The weather is all that could be expected, and those who visit the beach now enjoy the pleasures of life itself. Thermometer at noon today was 72 degrees.

In one cottage there is a perfect galaxy of bright and intelligent ladies in Mrs. T. P. Kiefer and son, Mr. and Mrs. C. Shaw, Mrs. Bodman and son, Miss Morgan, of Los Angeles, Mrs. G. W. Beirne, Denver, Col., and Miss A. E. Keel, Duarte.

Mrs. E. P. Chalfant, Mrs. H. M. Thompson and family and Mrs. Aikman, of Azusa, are here, and in Mrs. L. C. Hayward's cottage there are the following Angelenos, who are enjoying the luxury of a summer by the sea; Mrs. E. C. Chalfant and family, Mrs. Deemer, F. H. Sherwood and Miss Maggie Weitzel.

Mr. and Mrs. Ryan gave a progressive hearts party at the casino Tuesday evening. Miss Carson won the first prize for the ladies, and Mr. Franks for the gentlemen. There were about forty present, and it proved to be one of the most delightful card parties of the season.

North beach presents at present the appearance of a little village by the sea, with its many tents and cottages, and various places of business. There are charming maids, wives and widows, and mothers-in-law by the score. Among them are Mr. and Mrs. L. Levy, Mrs. H. Elting, who is stopping with them, Mr. and Mrs. G. Glashoff, and Miss Diamond, their guest.

Yesterday's arrivals at the Hotel Arcadia were as follows: H. H. Nabor, Los Angeles; Mrs. M. H. Colby, Miss P. S. Colby, Petaluma; Miss M. A. Colby, Los Angeles; Mrs. Smith, Miss Smith, San Francisco; Mrs. T. Rhodes, L. A. Grant, H. C. Witmer, J. M. Witmer, Los Angeles; C. A. Levy, Inyo county; A. Haas and family, Los Angeles; Percy Beamish and wife, San Francisco; Miss E. Finch, W. E. Dunn, Los Angeles; P. Noble, San Francisco; N. Naebour, C. E. Nestor, Los Angeles.

Today's session at the summer school was extremely interesting, and the audience was very attentive and appreciative. Prof. Dickinson spoke on the best methods of teaching the science of chemistry, stating that no branch of natural science can be studied from a book, and that experiments are indispensable to a clear idea of the subject. Several simple illustrations were given. Mrs. Rice spoke of a modified drill. Prof. Dickinson gave a second lesson upon minerals. Prof. Monroe will be present on Friday and will remain until the close of the work.

Redondo Beach. Many of the improvements being made here for the advancement and general good of Redondo Beach. Great preparations have been already made for the reception of the many racing, walking, jumping, bicycling, club-swinging, fence-vaulting and hurdle race participants, which are to arrive soon, and many are coming from the surrounding towns and cities. The outdoor sports and the inside gymnasium exhibitions are under the general direction of Mr. Homer J. Young, of Pasadena. The final championship game of foot-

ball will be played on the Redondo athletic field on the afternoon of August 5th, and that of baseball on the afternoon of August 9th. The new lawn tennis court, now under construction, will be, when finished, the finest court of the kind in California. Surrounding the court, which is made on an enduring and substantial plan, are elevated seats for spectators. Several matches by leading players have been arranged for.

Mr. Goldsmith, editor of the Redondo Beach Compass, has been confined to his bed for a few days, but is now convalescent, which many are glad to know.

The pet seal "Ned" is attracting more attention daily. "Ned" is very intellectual, and will hold his head up for some one fishing from the wharf to throw him a fish.

The minimum temperature in the shade at Hotel Redondo today was 67.

Johnnie Bassett and Charlie Kimball, with four others from Santa Monica, are expected in a few days to enjoy Redondo Beach pleasures.

Several have located upon the grounds owned by Fred Mills and Mr. Ledyard. Willie Andrews, who has been given up several times, is still in a hopeful condition.

The flocks of people coming down daily are rapidly increasing. The Redondo Beach line brought many down upon its noon train for a dip in the water. Many children are seen in the surf, because, as the HERALD stated, there is no danger for a child going out knee deep. One does not have to be an expert swimmer, or a swimmer at all. The breakers are never so high but that a child can bathe with perfect safety.

Among the many new campers today were the following: Mr. Logan and family, Mr. Perry and George Tompkins, John Hartnolt and family, Ernest Cole, J. W. Fuller, Mrs. Lizzie Hawkins and family, Miss Beth White and family, Dr. A. M. Anerty and family, Frank Garbutt and family, A. Hogue, Mrs. W. T. Rogge, Mrs. H. L. Owens, V. M. Achalin, G. H. Penn and family, Fred McGuire and family.

Redondo, July 17th.

New Cases. Among the documents filed with the county clerk yesterday were the following new complaints:

Thomas Flint et al. vs. the Los Angeles Driving Park Association; suit to foreclose a mortgage on 71.46 acres of land on the Washington and Long Beach road, given to secure payment of a promissory note for \$7,000, dated July 15, 1889, and bearing interest at 10 per cent. per annum.

Celia Giegerich vs. Jas. P. McCarty et al.; suit to foreclose a mortgage on lot 42 and N 1/2 of lot 43, Rosas tract, given as security for the payment of a promissory note for \$600, dated May 2, 1889, and bearing interest at 10 per cent. per annum.

Re-Opening a Thoroughfare. In order to guard against results utterly subversive of health, it is absolutely essential that the grand thoroughfare or avenue of the system, the bowels, should be re-opened as speedily as possible when they become obstructed. If they are not, the bile is misdirected into the blood; the liver becomes torpid; viscid bilious matter gets into the stomach, and produces indigestion; headaches ensue, and other symptoms are produced, which a prolongation of the exciting cause only tends to aggravate. The aperient properties of Hostetter's Stomach Bitters constitute a most useful agent in overcoming constipation of the bowels, and promoting a regular habit of body. It is infinitely superior to the drastic cathartics frequently used for the purpose, since it does not, like them, act violently, but produces a natural, painless effect, which does not impair the tone of the evacuatories, which it invigorates instead of enfeebling. The stomach and liver, also, indeed the entire system, is strengthened and regulated by it.

Bakery. Eibinger's bakery and ice cream and dining parlors, cor. Third and Spring sts.
