NUMBER 278.

SAMUEL PANTS FOR MAYOR.

The Ex-Judge of Foreign Extraction Who Hated to Naturalize Foreigners Wants to Run.

He Changes His Middle Name to Match His Trousers and Thinks He's a Winner.

General Gossip from the Political Camps, with an Occasional Toss at the Enemy.

Samuel Pants McConnell is a candidate for Mayor.

The Eagle is glad to it.

It is glad because it gives it an excuse to drag this hypocritical politician before the public and to show that outside of his pants there are other things about him to talk of.

The son of an Irish farmer, Samuel's middle name was Patrick, but he changed it to Pants, to be stylish.

The Eagle cannot see wherein there is anything dishonorable about the name of Patrick.

It has been worn by many a gallant soldier, eminent statesman, noble Senator and brave man.

Patrick MacMahon, marshal of France and hero of a hundred battles, was president of the French Republic.

And a million other Patricks, perhaps less distinguished, have ornamented and decorated every walk of life in every part of the world.

But McConnell is a greater man than MacMahon.

MacMahon was only president of France.

McConnell is president of the Iron-works Club.

We must make allowances!

Some years ago Samuel Pants McConnell had the distinguished honor of becoming the son-in-law of a great, honest, dignified and most popular judge, the Hon. John G. Rogers.

Judge Rogers the people loved.

So he was so fair.

So kind.

So just.

So honest.

So dignified.

That when he died the people could not do too much to reverence his memory.

So they elected Samuel Pants McConnell, his son-in-law, to take his place.

It was a case of misplaced affection.

As soon as Samuel Pants was confronted with such an awful thing as \$7,000 a year salary, the airs he took on were terrible to behold.

He grew bald thinking about the salary, and grew proud thinking about himself.

This was his record on the bench.

No!

Come to think over the matter, that was not his whole record.

Here is the rest of it:

No sooner did McConnell provide himself with an extra stock of trousers out of his new and large salary than he decided to become a reformer.

He came to the conclusion (although the descendant of an emigrant himself that too many people were being naturalized in this country.

So, while sitting as a Judge, and by the way, as Chief Justice of the Circuit Court, he was waited upon last fall by the Acting Chairman of the Democratic County Central Committee, accompanied by the Chairman of the Democratic Committee on Naturalization, and asked to detail Judges to sit on the bench for a night or two for the purpose of granting naturalization papers to 15,000 poor workingmen who were anxious to become American citizens and who could not go into court in the day time.

He refused point blank to do so.

He said a whole lot of things which the Eagle will produce later. If this fellow's candidacy assumes serious proportions.

He showed himself in the interview to be a thorough knave, even if he was born of a stock that know-nothings are supposed to hate.

Lazy on the bench, McConnell resigned to escape hard work and formed a partnership in the "Commercial" law business with a man known as the Chairman of the "Committee on Morals."

But of Samuel Pants.

More anon.

According to a comparative statement of the receipts and expenditures of the City of Chicago for the year end-

ing Dec. 31, 1894. Mayor Hopkins shows how, with an appropriation of \$967,757 less than was appropriated for 1893, he has managed the city government for \$1,043,450 less than in the year previous. This statement has been prepared by Expert Accountant Harper of the Mayor's staff. The statement in full for the year is as follows, the figures being given in round numbers:

SUMMARY OF EXPENSES.

In addition to this the appropriations for the last three years should be taken into consideration. In 1892 there was appropriated \$9,847,549; in 1893, \$10,249,505; and in 1894, \$9,381,748, or \$967,757 less than in 1893. The statement shows the decrease in expenses for salaries alone was \$508,041. To this the Mayor points with special pride. The total savings of the year, as stated by the Mayor, are as follows:

Increase in receipts..... \$80,283

Increase in expenses..... 154,099

Total..... \$1,043,450

Decrease in appropriation..... 967,757

Grand total net savings..... \$2,011,267

In reference to this matter Mayor Hopkins made the following remarks: "I have no discussion of the statement to make," he said, "I prefer to let it speak for itself, and I hope every taxpayer in the city will read it carefully. The more carefully the better will I like it. It reflects credit on the administration and all of the city officials. It is the first time such a statement has been truthfully made for the city for the year's business for a long time. They were not possible before. I do not care to tell what great work we have done during the year. The city has been run economically, and the result is to be seen in the Controller's office. The city is now starting out on a new year with absolutely clean books, and without false balances that have been carried for years. There has been an entire change in the system, and within a few months, or a year at the latest, it will begin to be appreciated. A Republican Alderman who has fought everything I have done since I have been Mayor came to me a day or two ago and after the finance committee, of which he is a member, had adjourned, he said: 'John, I have been against you as Mayor for a long time, but you have made the best Mayor Chicago ever had, from a financial standpoint, and from this on I am with you on any matter of financial policy that you may have.'

HON. E. S. DREYER, The Head of Chicago's Public Library.

He had received the figures and the facts, and I think when the public reads these and examines them carefully it, too, will give credit to whom it is due."

A meeting of the First Precinct Republican Club of the Twenty-fifth Ward elected officers as follows: President, J. H. Kamuss; Vice President, S. W. Taylor; Secretary, Thomas Northen. Henry Brandt was indorsed for Assessor and J. H. Kleincke for Alderman.

The Abraham Lincoln Club of the Thirtieth Ward has indorsed George B. Swift for Mayor and Chris Strassheim for City Treasurer.

The Forty-fifth Precinct Republican Club of the Twelfth Ward has indorsed George B. Swift for Mayor and James L. Campbell for Alderman.

At a meeting of the Thirty-second Ward Republicans at Forty-third street and Indiana avenue Thomas B. Skeeles was indorsed for Assessor of Hyde Park.

Capt. William O'Connell writes as follows to the Eagle:

The largest sailing vessel in the world will come to Baltimore in February to load her first cargo and begin her first voyage from this port. She will spread 10,000 square yards of canvas and carry over 5,000 tons of coal to San Francisco, a voyage of 10,000 miles. The vessel is the transatlantic four-masted screw steamer Persian Monarch of the Wilson Line, between New York and London. She is now at Newport News, Va., being converted into a full-rigged four-masted sailing ship. Her masts are just one foot short of the height of the column of the Washington monument. From the keel to the topmast point of the ship's masts is 84 feet. The masts from deck to truck measure 150 feet; the fore, main and cross-jack yards are 93 feet; the bowsprit and jib-boom, 40 feet; length of spunker boom, 56 feet; royal, 53 feet; topgallant, 45 feet; upper topsail, 85 feet, and lower yard, 73 feet. The lower masts and yards are of steel, the masts being 32 inches in thickness at the deck. The ship will carry 30 sails, requiring enough canvas to make an awning a mile square. Her mainmast and mizenmast contain 3,080 sq. yds. of canvas each. From the stern to the point of the bowsprit the vessel measures 411 feet, is 300 feet between perpendiculars, 43 feet 1 inch breadth, and 25 feet 1 inch depth of hold. If stood on her stern, with her bow pointed heavenward, her bowsprit top would rise 62 feet higher than the top of the flagstaff of the New York World Building, the highest in New York. She would carry the building in her hull. To load the vessel with her cargo of coal it will require the contents of over 250 coal hoppers, each carrying 20 tons. The few calling vessels that approach the Persian Monarch in size are the French five-masted steel bark France, 3,624 tons; the British four-masted ship Liverpool, 3,330 tons; the American four-masted ship Ronoke, 3,400 tons, and the American four-

masted ship Shenandoah, 3,258 tons. The Persian Monarch's gross tonnage is 3,923.

The iron hull of the vessel retains its original shape, with the exception that the main deck has been cut down between the houses. She retains her four bulkheads and water-ballast compartments, but her 500-horsepower compound engines and coal bunkers have been taken out. On deck there are three houses, the forecastle for 32 seamen; a bridge-house amidships, and a poop-deck. In the bridge-house is a cabin measuring 42 by 32 feet, finished in mahogany for the captain and mates. The officers' rooms and three staterooms for passengers are finished in black walnut. Steam will be used to hoist sails, load cargo and work the capstan. Capt. Collier, formerly of the Lint Bros' lines, will probably be master of the vessel. It is said she will change her British register to an American one, and insure with American underwriters. It cost \$75,000 to convert the ship into a sailing vessel.

The Hon. J. D. Yeomans, of Iowa, member of the United States Commerce Commission, was in Chicago this week, working up a boom for W. R. Morrison for President and, incidentally, visiting his friend, William O'Connell.

The Legislature has been in session since Jan. 9, and has accomplished little beside the election of Cullom to the United States Senate. A number of bills and resolutions have been introduced in both branches of the Assembly and referred to committees not formed. In the main they have been unimportant and of non-political import. The Senate committees were announced last week, and that body is ready for work. One of the most important committees is the Committee on Appropriations. The bill providing for the reconstruction of the insane hospital at Anna and appropriating \$100,000 for a fireproof building will be one of the first bills before that committee. The appropriation was suggested by Gov. Altgeld in a message to the Senate and House. There is no doubt but that the bill will be rushed through. In order that the building may be finished as soon as possible and the inmates of the hospital taken from their restricted quarters. A suggestion made by the Governor will probably find expression in a bill later. It is that an institution be reserved for the incurable insane. Poorhouses throughout the State harbor insane persons who cannot possibly be taken care of properly.

A bill for the construction of a State normal to be located in the northern part of the State has found its way to the clerk's desk and was sent to the Committee on Appropriations. The people from the northern part of the State have been active several sessions in an endeavor to secure a normal school, there being none in that part of the State.

In addition to the bill restricting pool selling to sixty days between May and November, introduced in the House, there will probably be other bills prohibiting public betting at all. Such a

bill was the cause of the most bitter fight in the Senate last season.

One of the bills in the Senate which has caused considerable comment is Hamer's, defining anarchy and fixing death as the penalty. A bill is in contemplation by a Senator making it a death penalty to attempt or to rob a train. Any number of arbitration bills have been introduced in both branches. These will probably be merged into committee bills and reintroduced.

In the Senate Tuesday will come up as a special order Senator Coon's resolution deploring the death of ex-Senator Perry Anderson of Warren County. Addresses will be made by Republican and Democratic members, Senator Coon leading.

The bills in reference to the revamping of gambling tools, the consolidation of the three Supreme Court districts, and the amendment to the election law, suggested and drafted by the Committee on Law Reform of the State Bar Association, have been placed with members and will be introduced.

The terms of the following Aldermen expire this spring:

- Louis I. Epstein, Republican, First Ward; Martin Best, Republican, Second; Eli Smith, Republican, Third; Martin B. Madden, Republican, Fourth; Patrick J. Wall, Democrat, Fifth; Thomas Reed, Democrat, Sixth; William J. O'Neill, Democrat, Seventh; Martin Morrison, Democrat, Eighth; Joseph L. Bidwell, Republican, Ninth; John F. Dorman, Democrat, Tenth; William D. Kent, Republican, Eleventh; James L. Campbell, Republican, Twelfth; Martin Knowles, Democrat, Thirteenth; William L. Kamerling, Republican, Fourteenth; Michael Ryan, Democrat, Fifteenth; Stanley H. Kams, Democrat, Sixteenth; Stephen M. Gosselin, Democrat, Seventeenth; John J. Brennan, Democrat, Eighteenth; Thomas Gallagher, Democrat, Nineteenth; Otto Hagen, Republican, Twentieth; John McGlen, Democrat, Twenty-first; Edward Muelhofer, Republican, Twenty-second; William J. Kelly, Democrat, Twenty-third; Zora C. Peck, Republican, Twenty-fourth; Albert H. Kleincke, Republican, Twenty-fifth; William Finkler, Republican, Twenty-sixth; Matthew J. Conway, Republican, Twenty-seventh; Thomas Sayle, Republican, Twenty-eighth; Thomas Carey, Democrat, Twenty-ninth; John W. Utesch, Republican, Thirtieth; James L. Francis, Republican, Thirty-first; William R. Kerr, Republican, Thirty-second; George W. Shepard, Republican, Thirty-third; John O'Neill, Republican, Thirty-fourth.
