Col. Battle is in from the Golden Gate mine this week and reports development work as progressing finely. Commercial printing of all kinds a specialty at the Miner's office.

A. S. Coon has gone on a ten days' hunt near Challender, and we expect to find on game after his return. The fall travel to southern California has begun.

Owing to intending departure I offer my house and lot in Kingman for sale at a low price. Mrs. J. W. Hays. L. J. Lassell, J. F. Luthy and J. R. Russell are making a campaign trip to Hackberry and Peach Springs this week.

The Wallapai Mountain has been well represented in Kingman this week nearly every miner in Maynard district has been in town. Kingman presents a lively appearance on the arrival of the east-bound passenger train.

The Sampling Works folks are putting up a new assay furnace, it will be better and more durable than anyone has before built by them. W. H. Lake, the Democratic candidate for Sheriff, and John Hughes, the candidate for Treasurer, made a trip up the road this week.

Henry Lambert, of Fort Mohave, spent several days here this week. Henry says that there is but one Democrat in his election precinct. Dr. W. N. Sherman returned from Albuquerque and Socorro on Saturday last. Mrs. Sherman will not return until the first of November.

E. F. Thompson made a trip to Mineral Park this week bringing back with him some very rich specimens of silver ore from the Lone Star mine. County Recorder Godman, in order that all may have an opportunity to register, is this week making a tour of the mining camps north of here.

U. S. Commissioner Judge Blakely, has three cases against as many Wallapai Indians who are charged with stealing and killing cattle belonging to Samuel Crozier. Mr. P. D. Berry and Mrs. J. N. Berry were married at Flagstaff on Tuesday of last week. They were formerly residents of Kingman, and the Miner extends congratulations.

In another column will be found Attorney General Rush's opinion as to the right of the County Treasurer to forcibly collect the A. & P. tax. He says it can not be done. The Republican Central Committee have called a meeting of the members of the committee for Tuesday, Oct. 16th, at 2 o'clock, p. m. It is desired that there be a full attendance.

O. F. Kusner and Tom. Steen left Thursday morning for the Rattan mine. Deputy U. S. Mineral Surveyor Kusner, will make a survey of the mine as the owners desire obtaining a patent. John McGregg, who has been spending the past four months at his boyhood home in Delhi, N. Y., returned this week. He says that he had a good time but that Arizona is good enough for him.

Judge J. M. Murphy left Friday morning for New York. The Judge expects to be gone about six weeks and we hope to chronicle a big mining sale before his return.

J. A. Carrow and family, of Sandy, spent several days during the week visiting the family of Judge Biskely. Although a resident of Mohave county for several years this was Mrs. Carrow's first visit to Kingman.

Politics are beginning to get lively. The Miner is neutral in politics, and cannot support the candidacy of any one. Both tickets are good ones and the Miner is satisfied that no matter which ticket is successful the interests of the county will not suffer.

W. H. Taggart & Co., firmly believe that Harrison will be the next President, and in order that the people of Mohave county can properly celebrate the victory have received a carload of cider and apples. The apples are choice Missouri varieties and the cider is pure apple juice. They will sell in lots to suit voters regardless of politics.

The new A. & P. time card took effect on last Sunday morning. The east bound passenger train leaves here at 10:40 a. m. The west bound passenger leaves here at 2:55 p. m. both trains take dinner at Peach Springs. The journey across the desert is made during the night, a desirable change, and one all passengers who have crossed the Mojave desert during the day can appreciate.

A Kingman Wallapai squaw is the proud possessor of twins, both boys. She is regarded with great consideration by the rest of the tribe, as it is a rare occurrence, the birth of twins and both males. She has an old baby buggy in which she airs her progeny, having discarded the regulation packing basket of her tribe. Who says that the Wallapai is not progressive?

J. N. Cohenour, of the Peach Springs merchant, presents his advertisement to our readers this week. Something over a year ago Mr. Cohenour started business in a small way and his business has increased beyond his most sanguine expectations. Mr. Cohenour gives his whole attention to his business, and the secret of his success has been that he keeps what his customers want and sells to them at a reasonable profit.

From a railroad man we learn that a drunken row took place at Fenner on last Monday night, during which Ben Adams stabbed John Harris, cutting him terribly in the abdomen. Harris' recovery is impossible. Both were railroad track hands. The murderer was arrested by the station agent, assisted by a band of Mohave Indians, and held until taken in charge by Deputy Sheriff Murphy. Harris was taken to the Needles and placed in the hospital.

The Republican Convention Ball. The Republican Convention Ball was held in the evening of the day of the Republican Convention, Saturday, Oct. 6th, in Taggart's Hall, in this place. The number present was unusually large and the hall was packed to the utmost limit of its capacity.

The following is a partial list of those present from Peach Springs, the Needles and adjacent points. Your reporter owes an apology to the good people who attended the ball for the incompleteness of the list, but there were many in attendance whose names he could not obtain.

It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Watkins Bros.

MINING NOTES.

John Barry is running a lot of screenings through the Cerbat mill this week. From the Connor mine we get the following items:

Kelly & McKinnon have run their level at the bottom of the Connor shaft to a distance of 100 feet and will commence raising the coming week.

The "Orphans" are stopping on good ore in the 50-foot level. They are still pushing the "90" ahead, getting a little good ore. Are also sinking a winze in the "90" with flattering results.

In the Minnesota McCall & Co. are getting a lot of good ore (ruby and glauc) and are happy accordingly—McCall especially, who is stamping the camp on the coming election.

At the lead camp 1 1/2 miles northwest it is said Cross & Co. are getting more ore as they proceed with development, and they have been keeping one of Beecher's 12-mule teams busy hauling the past few weeks.

Jack O'Brien and Geo. Mendes are sacking two tons per day of fine lead ore, while Mr. Delbany has more ore than anybody. Something like four feet wide of solid lead.

The Indians at Benton's camp, 11 miles north of San Carlos, on the San Carlos river, have cleared and fenced a piece of land about one mile in length and two or three hundred yards in width, which will be brought under cultivation next year.

TERRITORIAL ITEMS.

Bisbee's depot building has been completed. Water is scarce and grass scarcer, said a prominent stockman who has just returned from the western part of the county.—St. Johns Review.

Diphtheria, it appears, has broken out afresh among the children of St. Johns, and after due consultation the trustees have decided to still further postpone the opening of school.—St. Johns Herald.

The expert who examined the treasurer's books of Cochise county is reported to have found a shortage of \$2,500. The facts in the case, however, will not be known pending the setting of the next grand jury.

The Indians at Quajale are raising their third crop of corn on the same fields this season. The third or last crop is now in tassel. This statement to eastern people and to Californians, so far as that is concerned, savors much of the Munchausen flavor, but it is reported to be a fact all the same. Arizona is the wonderland of vegetation.—Tucson Citizen.

In an altercation at St. Johns on Monday between Walter Darling and Barry Matthews, the latter was badly smashed up with a chair and the former dangerously cut with a pocket knife. Both men are well known throughout the county and the affair has created quite an excitement. Matthews was arrested and placed under \$1,500 bonds.—Winslow News.

Fowler Bros. have secured a fine large bunch of dates weighing seven pounds from the Hatch ranch north of town, which they will preserve in alcohol. The bunch weighs upwards of seven pounds and has on it about 450 dates. The improvement Company has secured two bunches much larger than the one named, which they have preserved.—Phoenix Herald.

The following is the Democratic ticket of Pima county: Representatives, H. D. Underwood, Sabino Otero, John Anderson, J. S. O'Brien, R. N. Leatherwood, sheriff, M. F. Shaw; district attorney, B. H. Hereford; probate judge, Earl Webb; recorder, C. Shilbell; treasurer, Al. Bernard; assessor and tax collector, J. S. Wood; supervisors, R. Harrison and Wm. Melczar.

Indians recently paid two surreptitious visits to Bremen's mill mow house and stole about twenty pounds of sugar and other provisions. They also raided B. F. Pascoe's mountain ranch, dug up about an acre of potatoes and took his macks to carry them in. Mr. Pascoe recovered some of the potatoes from Indians camped in the vicinity. The Indians had neither tags nor passes.—Belt.

Through the intervention of General Miles, the order to abandon Camp Thomas was rescinded and instead it will be made a six county post. This will be approved by all persons familiar with the Indian matters on the San Carlos reservation, and is in line with Miles' general policy to control the Apaches and minimize the danger from enemies on the reservation.—Belt.

The Sheriff of this county started for Yuma, Tuesday morning, having in charge three prisoners sentenced to the penitentiary. L. W. Davis, for murder, will serve twenty-five years; Sam Richards, a Choctaw Indian, for grand larceny, will remain three years, and J. N. Walker, for incest, will languish by the murmuring waters of the murky Colorado for a term of ten years.—St. Johns Herald.

Major Mills is now stationed at Fort Grant, Arizona, and his engineering skill has changed that post from a desert to a garden. He has put in a system of water works there, piping the water several miles, with entire success. Seven fountains and a small lake adorn the grounds and a luxuriant growth of grass covers the sand. One benefit derived from the water works system in a noticeable lowering of the temperature at the post.—El Paso Times.

The Republicans of Cochise county have nominated the following ticket: Hon. Geo. W. Cheney was nominated for the legislative council. Messrs. J. S. Robbins, of Huachuca, I. G. Norton, of Spring Valley, were nominated for the legislative assembly. S. Bryant for sheriff; J. P. McAllister for treasurer; Wm. Bradley for county recorder; Judge W. H. Stillwell for district attorney; Mr. Gilman for assessor; John Montgomery and B. S. Coffman for supervisors, and W. W. Woodman for probate judge.

Every time we see beef steers go from Gila county ranges to San Carlos, to be sold to the beef contractor there, we ask ourselves why the Globe Live Stock Association, or some other combination of our cattle raisers, do not bid for this contract, and for supplies to other parts in central Arizona as well. If they can sell to the contractor and allow him to make a profit, they could certainly take the contract as low as anybody. The trouble has been in this county that the stockmen, instead of pulling together have pursued a policy of obstruction that has been suicidal.—Globe Silver Belt.

A letter from Mr. E. G. Arthur, Superintendent of the Vulture mine, gives an account of a terrible casualty that occurred at that camp. Last Saturday night at 9:30 o'clock Joseph Henwood was handling a giant powder can in close proximity to a box filled with cups, when the one he had in his hand exploded, and the shock caused the whole box to explode. Henwood was instantly killed, his body being horribly mutilated. The letter states that both hands were torn off and that his intestines were torn out, while nearly all of his body was torn and lacerated in a frightful manner. A. Montana, who was standing near by, was also injured by the explosion, but not seriously. The deceased was a general favorite in the camp and was familiarly known as "Old Joe." His death is deeply regretted.—Phoenix Herald.

Three Premiums for Mohave.

Arizona exhibits at the Albuquerque fair did not even receive "honorable mention," much less any premiums by awarding committees.—Journal-Miner.

The Journal-Miner is mistaken. Dr. W. N. Sherman, of this county, had on exhibition at the New Mexico Territorial Fair a splendid lot of ore specimens from Mohave county and was awarded three first premiums for the exhibit, viz.: First premium for best exhibit of silver ores; first premium for best exhibit of gold ores; first premium for best collection of ores. Bro. Martin, give Mohave county credit for three first premiums on its splendid exhibit.

Large sheets of blotting paper of the best quality for sale at the Miner's office.

MORETOWNE, TENN., July 4, 1888. The Swift Specific Co., Atlanta, Ga.: Gentlemen—Five years ago I was so unfortunate as to contract an extremely bad case of blood poison. My bones ached and my muscles began to swell and contract. I was under treatment of the physicians from the inception of the disease until I found that he could do me no good. Then, through the advice of a friend I began taking S. S. S. Your medicine seemed to have an immediate effect. I took six bottles, and to-day am sound and well. That was two or three years ago, but I have seen no evidence of the return of the disease, and I take this opportunity to thank you for what it has done for me. It saved my life. You can refer any one to me. R. M. WALL.

FARMERSVILLE, TEX., June 22, 1888. The Swift Specific Co., Atlanta, Ga.: Gentlemen—The mother of a member of our firm was afflicted with a cancerous sore on her face for about twenty years. Should it break out again, will advise you. Very truly, FENDELTON, YEARLY & RILEY, Druggists.
