

Hiram L. Williamson, the well known newspaperman and popular secretary of the Illinois Press Association, is making a fine record for ability and usefulness as superintendent of Public Printing at Springfield.

Fred F. Hagel, manager of the favorite Briggs House makes new friends every day by the ability with which he meets the demands of the public at that popular hotel.

Oscar F. Mayer the great packer is much talked of for mayor since his return from Europe. But he wants no office for himself. He generally picks a friend for a job like that and wins out on him.

Otto Rueter & Company have a most beautiful and attractive subdivision in their Beverly Hills property. There is no more beautiful spot for a home on earth.

William R. Skidmore always played fair as a Democratic leader. That is why he has so many friends.

E. J. Magerstadt, who made a splendid record as sheriff, is talked of for City Treasurer.

West Side Boulevards are ignored almost entirely by teamsters who drive across them at will and endanger people in autos.

George N. Polales is the West Side restaurant king. His menu cannot be excelled.

William Ganschow, the well known manufacturer, delegate to the Constitutional Convention and popular member of the West Park Commission, is not treasurer of the West Park Board as incorrectly published. He is one of the most active workers for the best interests of the parks.

CHAS. H. WEBER, Democratic Candidate for the Legislature, Sixth District.

The hauling problem which is such a bugbear to so many merchants and manufacturers is easily solved in Chicago. The Highway & Equipment Company at 179 West Washington street haul and deliver with standardized motor equipment. They are noted for their promptness and firms having contracts with them express their satisfaction.

The drivers of mail motor trucks imagine that they own the boulevards because their contractor boss works for Uncle Sam. As a rule they pay no attention to the rights of other vehicles and cause many accidents.

Mack Trucks=

Are purchased and repurchased by truck operators who have used other kinds of trucks. They have found the sturdy Mack, with its long life, superior design, and stalwart construction cheaper to operate.

Your profits lie between the cost of operation and the amount you get for the sale of your services, or the value of the truck to you. The selling price of your services is determined by competition, so your profits can only be increased by decreasing your operating cost.

We stand ready to prove that the Mack truck costs less. May we have the opportunity? Phone us now for the proof.

Capacities from 1½ to 7½ Tons
