FIGHT OVER BORAH PLAN REACHES CLIMAX

Fears Expressed for Atlantic Shipping

FIERGE GALES CONTINUE TO SWEEP OCEAN

S. O. S. on December 6 Last Heard of German Freighter; Schooner Wrecked

CRAFT DRIVEN ASHORE

Shipping Offices Bombarded With Reports of Delay Owing to Storms

NEW YORK, Dec. 29.—Gales today continued to whip the north Atlantic into mountains and canyons, arousing fears for at least two vessels, delaying scores and sending a few smaller craft crashing into the shore.

Chief anxiety was felt for the freighter Bretonia, which sailed for this port from St. Pierre on December 18 and the German freighter Heinrich Kayser, which last reported when she set out on a S. O. S. 500 miles off Cape May on December 6.

In addition, a flutter ran through marine circles when the shipping board motorship Munmotor bound for Norfolk from Boston, radioed for help off Five Fathom bank light.

The Munmotor, with a crew of 42 aboard, reported a bad list to starboard, but a latter message stated she had righted a little. Meanwhile the coast guard cutter Kikapoo put out to her assistance from Cape May.

The most important wreck reported was that of the schooner Annie L. Spindler out of Yarmouth, N. S. which struck near Provincetown, Mass., sending her crew of six ashore in a oblique buoy. An unconfirmed report had it that she was carrying a cargo of liquor.

Shipping offices in New York, Halifax and other ports were bombarded with wireless messages from liners reporting delays caused by mid-winter storms.

The Bereugari, bearing Ambassador Harvey back to Washington from London, was one of the vessels held up. Due here today, she reported that she still was 817 miles off this port and did not expect to reach Quarantine until Sunday morning.

Waves also were lashing the sides

Millionaire Brewer Is Third of Family to Suicide; Despondent

ST. LOUIS, Mo., Dec. 29.—(By the Associated Press)—Worry over the passing of his famous brewery and a resultant heavy financial loss was given by business associates tonight as the reason for William J. Lemp, millionaire president of the brewery bearing his name, shooting himself to death in his office here this morning.

Coroner Richter said he was convinced that Lemp, who was the third and last president of the brewery which before prohibition was considered one of the largest in the world, had committed suicide, the third suicide in the family of brewers his father and sister having taken their own lives, but that he would hold an inquest tomorrow as a matter of fact.

Friends and members of his family declared he had been despondent since last June when the brewery plant here, which was valued at \$7,000,000 was auctioned off for approximately \$500,000 although they stated his financial affairs were in good shape.

Escaped Convict Saws Way Out of Douglas Prison

DOUGLAS, Ariz., Dec. 29.—Albert E. Caldwell, escaped convict from Leavenworth, recaptured by the local police Thursday, sawed his way out of the city jail tonight and is once more a free man. It is believed that he headed straight for the line and is now in Agua Prieta, Sonora, where his recapture and return will be an easy matter for county authorities tomorrow, police say.

Caldwell was sentenced to serve eight years in Leavenworth for an assault on a German girl while the American troops were on the Rhine in 1918. He had served four years of his time when he made his escape November 29, according to the story he told the police.

Only one other prisoner, a man held for vagrancy, made his escape from the jail through bars sawed by Caldwell.

JAP FARMERS PLAN TO QUIT

Negotiations to Transplant Entire California Colony to Mexico Underway

LOS ANGELES, Dec. 29.—Japanese farmers in California are planning to quit the state and establish themselves either in Sinaloa or Nayarit, Mexico, according to a story the Los Angeles Times will publish tomorrow.

The Times states that it is "able to announce that negotiations" for the removal of the entire Japanese agricultural colony in California "already have been taken up with the Mexican government."

"The anti alien land law in California . . . throws thousands of Japanese farmers out of their land the first of the year," the paper continues. "What these farmers would do has been a question until now unanswered."

N. Kobashi, who has lived in Mexico many years and who is married to a Mexican native of Guadalajara, has become head of a new department of the Japanese chamber of commerce of Los Angeles, to handle Japanese-Mexican industrial affairs, and to arrange for the new Japanese colony on the Mexican west coast, if the Mexican government grants the necessary permission.

NEW EVIDENCE FOUND IN CASE

DENVER, Dec. 29.—Discovery of new evidence tending to incriminate George Griffith, 30 years old, of Carthage, Ill., in the slaying of Howard Hamilton, Denver vocational student, and the wounding of Pearl Coeur, his 15 year old companion, following a dance at Deer Trail, Colo., early Sunday morning, was announced by officers investigating the case late today.

An information was filed in the district court at Littlejohn, Colo., in Arapahoe county today charging Griffith with first degree murder in connection with the shooting.

Former Mayor Declares He Would Rather Die Than Be Taken Back

NEW ORLEANS, Dec. 29.—Ku Klux Klan chiefs of Louisiana met here today to consider action to be taken in regard to reports that klansmen were responsible for the Morehouse kidnapings and murders.

A reporter of a New Orleans newspaper was present at the meeting and at the conclusion of the conference he was authorized to announce that agents of the klans were sent to Morehouse to investigate what had occurred on August 24, the date of kidnaping.

"If the klans of Morehouse parish is in any way responsible for the murder of Watt Daniels and Thomas Richards, the charter of that klans will be lifted and the klans outlawed," it was announced.

"If any individual members of the klans are found guilty of these murders, not only will they be outlawed from the klans, but every bit of power

Three Airplanes From San Diego, Acting on Forlorn Hope, Off on New Search For Missing Fliers

SAN DIEGO, Cal., Dec. 29.—Acting on a forlorn hope that the bodies of Colonel Francis Marshall and Lieutenant Charles L. Webber, lost since December 7, may be found either in the desolate fastnesses of northern Sonora or along the shores of the Gulf of California, three army and navy planes left San Diego today for Yuma, Ariz., to search for Lieutenant Webber's plane in which the two missing officers left San Diego for Fort Huachuca, Ariz.

NOGALES, Dec. 29.—Every rumor

Events of Day In Washington

Prince Gelasio Caetani, the new Italian ambassador presented his credentials to President Harding.

The house completed consideration of the interior appropriations bill which carries \$294,000,000, most of it for pensions.

Balthasar H. Meyer became chairman of the interstate commerce commission succeeding Charles C. McChord, who remains, however, as a member of the commission.

Surveying domestic business conditions, the department of commerce said satisfactory progress had been made during the past year with further advances in prospect.

Credit to a maximum of one billion dollars would be extended to Germany for use in purchasing food stuffs in this country under a bill introduced by Senator Bursum, Republican, New Mexico.

Conrad E. Spens, federal fuel distributor, preliminary to resigning his post announced that the bituminous coal situation was "good" and that anthracite production was exceeding expectations.

The office, however, will be continued at least for another month.

Aged Actress Far From Being Dead; Against Resting

PARIS, Dec. 29.—(By The Associated Press)—"Tell the American people that I shall return to the stage next Wednesday night," said Sarah Bernhardt to The Associated Press this evening in the course of the first interview she has granted since her collapse during the rehearsal of a new play two weeks ago.

The distinguished actress showed great improvement today, having been able to have luncheon with the members of her household in the dining room. Her physicians declared they had found no evidence of organic disease of chronic illness and many are of the belief that the collapse of Madame Bernhardt was due only to over-exertion and strain.

"Tell my American friends," Bernhardt added, "that I am far from dead or dying, as some of the reports would have it, and that this rest, as I choose to call it, probably will give me a new lease on life."

Although the physicians in attendance and the members of the household are afraid to tell her, it is not improbable that Bernhardt will be forced to rest for a longer period. The doctors are afraid that the resumption of work now would prove fatal to the 70-year-old actress.

"You know, I think I shall be able to act for a long time yet," continued Madame Bernhardt, apparently having dismissed the subject of her return to work as a matter already definitely determined. "Work keeps one young, and so long as I can work and please the public, I shall be able to act. If I rested too long, I wouldn't live."

AMERICAN PLEA FOR REFUGEES

LAUSANNE, Dec. 29.—(By the Associated Press)—America made another appeal today in behalf of the Near East refugees, when the delegates representing the United States at the Near East peace conference, presented an earnest plea that in the general amnesty arrangements to be negotiated with Turkey, suitable provision be made for Armenian and other refugees who fled from Turkey and may wish to return to their homes.

The Americans asked that Turkey engage to restore to these refugees their property.

What action the entente nations will take on the plea of Armenia for a national home in Turkey will probably be decided tomorrow morning. At this time the delegates of France, Great Britain and Italy will consider the petition which the Armenians presented to the conference a few days ago.

No progress was made today by the sub-commission on minorities before which the American appeal was presented when general questions of amnesty were under discussion. The jurists to whom the amnesty clause of the proposed treaty was submitted reported that they were unable to agree as both the Turks and Greeks had interjected too many controversial political considerations.

Confronted by persistent Turkish objections, the sub-commission voted to drop the British amendment stipulating the appointment of a league of nations representative to supervise Turkey's treatment of minorities.

The conference deadlock on the big issue continues; apparently Ankara must speak before the Ottoman delegates can make concessions of a nature to ease the present delicate position of the peace negotiations.

Defense Attorney in Case Is Hand Behind Movement to Stage Comedian's Return

LOS ANGELES, Dec. 29.—Gavin McNab, San Francisco attorney, who defended Roscoe C. (Fatty) Arbuckle in his three trials in the northern city for manslaughter in connection with the death of Miss Virginia Rappe, screen actress, has organized a company to star the motion picture comedian in the "come-back" he plans, it was announced here tonight by Joseph M. Schenck, producer, who previously stated he would re-employ Arbuckle.

According to Schenck, McNab has interested a group of San Francisco financiers in the plan, and they have organized a motion picture producing corporation to be capitalized at \$100,000.

SOCIETY MEN MIXED UP IN LIQUOR PROBE

Investigation of Dinner at Fashionable Gotham Club Results in Charges

13 INDICTMENTS MADE

Official Says Liquor Sold Wholesale to Exclusive Clubs, Homes of Rich

NEW YORK, Dec. 29.—Investigation by a federal grand jury into a bachelor's dinner at the fashionable Racquet and Tennis club on Park avenue at which liquor was alleged to have flowed freely, today brought indictments of 13 men, including four members of the La Montagne family, prominent in society.

Two indictments were returned, charging a conspiracy to violate the Volstead and internal revenue acts, through which approximately 30,000 gallons of assorted liquors were alleged to have been illegally sold. Some of those indicted also were charged with having forged liquor permits and other papers.

In a statement made public in connection with the indictments, United States Attorney Hayward asserted that his office had followed the trail of alleged bootleggers even though it led to select circles and exclusive places, and charged that liquor had been sold on a wholesale scale to exclusive clubs and the homes of the wealthy.

Federal Judge Knox received the indictments on a day on which two other juries—one in the court of general sessions in New York and the other in Brooklyn—had handed up presentments urging repeal of the state prohibition enforcement act on the ground that it was ineffective and wasteful of public funds.

In discharging the federal grand jury, Judge Knox thanked its members.

AMERICAN PLEA FOR REFUGEES

Turkey Asked to Make Suitable Provision for People Who Flew Homes

LAUSANNE, Dec. 29.—(By the Associated Press)—America made another appeal today in behalf of the Near East refugees, when the delegates representing the United States at the Near East peace conference, presented an earnest plea that in the general amnesty arrangements to be negotiated with Turkey, suitable provision be made for Armenian and other refugees who fled from Turkey and may wish to return to their homes.

House Continues Speedy Progress on Supply Bills

WASHINGTON, Dec. 29.—Continuing its rapid work on the annual supply measures, the house today completed consideration of the interior appropriation bill, carrying \$294,000,000 of which \$253,000,000 will be for pensions. The vote was delayed until January 3, at which time Republican leader Mondell announced the hope that the agricultural bill, already waiting final vote, the post office bill and the interior bill will be passed.

The only major upset met by the committee in charge of the bill today was an increase of the geological survey appropriation for the making of topographical maps in various sections of the country, from \$324,000 to \$500,000.

Over protests of Mr. Mondell and Chairman Madden of the appropriations committee, the house by a vote of 45 to 28, decided in favor of the increase after an extended debate.

WOMAN HELD ON MURDER CHARGE

Auto Sales Manager Killed Without Justification, Verdict of Jury

LOUISVILLE, Ky., Dec. 29.—O. L. Black, automobile sales manager, was killed without justification by Mrs. Olive L. Jones, divorcee, in her apartment here last Sunday night, according to the verdict of a coroner's jury late today. Mrs. Jones was held to the grand jury on a charge of murder.

The coroner, policemen and neighbors on whose testimony the verdict was based, declared the room in which the body was found showed no signs of a struggle.

Mrs. Jones was quoted by one witness as having declared that Black had said just before the tragedy, "I am through with you."

Efforts of the defense were centered on support of the self defense contentions of the defendant.

URGES BAR TO IMMIGRATION

Legion's Commander Would Totally Exclude Foreigners for Five Years

EL PASO, Tex., Dec. 29.—Total exclusion of all immigration to America for a period of five years and the thorough Americanization of every person in America through a strictly American education were among the measures advocated as necessary to insure American prosperity for Americans by Colonel Alvin Owsley, head of the American Legion in his address at the Scottish Rite cathedral tonight.

"Even under our restricted immigration law more than one-half million foreigners will arrive here this year," Colonel Owsley declared. "A million ex-service boys are walking the streets without permanent jobs. Every foreigner who arrives in this country to make his home either permanently or temporarily is in direct competition to every ex-service boy and man and every American boy and man—and a half million competitors of this type arrived in the country this year!" he exclaimed.

Emphasizing the need of no further immigration at present and of thoroughly Americanizing those foreigners who are already here and not yet American citizens, Colonel Owsley continued:

"If we would hope to build a great race for the future, if we would hope to build a great nation for the future, we must begin a campaign of education for this Americanization."

"Every man, woman and child in American soil should know how to speak the American language; there is no room for the foreigners on American soil."

TWO MORE EXECUTED

IDAHO SENATOR ANNOUNCES HE WILL WITHHOLD HIS AMENDMENT

'Feelers' Made by Harding to European Powers Given as Reason for Decision

'HARMFUL' TO EFFORTS

White House Regards Borah's Action as Wise Move; May Offer Amendment Later

WASHINGTON, Dec. 29.—The fight over the proposal of Senator Borah, that President Harding call an economic conference, came to a sensational climax in the senate today when the Idaho senator announced that he would withhold his proposed amendment to the naval appropriation bill on administration assurances given by Senator Watson of Indiana, that the president already was sounding out the situation in a way which might lead to some movement which would aid the adjustment of conditions prevailing in Europe.

Senator Borah made known his decision during the debate after Senator Watson, one of the administration spokesmen who was instrumental in lining up the administration's forces in opposition to proposal, appealed to the Idaho senator not to press his proposed resolution for substantially the same reasons outlined in President Harding's letter yesterday.

Senator Watson disclosed that administration "feelers" had been made as to European policy and referred to the statement in President Harding's letter that it was necessary first to ascertain whether overtures for a conference would be "welcome."

"And I may also go so far as to say" said the Indiana senator, "that that has been done and that the things that have been undertaken may, if successfully continued go so far as to result in the holding of a conference in the future."

Senator Watson then suggested that Senator Borah withhold his amendment on the ground that the administration's course would be embarrassed.

Senator Borah asked whether the administration's negotiations were for the purpose of calling "this conference."

"No, not negotiations," Senator Watson replied. "What I said was that 'feelers' had been put out; that the foreign nations were being sounded with a view to finding out whether the United States may be helpful, and that, in my opinion, it might lead to a conference; that I had no authority whatever to say that I speak purely for myself as an individual and give my personal views representing the opinions of nobody in authority.
