

THE CHAMBER.

Important Communications Received Yesterday.

The Southern Pacific and the Chicago Exhibit.

Numerous Applications for Literature About the Section.

California on Wheels Wants Fresh Vegetables—Contributions to the Permanent Exhibit—The Visitors.

A meeting of the committee appointed some time ago to take charge of whatever money should be won as prizes in the citrus fair was called to take place yesterday morning at the rooms of the Chamber of Commerce.

Several important communications were received at the chamber yesterday. J. M. Crawley, of the Southern Pacific railroad, writes to say that he has informed the principal officers of the company in San Francisco of the intention to maintain a permanent exhibit in Chicago, and that they have signified their intention of assisting in the enterprise as far as possible, especially by carrying all produce intended for the exhibit free of charge.

A letter from the secretary of the Santa Ana Chamber of Commerce announces that a meeting of citizens of Orange county was held Tuesday night, and it was decided that this county should take a hand in the effort to maintain the exhibit in Chicago.

W. C. Morrow, who has recently been appointed in charge of the literary bureau of the passenger department of the Southern Pacific, writes to the secretary of the chamber asking for printed matter about Los Angeles county and its resources, to be distributed and used in various ways by the railroad.

A letter from "California on Wheels" contains a request for more oranges. These were sent several days ago. It also calls for a better display of corn, stating that in Missouri, where the train is now located, the few samples of corn shown in the display are easily surpassed by the local product.

The itinerary of "California on Wheels" for the past week was as follows: Tuesday, April 1st, in Trenton, Mo.; April 2nd, in Princeton, Mo.; April 3rd and 4th, in Allerton, Mo.; April 5th, in Elton, Mo.; April 6th, in Fairfield, Mo.; April 7th, in Brighton, Mo.; April 8th, in Washington, Mo., arriving at Columbus Junction in the afternoon at 4:20 o'clock.

The finance committee of the Chicago Exhibit Association will meet this afternoon at 1:30. This committee consists of the following: Dan Freeman, E. F. Spence, H. C. Witmer, Geo. H. Bonebrake, Charles Sient, E. W. Jones, J. M. C. Marble, L. M. Breed and Jno. E. Plater.

Additions to the permanent exhibit of the chamber were made yesterday as follows: C. J. Hartt, of Edgmont, samples of sugar beet; W. A. Bartley, of Covina, navels and Jaffa oranges; Theo. Pintner, of Santa Ana, lemons; D. W. Rowland, of Gardena, strawberries. The flowers yesterday were contributed by Mrs. H. W. Cowles, McKinley & Bard, Eucalyptus Nursery and Mrs. M. D. Johnson.

Among the visitors to the exhibit yesterday were the following: Joseph S. Jappel, Boston; Nettie A. Harris, Eva M. Mulligan, Lela C. Mulligan, Whittier; Clara B. Martin, Chicago; Mrs. I. L. Cole, Pasadena; Mrs. C. P. White, Milton, Mass.; Mrs. M. W. Bindge Perkins, Boston; Mrs. W. S. Bridges, Anaheim; Mrs. W. Adworth, New York; Hugh Percy, Tombstone, A. T.; L. H. Isbell, Aurora, Ill.; Mrs. Geo. Barnett, Mrs. M. Wickiser, Chicago; Valdemar Schmidt, Fred J. Ullrich, Cahuanga; John L. Conn, Glasgow, Kas.; O. J. Chapman, Chicago; R. THE BANK COMMISSION.

C. H. Dunsmoor Will Not Take Office Till July.

The appointment of County Clerk C. H. Dunsmoor as Bank Commissioner is to take the place of A. W. Potts, Mr. Dunsmoor's predecessor in the Clerk's office. So Dunsmoor seems to have a predilection for following Potts. Mr. Hubbell, before appointed to the place is not our Judge Hubbell, but a San Diego man. It is even now a somewhat premature action on the part of the Governor, as Mr. Potts's term of office will not expire until July 10th next. The commission is for four years and the incumbent can be removed only for malfeasance in office. The salary is \$5,000 a year and traveling expenses.

Mr. Dunsmoor will not resign as Clerk before next July, and then the Board of Supervisors will fill the vacancy. It is very probable that A. N. Hamilton, the Councilman from the Sixth ward, will get the place, and that he will be the next Republican nominee for the place.

The appointment of Dunsmoor will not be in the line of harmony in the G. O. P. It is pretty well understood that he is to be a Waterman boomer from this out, and that will stir up the hostility of the anti-Waterman crowd. This will extend to Hamilton too, as he and Dunsmoor are pretty close friends.

Major Toler Getting Better.

Major W. H. Toler is still in bed from the effects of his recent fall. His head is very sore, and he has severe pains in his chest. His temperature is, however, good, and his general health not particularly disturbed. He will be about in a few days again, and his friends will be glad to welcome him back to business.

NEWS OF THE RAIL.

EFFECT OF THE REDUCED ORANGE RATES ALREADY FELT.

General Notes and Personal—Surprise at the Resignation of Creed Haymond. Tourist Excursion Travel.

The effect of the reduction in rates on orange freight to Missouri river points and to Chicago is already showing itself. An orange special of twenty-eight cars left yesterday on the Santa Fe line. Both the railroads are doing very good freight business in these days. The orange shipments, which last year were nearly all completed by the middle of April, will probably last into May this year.

The Southern Pacific directors' car, which has been in Southern California for several days, went north yesterday afternoon. It carried W. G. Curtis, Director Hubbard and other Southern Pacific officials.

Samuel D. Taylor, chief engineer of the Jacksonville and Southwestern railroad, is stopping in Los Angeles.

The announcement that Creed Haymond, the attorney of the Southern Pacific Company, would offer his resignation at the next meeting of the Board of Directors, created a good deal of comment among railway men yesterday. None of the Southern Pacific officials in this city had any reasonable theory to offer as to the cause of the resignation. A gentleman who was formerly with the Southern Pacific Company and is well acquainted with Mr. Haymond, remarked to a reporter of this paper yesterday, that a short time ago he heard Mr. Haymond speaking rather bitterly of the ungratifyingness of corporations, from which he infers that there may have been some sort of an unpleasant misunderstanding between Mr. Haymond and the company which he has so often represented in the courts of the State.

The attempt of the Eastern railroads to head off tourist excursion travel by refusing to carry passengers in tourist cars at second-class rates appears to have been frustrated. A telegram received from New York by A. Phillips & Co., yesterday, states that their Mr. A. Phillips has consummated arrangements that will allow them to run tourist cars through to New York and Boston for their excursions as heretofore.

The earnings of the Santa Fe during the first two months of this year show an increase of over \$710,000 over the earnings of a similar period last year. This is due to the improvement of business in Southern California, but more especially to the large crops in the State of Kansas, where, during the last two years, the crops were almost total failures. The profits have also been materially affected by the large reduction of expenses brought about by the new management.

ABOUT LABOR.

Mr. Humphreys's Suggestions About the Unemployed.

Mr. John F. Humphreys has sent the following letter to Mr. Fellows:

DEAR SIR—Pardon me for this suggestion, but I thought it might be of service to you in a good cause, in which you are so nobly struggling. For the past two days (in company with Judge Haskell, of the S. P. R. R.) I have been upon the Santa Clara river, where the owners of the Southern Pacific contemplate running across my ranch and other lands in its change between Lang's and Newhall (a work it is said will require a large force until December). I was informed by one party that they had 2,000 Chinamen at \$1.15 per day, and by another that there was 1,200 Chinamen at \$1.30 doing the work—at all events it's Chinamen. It impressed me that if a petition was sent to Senator Stanford by the two thousand laborers you named to me anxious to go to work, that he would at least give them the preference over the Chinamen, and might even go further and allow them the additional sum per day that a white man is worth over a Chinaman, especially when the work is so near us in our own county, and more particularly so at this time when he is liable to call upon them this fall indirectly for a "little assistance."

But be it as it may, the men may conclude to do as I am doing in my work this "off year of depression." When I see a man doing his best to sell his \$10,000 property for \$5,000, I am willing to take a half commission, preferring a half loaf to no bread. Respectfully yours, J. F. HUMPHREYS.

A Big Industry Ready to Start. The cement factory on Alameda street near Washington is about ready to begin work. The plant is a fine one, and the enterprise is sure to pay well.

Los Angeles Rubber Stamp Co. Will remove to 224 West First street, April 1st.

CITY AFFAIRS.

The Meeting of the Board of Public Works.

The Grade of First Street is Considered.

The St. James Park Likely to Belong to the Municipality.

The Zanja Committee Meets and Makes Several Recommendations—Other Matters Discussed.

The Board of Public Works met yesterday morning, and a large portion of its time was taken up with the proposition of changing the grade of First street from Broadway to its western extremity. A short time ago a petition, purporting to be agreed to by all the property-owners, was presented to the Council, requesting that the grade of First street be fixed in a certain way described in the petition. The street, when completed, was to have a six-foot rise at all street crossings, but when the ordinance of intention to change the grade was adopted by the Council, it was found that the rise at street crossings had only been made four feet, and that the rest of the grade had remained as desired in the petition. This made a difference of six or seven feet at Grand avenue, and the property-owners entered a protest. Proceedings were then stopped, and the matter was referred to the Board of Public Works. Since that time a movement to cut the hill down or to construct a tunnel through it has been started, and a meeting was held at the Chamber of Commerce rooms during the week to discuss the proposition. No action was taken in the matter, and the argument was carried before the Board of Public Works yesterday. A number of those interested in having each of the grades adopted were present, and the cost of the improvement was estimated from a good many standpoints. No conclusion was reached by the Board of Public Works. No decision was reached in the matter of the acceptance of St. James park. The board expressed itself of the opinion that one of the streets leading into the park should be cut through the block by Mr. Ellis before the park is accepted. A condition to the acceptance of the park is that the city shall grade Scari street at its own expense, and it has not yet been decided whether this shall be done.

The board will make the following recommendations to the Council on Monday: That on the communication of the street commissioners in regard to the opening of Sixth street, asking that Geo. Kerckhoff be given until July 1, 1890, to remove improvements and obstructions from said street, the same be granted. Refer the resolution of Mr. Wirching in the matter of the bill of Major Toberman for assessment on Orange street grading to the Council without recommendation.

That on the petition of Asa Adams asking that a 30-inch pipe be laid in the Arroyo de los Reyes, connecting Flower and Hope streets, the City Engineer be instructed to prepare plans for piping said arroyo. That the Street Superintendent be instructed to repave the intersection of Broadway and Sixth streets, so that the water will not stand at the northwest corner of said intersection. That the Street Superintendent be instructed to put the intersection of Hancock and George streets in a passable condition.

THE ZANJAS.

Recommendations to be Acted Upon by the Council.

The zanja committee will make the following recommendations to the Council on Monday: That the petition of O. W. Childs et al., asking that the zanja be piped across Montana avenue, near Alvarado street, be denied until Montana avenue is graded.

That the communication of Mrs. Emma Hough, calling attention to the change in the line of ditch on Figueroa street, south of the Santa Monica railroad, and asking that said zanja be piped, be denied.

That the bid of Arthur Bent, to pipe Zanja 8 R on Figueroa street at 78 cents per lineal foot, be accepted, and the City Attorney be instructed to draw contract in accordance with said bid.

That the petition of Frick Bros. be filed, as the matter contained therein has been attended to.

BASEBALL.

The New Home Team to Meet the Fresno This Afternoon.

The Los Angeles ball team has been reorganized by Manager Marco Hellman during the past few weeks, and arrangements are being made to include this city in the Central State League, so that local baseball enthusiasts may confidently look for a gratification of their desire for sport during the coming season. The local nine includes several of the original team, as will be seen at a glance at the following list of the players and their respective positions:

There will be a change of batteries for Sunday's game. Building Going On. In spite of the dull times there is quite a good deal of building going on in the city. Anywhere one goes he will find business blocks and residences going up. A good brick building is being erected on the corner of Sansvain and Alameda streets. The excavation has been made for the Hellman building on the corner of Second and Broadway. Work has just been begun on the Hamel & Denker building block, corner of Third and Spring streets. Work is being done on Spring street south of Second street, nearly opposite the Hollenbeck, where a building is to go up at once.

A CONSTABLE'S ARREST.

He is Accused of Falsely Imprisoning Santiago Marquez.

Constable M. H. Crain, of Lancaster, was yesterday arrested and taken before Justice Savage in the Township Court for arraignment upon the charge of having on the 17th ult. falsely imprisoned one Santiago Marquez at Gorman's station, by arresting and detaining him without proper authority for so doing. He was ordered to appear for examination on Saturday next, the 12th inst., bail being required meanwhile in the sum of \$200. The complainant is at present incarcerated within the county jail on a commitment issued by Justice Hall upon his conviction for vagrancy, and he claims that he has been unjustly treated in the matter. In an interview with a reporter yesterday, Crain said:

"I was the one who worked up the evidence for the prosecution in the case against W. O. Wheeling in the recent murder trial, and for that reason alone I made many enemies, and this is not the first time Wheeling's friends have had me arrested on some trumped-up charge. In regard to this present charge, Marquez was one of two tramps who have been arrested on several occasions, and complaint was made against him, and I was called upon to arrest him. He had been annoying all the residents around Barbark and elsewhere by begging. I found him. He was tried and convicted and placed in the county jail, and now they are endeavoring to use him as a tool against me. Why, I have been told repeatedly that if I did not leave that section I would be put out of the way. I am constantly on the lookout, but as long as I am in office I shall do my duty, let come what will. This Tweedy murder has not been settled yet, by any means."

SCRATCHED 23 YEARS.

Body Covered with scales. Itching terrible. Suffering endless. No relief. Doctors and medicines fail. Speedily cured by CUTICURA at a cost of \$5.

CURED BY CUTICURA.

I had known of the CUTICURA REMEDIES twenty-eight years ago it would have saved me \$200.00 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, some ringworm, psoriasis, etc. I took and succeeded in less than one year and a half, but no cure. I went to two or three doctors, and to cure. I cannot praise the CUTICURA REMEDIES too much. They have made my skin as clear and free from scales as a baby's. All I used of them were three boxes of CUTICURA, and three bottles of CUTICURA RESOLVENT, and two cakes of CUTICURA SOAP. If you had been here and said you would have cured me for \$200, you would have had the money. I looked like the picture in your book of psoriasis (picture number two, "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times. DENNIS DOWNING, Waterbury, Vt.
