A Republican to Succeed Pettigrew. St. Louis, Mo., Nov. 7.—No doubt remains that the Republicans have won a complete victory in South Dakota. Returns received at fusion and Republican state headquarters show Republican gains in the city, every precinct except Frank Crane, chairman of the Republican state committee, says: "We have carried the state for McKinley by a plurality of from 10,000 to 12,000 and have elected our two nominees for congress and the entire state ticket. We will have a majority on joint ballot in the legislature, insuring the election of a Republican to succeed Senator Pettigrew in the United States senate."

Bryan's Majority in Georgia. Atlanta, Nov. 7.—Bryan's majority in Georgia will be about 40,000, which is 28,000 less than that given Governor Candler a month ago. The majority for Bryan shows an apparent increase over that of four years ago of about 4,000. But little interest was manifested over a very light vote was polled. The Georgia Republican Party remains solidly Democratic. County returns in south Georgia, went for McKinley, and the town of Fitzgerald registered a heavy Republican majority. Bryan's majority in Atlanta showed a decline in the city, the Republicans failing to carry the Fourth ward, which went for McKinley in 1896.

Marion Butler's Senatorial Successor. Raleigh, N. C., Nov. 7.—The election in North Carolina was very quiet. Returns indicate that Bryan's majority will not be less than 30,000. Seven Democratic congressmen are elected, with two in doubt, the Eighth and Ninth districts. It is almost certain that the Republicans have carried the Ninth. Democratic State Chairman Simmons is elected United States senator to succeed Butler, Populist, by 40,000 over his opponent, Gen. Julian S. Carr.

West Virginia's Plurality. Parkersburg, W. Va., Nov. 7.—W. M. O. Dawson, chairman of the Republican state committee, estimates McKinley's plurality at 17,000 and the election of all four Republican congressmen and a majority of 20 on joint ballot in the legislature, insuring the reelection of Senator Elkins. He states that the entire Republican ticket will be elected by majorities slightly below McKinley. Democrats claim a majority on joint ballot in the legislature.

Both Sides Claim Kentucky. Louisville, Nov. 7.—The result of the election in Kentucky is in doubt, with both sides claiming the state and presidential tickets. The Democrats may be considered to have a smaller majority. The state legislature which elects a successor to Senator James McMillan, will be overwhelmingly Republican and Senator McMillan's reelection is a certainty.

Bryan's Texas Majority 175,000. Houston, Tex., Nov. 7.—The Democratic state ticket, headed by Joseph D. Sayers for governor, is elected by a majority in excess of 100,000. The legislature is almost solidly Democratic. It will elect Joseph W. Bailey United States senator to succeed Horace Chilton. It is estimated that the majority for state electors will not fall short of 175,000 and may go above that figure.

California Republican by 10,000. San Francisco, Nov. 7.—While the returns from the state at large and this city are very incomplete, enough are at hand to warrant the prediction that McKinley has carried California by a plurality of 10,000. The Republicans have elected 10 congressmen from the First, Third, Fourth, Fifth, Sixth, Seventh and Eighth districts. The Second and Fifth districts are running very close.

Bryan Wins in Montana. Butte, Mont., Nov. 7.—Returns from Silver Bow county, which casts about a fourth of Montana's vote, indicate that Bryan has carried the state by something like 20,000, that the Democratic fusion state ticket is elected, and that the fusionists will have a majority in the legislature, which elects two United States senators.

Colorado Democratic. Denver, Colo., Nov. 7.—Returns received indicate that Bryan's plurality in the state will be from 30,000 to 40,000, Arapahoe county, including Denver, gives Bryan 6,000 to 8,000 majority. The result on the state ticket is in doubt, also the legislature, with the probability in favor of fusionists.

Wyoming for McKinley. Cheyenne, Wyo., Nov. 7.—Returns from the state coming in slowly. Will be some hours before the result is known, but indications thus far are that the state is safer for McKinley and congressmen by 2,000 plurality.

Democratic Gains in Massachusetts. Boston, Nov. 7.—President McKinley has carried Massachusetts by about 80,000 plurality, a reduction of nearly 100,000 from that of four years ago. The Republicans have elected ten and possibly eleven of the congressmen, a few by an increased plurality over 1896 but the majority of the district electors candidates ran behind those of four years ago. While the total vote for governor was somewhat behind that given the national candidate was re-elected by a somewhat larger plurality than that received by President McKinley. The reduction in the Republican plurality was due not so much to the falling off in the party vote, but the return of the so-called Gold Democracy of 1896 to the regular Democratic ranks. The Republican vote showed a net loss of about 15 per cent.

tion passed off without incident. Col. W. T. Durbin, the Republican gubernatorial candidate, ran very close to the national ticket. Ten precincts in Marion county (Indianapolis) show a net gain of 251 for McKinley over 1896. The same ratio, if maintained, would give McKinley the county by 8,000 majority. Democratic congressmen have been elected in the Second and Third districts, while Republican congressional candidates were successful in the Sixth, Eighth, Tenth, Eleventh and Thirteenth districts.

McKinley's Ohio Vote Unchanged. Columbus, Nov. 7.—At midnight less returns were received than at any previous election in Ohio at that hour. This is attributed to the unusually large vote and the full county and district tickets. There were seven tickets of presidential electors and five state tickets. Out of 3,109 precincts in Ohio the state committee heard at 10 o'clock from less than 200 and from very few county committees. Indications are that there will be no material change in the vote of 1896, when McKinley had a plurality of 51,309. McKinley's county gained 1,000.

Bryan Gains in Rhode Island. Providence, R. I., Nov. 7.—On an increased vote Bryan has made considerable gains in Rhode Island. McKinley's plurality of four years ago was 22,978. Only half of the 143 districts in the state have been heard from, those missing including most of those in the cities, with most of the 50 in Providence. McKinley's plurality will be about 20,000, it is believed. Providence, which in 1896 gave McKinley 8,211 plurality, will elect a Democratic mayor, has elected Granger (Dem.) by a plurality of less than 1,000. In 1896 every city and town in the state gave McKinley a plurality.

Both Sides Claim Kentucky. Louisville, Nov. 7.—Both Democratic and Republican committees claim the state, though they furnish no figures in support of their claims. The Louisville newspapers make claims according to Hulseback, Rep., another Democratic or Republican ticket in the campaign just closed. McKinley's majority in 1890 out of 200 precincts in Louisville and the county is 4,658. In the same precincts, the majority of Yerkes, Republican candidate for governor, over Beckham, Democrat, is 4,428. The Democrats are claiming gains out in the state.

Nebraska May Be Republican. Omaha, Nov. 7.—At midnight 200 precincts out of 1,611 in the state had returned results of the election, 30 of these coming from Omaha and Douglas county. A majority of them give Republican gains which, if they hold good throughout the state, would indicate a Republican plurality of from 2,000 to 5,000. However, the fusionists say these returns are not significant of the real result and that the outlying districts will even out these gains and give the state to Bryan by from 5,000 to 8,000.

Iowa's Congressional Republican. Des Moines, Ia., Nov. 7.—It is apparent that Iowa is Republican by 100,000, and a solid delegation of 11 Republicans will be sent to Washington. Republican Chairman Weaver says: "Iowa is McKinley by over 100,000, and we have elected all the congressmen." Democratic Chairman Ruffman says: "We concede the state to McKinley by 50,000. We claim the election of Volmer in the Second congressional district."

Australian's New Metropolis. There is every probability that early in next year the site of the Australian federal capital will be decided and competitive plans for laying it out invited. The idea is that it should be one of the finest cities of its kind in the world, enjoying a salubrious climate and possessing beautiful surroundings. Only the public buildings will be constructed at the cost of the commonwealth, all others being left to private enterprise.—Commercial Intelligence.

Her Value. He (adoringly)—Darling, you are worth your weight in gold. She (practically)—You do not value me sufficiently, Henry. Gold at its value of \$16.50 an ounce is worth a pound avoirdupois, and as I weigh 140 pounds, my value would be only \$26,900, whereas the tax duplicates will show I am worth something over \$75,000.—Detroit Free Press.

Wide Open. Miss Skreecreecher—I noticed that Dr. Brown, what sat next to you, was quite interested in my singing last night. Miss Peppery—I don't think it was your singing, dear. He turned to me when you had finished and said: "I never miss an opportunity to study the tonsils; it's my specialty, you know."—Philadelphia Press.

Military Kaleidoscope of France. In two years we have seen eight ministers of war, four chiefs of the general headquarters staff, three commanders in chief, three governors of Paris, not to mention the numerous changes that have been made in the personnel of the commanders of corps d'armee.—Paris Soliel.

The Foundation. "Mob spirits are sweeping the country," read Mrs. Stubb. "What are mob spirits, John?" Mr. Stubb answered without hesitation: "Beer, whisky and cheap rum."—Chicago Evening News.

Unpleasantness at the Window. Paying Teller—Excuse me, madam, but I don't know you. Lady with Check—Know me? Well, I should think not! There are no bank cashiers in our set.—Chicago News.

Why He Did It. First Pickpocket—If you knowed he only had a nickel, it was hardly worth while pinching it. Second Pickpocket—Oh! I took it on principle.—Pack.

The Usual Way. Willis—Did Henpecke die a natural death? Wallace—Yes, his wife outlived him, if that's what you mean.—Town Topics.

Through his wisdom, advice, knowledge, he can impart to you a secret that will overcome your enemies and win your state, though they furnish no figures in support of their claims. The Louisville newspapers make claims according to Hulseback, Rep., another Democratic or Republican ticket in the campaign just closed. In the same precincts, the majority of Yerkes, Republican candidate for governor, over Beckham, Democrat, is 4,428. The Democrats are claiming gains out in the state.

PLEASE READ THE FOLLOWING: Brooklyn, Aug. 15, 1891.—This is to certify that my husband and I were a stranger in a strange city, out of work and out of money. I had no luck in anything I undertook. I have since practiced five years in New Orleans, and I have cured many cases of the same kind. I first met Dr. Shea, I would advise all in bad cases, sick and well, to go to him at once.
