The annual sale of early winter furniture and furnishings, beginning tomorrow, will last during the entire week to enable house-keepers to take plenty of time to make their selections leisurely and judiciously. The wide exhibition floors at John M. Smyth Co.'s afford abundant room for a concourse of thousands of visitors to enjoy a ramble through the many brilliantly attractive departments while making their choice of bargains. It is the largest and handsomest furniture store in the world, and one secret of its steady hold on public favor for now approaching a half century of time has been a careful provision for a ways enabling customers to do their trading under comfortable and agreeable conditions and without being rushed and whooped and hurried into buying what they don't want. Furniture and furnishings that have some dignity and that are intended to wear and last till they become family heirlooms for the third and fourth generations don't require to be purchased under the spur of a scramble sale. They invite examination. Bargains at John M. Smyth Co.'s hold good a week, thus giving the visitor not only time to scrutinize, but time to ponder. Open Evenings Till 9.

\$22.75

A high-class quarter-sawn oak Chiffonier, whose dimensions are exceptionally large, same being 42 inches wide and 20 inches deep, the ordinary size being but 33 inches in width and about 18 inches in depth. As readily can be gleaned from the illustration, this chiffonier has a double serpentine front and the base is divided into three large and four smaller drawers, the latter affording the most convenient receptacle for the smaller articles of wearing apparel; also, a large and commodious hat-box. The oval-shaped mirror is of heavy French plate, deeply beveled, and measures 20x16 inches. Owing to its unusual width, which is that of a dresser, it can be used in the dual capacity of dressing case and chiffonier. As it represents a value of thirty dollars or over, it is indeed a bargain at our price, of only...

SANITARY DAVENPORT Convertible Into Full Size Bed, Rigidly Supported

\$9.85

Vastly and incomparably superior to any conception of the kind ever offered is this latest improved Steel Davenport Sofa Bed. In proportion as it is lower in price, so does it exceed and surpass in all its constructive features and in every point and particular of comfort, utility and ornate appearance. During the day it has the style and splendor of a magnificent parlor sofa, and when night comes it can easily and readily be changed into a handsome and commodious bed, 48 inches wide, 70 inches long. There is nothing involved, unmanageable or complicated about it—no locks, ropes or pulleys to get out of order—no puzzling mechanism. A child or blind person can fold the bed into a beautiful sofa or unfold the sofa into a shapely and comfortable bed. By a simple spring catch the back of sofa is lowered to a level with the seat, while the two end sections of the outer framework of the back swing into line and add their lengths to the sides to form the graceful and symmetrical head-board and foot-board of the shapely and rightly bed. The seat of the sofa is 25 in. deep and the back is 21 in. high. Underneath the seat are two commodious wire baskets to accommodate the bed clothing by day. The firmness and stability of this peerless Davenport Sofa Bed may be seen in the fact that the springs are made from the celebrated National fabric rigidly adjusted and supported under seat by numerous double coils. Added comfort secured by fifty steel-tempered helical springs at ends. The exterior finish is in beautiful gold bronze. Bargain price, pad not included.
