All the photographers in town have signed a petition, which is to be presented to the council tomorrow, asking to be excused from the payment of the \$3 per month license now imposed on them, which is, they declare, quite a burden, particularly during the present dull season, when work is very scarce.

The Yachts.
A meeting of yacht owners was held last evening at the mayor's office. The Aggie, Penelope, Nellie, La Paloma, Rambler and others, were represented at the meeting. The rules governing the race on the Fourth, as recommended by the regatta committee were accepted, with some slight modifications. It was agreed that the time allowance should be one second per foot for every mile sailed for the difference in length over all, the measurement to be taken from stem to stern.

The prizes were purchased yesterday by the executive committee, and will be placed on exhibition on Monday. They are very handsome and costly. The Penelope left yesterday for San Diego and will return on Tuesday with her racing equipments. Hancock Banning had La Paloma out for a trial spin on Friday. She acted admirably. The race between the Aggie, Penelope and Willie will be worth going a long way to see, while the contest for the prizes in the second class between such yachts as La Paloma, Puritan, Rambler and Dave Weld's pilot boat, should be close and exciting. It is not yet definitely known whether Mr. Sprecker will enter Lurline. She is now at San Diego, and an invitation has been extended her owner to enter for the prizes.

G. A. R. Encampment.
A meeting of the representatives of the various posts of the G. A. R. was held yesterday afternoon in the recorder's office, to ascertain if possible the feeling with regard to the seventh department encampment to be held on the Coronado grounds at San Diego, July 20th to August 8th, inclusive.

Senior Vice-President L. H. Whitson presided, and there were present about twenty representatives of the city and county posts, including several ladies of the Relief Corps.

After an informal discussion of the matter, the following committee was appointed by the chair to work the matter up among the members of the G. A. R., Sons of Veterans and other organizations of a similar nature: Sherman, of Frank Bartlett post; Alexander, of Stanton post; Thomas, of Pomona; Van Kirk, of Pasadena, and Jones, of East Los Angeles.

Held to Answer.
In the township court yesterday, J. H. Worthington appeared before Justice Theodore Savage for preliminary examination upon the charge of having cut W. W. McArt with a knife on Monday night last during an altercation over a game of cards in a Main-street saloon, and was held to answer under bonds in the sum of \$1,000.

C. CATARRH, THROAT DISEASES, Asthma, Bronchitis and Consumption, together with diseases of the Eye, Ear and Heart successfully treated by

M. HILTON WILLIAMS, M.D., M. C. P. S. O., By his MEDICATED INHALATIONS and COMPOUND OXYGEN TREATMENT. Probably no system of practice ever employed has been so universally successful as that introduced by Dr. Williams for the cure of Catarrh, Throat Diseases, Bronchitis, Asthma and Consumption.

CATARRH. Catarrh is often regarded by the patient as a cold in the head, and he often expresses his astonishment at his remarkable tendency to contract fresh cold. Indeed he declares that he is scarcely free from one cold before he takes another, and he is always exceedingly careful; it is also a matter of surprise to him that the cold always seems to settle in the head and throat.

At times many of the symptoms of catarrh seem to abate, and the patient is led to hope that the disease is about to wear off; but another class of symptoms soon appears and he learns to his horror, that instead of recovery from the disease, it is somewhat changed in its character and has extended to the throat. A sense of weariness is sometimes felt in reading, speaking or singing; hoarseness at times occurs, a sensation of dryness is felt in the throat, or it appears that some foreign substance, as, for instance, a hair, obstructed the throat; there becomes a sense of languor and fatigue; the breath lessens on a little exertion, a short, hacking cough, a peculiar sound in clearing the throat, a feeling as though there was not room enough in the chest to breathe; these and other symptoms occur after the disease has made considerable progress. Then it is a time when consumption is about to begin its dreadful work. Up to this time the press of the disease may have been slow and the patient may, in expressing his confident hope that it will "wear off," declare that he has had the catarrh for years and has not seemed to become much worse, and trusts that he will "by and by" recover. But this delusion is the grand error which has peopled our cemeteries with consumptive forms, as all forms of catarrh end finally in consumption.

Every case of catarrh is curable when properly treated. Eastern visitors and invalids should avail themselves of the opportunity of being cured before they return home.

Those who desire to consult me in regard to their cases had better call at the office for an examination, but if impossible to visit the office personally can write for list of questions and circular, both of which will be sent free of charge. Address

M. HILTON WILLIAMS, M. D., 137 S. Broadway, Los Angeles, Cal. Office hours—From 9 a. m. to 12 p. m., and from 1:30 to 4 p. m. Sundays excepted.
