LET US HAVE A DEMOCRATIC MOVEMENT. It would puzzle any Democrat at present living in Los Angeles county to know why he should be moved to any other city.

Why should the loafer element of the Democratic party, or of any other party, through money introduced from abroad, be able to put on a Democratic ticket, as a delegate for San Jose, a man who has served a term in the penitentiary at San Quentin?

Why should a man like John T. Gaffey, through the aid of a Democratic club, with his running mate, Walter S. Moore, of the Republican Oro Fino Club, be allowed to down the honest Democrats of Los Angeles city and county?

Why should the loafer element of the Democratic party, or of any other party, through money introduced from abroad, be able to put on a Democratic ticket, as a delegate for San Jose, a man who has served a term in the penitentiary at San Quentin?

If there is a delegate to the San Jose convention who has served a term in San Quentin, is it not right that the HERALD should suffer greatly and should feel that the party has suffered an intolerable injury at the appearance of this man's name amongst the delegates who represent a great party and a patriotic and original idea?

One of the editors of the HERALD is one of the delegates-at-large to the Democratic state convention at San Jose, and he has no hesitation in saying that he will send in his resignation as a member of that body unless this person is expunged from such membership.

No honest Democrat desires to sully his unselfish devotion to principle by sitting in the same body with pariahs and pimps. As Mr. Gaffey has undertaken the control of the Democratic city primaries, in conjunction with Walter S. Moore, we would like very much to know exactly what the Oro Fino (Republican) Club and the Tammany (Democratic) Club have to say about the most infamous developments ever known in Los Angeles county.

The people who have paid Mr. Walter S. Moore and Mr. John T. Gaffey, if they have paid them anything, have thrown their money away. The outrages at the polls Saturday week have created a sense of overwhelming indignation amongst the citizens of the city of Los Angeles, and in the county this sentiment is immensely augmented.

The Democratic voters of the city of Los Angeles are waiting with great and growing anxiety to find out whether or not they are a job lot of shysters and tricksters, to be handled by Mr. John T. Gaffey, late from Santa Cruz, with a lovely lisp on his tongue and Pixley's nomination for office, and Mr. Walter S. Moore, lately returned from the interesting Moyamensing precincts in Philadelphia, presided over by the Hon. Billy McMullin, of holy, pious and immortal memory.

As a matter of fact, the honest Democrats, both in city and county, want none of this "shenanigan." They claim a fair deal, and they repel with inexpressible indignation the methods which make the voter a mere chattel, and parties nothing more than agencies for perpetuating political prostitution.

We may be treated to the old refrain that Democrats have been guilty of such political malpractices, and are guilty of them now, in some measure. To this we answer that the arraignment is perhaps true, but the Democratic party has always been quick and peremptory in rebuking misbehavior in its servants. We may also be permitted to quote that old, time-honored adage, that "two wrongs never make a right."

The McKinley tariff bill is on debate in the senate. The discussion develops the fact that Mr. Blaine is not the only Republican who disagrees with the Ohio statesman on this bill. Senator Plumb looks far enough ahead to see the call that the new pension bill will make on the revenues. He sees that no decrease of the income of the federal government will be permissible in view of those de-

punctilious and particular he might have been today an honest and law-abiding man, and a gentleman, instead of a dead-beat. The law officers of the city and county are especially busy just now in catching and providing accommodations for Republican thieves, speculators and malversators. 'Tis true, 'tis pity, and pity 'tis, 'tis true.'

THE NEW BOOM THE BEST.

There is a genuine boom of the best quality and of very respectable volume on at this moment in all the semi-tropic section. The foregoing sentence has already raised a laugh as many readers have perused it. It seems no doubt like news to some and like a fabrication to others to say there is a boom in the land. It is here all the same and it is founded on the most substantial and justifiable grounds on which a boom was ever built. There is no extraneous influence at work, no artificial causes being put in operation to create it.

Who says the Democratic party will not have a majority in the county at the next election? Who is the purblind fellow who cannot see the signs of the times? If the Republicans of the county continue to run so diligently from the sheriff there will be none of them left. There will not be enough to fill the offices.

Which of the present Republican officeholders will run again for office? As things look at this time none of them, or very few run for anything. They are too busy now running away from the sheriff to be able to run for anything.

ARMY GOSSIP.

A Chat With General Grierson About Various Affairs. "General Miles has been all over the department of Arizona; it was never in better condition," said General Grierson yesterday to a HERALD man in department headquarters.

Let us take stock of what we are doing. During the winter months and on through the spring and early summer, train after train of oranges went away from here, the total shipments being about 2,500 cars, of about 315 boxes to the car, or nearly 800,000 boxes.

Why should the loafer element of the Democratic party, or of any other party, through money introduced from abroad, be able to put on a Democratic ticket, as a delegate for San Jose, a man who has served a term in the penitentiary at San Quentin?

He wants to go back with a vengeance to the all-tax scheme of war times, and put a tax on private incomes and all sorts of things of the same nature. This is that Republican party which a year ago vaunted of its wisdom and told the country they were all agreed on the tariff, and could make a law satisfactory to everybody.

The federal elections bill and the McKinley bill are both doomed. Republicans would, therefore, do well to take stock of the national situation, and make up their minds as to whether they shall "sink or swim, live or die, survive or perish" by their record of the present congress. The probability is that most of them will think that their foolish representatives just barely escaped destruction, and that a continuance in asinine legislation would bring out the "old guard."

Who says the Democratic party will not have a majority in the county at the next election? Who is the purblind fellow who cannot see the signs of the times?
