EAGLETS

W. F. Cummings, the well known engineer and contractor, has made a fine record. His work is praised all over the country.

Sanitary Trustee William J. Healy is the father of the Orleans street bridge—the greatest improvement ever made by the city of Chicago on the Chicago river. Mr. Healy, while Alderman from the Eighteenth ward, fought week in and week out until he secured the passage of an ordinance and appropriation for this much needed structure. When completed it will be one of the greatest bascule bridges in the United States.

The Joseph Triner Company has done much for the health of the people. Its products are praised by all who have used them.

C. A. Bickett, the well known and highly respected president of the Bickett Coal and Coke Company, although still a young man, has led a very active life and has been a potent figure in the business world for many years. Whether as president of the Chicago Bearing Metal Company, the Bickett Coal and Coke Company, or as a director of the Fort Dearborn National Bank, he has won the high regard of the business public.

Patrick A. Nash is making a great record on the Board of Review.

Ben J. Short, the popular lawyer, would make a great judge.

Francis J. Houlihan, the well known attorney, is frequently being mentioned by his big army of friends and admirers for a seat on the bench. Mr. Houlihan is one of Chicago's ablest and most successful lawyers and would make splendid judge.

County Recorder Joseph F. Haas is making a fine public record. The people are satisfied with his official acts.

Matt Aller would make a good City Treasurer. He is a sterling Democrat and has worked hard to put many good men into public office.

Albert J. Hopkins, who made one of the best United States senators Illinois ever had, would make a great governor.

Repeal the rotten Civil Service laws and give the soldier boys jobs.

The McAvoy Company is manufacturing a temperance drink that bids fair to become very popular. It is called "Alpha" and its strengthening and invigorating qualities are much praised. The McAvoy company is also producing de-alcoholized Malt Marrow, which is universally popular.

Charles H. Lamson is one of Chicago's greatest paving experts.

Judge Frank Johnston, Jr., is making a fine record on the Circuit Court bench.

George L. Schein, the well known lawyer, who numbers his friends by the thousand, would make a fine judge. Mr. Schein has no ambition in this direction, it is said, but his ability, fairness and legal experience will fit him for judicial honors.

John B. Knagst of 72 West Washington street is one of the leaders in the real estate world.

Who gets the benefit of the Public Service Departments Utility extractions?

Edward W. Everett, the well known lawyer, is frequently talked of for congress by his many political friends. He is said to have no ambition in this direction, but his popularity would cause his election to almost any office he was nominated for.

The famous Terrace Garden is now one of Chicago's distinct features. A trip to the Morrison Hotel where the beautiful restaurant is located always means a return visit.
