

NOT LONG SINCE A GROUP OF WISE MEN met in council to discuss the stringency of the times. Subject after subject was discussed at length by these representatives of the different marts of trade. The subject,

THE ORIGIN AND
Birthplace of Legitimate Business, One Price,
COURTEOUS TREATMENT

Was handled in a masterly manner. It being the most important of all the arguments it provoked the most intense excitement among these intelligent people. It was finally decided to loosen a carrier dove, and they watched and watched until the midnight hour, Lo! she returns with something in her bill upon which is inscribed the

HE WAS ASHAMED

To Ask Again, but His Frank Letter Got It for Him.

A few months ago one of the unfortunate inmates in the San Francisco Almshouse was inspired by the sensational statements in the newspapers with the belief that Joy's Vegetable Sarsaparilla would help him. But without money, how to get it was the question. Finally he wrote to the Edwin W. Joy Co., appealing to their generosity, and it was not unheeded, the coveted preparation being sent by the next parcel delivery. Its effect is best told in a subsequent letter, from which we quote the following:—
"I suppose you know me by this writing, and my circumstances and condition. Although I am improving, I ask of your generosity for another bottle of your Joy's Vegetable Sarsaparilla. The action of its laxative properties is perfection itself. It has so thoroughly regulated my system that my catarrh, rheumatism, constipation, and headaches are all better. I feel ashamed to ask in this way, but what shall I do? I thought I might not need any more, but I am now so anxious to keep it up; but you see how it is."
It was sent, and he can get more if he needs it.

CATARRH, THROAT DISEASES, Asthma, Bronchitis and Consumption, together with diseases of the Eye, Ear and Heart, successfully treated by

By His Hot Air Medicated Inhalations and his COMPOUND OXYGEN TREATMENT.

ASTHMA

It is a common error to suppose every disease which is attended by oppressed breathing to be Asthma or Phthisis. We have shortness of breath in Consumption and Pneumonia just as we do in Asthma, only that in these diseases it is always present, whereas in Asthma it occurs in paroxysms. Asthma is a spasmodic disease of the lungs, which manifests itself in periodic attacks or "fits." It comes on suddenly and is attended with great difficulty of breathing while it lasts; but when the attack is over the patient breathes almost as well as in health. Nervous, Humid and Dry Asthma are names given to different forms of this disease. Emphysema is another and more inveterate kind of Asthma, while Hay Fever or Rose Cold is a peculiar variety of Asthma which occurs at a certain season of the year. Each of these forms of disease differs somewhat from the others in symptoms, but practically these distinctions are of very little value. It does not matter to the patient which form of Asthma he has since his sufferings are the same in all. In one case the expectoration becomes yellow, and we call it bronchial. In another it is light, and we call it dry. When he coughs up clear water, with a white froth on the surface, we say he has Humoral Asthma. In Nervous Asthma there is very little expectoration of any kind. Hay Fever always begins as a crying cold in the head or influenza, and a clear water runs from the nose and the eyes before the Asthma fit comes on. In Emphysema the expectoration is generally thick, and continues so in the interval between the fits, while the shortness of breath is increased on the slightest exertion. Without courage and perseverance nothing is curable. But with these, aided by proper and skillful treatment, Asthma can be cured even after the lungs are extensively diseased. Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no inconvenience or hindrance from business whatever. Every case of Asthma is curable. Eastern visitors and invalids will be wise in being cured before they return home. Those who desire to consult with me in regard to their cases had better call at the office for an examination, but if impossible to visit the office personally can write for list of questions and circular, both of which will be sent free of charge. The Natick House.

NEW MANAGEMENT.

The Natick House, one of the oldest and best known Hotels in the city, has lately changed hands. M. S. Rowell has retired from the management, and the House will hereafter be conducted by Mr. H. A. Hart, a Hotel man of experience. Mr. Hart has already made a number of changes which will prove of benefit to his patrons, and adds very much to the convenience and comforts of the House. The Table and Dining Service especially has been greatly improved. During the past few weeks the Natick has been in the hands of the painters and decorators. A commodious office is one of its good features. Electric Bells with return calls and Fire Alarm have also been added, and altogether the House is in better condition than ever before for doing business.
