NOTABLE ACHIEVEMENTS—EXPERT CALCULATORS TRAINED

NOEL KINNAMAN.

The calculators trained by Mr. Noel Kinnaman have made a wonderful success and are meeting the demands of present business conditions in all offices. The advent of the adding calculating machine has brought out the necessity for the trained calculator, and to meet this demand Mr. Kinnaman started training young ladies for this work eight years ago. (Several years previous he organized the Chicago Calculating Company, expert calculators, who handle the inventory, payrolls, invoices, specifications, etc., etc., in fact, anything that can be figured for over 1,000 Chicago firms.) His training methods are those of experience. His thorough knowledge of this work is imparted to his pupils in personal and individual instruction. His is not fast progress as you will. The work is coming more in demand each year and for over two years past Mr. Kinnaman has not been able to supply the calls for help. The salaries range from \$65.00 to \$125.00 per month, or about \$18.00 per week. The work is so simple and easy that it can be mastered easily in six weeks or less under this expert instruction. Mr. Kinnaman is very particular about the young ladies he accepts and many applications are rejected, and thus one who is fortunate to secure this training can be assured of success as soon as it is completed. The work is much easier than typewriting and will pay a much larger starting salary than any other profession. In fact, it is most desirable for any young lady with ambition and who wishes to protect her future, or is contemplating working for a few years at some business profession. If interested in this modern and lucrative business profession call and see Mr. Kinnaman at 337 W. Madison Street, Room 802, it will surely pay you to do so.
