## SULTAN QUILTS TURKEY IN FEAR OF LIFE

### Plan War Control of Nation's Resources

#### DECLARES NEW DEFENSE PLAN CONTEMPLATED

Government May Take Over  
Industry, Agriculture and  
Transport, Says Pershing

#### PLAN BOARD CONTROL

Declares Army Has Had Im-  
portant Call Every 18  
Months of Existence

NEW YORK, Nov. 17.—National de-  
fense plans of the war department con-  
templated governmental control of the  
entire resources of the country under  
"an efficiency council or board of con-  
trol," General Pershing announced  
here tonight, speaking at Madison  
Square Garden before the Merchants  
Association of New York.

"According to these plans," General  
Pershing said, "the industrial and man-  
ufacturing institutions, agriculture  
and transportation would be under  
government control, while personnel  
pertaining to all of them would be mu-  
stered into the service are those that  
are called to the colors. An efficiency  
council, or board of control, conform-  
ing to our experience in the war,  
would then be placed in charge of all  
resources with authority to make such  
disposition of them as would be nec-  
essary for the success of the nation in  
war."

"The initial organization and the  
system to be adopted should soon be  
in such tangible form that personnel  
could be selected and organized in  
readiness to take up their duties when  
needed."

"It is the duty of the war depart-  
ment to study the general needs of  
the country in both men and material  
to meet the exigencies of war. The  
conclusions place certain obligations  
upon the army personnel in addition  
to its duty as an arm of the adminis-  
tration for a consideration of which  
the strength of the army can be de-  
termined. But our recommendations  
often go unheeded, partly because  
those who hold the purse strings will  
not understand and partly because in  
the past it has been a more or less  
popular thing to cry out against the  
army as being militaristic or as dan-  
gerous to the liberties of the people or  
some such ridiculous plea that might  
appeal to the ignorant voter."

Discussing the function of business  
in war, General Pershing said:  
"That the conduct of war is a big  
business enterprise which involves a  
knowledge of business principles on

#### Former Secretary of War, General Wright, Dies After Illness

MEMPHIS, Tenn., Nov. 17.—General  
Lake E. Wright, former secretary of  
war and former governor-general of  
the Philippines, died at his home  
here tonight after an illness of sev-  
eral months.

General Wright, who was promi-  
nent in the political and public life  
of Memphis for more than a half  
century, suffered a fall several  
months ago and since has been in  
failing health.

General Wright who was born in  
Tennessee in 1846, was a confederate  
veteran, serving with distinction first  
with the 54th Tennessee infantry  
and later joining Wright's battery  
and artillery unit.

Although a Democrat in politics,  
he was first appointed to federal  
office by President McKinley, who  
named him a member of Philippine  
commission. Later he became vice-  
governor and then governor gen-  
eral of the Philippines. He resigned  
the later position in 1906 to become  
ambassador to Japan. During the  
year he spent in Tokyo he handled  
a number of delicate situations aris-  
ing from California's protest against  
the "open door" as it applied to  
Japanese immigration. He resigned  
as ambassador to become secretary  
of war in President Roosevelt's cab-  
inet. Following his resignation he  
spent several months in world travel  
afterward returning to his home in  
Memphis and resuming the practice  
of law.

#### SUCCESS SEEN AS RESULT OF PEACE CONFAB

Official Circles Express Their  
Belief Treaty Will Be  
Negotiated With Turk

#### OBSERVERS' SCOPE WIDE

Activities of Representatives  
Not to Be Limited to  
Mere Observing

WASHINGTON, Nov. 17.—Negotia-  
tions of a treaty with the Turkish Na-  
tionalist government is foreseen by  
the American government and the  
part to be taken by the American of-  
ficial observers at the coming Near  
East conference at Lausanne is ex-  
pressed in official circles to pave the  
way for a successful outcome of such  
negotiations.

Discussion of the part the American  
observers are to take in the Lausanne  
meeting brought forth the statement  
on highest authority today that the  
representatives of the United States  
would not be limited to the receipt of  
reports and the gathering of informa-  
tion. The American representatives,  
it was asserted, would not participate  
in the discussions relating to the de-  
termination of territory but when such  
subjects as equality of trade rights,  
the protection of American citizens  
and the safety of racial and religious  
minorities—subjects in which the  
United States is deeply interested—  
come before the conference, the ob-  
servers for this government undoubt-  
edly would be asked to present their  
views. These views, it was said,  
would be fully and completely pre-  
sented to the plenipotentiaries of the  
other powers.

The Near Eastern situation, it was  
further officially stated, had caused  
some people in the United States to  
feel, and furthermore to urge the pres-  
ident, to make some military moves

#### CONFIDENCE IN MINISTRY VOTED

Fascisti Leader Conquers  
Italian Chamber in High  
Handed Manner

ROME, Nov. 17.—(By the Associat-  
ed Press)—The Italian chamber of de-  
puties late today by a strong vote of  
confidence given the new government  
of Benito Mussolini, the fascist leader  
placed the seal of legality upon a  
movement which three weeks ago was  
considered by the then ruling authori-  
ties as a rebellion and revolution. The  
vote was 306 to 116.

Mussolini conquered the chamber  
with the same methods he employed  
in leading his fascist legions into  
Rome. As the deputies scattered into  
the night after an eight hour session  
of the chamber there were many of  
them, even those who had voted for  
the premier, who asked one another,  
"will he prove to be a Sylla, a Crom-  
well or a Napoleon?"

Prior to the debate Mussolini had  
announced that he would allow only  
eleven deputies—one from each group  
—to address the chamber.  
Fifty-three members had desired to  
be heard. He hardly had the eleven  
man concluded when the premier  
sprang to his feet and began replying  
to interpellators.

To Signor Cao of Sardinia, he said  
he was glad to hear that Sardinia had  
abandoned the idea of separation from  
the mother land.

"Small states cannot exist by them-  
selves—we would have seen to it that  
Sardinia should live," he declared. To  
Signor Wilfani, deputy for Trieste, and  
a member of the Slav group, who had  
complained that his countrymen did  
not have liberty, Mussolini said:  
"You Germans, Austrians and Slavs  
as minorities, enjoy liberties of press,  
speech and meetings, all of which you  
were denied by the Italian majority  
under the Austrian rule." During the  
long session there were frequent ver-  
bal clashes between the socialists and  
members of the fascist.

#### Allied Note to Germany Declares Patience About Exhausted; Demand Apology and Reparation for Acts

PARIS, Nov. 17.—(By the Asso-  
ciated Press)—The allied powers,  
through the council of ambassadors  
have informed Germany that all ques-  
tions concerning the withdrawal of  
the military control commission in  
Germany have been suspended until  
the German government gives the  
fullest satisfaction for what are  
termed, flagrant violations of the mil-  
itary clauses of the treaty of Ver-  
sailles committed in the past six  
months and shows willingness to  
abide by the commission's instruc-  
tions.

The note of the allies was sent  
after the receipt of a German com-  
munication on the subject, which  
was termed "insolent to a degree."  
In this communication Germany is  
said to have disavowed totally the  
long series of complaint sent by  
the allies and to have declared  
she was glad to learn the allies  
were about to end their military con-  
trol and permit Germany to revert  
to normal.

The note also ignored formal allied  
representation to the Berlin govern-  
ment of September 29, consequent on  
the large number of acts of aggres-  
sion against the allied military in  
their work of inspection.

The allied note today demands an  
apology and reparations for recent  
incidents at Posen and Stettin. On  
the requesting an immediate reply  
the allies say their patience is about  
exhausted.

The council of ambassadors also  
is making another demand for the  
German naval enlistment list, which  
has been repeatedly refused them  
the last six months. It is said the  
allies suspect that Germany is ex-  
ceeding her quota of enlistments and  
violating the conditions of training  
provided for in the peace treaty.

The allies have decided to warn  
Germany that she will not be per-  
mitted to manufacture new war in-  
ventions in which she is said to be  
actively engaged. The allies, how-  
ever, cannot prevent experiments in  
such inventions.

#### INTEREST IN GOVERNMENT IS ECLIPSED BY SPECULATION ON FORTUNES OF FORMER PREMIER

LONDON, Nov. 17.—(By the Asso-  
ciated Press)—Now that the elections  
battle has ended, interest turns rather  
on the future fortunes, first of David  
Lloyd George, whose star is tem-  
porarily eclipsed, and second, of the  
labor party, than on that of the new  
conservative government.

Until the new parliament is shaken  
down, the exact strength of Premier  
Bonar Law's actual majority will not  
be known, but it probably will be  
about eighty votes, which constitutes  
a good working majority and renders  
the conservatives completely independ-  
ent of help from any other quarter.

The government supporters no longer  
will want cooperation even from

the Georgeite liberals, and although  
much was heard in the election cam-  
paign about possible pacts and co-op-  
eration when there was fear that no  
single group would be returned of suf-  
ficient strength to govern alone, it is  
safe to say that nothing more will be  
heard of such cooperation and that  
Lloyd George's small remaining group  
will be left entirely to its own re-  
sources.

It already is evident that the former  
premier does not intend to be idle. He  
has taken up permanent political head-  
quarters in London for himself and  
his chief supporters, Lord Birkenhead,  
Winston Spencer Churchill and other  
who form a brilliant group.

#### FRENCH PREMIER GIVEN VOTE OF CONFIDENCE ON CONFERENCE EVE

PARIS, Nov. 17.—(By the Associat-  
ed Press)—The chamber of deputies  
this evening gave a vote of confi-  
dence to Premier Poincare on the eve  
of the Lausanne peace conference  
and after a month of intermit-  
tent debate on the interior and ex-  
terior policies of his government.

The vote was 462 to 71.  
M. Poincare virtually gave notice  
that a final agreement on reparations  
must come out of the Brussels con-  
ference in December or France

would take her own measures. He  
said categorically there could be no  
reduction of the French share of  
German reparations unless it was in  
the form of a transfer of a part  
of Germany's debt to France to the  
creditors of France and that there  
could be "no moratorium without ef-  
fective guarantees."

These declarations drew applause  
from the whole chamber, only the  
socialists and communists abstain-  
ing.

#### PRESIDENT WILL SLAYS WOMEN RULE ON MERGER AND SUICIDES

Final Decision on Packing  
Consolidation Is to Be  
Left to Harding

WASHINGTON, Nov. 17.—Presi-  
dent Harding will make the final  
decision for the government on the  
proposal that Armour and company  
purchase Morris and company, an-  
other of the "big five" Chicago  
packers, it was indicated today in  
high administration circles. The  
president already has discussed the  
matter with J. Ogden Armour and  
will go over it in detail with Sec-  
retary Wallace as soon as the ex-  
perts of the department of agricul-  
ture have completed their study of  
the plan.

The executive was represented as  
being non-committal on the basis of  
the information now in his posses-  
sion that there would be no objec-  
tion at law to the proposed consoli-  
dation in view of the stricter govern-  
ment regulations the packing in-  
dustry provided for in the packers  
and stockyards control act. It was  
emphasized however, that he was  
keeping an open mind until all the  
facts bearing on the situation had  
been presented.

Secretary Wallace said today that  
there would be no definite decision  
for several days.

Three Meet Death as Result  
Double Killing, Suicide  
at Lonely Cabin

ABERDEEN, Wash., Nov. 17.—  
Miss Tansy Bolton 25, Mrs. J. T.  
O'Brien, 38, and Hjalmer Anderson, 29,  
are dead today as a result of a double  
killing and suicide in a cabin at  
Copalis beach, an ocean point  
about 25 miles from here early this  
morning, Anderson, according to po-  
lice, killed the two women, first  
hacking Miss Bolton with a knife  
and then killed himself.

Jealousy is presumed to have  
prompted the act, the police say.  
Miss Bolton made a fight for life,  
evidently escaping her assailant for a  
time. Anderson pursued her from  
the cabin, it is believed, and killed  
her. Her body was found on the  
beach by Fred Horn, a storekeeper.  
Officials later found the body of  
Mrs. O'Brien in the cabin and that  
of Anderson outside.

15 PASSENGERS INJURED  
DETROIT, Nov. 17.—Fifteen passen-  
gers on a Detroit United railway inter-  
urban car were injured tonight when  
the car split an electric switch near  
the state fairgrounds here, was derailed  
and turned over several times. Two  
of the injured were reported in a seri-  
ous condition.

#### PLAN TO PILOT SHIP SUBSIDY THROUGH MADE

Republican Leaders Agree to  
Unlimited Amendments  
With Time Stipulation

#### PASSAGE IS PREDICTED

Senate Opinion Regarded as  
Dangerous; See Impending  
Fight in House

WASHINGTON, Nov. 17.—Plans for  
piloting the ship subsidy bill through  
congress got under way today with an  
agreement by Republican leaders to  
open the door to unlimited amendment  
of the measure on the floor of the  
house, but with the stipulation that a  
final vote shall be had November 29.  
At the same time Chairman Lasker of  
the shipping board predicted that it  
would be enacted into law, because the  
"miracle of America is that at the final  
moment of decision right and com-  
mon sense will prevail."

The agreement for a vote in the  
house was reached at a conference at-  
tended by Speaker Gillett, Represen-  
tative Mondell, Republican floor lead-  
er, Chairman Campbell of the rules  
committee and members of the mer-  
chant marine and of the steering com-  
mittees. Chairman Campbell suggest-  
ed and the other leaders present  
agreed that a rule should be presented  
under which the bill would be taken  
up for general debate next Thursday.  
Three full days would be given over  
to general discussion and the measure  
would be taken up, item by item, with  
three days for amendment before a  
final vote.

Notwithstanding signs of an impend-  
ing fight in the house the senate is  
regarded by advocates of the measure  
as the most dangerous point. No rule  
limiting debate is possible there, and  
a number of Republican leaders have  
expressed doubt whether the legisla-

#### PHOENIX MEN BADLY 'BITTEN'

Claim They Dorpped \$20,000  
on 'Buried Treasure' Story  
Told by Ex-Convict

PHOENIX, Ariz., Nov. 17.—Maricopa  
county authorities started a search  
today for a man said to have been  
identified as Harry Kauffman, wanted  
in Indiana for violation of parole from  
the Indiana state prison on a charge  
of forgery.

It was stated at Sheriff Montgom-  
ery's office today that photograph of  
Kauffman, contained in a circular sent  
out by Indiana authorities, has been  
identified by several Phoenix business-  
men as the man who they claim swin-  
dled them out of sums of money aggre-  
gating approximately \$20,000 with a  
story of \$170,000 cash and jewels "buried  
in Canada."

According to the story of the busi-  
ness men, told to local authorities the  
men they identified as Kauffman but  
who passed under another name here,  
told them that the \$170,000 buried in  
Canada had been stolen from a wealthy  
uncle; that he had afterward been  
arrested and tried for the theft in In-  
diana; had been paroled and needed  
\$10,000 to secure a pardon. The victims  
of the alleged swindle said they  
were promised large remuneration  
when the buried treasure was recov-  
ered.

County Attorney Shepperd is investi-  
gating the story and telegrams have  
been sent from the sheriff's office to  
surrounding states asking authorities  
there to keep a lookout for the mis-  
sioning man who left Phoenix early this  
week.

ASK TO FREE LA GRANGE  
PRESCOTT, Nov. 17.—A writ of  
habeas corpus was filed in the su-  
perior court here today asking the  
release of Franklin La Grange  
charged with the murder of Walter  
Steilbrook two years ago. La Grange  
was arrested with his wife at Ray,  
Ariz., last month.

#### Former Premier of France Arrives in New York Harbor

NEW YORK, Nov. 17.—(By the As-  
sociated Press)—The steamship Paris  
entered American waters tonight,  
bringing Georges Clemenceau, war  
time premier of France and her most  
picturesque citizen on a great politi-  
cal adventure.

A private citizen, past the age when  
ordinary men go campaigning, Clem-  
enceau comes at 81, to stump the  
United States in behalf of his beloved  
France.

His campaign will include addresses  
in New York, Boston, Chicago, St.  
Louis, Washington and Philadelphia  
and visits to Lincoln's tomb at Spring-  
field, Ill., and to Baltimore and An-  
napolis, Md.

The "Tiger" planned to spend the  
night on board the Paris at quaran-  
tine rising with the dawn, as is his  
custom, to await the reception to wel-  
come him to the land he last visited  
half a century ago.

The former French premier will  
drive up daily bedecked Fifth avenue  
to the home of Charles Dana Gibson in  
east 73rd street. The Gibsons have  
turned their home over to him for the  
five days he is to stay in New York.

#### PLAN FOR RAIL CONSOLIDATION IN LIMELIGHT

Desirability of Split in Present  
Associations Challenged  
at Hearing

WASHINGTON, Nov. 17.—Tentative  
proposals of the Interstate Commerce  
Commission for consolidation of rail-  
roads in the northwest were put  
under critical light at a hearing to-  
day where officials of the three  
roads, constituting the "Hill group,"  
the Northern Pacific, Great North-  
ern and the Chicago Burlington and  
Quincy, began the offering of testi-  
mony. General consolidation of rail-  
roads, as authorized by the transpor-  
tation act has been planned by the  
commission to bring about a separa-  
tion of the Great Northern from the  
other two lines named and its in-  
clusion instead in a major railroad  
system along with the Chicago Mil-  
waukee and St. Paul and the iron  
ore carrying lines entering Duluth,  
in Northern Minnesota.

Walker D. Hines leading official  
of the Hill group, most of whose  
executives were present to partici-  
pate, challenged the desirability of  
the suggested split in present rail-  
road associations both from the point  
of view of public welfare and finan-  
cial stability of the roads them-  
selves. The Burlington, owned by  
the two northern roads for many  
years had been built and integrated  
into cooperation with them he as-  
serted, adding that separation would be  
extremely undesirable.

Hale Holden, president of the Bur-  
lington, followed and in a detailed  
analysis of traffic and route con-  
ditions, declared the commission's pro-  
posals unsuitable, and built up in  
disregard of the necessity for main-  
taining a north and south route  
through the west from the gulf of  
Mexico. The intimacy of the Bur-  
lington association with the northern  
lines was emphasized by description  
of existing arrangements for joint  
use of tracks, terminals and yards  
and exchange of traffic. Commission-  
er Hall, presiding, prefaced the hear-  
ing by declaring that the commission  
plan instituted no pre-judgment of  
the situation but instead an estimate  
of the situation and a basis for dis-  
cussion.

#### Student Killed by Chemical Explosion

NEW YORK, Nov. 17.—Explosion of  
chemicals in an autoclave, a piece of  
apparatus used in Havemeyer hall,  
Columbia University, for the testing  
of intermediate chemicals in the man-  
ufacture of analysis dyes, caused the  
death today of William E. Spandow,  
of Memphis, Tenn., one of the class  
of ten. Several other students were  
slightly injured.

Spandow, a graduate of the univer-  
sity of Denver, won a scholarship  
from Columbia as a chemical  
engineer next February.

#### GIVEN REFUGE BY BRITISH ON OUTBOUND SHIP AFTER FLIGHT

Bulk of Guard Goes Over to  
Nationalists; Virtually at  
Mercy of Kemalists

#### ABDICATION IS DENIED

Caliph Is Accompanied by 10-  
Year-Old Son; Crown Prince  
Remains in Palace

CONSTANTINOPLE, Nov. 17.—Moh-  
ammed VI, the Turkish sultan, has  
fled from Constantinople on a British  
warship bound for Malta. The sultan  
wrote to Lieutenant General Har-  
ington, the British commander in chief,  
on Wednesday evening stating he con-  
sidered his life to be in danger and  
would like British protection.

The sultan has been greatly exer-  
cised over his status since the action  
of the Turkish nationalist assembly  
at Angora early this month voting to  
deprive him of his civil authority and  
declaring the Caliph or religious head  
of Islam would hereafter be selected  
from the imperial house by vote of the  
grand national assembly.

#### Fear Control Loss

In the face of the filtration of na-  
tionalist military elements into Con-  
stantinople, and the knowledge that  
the Angora authorities would eventu-  
ally be in full control in the Turkish  
capital, the sultan and his advisers  
have been frankly at sea as to the pro-  
per course for him to pursue. The  
bulk of his guard went over to the  
nationalists and Constantinople dis-  
patches have pictured him virtually  
at the mercy of the Kemalists should  
they decide to make a descent in force  
on his palace. There have been rum-  
ors that he had abdicated or was  
about to do so but there has been no  
official confirmation of any such ac-  
tion. There were strong intimations,  
however, that he would ask the allies  
for protection if needed.

Political motives may be read in  
some quarters into the flight of the  
sultan, on a British warship. Great  
Britain concededly has strong motives  
for seeing that no harm comes to the  
Caliph, in view of the many millions  
of Mussulman subjects within her do-  
main, many of whom have given indi-  
cations of disagreement with the ac-  
tion of the Turkish nationalists, dis-  
puting the power of the Turks alone  
to take action affecting all Islam. The  
question of the sultan's status, too, is  
likely to come up at the Lausanne con-  
ference about to open, and it now ap-  
pears probable that when this ques-  
tion is being debated the Caliph him-  
self will be under British protection—  
a refuge at Great Britain's naval base  
in the Mediterranean.

LONDON, Nov. 17.—A Reuter dis-  
patch confirming the flight of the sul-  
tan says that Mohammed VI was ac-  
companied by his 10 year old son,  
Prince Erthrogroul, and was dressed  
in civilian attire and fez. The crown  
prince and all the sultan's wives re-  
mained behind.

The sultan's automobile was follow-  
ed by another containing British of-  
ficers who were also dressed in mufti.  
The flight was effected in a heavy  
rain and only squads of British sol-  
diers and a few scattering Turkish  
fishermen were at the dock when the  
party arrived.

The Sultan's voice broke with emo-  
tion as he thanked General Harington,  
commander of the British troops in  
Constantinople, for protection and
