

NOT LONG SINCE A GROUP OF WISE MEN met in council to discuss the stringency of the times. Subject after subject was discussed at length by these representatives of the different marts of trade. The subject,

THE ORIGIN AND  
Birthplace of Legitimate Business, One Price,  
COURTEOUS TREATMENT

Was handled in a masterly manner. It being the most important of all the arguments it provoked the most intense excitement among these intelligent people. It was finally decided to loosen a carrier dove, and they watched and watched until the midnight hour, Lo! she returns with something in her bill upon which is inscribed the

CHICAGO

So at last this of all subjects was answered. Henceforth the "Banner of Excelsior" will be carried by

The United States grand jury was in session yesterday in the district court, and will convene again this morning. It is understood that the only business under its consideration is the sale of liquor to Indians.

#### CRIMINAL NOTES.

Frederick Lovell was arrested yesterday on a warrant issued by United States Commissioner Van Dyke, charging him with cutting timber on government land in the Little Tejon cañon.

Detectives Auble and Bowler arrested a Chinaman named Ah Man, on Sanchez street yesterday morning for selling lottery tickets. The Mongolian was subsequently taken before Justice Austin and fined in the sum of \$30.

In the police court, yesterday morning, Thomas Corlew appeared before Justice Austin and a jury for trial upon the charge of battery preferred against him by Minnie Garrett, an unfortunate. The complainant was fined \$10 for contempt of court in not appearing at the appointed time, 9:30 o'clock, and keeping the jury waiting two hours, while Corlew was convicted by the jury, and sentenced to jail for sixty days.

On motion of the district attorney, Abernethy and Kelley, two of the three men recently arrested in Nevada by Detective Bowler for complicity in the burglary of Brown's jewelry store, were discharged from custody, there being no evidence against them beyond the fact that part of the stolen property was found in their possession in Nevada.

Francis Duraine, the third man, who escaped from the city jail, is still at large.

J. F. Bedwell was arrested at 5 o'clock yesterday afternoon, by Officer Collins, on a warrant charging him with obtaining money by means of false pretenses.

It is alleged that on Saturday last Bedwell purchased sixty cents' worth of goods at J. T. Sheward's store, in payment for which he presented a check for \$5 on the University Bank, receiving \$4.40 in change; but when the check was presented at the bank it was dishonored, Bedwell not having any funds there.

Justice Austin yesterday sent Katie McDermott, a married woman, to jail for twenty days for disturbing the peace. The defendant and her husband were on a spree on Tuesday night and the former made so much noise as to disturb the other inmates of Beers's lodging-house on San Fernando street. Officer O'Regan notified her several times to desist, but she refused to do so and at an early hour yesterday morning she was arrested.

#### A DOCTOR'S REBUKE.

Immensely More Mischief than is Generally Suspected.

Dr. King, the eminent medical writer, in a learned disquisition on our national complaint, constipation, says:—

The great quantity of cathartic pills, etc., which are annually swallowed by the people of this country has been productive of immensely more mischief than is generally suspected. True, the pills unload the bowels, but in so doing the action tends to diminish the tone of the intestines; so that, instead of removing the coarseness, it aggravates it, leaving the bowels in a more torpid condition.

Joy's Vegetable Sarsaparilla was designed to fill just such a contingency as the doctor's arraignment anticipates, viz.: instead of being a powerful mineral purgative, it is a mild vegetable laxative, that, owing to its solvent and gentle stimulating properties, is so certain a relief in constipation that it has been given away to hundreds, not to be paid for unless it was of positive benefit. It replaces constipation almost immediately with a natural easy habit, and is so mild that, unlike drastic purgatives, it can be taken indefinitely with perfect freedom and safety.

ASTHMA

It is a common error to suppose every disease which is attended by oppressed breathing to be Asthma or Phthisis. We have shortness of breath in Consumption and Pneumonia, just as we do in Asthma, only that in these diseases it is always present, whereas in Asthma it occurs in paroxysms.

Nervous, Humid and Dry Asthma are names given to different forms of this disease. Emphysema is another kind, more or less kind of Asthma, while Hay Fever or Rose Cold is a peculiar variety of Asthma which occurs at a certain season of the year. Each of these forms of disease differs somewhat from the others in symptoms, but practically these distinctions are of very little value. It does not matter to the patient which form of Asthma he has, since his sufferings are the same in all. In one case the expectoration becomes yellow, and we call it bronchial. In another it is light, and we call it dry. When he coughs up clear water, with a white froth on the surface, we say he has Humoral Asthma. In Nervous Asthma there is very little expectoration of any kind. Hay Fever always begins as a crying cold in the head, and induces a clear water runs from the nose and the eyes before the Asthma fit comes on. In Emphysema the expectoration is generally thick, and continues so in the interval between the fits, while the shortness of breath is increased on the slightest exertion.

Without courage and perseverance nothing is curable. But with these, aided by proper and skillful treatment, Asthma can be cured even after the lungs are extensively diseased.

Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no inconvenience or hindrance from business whatever. Every case of Asthma is curable. Eastern visitors and invalids will be wise in being cured before they return home.

Those who desire to consult with me in regard to their cases had better call at the office for examination, but if impossible to visit the office personally can write for list of questions and circulars, both of which will be sent free of charge. Address

The Natick House, one of the oldest and best known Hotels in the city, has lately changed hands. M. S. Howell has retired from the management, and the House will hereafter be conducted by Mr. H. A. Hart, a Hotel man of experience. Mr. Hart has already made a number of changes which will prove of benefit to his patrons, and adds very much to the convenience and comforts of the House. The Table and Dining Service especially has been greatly improved.

During the past few weeks the Natick has been in the hands of the painters and decorators. A commodious office is one of its good features. Electric Bells with return calls and Fire Alarm have also been added, and altogether the House is in better condition than ever before for doing business.
