Advertising rates on application.

Entered at the Kingman Postoffice as Second Class Mail.

Mr. and Mrs. H. E. Bierce have returned from a trip to California.

P. McCardell, the well known surveyor, visited in Los Angeles this week.

A. M. McDuffee, the well known Chloride mining man, is a Kingman visitor.

A postoffice has been established at Topock, this county, with Sheldon Harrenbrook.

Mrs. Chris Hoffman and baby have gone to Los Angeles for a couple of months outing.

Ralph Bulkley has returned from Colton, California, where he has been for several months past.

Miss Alice Smith, who has been visiting with friends in Los Angeles the past six weeks returned home yesterday.

F. P. Andreas returned a few days ago from a visit to the Tom Reed section, where he looked at mining property.

Miss Bessie and Leo Mulligan, who have been attending the convent school at Prescott the past term, are home for their vacation.

Work on the mill of the Nevada-Arizona Mines company is progressing and it will be but a short time until it will be ready to go into commission.

D. T. Price, who has been visiting with his boy and other relatives in the old home, returned to Kingman Thursday night last.

Will Grounds, the head of the Clay Springs Cattle company, is a visitor in Kingman, coming in from the company ranch Thursday last.

A carload of ore from the Valley View mine passed through Kingman Thursday last on its way to Needles, Superintendent Reeves accompanying it.

Stuart Thompson, who has been attending the Polytechnic school in Los Angeles the past year, returned home yesterday to spend his vacation in Kingman.

H. G. Schader, County Surveyor of this county, who has been very ill at a sanitarium in Los Angeles, arrived in Kingman yesterday with the intention of recuperating his health.

Mr. and Mrs. J. G. Burnett, accompanied by Mrs. Burnett's mother, Mrs. Mary Selby, arrived in Kingman a few days ago from Los Angeles and will probably make their home here.

Miss Zoa Watkins, who has been teaching school in Honolulu the past year, returned home last Wednesday night. In company of her sister Veda she will leave next week on a tour of the country by way of Panama and to the eastern seaboard.

Miss Mabel Bacon, oldest daughter of Mr. and Mrs. Dan Bacon, formerly of Hackberry, was graduated from St. Joseph's Academy, Prescott, last week. The entire graduating class was taken to the Grand Canyon on a pleasure trip and had a great time.

Mrs. W. F. Grounds, of Fresno, visited with Mrs. David Nelson a few days this week. Mrs. Grounds is one of the oldest residents of Mohave county, having lived in Mineral Park in the early seventies. She has many friends here that gave her the glad hand during her visit.

A party of four men in a Cadillac car had a hard time driving across the country from Los Angeles to Needles, and when on this side of the river they had more difficulties and sold their car to C. C. Coss. The men had no experience in driving and learned little on the journey. The car was new and could have made the distance between Los Angeles and Kingman in two days in the hands of an experienced driver. Five or six cars that left Los Angeles after this car passed it on the road and reported that no difficulty had been experienced, and some of the cars arrived in Kingman early the second day out.

Rev. Deming will preach a patriotic sermon at the church tomorrow evening at 8 o'clock. All are invited. This will be the last service in the church for a month as Rev. Deming will spend his vacation on his ranch near Prescott.

A large number of cowboys have been in town laying in supplies for their camps this week. Many of them have just sold off their excess steers and relieved the ranges in anticipation of a spell of dry weather and at the same time replenished their exchequer.

Homer Gaddis and Fred Cohenour departed a few days ago to the Big Sandy, where Mr. Gaddis is to build up a cattle range near Oak Springs. He and Ed Williams are understood to have associated themselves in the cattle business and will stock the range with a large number of cattle. The place is an ideal one and the gentlemen are sure of success.

Mr. and Mrs. Henry Bacon, of Hackberry, have the sympathy of every person in this county in the loss of three children the past month. Two boys died within a day of each other, the latter part of May, and Sunday last a little girl passed away. Many people went from Kingman to attend the funeral and to offer sympathy to the bereaved parents.

Judge C. G. Krook, Charles Metcalfe and Ray P. Wheelock went out in Jesse Tarr's auto to Wallapai mountain yesterday to look into the advisability of building an automobile road to the pines from Kingman. They are understood to have the view that it would be quite expensive to complete a good road to the mountain, compared with the benefit to be derived.

The funeral of the late Laurence Musser was held from the M. E. church last Sunday morning, a great crowd turning out to pay the last tribute of respect to the memory of the young man. Judge W. G. Blakeley and Rev. C. W. Deming conducted the funeral services. To the parents of the unfortunate young man the sympathy of the whole people is extended.

The ball game last Sunday between the Goldroad and Kingman teams was one of the best of the season and had the errors been omitted it would have been very close. Goldroad made one run in the first and the Kingman boys then batted out three runs. No more runs was made by Goldroad, the boys from the big gold camp being held practically hitless during the remainder of the innings, while Kingman batted the Goldroad pitcher hard. The final score stood 8 to 1. Had the boys from out of town brought along a pitcher the tale might have been told in prose.

The Elks committee, having in charge the program for the 4th of July doings will get to work at once and the chances are that something good will be on tap on the glorious day. A special train will be run from Needles to accommodate the big bunch of boosters from the city on the big Colorado and the time that the local bunch will give them will be worth while. The Kingman team has not yet been named to play the game of ball, that being kept a profound secret until the victims are called out upon the field when the umpire says "play ball." If you really want to see a slaughter of the innocents don't miss the Elks ball game.

E. F. Thompson has been appointed commissioner to the State Fair by the management and is getting things in shape to make a big exhibit of Mohave county ores at Phenix next November. While the object is a good one we cannot well see how the mineral counties can extract any benefit from their exhibits when an alfalfa hay bailer is placed in charge of the mining department. Arizona, the greatest mining state in the Union, is given no prominence in the fair, the people wholly in charge of the affair having nothing in common with the mining interests, the tabby cats, dogs, goats and goatherds, as well as alfalfa and other agricultural products getting the prizes, gold medals, and blue ribbons and all the recognition that the commission has to dole out. With a proper display and the right man in charge of the mining department it would become an admirable feature of the state fair, but under present conditions no attention is paid whatever to the mines building nor the display housed therein.

Frontier Day at Prescott.

Nothing to equal the "Frontier Day" program that is to be pulled off in Prescott on July 3-5 has ever before been offered in Arizona. In addition to liberal prizes for various Wild West cowboy stunts, there are to be a number of remarkable events that will prove very profitable to the contestants and very interesting to the spectators.

To insure that the bucking contests will have a satisfactory number of thrills, the committee not only gives besides the three prizes, 50¢ to the owner of the hardest bucking horse in the contest, but offers additional prizes of 100¢ to each owner who may enter a "man killer" that cannot be ridden.

Word has been sent over the ranges urging that horses be shipped to Prescott. The Frontier Day committee has sent out scouts to scour the country, picking up bad horses wherever they can be found. All horses furnished these contests will be kept at the expense of the committee and later returned to their owners.

The three prizes of 300¢, 200¢ and 100¢ are inducement enough to warrant that cowboys in every part of the state will look to Prescott with interest. Already the management is assured of seven bad horses and expect to have twenty-five by the eventful day.

In the afternoon, at the Frontier grounds, prizes are offered for trick and fancy roping and also for trick and fancy riding. There will be a goat roping contest and also a cowboy pony race with big prizes. Much excitement is expected from the wild horse race. Two cash prizes are offered for steer riding. The contestants must navigate without saddle, rein or surcingle. There will be a cowboy relay race, potato race, and a tug of war.

The one-half mile running race offers two prizes of 250¢ and 100¢. This race is open to any horses in northern Arizona. Already several of the ranches have entered their favorites.

On the night of July 3, at the Elks Theater, there is to be presented Dan Sully's greatest success, The Parish Priest, with a particularly strong company. The whole house will be reserved at 1\$ per seat.

At Elk's Theater on the night of July 4th the Fire Department of Prescott gives its annual dance at Odd Fellows Hall. There is also to be a free public dance given by George Ruffner, as a house warming for his new garage.

On the evening of July 5th there will be an elaborate display of fireworks. There will be free dancing on a specially constructed stand in the Plaza; also a masked carnival and confetti fight on the Plaza.

In addition to local musical talent the Maricopa Auto band will come up from Phenix and will give free concerts during their stay.

The Santa Fe is making particularly liberal arrangements. A round trip ticket can be bought for one fare from any point on their line in Arizona.

Prescott has a half-dozen first-class hotels. In addition to the facilities offered by these, a committee has been busy arranging for rooms with families and lodging houses so that everybody who comes can be properly taken care of.

Mrs. Kate Taggart died at her home in San Diego last week Friday. She had been ill the past two years and her death was not unexpected. Mrs. Taggart was married to Richard Taggart in Kingman, over 24 years ago two children being born to them. These children survive her and were present at the death bed. Deceased was a native of Indiana, removed from that state to Pennsylvania when quite young. She was a graduate of the convent at Allegheny, New York. With her mother she removed to this county in the early eighties. She had many friends in this section that will learn of her demise with deep sorrow.

"C. & S." Fancy Formosa Oolong Tea The Hostess' Pride At Social Functions Far and Wide. GADDIS & PERRY CO. Sole Agents for Kingman.

Can't Keep it Secret.

The splendid work of Chamberlain's Tablets is daily becoming more widely known. No such grand remedy for stomach and liver troubles has ever been known. For sale by all dealers.

Promotes Health of Liver

We believe you will be surprised to note how quickly Rexall Liver Salts will tone you up and make you feel better—more energetic, more completely your own normal self. Containing ingredients long recognized by successful physicians as valuable in the treatment of liver disorders, and the various other bodily ailments arising from them, Rexall Liver Salts not only assist the liver in removing poisonous waste matters from the body—which if not removed, are pretty sure to clog up and derange other organs, and perhaps lead to a general nervous break-down—but assist materially in promoting the general health. It is a pleasant relief from the old-fashioned salts, both in its more agreeable taste and in its exceedingly gentle, yet effective laxative action. Rexall Liver Salts are guaranteed by us to satisfy or money back. Price, 25 and 50 cents. Sold in this community only at our store.

A meeting of the Mohave County Good Roads association was held at the offices of Herndon and Thompson, last Monday evening, at which many matters of importance were taken up and discussed. Among them was the building of the highway from Kingman through Kingman canyon to the Sacramento valley on a high line. The committee having in charge the signing of the roads made its report, which was most comprehensive. The road between Yucca and the east county line was logged and the places for the signs was marked, and later the iron sign posts and the handsome signs are to be put in place. Contracts for the making of the signs, painting and preparing for erection have been let. Lovin & Withers company is hauling the pipe for the posts from Little Meadows gratuitously, which greatly reduces the cost of the installation of these signs.

State Engineer Parker and his force of men are at work on the road out of Topock, from which point it was thought best to begin operations. The approach to the railroad bridge at that point is sure to cause considerable work, but it is the belief that an excellent grade will be made through the open ground to the south of the old yards. On the California side of the river a force of men are at work closing up the gap between Needles and the bridge.

E. B. VanDeman returned from Florida a few days ago, having been called to Jacksonville by the serious illness and death of his wife. Mrs. VanDeman died before the husband reached her bedside.

It is true that women more frequently suffer from kidney trouble than men. It is also true they suffer more intensely, owing to their more sensitive organism. Katherine L. Norton, New Bedford, Mass., says: "I had a terrible pain across my back, with a burning and scalding feeling. I took Foley Kidney Pills as advised, with results certain and sure. The pain and burning feeling left me, felt toned up and invigorated. I am glad to recommend Foley Kidney Pills." They are tonic in action, quick in results. H. H. Watkins, Druggist.

Good Roads Meeting.

Next Monday evening a meeting of the Mohave County Good Roads Association will be held at the offices of Herndon and Thompson, at which a large gathering of the people interested in good roads are expected to be present. Matters of great public interest will be taken up and discussed. Every business man should be present and take part in this meeting, as well as all others that have the good of Mohave county at heart.

The many friends of Fred H. Stull will learn with regret of his illness, caused by a paralytic stroke. The entire right side is affected. He is not suffering any physical pain while incapacitated from attending to his work, although the physicians believe this will be but temporary. Mr. Stull has been one of the most prominent mining men of the Chloride camp and his many friends hope to see him again actively in the business.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth many times its cost when needed is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. For sale by all dealers.

Card of Thanks.

To the many kind friends and neighbors that gave aid and sympathy during the last illness and death of our little ones we extend our heartfelt thanks.

MR. and MRS. HENRY BACON,
Hackberry, June 24, 1913.

Kingman M. E. Church.

CLYDE W. DEMING, Pastor.
10:30 a. m., Sunday school.
MRS. A. L. TILTON, Supt.
8:00 p. m. church service. All cordially invited.

Perfect Fitting Pumps for Women

Most important in the selection of pumps is the question of fit. A pump that gaps at the sides is never correct; a pump that binds at toe or heel is never comfortable.

Utz & Dunn Co. pumps for women are made on the most approved lines. Will not gap or bind and positively will not slip at the heel. This is a feature which will appeal to all wearers of pumps. We have them in all leathers and in fabrics.

\$3.00, \$3.50 and \$4.00
