AFRICAN AFFAIRS.

Algeria has four zones in which petroleum occurs. One of them is 125 miles long.

Africa now grows 44,000,000 bushels of wheat a year, thus beating Australia, which produces 35,000,000 only.

There were 17 coal and 137 gold mining companies carrying on business in the Transvaal before the war broke out.

Africa contains 12,497 miles of railways, of which more than 3,000 miles are in British territory and protectorates, besides something over 2,000 miles in Egypt, over 3,000 miles are in French dominions, 1,200 in the Transvaal, 736 in Natal, and a little less than 600 in the Orange colony. Various new enterprises are projected in South Africa.

Monstrosities Peculiar to America. London, Glasgow, Manchester and many other British cities regulate transparencies, electric-flash signs, sky signs and the size of letters permissible in posters. Dover, England, requires a license for all street signs not contained within a window.

France and Belgium tax street signs, and Belgium awards prizes for artistic signs. It is only in America, it seems, that we permit ourselves to be attacked on every hand by billboards and posters, says the Des Moines Leader, presumably out of sheer love for the business of them.
