**The Colonel Says:**  
 The traveler, who was asked by a clerical-looking fellow-passenger—whether or not he drank, may have been justified, before answering, in asking whether the question was an inquiry or an invitation. But my advice to you, sub, is "Let not opportunity slip between your fingers." Take it, whenever such a query is put to you, as a pressing invitation, provided, sub, that there is within convenient reach a supply of

**BAGLETS.**  
 "Weighing" machines that are invariably out of order and gum machines that don't give out gum, are the regular thing on the elevated platforms. How long are they going to stay there?  
 The Democrats couldn't name a stronger man for one of those Superior Court nominations than WILLIAM RITCHIE.  
 Stillman B. Jamieson, the popular and well known attorney, is strongly talked of for Superior Court Judge next fall.  
 Col. James Hamilton Lewis has the inside track at present for the Democratic nomination for United States Senator next year.  
 As a business man, a public official and a citizen, George W. Paullin has a record to his credit that he can at all times point to with pride. The people's interest are well looked after by him on the Sanitary Board.  
 Clean out the municipal bench next year.  
 No man among Chicago's most successful financiers and business men is more entitled to his success than Albert G. Wheeler.  
 Let the contest for those six Democratic nominations for Superior Court judge be a free-for-all. In that way everybody has a chance and the best ticket is named.  
 Thomas A. Smyth is making the splendid record as President of the Sanitary Board that everyone of his big army of friends knew he would make.  
 The ticket scalping graft in Chicago should be squelched.  
 John J. Coburn can be depended upon to make an aggressive and brilliant campaign for election to the Superior Court bench. A better man could not be placed there.  
 L. D. Condee is strongly backed by Republicans all over the city for nomination for Superior Court judge.  
 The people are sick and tired of seeing the elevated road platforms littered up with gum machines and weighing devices that are invariably out of order.  
 Chicago needs an outer harbor.  
 The Home Brewery, under the able presidency of Matt Aller, is doing a splendid business.  
 Zina R. Carter, the well known and highly respected grain man and Republican leader, would make a fine state treasurer.  
 John P. McGoorty has the undivided support of the Democratic rank and file in his campaign for Circuit Court Judge. His honest and brilliant record is well known to the people.  
 Lewis Rinaker, the popular and well known former county judge, is strongly talked of for a Republican nomination for one of those additional Superior Court judgeships.  
 Harry L. Shaver, member of the Legislature from the Thirty-first district, is one of the hardest-working and best qualified men representing Chicago down at Springfield.  
 F. J. Hamler, the well-known boiler manufacturer, would prove a popular Democratic candidate for state treasurer or presidential elector next year.  
 James S. Hopkins has earned by his splendid record as a lawyer and a citizen, a widespread popularity.  
 What public official, if any, stands in with the slot machine graft on the elevated roads?  
 "Weighing machines," that don't weigh; gum machines that take money and give up no gum. The whole of them, gum and weighing devices, should be torn off and thrown in the lake. This form of graft should be suppressed at once.
