-plug.

"It seems too bad to arrest people on these trivial charges and compel them to pay fines," Chief Kempton said yesterday, "but it seems to be necessary. Any person who drives an automobile should know the rules against parking near a fire plug, and yet they continue to do so and risk arrest, rather than drive on a little farther."

"The same in regard to passing a standing street car. This is a highly dangerous practice and strictly against the law, and yet motorists will take a chance and drive by a street car when it is loading or unloading passengers, rather than wait a minute, and then complain bitterly when they are arrested."

"All the traffic ordinances are sensible, if the motorist will only look at them in the right light. They safeguard the many against the few and are necessary if the streets are to be kept safe for pedestrians. There has been too much laxity in the past, but from now on the ordinances must be obeyed."

City Attorney Sam Kyle was in conference with Chief Kempton yesterday drawing up a new traffic ordinance. This will cover many points not now covered in the present traffic regulations and will provide jail sentences for confirmed speeders and for those driving a car while intoxicated.

The action of Justice of the Peace J. L. Winters Thursday in sentencing a speeder who had been repeatedly warned, to a day in jail, was universally commended by the city officials yesterday.

**AT COPPER QUEEN.**  
Arrivals at the Copper Queen hotel yesterday included J. L. McAllen, Denver, Colo.; J. V. Cockrum, Goldthwaite, Tex.; J. B. Bouick, San Francisco; E. Kahan, Globe; William Saricks, Douglas; William C. Langdon, Globe; C. J. Russell, Phoenix; Ira Hall, Phoenix; J. T. Windrem, Los Angeles; Harry E. Pickett, Douglas; C. M. Martinez, Cananea; A. R. Mendez, Cananea; B. W. Scott, Tucumcari, N. M.; Mrs. E. Marcoux Simpson, St. Louis; A. R. Henning, Phoenix; O. E. Fischer, Albuquerque, N. M.; Frank Newton, Rockdale, Tex.; J. W. Brownfield, El Paso; A. F. Pecklo, Douglas; John J. McCourt, Douglas.

# Tips of the Town

**IN TOMBSTONE**  
Joe Hodges of Lowell was a visitor in Tombstone yesterday, returning last evening.

**RECOVERING IN S. F.**  
Friends have received word that Mrs. J. W. Toland of Warren who has been in a San Francisco hospital some time as the result of an operation, is recovering rapidly.

**TO RETURN FROM EAST**  
The Miss Barbara and Florence Watkins will return today after a visit with relatives at Barneveld, Wis.

**FROM NEW MEXICO**  
Dr. W. B. Scott, formerly a resident of Bisbee, but now at Tucumcari, N. M., is visiting in the city.

**NEW SON ARRIVES**  
Friends have received word of the arrival of a son at the Benson home of Mr. and Mrs. Warner J. Smith, formerly of this city.

**PURCHASES HOTEL**  
Mrs. J. Griffith of Bisbee, who has conducted hotels here and in Los Angeles, has purchased a hotel in Douglas.

**FROM GLOBE**  
E. Kahan of Globe, formerly an officer with the Seventeenth cavalry in Douglas, is visiting friends in Bisbee. Mr. Kahan is now in the automobile business at Globe.

**CALLED BY MOTHER'S ILLNESS**  
Mrs. G. W. Bronson will return today from California, having been called home by the illness of her mother.

**TO PROBE WASHOUT**  
According to L. C. E. Adams, chairman of the board of supervisors, the board will meet at Tombstone next Monday to begin an investigation into the washing out of the \$30,000 concrete bridge across the San Pedro river near Benson.

**IN FROM RANCH**  
"Bob" Johnson and wife are in from their ranch in Government Draw between here and Tombstone.

**FROM WILLCOX**  
H. H. Page, agent at Willcox for the Studebaker automobile, was in Bisbee yesterday.

**TO ENTER U. OF C.**  
Vivian Muirhead, an employe of the Bisbee Auto company, will leave Sunday for Berkeley to enter the University of California. Nemo Debelly also will leave next week to attend the U. of C.

**FROM HEREFORD**  
G. J. McCabe was in yesterday from his ranch near Hereford.

**FUNERAL OF INFANT**  
John Frederick Trimble, the year-old child of Mr. and Mrs. Edwin Trimble of Naco, was buried there Thursday afternoon. The funeral was handled by the Palace Undertaking company of Bisbee, and the Rev. Mr. Kirchbaum of this city conducted the service.

**RED CROSS CLOSED TODAY**  
The Red Cross office will be closed Saturday, August 9. It will open as usual Monday, 8 a. m. to 5 p. m.

**Burns and Lincoln Bout Is Called Off; Burns Gets 'Roast'**  
Instead of the Burns-Lincoln match at Nogales tonight, the Line city will have a bout between Whirlwind Langford of the 25th infantry, and Rufus Williams. The Burns-Lincoln scrap was scheduled first for tonight, then postponed a week and finally called off entirely.

The disagreement arose over the fact that after terms were reached, Burns decided to hold out for a bigger split on gate receipts.

The fighting fans, though somewhat disappointed at the unportsmanlike affair which resulted when these two fighters last met at Nogales, were inclined to give Burns the benefit of the doubt and see them go together once more. Now their attitude will be different.

The Nogales Herald came out with an editorial reading Burns out of the game in the state and asking that the fans prevail upon Governor Campbell to appoint a boxing commission in the state. This telegram received from Burns explains the situation:

"After accepting your terms over telephone, I saw my mistake. Wired you from Tucson my terms. No reply from you. Was ordered to Douglas today. Won't be able to come here on ninth. Date week later O. K. Three hundred and privilege of thirty per cent and two round trip tickets from here, Arizona district."

**"BOBBY BURNS"**  
The editorial in the Nogales Herald about Burns' flop follows, in part: "Bobby Burns a pugilist, who carries about with him the title of boxing instructor of the southern department of the United States army, has refused to live up to a telephonic agreement to box Ralph Lincoln, in Nogales Saturday night."

"By his recent actions, that of striking Referee Brown when a decision was rendered against him in his recent fight here with Lincoln, and his 'run out' on the promoters, Burns should be relegated to the garbage heap of pork and bean fighters, quick."

"The game is in its infancy in Arizona and so-called pugilists of the Burns stripe should get the hook promptly. Promoters of boxing who

**BACK FROM NAVY SERVICE**  
Mark Gregovich, one of the most popular of the younger set in Bisbee, has returned to his home, having received his discharge from the navy. Mr. Gregovich made four trips across the Atlantic and has seen service on both the Atlantic and Pacific coasts.

**RETURNS FROM BERKELEY**  
"Jud" Allen, an old-time railroad man of Lowell, has returned from Berkeley, Cal., where he has been for some time.

**SHERIFF HERE**  
Sheriff James F. McDonald motored yesterday from the county seat at Tombstone.

**VISITORS FROM LONG BEACH**  
Mrs. Marion Watson and two daughters of Long Beach, Cal., are visiting Mrs. Watson's sister, Mrs. Ed Barnett, at the Night and Day ranch near Don Luis.

**PIONEER LEAVES**  
C. W. House, an old-timer who has made Bisbee his home for eighteen years, is leaving today for Eastland, Tex.

**FINE PEACHES**  
The Bisbee Review office is in receipt of some delicious free stone peaches, presented by Mrs. P. F. Prather. They were grown on her ranch about eight miles over the divide, where Mrs. Prather has 200 trees. The peaches are the largest and finest seen in Bisbee this season.

**TO ADDRESS LUNCHEON CLUB**  
Hoyal A. Smith, pioneer mining man and engineer of the Warren district, has consented to make an informal talk at the meeting of the Luncheon club at the Copper Queen hotel Thursday noon next.

**TO DOUGLAS**  
J. C. Ryan, engineer for the county highway commission, went to Douglas yesterday to look over that end of the highway now being paved.

**VISITED IN DOUGLAS**  
Edward Plumb, the Lowell automobile dealer, was a business visitor yesterday in Douglas.

**DAVENPORT SUCCEEDS DONAHUE**  
F. S. Davenport has been appointed to succeed W. J. Donahue as manager for the supply department of the Phelps Dodge corporation. Mr. Donahue having gone to Phoenix to fill the post of state purchasing agent.

Mr. Davenport has been a resident of Bisbee and the Warren district for the past fifteen years.

**BARNES APPOINTED**  
The vacancy in the management of the Phelps Dodge Mercantile company store at Warren, caused by the recent death of Dennis Kehoe, has been filled by the appointment of G. F. Barnes, former head clerk in the grocery department of the Phelps Dodge store at Douglas.

**TO TOMBSTONE**  
Harry Pickett, Douglas attorney, will be a passenger for Tombstone this morning on the Rockhill stage.

**BUYS STUDEBAKER**  
James F. Parr of Bisbee yesterday bought a Studebaker Four machine from the Bisbee Auto company.

**Losing Race, Lowell Peace Officers Try Strategy and Win**  
Deputy Sheriff Tom Foster and H. H. Bohmfalk, two of Lowell's heavyweight guardians of the law, qualified as marathon runners Thursday night as the result of a shooting affray in "Tintown" in which one Mexican was shot through the leg. The two officers loped up the hills after the Mexican accused of the shooting and while they did not win the race, being distanced from the start, they showed promising long-distance qualities.

They returned to town minus several pounds in flesh and also minus the Mexican, but they tried strategy yesterday morning instead of speed and landed the man behind the bars after corraling him in his "Tintown" haunt.

The shooting appears to have been the result of a "good-natured" alcohol party in Tintown which later broke up in a row and in which a gun was drawn. In the melee the weapon was discharged and Manuel Llevas was shot through the leg. The officers were called and Juan Bersino, accused of the shooting, took to the hills with Foster and Bohmfalk in pursuit.

Bersino showed that with two deputies after him he can do 100 yards in better than ten seconds.

Bersino was arraigned before Justice of the Peace J. L. Winters last evening and fined \$10. Llevas is recovering from his wound at his "Tintown" domicile.

are trying to give the fans clean sport must be protected from such persons as Burns, who have no idea of a gentleman's agreement.

"Such actions as indulged in by Burns killed the racing and fight game in California. Double crossers and four-flushers in the boxing game should not be allowed to obtain a foothold in Arizona.

"It is suggested that a boxing commission be immediately appointed by Governor Campbell to regulate the game in the state in order that the promoters and public be protected. It is also suggested that a blacklist be established for pugilists of the Burns stripe."

# BISBEE SCHOOL FOR TEACHERS ENDS SESSIONS

### Examinations Being Conducted Today; Attendance For This Year, and General Interest Shows Gratifying Increase

Yesterday was the last day of the summer school which has been conducted here for the past six weeks under the auspices of the University of Arizona, and today examinations are being held. Teachers and pupils are making plans either to take their vacations, or to remain here and continue at work.

Prof. H. H. Foster, who has been in charge of the school, expressed himself yesterday as highly pleased with the success of this term. There were 45 pupils as against 30 last year, and there was manifest an encouraging increase in interest. While started as an experiment, the summer school now seems assured of becoming a permanent institution.

Of the six teachers from the faculty of the university who have been in attendance at the school, Miss Beulah Coon will leave for Los Angeles and Mrs. A. E. Douglas will continue her work in the schools here.

Professor Foster and Superintendent of Schools C. F. Philbrook will leave Wednesday by auto for an outing trip in the northern part of the state around Prescott. They will spend the time camping out and in hunting and fishing. Professors Honn, Gordon and Payne probably will accompany them.

No formal exercises will mark the close of the summer school session, for, as Dr. Foster said yesterday, the term has been one in which hard work was the main feature.

# THREE DISTRICT BALL TEAMS IN ACTION SUNDAY

### Bisbee Club Plays the 19th Infantry at Douglas, Lowell Meets 1st Cav. in Warren, Bisbee Cubs Play in Willcox

All three baseball clubs of the Warren district will be in action tomorrow, the newly reorganized Bisbee Cubs have made arrangements to go over to Willcox and take on the crack nine of that city. The regular Bisbee club will go against the Nineteenth Infantry at Douglas, and Bert Whaling's reinforced Lowellites will clash with the First Cavalry at the Warren grounds.

The Bisbee Cubs, under the management of Al Kobey, have been strengthened by the addition of two new men, Purse, outfielder, and Jeffrey, pitcher. The team is composed exclusively of Bisbee talent, no imported men or professionals being used. The battery in Sunday's game with Willcox probably will be Cochran and Kobey.

The Lowell team will have in its line-up against the cavalrymen the four players from El Paso who have been "blacklisted" by the club in that city which they left when they came here to play. The "blacklist" story caused considerable amusement among the players yesterday. In the first place, the club to which they belonged and the one in which they are now playing are not in organized baseball and any "blacklist" could be ineffective.

The players say they notified the manager of their intention to leave, but that he went to Cloudfort a day or so later, and was not in El Paso when they left for Bisbee. They could not wait for his return to have a formal leaving-taking and to this they attributed their "blacklisting." They were only getting \$96 a month in El Paso and could not well afford to pass up the offer made them by the Lowell club.

Brandt and Le Brandt will be the battery for Lowell in tomorrow's game.

A large crowd will accompany the regular Bisbee team to Douglas in the hope that the boys will succeed in stopping their recent losing streak and hang up a victory against the soldiers.

# Lu Princeton Loses Grand Circuit Race

CLEVELAND, Aug. 8.—Thomas W. Murphy of Poughkeepsie, N. Y., captured the leader 2:08 pace with Direct C. Burnett, and then won the special match race with Ante Guy over Walter Cox's great trotter, Lu Princeton, in the features of today's Grand Circuit card at North Randall.

In winning these events Murphy set two season's records. In the first heat of the Leader pace, Murphy drove the final quarter in 27 1/2 seconds, the fastest quarter over any track this season. In the special trot, Murphy brought Ante Guy home a winner in the second heat in 2:03 1/4, establishing a season's trotting record.

# PUSH WORK ON NEW BARRACKS AT CAMP NAGO

### Present Delay In Building Is Only Temporary Says Capt. Seymour; Vast Plans Made By U. S. for Work on Border

Capt. Seymour, constructing quartermaster at Camp Naco, says that work on the new barracks there has been delayed on account of curtailment of all construction work along the Mexican border. He expects, however, that the tieup from "higher up" will soon straighten out sufficiently to enable him to push along the extensive work planned for Camp Naco. Captain Seymour expects soon to make his home at Warren.

An idea of what the war department is doing to care for its soldiers in war camps along the international boundary from El Paso to 50 miles west of Nogales, Ariz., can be obtained when it is considered that 596 buildings are to be constructed for that purpose in nine different camps. Water systems go with all these camps and sewer and lighting systems in most of them.

O. P. Kroeger and F. M. Hayner have charge of all work west of El Paso to Nogales. The construction at the nine camps follows:

At Columbus, N. M., there are to be 320 buildings, all frame and now well under way; also sewer and water systems.

At Douglas, Ariz., there are to be 90 buildings, with sewer and water systems.

At Hachita, N. M., 15 buildings were started this week, together with sewer, water and light systems.

At Fort Huachuca, Ariz., there were started this week 41 buildings. A water system goes in at this camp.

At Culbertson's ranch, south of Hachita, there are to be 11 buildings, a new water storage tank and water system. This work has not been commenced.

At Naco, Ariz., work not commenced, there are to be 35 adobe buildings and water and sewer systems. This is the only border post where the buildings are to be of adobe and the adobe are not yet made.

At Nogales there will be 73 frame buildings and a complete sewer system. This camp was best prepared of any west of El Paso to have the work done, as Capt. Capron has materials assembled there.

Out from Nogales are to be two outposts, Arivaca, 50 miles west and north, where are to be six buildings, with a complete water system; and at Lochiel, 26 miles southwest of Nogales, where will be built six buildings and a sewer system.

# Take Orders Today For Bacon Purchase

R. J. Wilbert, chairman of the Central Labor Union's food committee, which is co-operating with Mayor Erickson in the purchase of a carload of bacon from the army, will be at union headquarters in the Philadelphia hotel building on O. K. street today from 9 to 12 and from 1 to 6 o'clock to receive orders of those who wish to buy part of the bacon. The car of bacon will cost a little more than \$1,000 and orders for a little more than half this amount have already been obtained by Mayor Erickson and the labor unions. It is expected that sufficient additional orders will be booked today by Mr. Wilbert to make the purchase of the carload of bacon possible.

**TO COAST**  
Miss L. Bueler left last night for the coast.

**TO LOS ANGELES**  
Dorothy Muat left last night for Los Angeles.

**TO COAST**  
Miss L. Bueler left last night for the coast.

**TO LOS ANGELES**  
Dorothy Muat left last night for Los Angeles.

# Funeral of Victim Of Typhoid Today

The funeral of Frank Ugrim, who died of typhoid fever at the Copper Queen hospital Thursday night, will be held at 2 o'clock this afternoon at the chapel of the Palace Undertaking company. The Rev. Father Mandin will conduct the services and interment will be in Evergreen cemetery. Ugrim, who was a miner, developed the disease at Patagonia, where he was employed, and was brought to Bisbee for treatment.

Ugrim was a native of Austria and 27 years old. He leaves a wife and a baby 13 days old.
