Redondo Beach Attracts a Large Crowd.

Santa Monica's Charms Attract Thousands of People.

Long Beach News—The Last Day of the Epworth League—Other Matters of Interest.

Correspondence of the HERALD.

The thermometer at noon today was 69 in the shade at the Redondo hotel. When the summer heat comes and the burning suns of the latter part of this month and August pour out their most fervid rays, then it is that the sea winds us with its cool breezes. Los Angeles has long rejoiced in her Santa Monica and Long Beach, and to these she has added another gem of beauty—charming Redondo. Here she can invite the pleasure-lover and those seeking rest to linger upon her sloping hillsides and beside her placid sea.

The steamer Los Angeles arrived last night about 8 o'clock, and the wharf was filled with spectators to greet her. The arrival of steamers nearly every day, the different yachts and many smaller boats coming to and fro afford constant excitement for the pleasure-seeker, which no other place can give without a wharf.

The Santa Fe Railroad Company is building a fine large depot, which will be completed in a short time.

Thousands of people came down to day, each train being packed to its full capacity. Delightful was the scene upon the wharf and beach. The bathing was well patronized, every suit being used, and great was the demand for more.

The Pelican was in full force and many enjoyed a trip on old mother ocean.

The Chautauqua has been daily making great arrangements for the many visitors from July 20th to August 15th. The grounds are already very fine. Colonel E. E. Edwards, of Santa Ana, and Hon. George E. Freeman were seen among the many strolling upon the sands. Mr. Edwards is a prominent and well-known lawyer. Mr. Freeman is city recorder.

Upon the register at Hotel Redondo are the names of Victor J. Guio, J. B. Ashby, Miss Harmon, C. I. Hough, Mrs. Reeves, T. D. Mott, William Hammond and wife and daughter, J. M. Johnson, Miss Eva Johnson, J. B. Dockweiler and William K. Kabisinis, all of Los Angeles. ROMEO.

Redondo, July 13th.

Long Beach.

The day today was given over to religious services. There was the usual Sunday school in the morning and sermons at 11, 3 and 8 o'clock. The morning and afternoon services were very largely attended by persons down for the day only. The evening service, under the charge of Rev. J. H. Weber, was a revival service, and was more largely attended by the permanent residents of the place.

Tomorrow is the last day of the Epworth League. The closing exercises will take place at 11 o'clock. In the evening there is to be an entertainment of a novel character, under the charge of Mrs. Alice Osborne, "Mrs. Jarley's Waxworks." A large number of very amusing figures have been prepared. Admission to the entertainment is to be free.

The C. L. S. C. meeting commences immediately, the first session being Tuesday morning.

Today's influx of visitors was the largest yet this season.

Among the visitors to the beach today were Judge O'Melveny and Judge Austin.

The Orion Club is expected down tomorrow. They have gained a good reputation at Monterey.

Henry Wilson, of the Los Angeles fireworks factory, and his family came down on Saturday night and are still at the beach.

Mrs. C. P. Lewis, matron of the Flower Festival Society's home on Fourth street, accompanied by several of the young ladies spent Sunday at the beach.

The band furnished the following music today: "Sea Housie," overture, "Belle of the Village," waltz, "Golden Shower," selection, "Ye Olden Times," polka, "Home Life," gavotte, "Stephanie," overture, "Bohemian Girl," waltz, "Wine, Wife and Song," schottische, "Pleasure," polka, "Apping," selection, "Erminie," gallop, "Jolly Knight."

Among those who were at the beach were: W. H. Goucher, W. H. Rutzahn, Robert Kenny, A. E. Aulle, Judge Anderson, E. Sorabje, Mr. and Mrs. F. Prussia, Frank Schaubinger, Bruce Cox, Messrs. Keifer, McCullum, Welsh, Williams, Bannister, Hill, Fruhling, Thomson, Warren, Spencer, T. E. Gibson, Judge Graff, Misses Burns, Dodge, Warren, Ennis and Foster. H. Long Beach, July 13th.

Santa Monica.

Correspondence of the HERALD.

The day opened clear and bright, and the Sunday excursionists began to gather by the shores of the beautiful sea early, coming from every section of the county and in every known kind of rig. The trains that came in were each composed of several sections, and by the time the 2 o'clock train arrived there were fully 6,000 citizens of Southern California scattered all over Santa Monica. The surf was alive with bathers all day long from one end of the beach to the other, and the wharf was filled with fishermen, who had good luck, the catches being unusually large. The concert on the esplanade was well attended, many elegant couples being beneath the trees while the occupants listened to the music produced by Meine Bros.' celebrated band, under the able leadership of Mr. Douglass.

The cañon was also liberally patronized. Among the many seen here today were: Mr. and Mrs. J. H. Jones, F. Kerkow and family, Mr. Castrucio, who represented Mariposa interests here; Wallace Clark, Matthew Ryan, Jacob Cohn, J. Sherwood, A. Coronel and family, J. Fleischman, Mr. and Mrs. J. Bailey, H. A. Powers of Boyle Heights; D. G. Shutt, J. W. Parker, Joseph D.

THE TURF.

The Los Angeles Derby Next Month.

Entries Show that It will be a Great Event.

Gossip About Past Horses Known at Home.

The Second Batch of Australian Thoroughbred Mares Arrives for Hon. L. J. Rose.

Correspondence of the HERALD.

The derby events of the year have not been of the sensational class. The Kentucky derby was a very ordinary affair, and the rich American derby proved to be anything but a great race. The Washington Park Club gave thousands for their derby, but the Los Angeles derby will be a greater contest for the several hundred dollars offered. It often happens that way. There are five entered in the Los Angeles derby, and a better matched quintette has never yet faced the starter in this city. Not one of them has performed sensationally, but they are all evenly matched.

Marigold proved to be a good two-year-old, but unfortunately for her owner she met such phenomenal colts as Racine and Flambeau in nearly every race she started. Raindrop proved herself a race mare when she ran Muta to a nose at the late Sacramento meeting. Gold Dust, the Los Angeles representative, is a handsome-appearing son of Hockhocking, and if looks are any criterion, he should prove to be a race horse. Fresno sends down Captain Al. This colt performed creditably as a two-year-old and will carry a hatful of Fresno money in the derby. That astute turfite, Mait Storn, has Largetha to carry his colors. This horse has never yet started.

He is a likely looking animal and will be heard from the first time he comes to the post. Several of the derby candidates will arrive at the track next week, when a better idea of their chances can be ascertained.

The secretary of the agricultural association is working like a beaver to make the opening day of the grand circuit of the state of California, on August 4th, a memorable one in the history of the west. On the opening day the much-talked-about 2:30 trot will be decided. It is expected that some of the heats will be trotted better than twenty. The crack green horses of the district will come together in the three-minute class. If current rumors are to be relied upon, it will not be surprising if three heats are trotted better than 2:20.

The admirers of bangtails will also have an innings, as in addition to the Los Angeles derby, the Edwards & McKnight stakes will be run. There are no less than fifteen entered in this mile race, including many of the best horses now in the state of California. It will therefore be seen that the opening day promises to eclipse anything ever held in Southern California for all-round sport.

The second importation of Australian thoroughbred mares for L. J. Rose has arrived. The following article about their breeding is taken from the current number of the Breeder and Sportsman:

On the steamer Mariposa, which arrived last Saturday morning, there were brought to this state five thoroughbred mares from Australia, by T. B. Merry, who lately purchased them in the colonies for Mr. L. J. Rose, of Los Angeles. They all look in much better form than the previous consignment that came by the steamer before, but the same bad luck attended both consignments, as a valuable mare was lost in each lot. A full description has been given of those sent before, so that it is only necessary to give the pedigrees of those which arrived by the last steamer.

Ricochet, br. m. (7) by Musket, dam Erycina by Sledmer; 2nd dam Atlanta by Dainty Ariel; 3rd dam Moonshine by The Libel, etc. Ricochet is a full sister to the celebrated Australian mare Mitrailleuse, and should prove a valuable animal for breeding purposes. She is in foal to Rudee, a full brother to Claret.

The Rose of California was formerly called Spinnach, but as she never won a match under that name, Captain Merry has seen fit to rename her. She is by Atlantic, dam Sea Kale by Lady Kirk; 2d dam Saucenpan by Closterdale, etc. This is a handsome chestnut filly only two years old, and although a little shaky on one side of her legs, looks almost good enough to race again. She is in foal to Dunlop, winner of the Melbourne cup in 1887.

Gadara, br. f. (2), by Jove, dam Heron, by Kingfisher. This filly is in foal to Rudee.

Harmony, b. m. (6), by The Drummer, dam Maritana, by New Warrior; 2d dam Mermaid, by Fisherman; 3d dam Sweetheart, by Red Hart, etc. Harmony is in foal to Dunlop.

Bessie, ch. m. (4), by John Bull, dam Avalanche, by Kingston; 2d dam Topsy, by Young Marquis; 3d dam by a son of Theorem; 4th dam by Operator. Bessie did not come in season according to American time, so consequently was not bred.

The mare that died on the voyage was Princess Royal, by Goldsborough, dam her legs, by Yattendon; 2d dam Gazelle, by Magus; 3d dam Atlanta, by Relieve, etc.

The California horses have struck a winning gait in the east. During the past week the following horses have won races: Longshot, Al Farrow, Pliny, Fairy, Belmont, Clio, Santiago, Pocatello, Rintax and Delmar. Tournament and Los Angeles both ran second, and lost apparently by a hair.

At the final Mr. Cosby and Miss Jordan beat Mr. Moore and Miss Routh, 6-0, 6-1. Cosby beat Coulter by default. Second round, Chase beat Curtis, 6-2, 6-3. Cosby beat Moore, 6-2, 6-2.

Third round and final, beat three out of five, won by Mr. Cosby after a hard fight, Mr. Chase running him very close for first place. The score was: 6-4, 2-6, 7-5, 6-1. One time in the third set Chase was in the lead, having five games to Cosby's one, but the latter played a splendid up-hill game and finally won the set, 7-5.

The mixed doubles were played off on Friday afternoon and resulted as follows: In the first round Mr. Moore and Miss Routh beat Mr. Allen and Miss Tufts, 6-2, 6-3. Mr. Cosby and Miss Jordan beat Mr. and Mrs. Chase, 6-1, 6-0. In the final Mr. Cosby and Miss Jordan beat Mr. Moore and Miss Routh, 6-3, 6-2.

The programme was brought to a conclusion by an exhibition match between Mr. Barns of Pasadena and Mr. Tufts against Messrs. Coulter and Allen. Some splendid playing was done on both sides, the net play of Coulter and Allen being particularly good. Messrs. Coulter and Allen won two straight sets. Score: 6-4, 6-4.

The Second Batch of Australian Thoroughbred Mares Arrives for Hon. L. J. Rose.

Correspondence of the HERALD.

The three-quarters of a mile dash was the next event, it being a special race between Raindrop, Broadchurch and Mohawk, the owners of which put up \$100 each and the management \$400, making \$700 for the winner. It was originally intended that Cy Mulkey's Tim Murphy would start, but owing to a bad attack of "John Barley Corn," Mulkey's rider was unable to sit in the saddle, and consequently Cy had to declare his entry out. Raindrop proved the winner with Mohawk second. Time, 1:18 1/2.

As "Sunday School Jack" of this city went with the Mulkey string it is three to one that it was he who was afflicted with the "John Barley Corn" disease.

Street Transportation. "It is a question whether New Yorkers are in general acquainted with the improvements in street transportation which have already been adopted in other cities," said a commercial traveler yesterday. "The talk which is heard about town concerning the cable system to be introduced on Third avenue indicates that such an innovation will challenge the admiration of half the other cities of the country. In point of fact New York is very far behind the smaller towns of Uncle Sam's dominion in this respect. Boston has had an electric car service for a long while, and cable roads have been in successful operation in Chicago and Philadelphia for a great many years. Washington streets are as smooth, handsome and clean as the tops of billiard tables, and there are several hundred miles of them. We are lagging along at the tail end of civilization, as far as streets and street traffic are concerned, and there is little reason for the present outburst of self-congratulation."—New York Sun.

A Traveling Man Saves a Woman's Life.

A traveling man, stopping at the Lee house, Campbellburg, Ind., on learning that a lady in the village was suffering terribly with cramp colic, gave the landlady a bottle of medicine which he had with him and requested her to take it to the sick woman. The medicine relieved her promptly, and she believed saved her life; it was Chamberlain's Colic, Cholera and Diarrhea Remedy, the prompt and most reliable medicine in use for bowel complaints. WOMEN AND MICE.

The reason why a woman is afraid of a mouse is profound mystery—indeed, it has never been very clearly proven that she is. But some women are constantly in such a nervous, irritable condition that the slightest thing annoys and startles them. The cause of this unfortunate state of affairs is usually a functional derangement; some derangement or peculiar weakness incident to her sex; or it may be due to inflammation, ulceration or displacement of some of the pelvic viscera, or to other organic lesions peculiar to her sex. From whichever cause it may arise, Dr. Pierce's Favorite Prescription is a positive remedy, so certain in its curative results that its manufacturers sell through druggists, under a guarantee of its giving satisfaction in every case, or money paid for it will be promptly refunded. As a soothing and strengthening nerve, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing nervous symptoms commonly attendant upon the various organic diseases of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.
