The following committee on permanent organization was also appointed: Messrs. Abbott, Quinn, C. J. Cook, Loomis and Dinsmore.

Osborn Conleton, correspondent of the New York Voice, spoke interestingly for nearly half an hour on the situation of the Prohibition party and the objects of his visit to this Coast.

The committee on credentials and qualifications reported that it had found the delegates as given above entitled to seats, which report was adopted, together with the recommendation that each delegation be entitled to its full vote.

The committee on permanent organization reported recommending Rev. A. M. Hough for chairman and W. D. Gould for secretary. The report was adopted.

The morning proceedings were closed with a speech from Rev. A. M. Hough, in which he advised that everybody vote the Prohibition ticket at the next election.

An invitation from the W. C. T. U. to hold the next convention at Temperance temple was accepted.

A motion was made that a committee be appointed to select 112 names to be elected as delegates to the State Convention. A substitute that the nominations be made in open convention was carried.

Afternoon Session. At 2 o'clock the convention re-assembled, Rev. A. M. Hough presiding, every seat in the hall being occupied. The proceedings commenced with a discussion of the county license problem, and a petition addressed to the Board of Supervisors, asking them to refuse to grant any further licenses for the sale of intoxicants in the rural districts was read, and the following resolution thereon was unanimously adopted:

Resolved, That the vote of this convention be certified by the secretary to the Board of Supervisors, and at the hearing of that petition a committee appear before them, consisting of J. H. Blanchard, G. B. Dougherty and Rev. A. M. Hough, to represent this convention and plead for its adoption by the Board of Supervisors, and hoping that other organizations, churches, etc., will do likewise.

A lengthy discussion as to the method to be adopted in the main business of the convention, that of electing delegates to the State Convention, to be held in San Francisco in April, followed, and it was resolved to take each precinct by itself, and elect delegates therefrom in rotation. The following 114 delegates

B. Toberman.

The following resolution was offered, but after some discussion was laid upon the table until after the committee on resolutions had reported:

Recognizing the fact that our public offices, national, State and municipal, should be filled only by men of unquestioned integrity and ability; and as our cause is of such importance that we should appeal to the voter in every honorable way, hence by offering for his suffrage candidates every way worthy of his support, and

Resolved, That we endorse the declaration of principles of the National Prohibition Convention of 1888 at Indianapolis.

Second. We emphatically protest against all State aid for the encouragement of the business of making intoxicating drinks.

Third. Resolved, That the convention most heartily approves the recent vote in the lower house of Congress, admitting the Territory of Wyoming into the Union as a State with the clause in the constitution allowing universal suffrage, against the fierce opposition of the extreme conservative element on account of such clause.

Fourth. Resolved, That in placing in the field a State Prohibition ticket, prudence and patriotism would dictate that the election of candidates for Supreme Judges be deferred until the other parties have made their nominations, when the State Prohibition committee shall be authorized to select candidates known to be favorable to temperance principles.

Fifth. We recommend the districting of the State into at least two districts by the State Convention, which shall be largely under the immediate charge of the State central committee within those districts.

Sixth. Resolved, That in the county convention to be held hereafter during this year, the central committee is requested to invite the Young Men's Prohibition Club of the county a fair representation in such conventions.

Seventh. Resolved, That we are opposed to all laws and customs upheld by law which favor the rich and oppress the poor, and especially those which give an exorbitant fee to the attorney for foreclosing a mortgage, which allows the sheriff an extravagant fee for the sale of property under foreclosure and demand of the debtor the enormous interest of 24 per cent per annum before he can redeem his property.

Eighth. Resolved, That in Gen. John Bidwell and his wife, this convention, as the noble champion of the Prohibition cause, for his high character, devotion to his convictions and his wide reputation amongst the people, for the highest place on the State Prohibition ticket, and that we make the like representation in favor of our distinguished fellow citizen A. M. Hough for the second place on the ticket.

Ninth. Resolved, That we favor Government ownership of all railroad and telegraph lines, which should be placed in the hands of the people, and we protest against the proposed extension of time from fifty to seventy-five years, for the payment of the mortgages of the Union Pacific railroads, held by the Government, which would serve to the further enrichment and aggrandizement of the owners and their successors after them, and the additional impoverishment of the inhabitants in general, and we heartily endorse the proposed system of Governmental postal telegraph presented by Postmaster General Wanamaker, and most our representative in Congress to vote for the same.

The following minority report was also adopted, after a lengthy discussion:

Resolved, That we are opposed to all laws relating to the ownership of property which favors the husband and oppresses the wife, and we declare for full equality of husband and wife before the law.

Resolved, That we favor municipal ownership of water works, gas and electric light works, city railroads and other national monopolies.

Some further unimportant business having been disposed of, and it being already after 5 o'clock, the convention was declared adjourned by the chairman.

BRAZILIAN SCALE.

New Bugs Imported Into This Part of the State.

Five new varieties of scale bug have recently been imported into this county, and Inspector Thomas Weiss reports that active steps have been taken to exterminate them before they do much damage. These bugs came from Brazil on several species of palms which were imported direct. When they were discovered steps were taken to destroy them, and yesterday all the palms remaining in the nursery that imported them were burned. Unfortunately a number of the plants had been sold before the scale bugs were discovered, and efforts to trace them has thus far proved unsuccessful. It is hoped, however, that the parties who bought the Brazilian palms will see the items regarding them and destroy the plants. Prof. D. W. Coquillett has given the following names to the scale: "Hemispheerical Scale" (laccanum hemisphaericum), "Camellia Scale" (Ilorinia camellias); also undetermined species of laccanum aspidiotus and dactylopius.

The Orange Market.

A firm of Chicago fruit men, correspondents of C. A. Stilson, of this city, write to him to say that the demand for California oranges in the Northwest has been steadily improving, and is now very active. The outlook for the sale of the remainder of the crop is good.

CHICAGO EXHIBIT.

An Important Meeting With Good Results.

A Representative Southern California Gathering.

The Exhibit in Chicago to be Established Soon.

Delegates from Four Counties Meet at the Chamber of Commerce—The Proceedings.

One of the most important meetings ever held in Southern California took place yesterday afternoon at the Chamber of Commerce. It was called at the instance of the chamber for the purpose of taking action to organize a permanent exhibit of the products of this section in Chicago, in a hall in the Rialto building offered by the Santa Fe Railroad Company, with the purpose of following up this work by the establishing of another similar exhibit in Boston or New York.

The Representatives Present.

At 2 o'clock the meeting room of the chamber was crowded full with a thoroughly representative set of men from Los Angeles, San Diego, San Bernardino and Orange counties. Los Angeles was represented by such men as Dan Freeman, E. F. Spence, Harvey Lindley, Eugene Germain, Capt. A. W. Barrett, A. M. Wells, H. Z. Osborne, Dr. Bryant, H. Y. Otis, J. H. D. Browne, of Pomona, and others. Williamson Dunn and S. B. Hynes represented the Santa Fe Company. The San Bernardino county delegation contained L. M. Holt, Colonel W. R. Tolles, J. P. Chinn, R. F. Cunningham, Dr. J. Jarvis, L. C. Waite, D. L. Wilbur, Dr. C. W. Craig and T. H. Eccles. The San Diego county representatives were as follows: Warren C. Kimball, National City; D. P. Hale, Escondido; J. S. Clark, South San Diego; A. C. Mouser, Oneonta; Parker Dear, Santa Rosa; James Kerr, San Jacinto; F. H. Heald, Elsinore; William Newport, Perris; Jerry Toles, J. W. Collins, Dr. R. M. Powers, J. H. Barbour, I. M. Merrill, Henry Tinken, J. S. Buck, George A. Nolan, W. N. King, San Diego; Frank A. Kimball, delegate-at-large.

S. J. Bundy and W. F. Smith represented Orange county.

The Meeting Opens.

Harvey Lindley, the first vice-president of the Chamber of Commerce, took the chair in the absence of Major E. W. Jones and H. W. Patton acting as secretary.

After the call for the meeting had been read, Dan Freeman was asked to explain the plan which had been under discussion by President Manvel, of the Santa Fe, and himself. He said that the plan had been already pretty well explained, and that it was generally admitted that the opportunity offered by the free use of the hall for a display of a section of the products of the county was a very advantageous one to be allowed to pass unused. He suggested that as the San Bernardino people wished to get away on an early train, they should be heard from first.

In answer to a call L. M. Holt rose and said: "The time is ripe for the undertaking to be carried out successfully if a permanent exhibit in Chicago. If we cannot accomplish it now, we never can. As I understand the call, however, it is for the establishing of an exhibit in which all county lines shall be obliterated, and that is to say all products shall be displayed as coming from Southern California in general, with no explanation of exact locality. I do not think that it is feasible to carry out the scheme in this way. It will not excite the interest of the people of this section if it would if they were allowed representation by counties. For San Bernardino county I can say that its people are a unit on this question. They desire that each county should have its place and be known as such."

Mr. Spence—I do not understand that this is the question before the meeting. We have not decided yet that we will have any exhibit.

Captain A. W. Barrett—This discussion is on the question as to the nature of the exhibit. I understand that President Manvel offers the hall only on the condition that there shall be no drawing of county lines in the display.

About Manvel's Idea.

F. A. Kimball, of San Diego—I had a number of consultations with Mr. Manvel when he was here last on the matter of this Chicago exhibit. His idea was that it should be a general Southern California exhibit. Each county might show its products, but no effort should be made to advance the interests of any particular section—at least not to the loss of any other. Even the literature circulated should not be subjected to a censorship, to make it no objectionable matter gets in. There should be every incentive to the various counties to work in harmony, but at the same time each county should be allowed to show its own exhibits.

L. M. Holt—Then it is your idea that the exhibits should be arranged just as they were in the citrus fair for example?

Mr. Kimball—Yes, that is the plan. J. D. H. Browne, of Pomona—This undertaking is one that will be of service to every section of Southern California, and no representative of any county should be allowed to remain with the exhibit in Chicago, who ventures to speak in a derogatory fashion of the other counties. There is getting to be a friendly and a harmonious feeling among all the people of Southern California. It is a common country and should be represented as such, but by means of separate county exhibits.

J. P. Chinn, of San Bernardino—I do not think it enough that the counties alone be exhibited, but the exact localities should be shown as well. San Bernardino is a very large county. Visitors to the exhibit will be sure to ask what locality the displays are from. Are they to receive no answer?

Mr. Kimball—Mr. Manvel's idea on that point was that everything should be numbered, and a record book should be kept of the name and locality of exhibitor, with which reference could be made.

The Exhibit Decided Upon.

Mr. Spence—I think this discussion is all aimless. I move that it be declared the sense of this meeting that an exhibit of Southern California products be placed in Chicago. I am a citizen of Southern California, and in this meeting I speak and act as such, not as a resident of Los Angeles county. Let us decide to have the exhibit, and committees can be appointed afterwards to arrange details.

L. M. Holt seconded the motion and it was carried unanimously.

Mr. Holt then moved that an executive committee be appointed, to consist of three members from Los Angeles county and two from each of the other counties of Southern California, the members to be chosen by the delegates of the various counties. This motion was passed.

Jerry Toles, of San Diego, rose to express the hope that no one would insist upon representation of individual localities, as it would impede the work.

Executive Committee Selected.

C. M. Wells moved that the convention take a recess, during which the representatives of the various counties should meet and select their members for the executive committee. The motion was carried.

The Los Angeles delegates adjourned to the secretary's room and elected D. Freeman, J. D. H. Browne, of Pomona, and H. Z. Osborne as their representatives on the committee. The San Diego delegates selected Frank A. Kimball and Geo. M. Nolan, San Bernardino chose Dr. J. Jarvis, of Riverside, and R. F. Cunningham, of San Bernardino.

Immediately after the recess E. F. Spence moved that the thanks of the people of Southern California be sent to President Manvel, of the Santa Fe Railroad, and that he be informed that his offer of a hall for a permanent exhibit would be accepted.

It was arranged that Santa Barbara, Ventura and Orange counties might elect their representatives on the executive committee at some future time if they desire to take a hand in this enterprise.

The Question of Finance.

Mr. Holt thought that the question of finance should be settled as early as possible, and Mr. Freeman asked that the executive committee be allowed to adjourn to the secretary's room to take action. While this committee was out a long discussion took place on the question of what arrangements should be made for suitable representation in the World's Fair. Mr. C. M. Wells moved that the executive committee consider some plan for a literary bureau to send out information about this section to be published in Eastern papers and magazines. A good deal of aimless discussion followed and the motion was finally lost.

A motion by A. C. Mouser of San Diego that the executive committee be directed to arrange that the exhibits of each county be displayed in space devoted to that county alone, was passed by a majority of one, many not voting.

Ways and Means.

The executive committee reported that they had decided that the sum of \$1,500 a month should be pledged for two years, in the following ratio: Los Angeles \$300, San Diego \$300 and San Bernardino \$300, per month. The committee had adjourned to meet again at the call of the chair.

It was moved and carried that the executive committee as at present constituted serve for two years, and that vacancies in it be filled by the various chambers of commerce in the various counties.

The meeting then adjourned to the call of the executive committee.

SCALY SKIN DISEASES.

Psoriasis 5 years, covering face, head and entire body with white scabs. Skin red, itchy and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by CUTICURA Remedies.

CURED BY CUTICURA.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eyesight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, and covered me just one sore. It covered my entire body, my face, head and shoulders being the worst. The white scabs constantly fell from my head, shoulders and arms; the skin would crack and bleed if scratched, and would crack and bleed if scratched. I spent many hundreds of dollars, I was pronounced incurable. I was cured of the dreadful disease from which I had suffered for five years. I thought the disease would leave a very deep scar, but the CUTICURA REMEDIES cured it without any scars. I cannot express with a pen what I suffered before using CUTICURA REMEDIES. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and I know of no other who have received great benefit from their use.
