MARITIME 'DRY' RULING GOES INTO EFFECT

To Ask Indictments In Mystery Murder

PROSECUTOR IS CONFIDENT OF STRONGER CASE

Grand Jury to Be Asked to Indict Two in New Jersey Double Slaying Case

TWO ARE QUESTIONED

Refuses to Disclose Identity of Two Who Are Said to Be Witnesses of Crime

NEW BRUNSWICK, N. J., Oct. 21.—Developments in the investigation of the murder of Rev. Wheeler Hall and Mrs. Eleanor Reinhardt Mills tonight centered about the sitting of the Somerset county grand jury at Somerville Monday, when, it is learned, indictments against at least two persons, probably a man and a woman, will be asked by County Prosecutor Beekman.

Confident that he has built up a stronger case than is generally believed, Prosecutor Beekman today questioned several of the newer figures in the mystery. He disclosed nothing of the results, nor the identity of the two persons, said to be witnesses of the double slaying, upon whose testimony he is believed to rely greatly in obtaining the indictments. Two persons were questioned today, one a maid in the Hall home and the other a vestry man in the pastor's church. The latter, Ralph V. Gorsline who was examined in his home by Prosecutor Beekman, was reported to have accompanied a young woman home from the Y. M. C. A. on the night of the murder. Whether in so doing, he chanced upon knowledge of the crime either in passing the scene of the murder or else where was not learned.

Timothy N. Pfeiffer, counsel for Mrs. Hall, made known the nature of the examination of Barbara Tough, a maid in the Hall home, who was grilled for two hours today. The maid denied, he said, that Mrs. Hall had told her of the minister's death before the finding of the bodies was announced. It has been reported that Mrs. Hall asked her maid to wash some white socks an hour before the murders became known, saying: "My Hall is dead, and he will need them."

Whether it is upon these witnesses that Prosecutor Beekman intends to build the case he will present to the grand jury Monday, or upon discoveries not yet made public is not known. He expressed confidence in obtaining an indictment, saying he has "something" to justify his action in putting the case before that body.

Assassins Set Day For Wirth's Death; Chancellor Lives

BERLIN, Oct. 21.—This was the day set for the assassination of Chancellor Wirth, but he was still living and happy tonight, and a young man, said by the police to have informed them of the plot, remained imprisoned at Hagen in the province of Westphalia. According to the information which the police said he gave them, the murder was to have been carried out in the same manner as the assassination of the late Foreign Minister Rathenau. The youth was publicly reported to have said that an organization swore to bring about the assassination of the chancellor had hired him to do it, and that he accepted the engagement, but from the beginning never intended to keep his word.

Nine Burn to Death in Fire in New York

NEW YORK, Oct. 22.—Nine lives were lost and several persons were injured early today in a fire that swept a six-story double tenement house at Lexington avenue and 110th street, containing 24 families.

RE-ELECTED PRESIDENT. PITTSBURGH, Oct. 21.—Mrs. Wilbur P. Thirkfield, Cambridge, Mass., was re-elected president of the Woman's Home Missionary Society at today's session of the board of managers.

STRIKE ORDER IS DEFENDED BY DAUGHERTY

Says Injunction Least Drastic Means of Rescuing U. S. From Civil War

SPEAKS ON WAR FRAUDS

Declares 13 War Time Fraud Indictments Have Already Been Returned

CANTON, Ohio, Oct. 21.—(By the Associated Press)—Making his only campaign speech to the voters of his home state, Attorney General Daugherty tonight gave an accounting of his stewardship at Washington, defending his course in the Chicago injunction proceedings, and in the prosecution of war frauds and declared that despite "accusation and calumny" the department of justice would proceed to perform its duties as it sees them under the constitution.

In the strike emergency, the attorney general said, the federal government used the injunction as the least drastic means at hand for rescuing the country from "the grip of civil war". He associated some of the blame to the radicalism and character of "prominent labor leaders," and some of it to "hard boiled" railway executives, and asserted that any attorney general who would not have acted under the circumstances, "should be impeached."

Declaring the real purpose of attacks on the department's record in war frauds investigation was to force the hand of the government and prematurely disclose important evidence, Mr. Daugherty said such assaults had been inspired not by the department's inactivity, but because tender spots had been touched by the suits already

JEWELL SEEKING TO REOPEN CASE

Shopcrafts Leader Calls Upon Labor Board for First Time Since Union's Strike

CHICAGO, Oct. 21.—(By the Associated Press)—For the first time since the call for the federated shop crafts to walk out on July 1, B. M. Jewell, president of the organization, today called on the United States railroad board, holding a lengthy conference with Chairman Ben Hooper. President Jewell notified Chairman Hooper that the shopcrafts within a few days would present a petition to the board for re-opening of its case against the New York Central, involving establishment of the piece work system in shops at Elkhart, Ind. This question was before the board prior to the walkout.

The meeting between President Jewell and Chairman Hooper was marked by manifest cordiality.

President Jewell's visit with Chairman Hooper is regarded as an indication that his union again will take its place before the board to argue disputes with railroad managements arising prior to the signing of the Baltimore agreement. It was also stated that the union will lean upon the board to hear controversies with roads not parties to the Baltimore agreement. It was unofficially announced that the railroad board will grant President Jewell's petition.

Charge 17-Year-Old Boy With Murder

SAN FRANCISCO, Cal., Oct. 21.—Robert William Lynch, 17 years old, was formally charged with murder tonight. The police say the boy had confessed to killing Thomas J. McCormick, 16, last night, because McCormick had "picked on him."

Ex-Kaiser Maintains Veil of Secrecy Over His Plans for Approaching Nuptials

LOORN, Holland, Oct. 21.—(By the Associated Press)—The veil of secrecy that has hidden the life of the ex-kaiser since he took up his residence in Holland becomes more impenetrable than ever before as curiosity increases abroad due to his forthcoming marriage with the Princess of Reuss. This curiosity does not greatly afflict the villagers of Loorn. They view the approaching nuptials with an air of indifference, even of boredom. Nine-tenths of them are austere Calvinists and they look upon pomp and panoply as sinful vanities. Being strict Sabbatharians they disapprove of William's choice of Sunday as the day for the wedding feast.

But they do not say so out loud, at least the tradesmen who cater to William's estate and the workmen who occasionally are given jobs on the estate are extremely reticent about it all.

Even those who are in the ex-kaiser's entourage, the few Dutch aristocrats who from time to time are received as visitors to the former emperor's retreat carry themselves with a hauteur and a superior air of reserve that even the nerviest reporter cannot penetrate. All that the correspondents have found out is that both the civil and religious wedding ceremonies are to take place November 5 within the premises of the chateau and they will be attended by a Dutch government secretary from The Hague, the governor of the province of Utrecht, the burgomaster of Loorn a few of the Dutch nobility residing on neighboring estates, and about 50 invited guests from Germany, mainly dignitaries under the old regime, and army generals.

WHEREABOUTS OF DESPERADO ARE MYSTERY

Jail Breaker Declared to Be Only One of Band of Alleged Thieves Free

PHOENIX, Oct. 21.—Charlie Fowler, reputed bad hombre and horse thief, may be in Mexico; he may be in California or he may be in Timbuctoo. There are lots of places in any one of which Charlie may be, but Sheriff W. A. Campbell of Coconino county and Sheriff Frank Wheatland of Montezuma county, Colorado, have quit trying to puzzle it out. Yesterday, the two officers left Phoenix taking with them J. H. Cook, erstwhile partner of Fowler, who was captured by the pursuing posse last Wednesday morning.

Both Cook and Fowler are said to be members of a horse stealing band that has been operating extensively in Colorado. One other member of the band, a man named Smith, arrested with Fowler and Cook near Winslow, is still in jail at Winslow. For some reason he didn't make his getaway when his two pals escaped.

The other two members of the gang are reported to have been arrested in Apache county. Fowler is the only one of the band still at large.

Last reports of Fowler were that he was seen in Yuma at one o'clock Friday morning after having eluded the posse in the neighborhood of Mesa 15 miles east of Phoenix. He is said to have come to Phoenix, bought a railroad ticket to Yuma and then spent a couple of hours looking around the railroad station here waiting for the train to depart.

According to the sheriff and Fowler's partner, J. H. Cook, the fugitive comes from a respectable and well known family and his father is said to have been at one time postmaster in Cortez, the county seat of Montezuma county, Colorado.

Asserts U. S. Tariff Threatens Europe With Destitution

BERLIN, Oct. 21.—(By the Associated Press)—The tariff of the United States, coupled with the demand for repayment of war loans, threatens to drive Europe to destitution, declared Herr Gothein, former minister of finance and at present Democratic leader in the Reichstag, discussing the new tariff policy of the United States today.

"If the United States does not accept European industrial products in payment," he added, "she will lose Europe shortly as a buyer."

"Such goods as Europe cannot dispose with will be obtained from other lands which will take the products of European industry in exchange."

LEGION HEAD TO SPEAK. NOGALES, Oct. 21.—Celora M. Stoddard of Phoenix, Arizona, state commander of the American Legion, will be the principal speaker at the armistice day celebration in this city, it was announced tonight at headquarters of the local post.

LYDD GEORGE IN DEFENSE OF PERFORMANCES

Retiring Premier Defends His Administration to Big Leeds Audience

PLANS REMAIN SECRET

Refrains From Revealing Any Part of His Future Plans; Deals Only With Past

LEEDS, Oct. 21.—(By the Associated Press)—In a characteristic speech before a sympathetic audience today David Lloyd George defended his administration but refrained from revealing his program. He spoke strongly of the past, but vaguely of the future. Apparently his plans are not yet formed, or he feels that the time is not ripe for disclosing them.

He promised the people that whatever the future might bring, he would do nothing mean or paltry, declaring: "I will play no part that is unworthy of the confidence placed in me by the people of this country at the greatest moment in the empire's history."

Mr. Lloyd George did not say specifically that it was his purpose to lead the liberal body. He did refrain as at Manchester, from endorsing Austen Chamberlain's pronouncement that the labor party was a menace to the country. After reviewing the achievements of his government in war and peace, and particularly holding up its success in restoring Great Britain's commercial prestige, he exclaimed: "And they have smashed the combination that has pulled through our trade, our commerce and our credit throughout the world; it is a crime against the nation."

He voiced a warm tribute to his chancellors of the exchequer, Mr.

M'ADOO ATTACKS TARIFF MEASURE

Declares International Co-operation to Prevent War One of Big Problems

PEORIA, Ill., Oct. 21.—International co-operation to prevent war and a sound basis for agriculture are among the biggest problems confronting the country, William G. McAdoo, former secretary of the treasury, declared here tonight in a Democratic campaign address. He charged that the Republican administration had by a policy of deflation, destroyed prosperity. He also attacked the Fordney-McCumber tariff bill.

"It is estimated that the cost of living to the American people will be increased by the Fordney-McCumber bill \$4,000,000,000 per annum, of which only \$400,000,000 will go into the federal treasury," he said.

The speaker charged that the framers of the bill proposed to destroyed American foreign trade and keep the American markets for monopolists declaring that destruction or restriction of foreign trade "does secret and irreparable injury to the American farmer and working man. With his foreign market cut off, the farmer must dump his surplus on the home market at ruinous prices."

Similarly with foreign markets restricted, manufacturers do not work to capacity and the working man is affected, he said.

League of Nations Opens Conference

VIENNA, Oct. 20.—The league of nations association opened a conference here today with delegates seated from 19 countries. America was represented by Professor Jeremiah Jenks of New York University. Turkey and the Ukraine had the largest delegations.

Total Number Mail Clerks Arraigned Now Reaches 30

COUNCIL BLUFFS, Ia., Oct. 21.—The total of clerks arraigned for robbery of the United States mails here, was brought to 30 this afternoon when Alva M. Young, Des Moines, surrendered himself, pleaded guilty and furnished bond of \$250. The other four men for whom warrants have been issued, have arranged to surrender Monday, the inspectors said tonight. The thirty-four are all the mail theft cases which will be presented to the federal grand jury which convenes October 31, Inspector C. H. Glenn, in charge of the investigation said tonight.

60 MORE I. W. W. MEMBERS SEIZED AND LOCKED UP

Portland Police Turn Attention to Members of Local I. W. W. Organization

PORTLAND, Ore., Oct. 21.—With the threatened I. W. W. invasion of Portland a complete failure, according to officials, police again turned their attention to local members of the organization today and in a wholesale raid on the I. W. W. hall arrested sixty alleged radicals.

The 60, all of whom had been through the municipal court and who had been released earlier in the day, were locked up on charges of vagrancy. Orders issued by police chief Jenkins definitely closed the I. W. W. headquarters, and it was said, further attempts to hold meetings would result in more wholesale raids. The day was quiet so far as the longshoremen's strike was concerned, picket lines were reduced, according to police reports. No violence was attempted. Non-union men went to and from their work without molestation.

Though police squads searched all incoming freight trains today, they were able to find no one who might be classed as a "red."

Sixteen men who admitted membership in the I. W. W. were among those released in municipal court today by Judge Ekwall. They had been charged by the police with vagrancy. The judge stated, in ordering the men's release, that his association with radicals in the last few days had made him a "bit of a radical himself."

The statement of Judge Ekwall came following the examination of a foreigner who had been arrested by the police. The court asked the prisoner if he was an I. W. W.

"No, I wasn't until I was put in jail last night. Now I am one," the defendant answered.

"Well, I was made something of a radical myself yesterday," the jurist answered. Despite the apparent change of attitude of the municipal court, the police continued their campaign against the "undesirables." Between midnight and six o'clock tonight 95 persons, 60 of whom were avowed I. W. W. were arrested. Twenty-five were picked up in the I. W. W. hall and about the streets. Eighteen were released after examination by the police.

Obregon Discusses Capital and Labor With Newspapermen

MEXICO CITY, Oct. 21.—(By the Associated Press)—President Obregon, speaking to the newspaper correspondents today said that harmony between capital and labor would be achieved "if capital will place upon its eyes the glasses of large vision, which will permit it to see more clearly into the future."

His declaration was prompted by dispatches from the United States telling of the spread of radicalism there and the energetic means to be adopted by the United States government to meet the movement.

The president asserted that the suspension of guarantees, in Mexico could not be granted at this time, as it permitted of many abuses and was practicable only in abnormal times. Requests for the suspension of guarantees have been made by many persons in view of the epidemic of crime. The revolutionary situation was said by President Obregon to be growing better. He denied that General Joaquin Amaro was in revolt in the states of Coahuila and Nuevo Leon.

EXTENSION OF TIME EXPIRED AT MIDNIGHT; WILL ENFORCE

Enforcement Officials Hopeful of Decision Coming From Federal Court

U. S. REPLY IS DELAYED

State Department Is Awaiting Report Giving Details of Esmeralda Seizure

WASHINGTON, Oct. 21.—Provisions of the liquor statutes, held by Attorney General Daugherty to prohibit transportation and sale of alcoholic beverages on American vessels anywhere and on foreign vessels within three miles of the United States coast became effective tonight at midnight.

The extension of time ordered by President Harding to permit ship lines to arrange their affairs to conform to the ruling expired at midnight and enforcement of the declared suggestions for a further extension had not been approved.

Enforcement officials are hopeful of a decision coming from the federal district court in New York—where the new interpretation of the law is under fire by both foreign and American lines—before the arrival of a vessel in violation of the ban necessitates punitive action against the ship, the agents and her master, as required by law.

It is pointed out that only vessels which clear from foreign ports after midnight tonight come within these restrictions, thus giving a further "automatic stay" of from five to seven days in the cases of most ships on the regular Atlantic routes and of an even longer period with respect to ships crossing the Pacific.

Reply by the state department to the protests of Great Britain against seizure of the Canadian steamer Emerald tonight still was awaiting a detailed report from the New York prohibition director giving details of the case against that ship. The brief report received yesterday, declaring the Emerald had illegally communicated with the shore by means of small boats was not considered sufficiently informative for the purpose of the state department which had requested Secretary Mellon to obtain and transmit all details bearing upon the incident.

Under the policy announced by President Harding, enforcement of the liquor and customs laws at sea would be restricted to the three mile zone except in cases of ships which had established communication with American territory by their own boats, or in such a manner as brought them within the purview of court decisions holding such craft to be legally within the zone, although physically outside.

Recognition of Sultan's Authority to Govern Refused

CONSTANTINOPLE, Oct. 21.—Rafet Pasha announced tonight that the Ankara government refused to recognize the sultan's authority to govern the Turks. It respected the Caliphate as a religious symbol, but declined to admit the sultan's temporal power. "The Nationalists," he added, "will not be ruled by monarchs. We are the champions of the democracy, which is dawning in the Near East."

New Type Airplane Wing Is Successful

NEW YORK, Oct. 21.—Development of a new type of airplane wing for the United States mail service, which it is declared, will more than double the carrying capacity of the planes now in use, was announced today by the Aeromarine Airways, Inc. The new wing, designed by Paul G. Zimmerman, Aeromarine Airways engineer, said the announcement, in flights between New York and Washington, a standard mail plane equipped with the wings, carried 1,032 pounds of mail instead of the usual 400 pounds.

With the new wings, the announcement said, speeds as low as 68 miles an hour and as high as 100 miles could be maintained.
