

RAILROADS LOSE.

The San Bernardino Board of Trade Wins.

A Decision Involving the Long and Short Haul

From Eastern Cities to Places in Southern California.

Other Washington Dispatches—Gen. McCook Succeeds Grierson—Another Federal Election Bill Reported to the Senate.

Associated Press Dispatches.

WASHINGTON, (D. C.) Aug. 7.—[By the Associated Press.] The Interstate Commerce Commission announced its decision today in the case of the San Bernardino Board of Trade against the Atchison, Topeka and Santa Fe and others, in favor of the complainant. The complaint alleged that the railroad companies charged more on certain specified commodities from Missouri river points and St. Louis, Chicago, Cincinnati, Detroit and New York to San Bernardino, Cal., than for a longer distance over the same lines to Los Angeles. The points decided are briefly stated as follows: Where the complaint alleges that the greater charge in aggregate for transportation of like kind of property is made for the shorter than for the longer distances over the same line in the same direction, the shorter being included in the longer, and that unlawful preference is thereby given to one locality over another, it is held: The complaint is sufficient to put the carriers on proof that the services were rendered under such dissimilar circumstances as to justify the greater charge. Where competition which will justify a greater charge for a shorter distance by railroads must be actual. Possible competition will not justify such greater charge under provisions of the fourth section of the act to regulate commerce. The filing of schedule rates with the commission as required by the statute raises no presumption as to the legality of such rates, and no omission or failure to challenge or disprove schedule rates of rates so filed can have the effect of making rates lawful which are unreasonable.

ANOTHER ELECTION BILL.

The Senate Materially Modifies the Lodge Measure.

WASHINGTON, Aug. 7.—[By the Associated Press.] Among the changes which the Senate committee made in the substitute for the Lodge Election bill, which was reported to the Senate today, were the following: All reference to that section of the Revised Statutes which it was claimed, provides for the presence of troops at the polls, was stricken out. The House canvass provided for in the House bill, was stricken out and the provision for drawing juries by commissioners is also omitted. The penal offenses were simplified and made misdemeanors instead of felonies. The punishments were modified, the highest punishment imposed being three years imprisonment and a fine of one thousand dollars as against imprisonment for five years and a fine of one thousand dollars in the House bill. The Judge of the Circuit Court before whom application is made for the appointment of supervisors is authorized to appoint, as supervisor any person he may see fit, not being confined in his selection to the list furnished by the chief supervisor. In cases where ballots are placed in the wrong box, these are not to be counted unless the tally shows the votes for Congressman do not equal the whole number of names on the poll list. Then enough of the votes so wrongly cast shall be added to the tally sheet to make the total equal to the whole number of votes shown to be cast.

Where election officers refuse to administer oaths to voters applying therefor, it is provided in the bill that the supervisors shall administer oaths, but no effort shall be made to have the vote thus refused cast, the object being merely to preserve the testimony of the application and refusal.

Gen. McCook Succeeds Grierson. WASHINGTON, Aug. 7.—Gen. McCook will be assigned to the department of Arizona with headquarters at Santa Fé, N. M.

Laundrymen are Laborers.

WASHINGTON, Aug. 7.—The Assistant Secretary of the Treasury says the department having decided that a laundryman is a laborer, a Chinaman who is proprietor of a laundry would not under the act of October 1, 1888 be allowed to re-land in the United States after visiting his native country.

Failure of Kansas Crops.

TOPEKA, (Kan.) Aug. 7.—The Kansas State Board of Agriculture has reports from about five hundred correspondents representing every county in the State. These indicate that growing crops in every portion have been seriously injured. The severe drought, intense heat and occasional hot winds prevailing have been the cause of a falling off of corn prospects. Its condition, which one month ago was reported at 90 per cent, is now 33 per cent of the average crop. It is safe to say the corn crop this year will not exceed seventy-five million bushels.

Justifiable Homicide.

SAN FRANCISCO, Aug. 2.—An inquest was held this afternoon in the case of Henry A. Siebert, the moulder killed by Walter Rideout, an apprentice, on August 2d. The evidence went to show that Rideout was justified in the shooting. The jury was out about fifteen minutes when it returned a verdict of justifiable homicide.

The Irrigation Survey.

WASHINGTON, Aug. 7.—An agreement has been reached by the conference

on the Sunday Civil Appropriation Bill upon every item except the appropriation of \$720,000 for continuing the irrigation survey under the direction of the Geological Survey, which the Senate struck out of the bill. Another conference will be necessary.

A CHANGE OF BASE.

A Noted Denver Politician Assumes the Editorial Tripod.

DENVER, (Colo.) Aug. 7.—[By the Associated Press.] For some time past there have been various rumors in circulation regarding a Republican syndicate of this city composed of Senator Wolcott, his brother Henry Wolcott, Gov. Cooper, W. H. Griffith and a son of J. S. Clarkson of Iowa. The syndicate paid \$10,000 on the option, which expired at midnight last night, and as the remaining \$390,000 was not forthcoming, Col. John Atkins, president of the News Company, called the deal off and this morning published the following editorial:

"Mr. Thomas M. Patterson has purchased the whole of Mr. James M. Burnell's stock in the Rocky Mountain News Printing Company, which was fully one-half, and also enough of the stock owned by Mr. John Atkins to give him a majority of the stock and the control of this paper. Mr. Patterson has determined to retire from the practice of the law after the closing up of all of his present business in the courts by trial or otherwise, and then to assume editorial management of the News."

Although, because of his present engagements he cannot now give his personal attention to the paper he will hold himself responsible for its editorial utterances. Henceforth Mr. Atkins will continue as heretofore the president and manager of the company."

Mr. Patterson is well known as the leading Democratic politician and criminal lawyer of Colorado. He was a candidate for Governor two years ago and was defeated by Job A. Cooper. He was Territorial Delegate to Congress in the session of 1875-76 and won a senatorial reputation for himself in his speech seconding the nomination of Mr. Cleveland at the St. Louis convention.

STOW'S TACTICS.

STANFORD'S MANAGER WORKING AGAINST MARKHAM.

Willing to Trade Everything to Buckley for the Legislature—Markham Men Confident that He Will Win.

OAKLAND, Aug. 7.—[Special.] The day closes with several new complications in the Markham campaign. It is now admitted by all of Markham's friends that Stow, Stanford's manager, is working to defeat Markham, and wants to engage the Morrow and Markham men in a quarrel and then offer Chipman as a compromise ball to both. Stow proposes Judge Fitzgerald as candidate for State Senator on the ground that Col. Otis would not even ask him regarding his relations to Stanford.

The candidacy of Lindley and his close relations to Stow has alarmed the friends of Bowers' and Mr. Horton. Bowers' brother-in-law, says that the San Diego delegation will not vote for Markham until they have been given a guaranty that the Los Angeles delegates will vote for Bowers. It is claimed that certain of the Los Angeles county delegation, while they love Markham none the less, love Lindley more.

The summary of the situation is that the Stanford managers will defeat Markham if they can, and if this be true, it proves their intention to trade everything to Buckley for the Legislature.

Col. Fred Crocker personally is not in harmony with Stow as to the Democratic nominee.

MARKHAM WILL WIN.

SAN FRANCISCO, Aug. 7.—[Special.] The fight for Col. Markham never looked better. He will certainly win.

THE NIMBLE KAISER.

His Agility Saves Him From a Serious Mishap.

LONDON, August 8.—[By Cable and Associated Press.] Emperor William visited the dock yards at Portsmouth today. While there he came near being knocked down by horses attached to the carriage of Admiral Commercial, Naval Commander in Chief at Portsmouth. As the Emperor was crossing a street to enter the Admiralty House he was slightly struck on the shoulder by horses attached to a carriage which was approaching the Admiralty House. The Emperor narrowly escaped being knocked down by jumping nimbly aside.

STRANGLER EYRAUD.

He Again Makes an Unsuccessful Attempt at Suicide.

LONDON, Aug. 7.—[By Cable and Associated Press.] Eyraud, the murderer of Notary Gouffe, attempted suicide today. He tore his shirt into strips, twisted them together to form a rope, and with it attempted to choke himself to death. But for timely discovery he would have succeeded.

Acquitted.

SAN FRANCISCO, Aug. 7.—In the Superior Court this morning the jury in the case of John Smith, charged with the murder of a saloon keeper named Margot, rendered a verdict of not guilty, and Smith was discharged. The jury was out all night.

Turned On The Gas.

SAN FRANCISCO, Aug. 7.—The dead body of Edward Tobin was found this morning in his room. His landlady, Mrs. Dallings, says the gas was found turned on and it is believed he was asphyxiated.

LADIES' DAY.

Good Races Yesterday at the Park.

The Favorites do Good Work.

Half a Length Wins Two Races.

Dr. Wise's Glendine makes a Record—Details of the Contests.

The attendance at the Agricultural Park yesterday was larger than upon any preceding day of the meeting, about 3000 people, of whom at least one third were of the fairer sex, being within the enclosure by three o'clock.

The presence of so many ladies was due to some extent to the fact that the day had been specially set apart as "Ladies' Day" by the Association.

The weather doubtless had also a good deal to do with it, as the heat of the sun was tempered during the whole afternoon by a gentle breeze from the ocean, and a more enticing day for outdoor sport could not well be imagined. The inside rail on either side of the judges' box was lined with carriages of every description from the entrance gate to the corner at the head of the stretch, and a large number of vehicles were hitched to the fence near the club house.

The day's sport was fairly exciting, although the pleasure was marred somewhat by a tedious wait of almost an hour, while the two-year-olds were at the post for the first race.

Six, as pretty two-year-olds as one sees in a day's journey came to the post in the opening event, a five-eighths dash for two-year-olds. They were Matt Storm's bay filly Mystery, H. I. Thornton's brown filly Bessie Barnes, Owens Brothers' bay colt Mero, Rickabaugh & Harold's bay filly Santa Ana, Dave Bridges' brown filly Peri and Sherman & Ferguson's black colt Midnight. Peri's win at a half-mile the other day made her the favorite, and she sold in the pools for \$10 against \$6 for Santa Ana and \$6 for the remainder of the field. They were kept at the post three-quarters of an hour before the flag went down and Midnight jumped to the front at the fall of the bunting and got two clear lengths ahead with Mero leading the pack behind him. When they straightened out around the turn the order was Midnight, Mero, Peri, Santa Ana, Bessie Barnes and Mystery a length apart.

In the run down the stretch Peri was not called on until they got to the gate, where she easily forged ahead and won from Midnight by half a length. Santa Ana beat Mero a head for third place, a length from the leaders. Time 1:03 3/4, slow enough.

The second contest, and the one in which the interest of the day centered was the Southern California handicap for all ages, three-quarters of a mile, purse \$1,000. The best three-quarter milers in the state were in it, Gladiator, Comet, Dan Murphy, Daisy D, Carmen and Kildare. The handicap imposed was a satisfactory one, Gladiator getting 102 pounds, Comet 100, Dan Murphy 105, Daisy D, 121, Carmen 107 and Kildare 111. Carmen had to take up 5 pounds overweight, but that did not stop her. When the flag went down Dan Murphy showed in front and ran to the half mile post, a length ahead of the pack, with Carmen leading them. On the turn Carmen joined Dan the stretch together. Kildare joined them there and they came down home shoulder to shoulder, and just inside the distance post Carmen showed her nose in front and with a few cuts of the whip she flashed under the wire half a length in front of Dan Murphy, he the same distance in front of Kildare, the others beaten off. Time 1:14 1/2.

The half mile was run in 0:48 3/4, a rapid clip. Carmen had something what in her at the finish. Her victory makes five starts for the meeting and four straight wins and a second. Two of these were \$1,000 purses and the best things of the meeting.

The last thing of the day was the 2:27 class trot, purse \$1,000, in which there were five starters, Glendine, Bob Mason, Jim Leach, Belle B., and Danger. On the straight of Glendine's performance in the 2:50 class upon the opening day he was made a hot favorite in the pool box, selling at \$50 against \$11 for the whole field.

They went away in the first heat to a straggling start, Glendine getting considerably the worst of it. Belle B. took the lead as they swung into the turn with Jim Leach second, Danger third, and Glendine fourth. There was no change until they got around on the backstretch, where Glendine took third place. At the second turn Jim Leach got up to Belle B.'s wheel and Glendine crept up to within a length of them. In this position they entered the stretch. Under the pressure Belle B. went off her feet and in a hard drive Glendine beat her out by half a length in 2:25 1/4. Jim Leach was at Glendine's wheel, Danger four lengths back, Bob Mason fifth. Bob Mason made a bad break at the start which killed his chances.

After the heat Glendine was barred in betting and Jim Leach sold against the field at \$10 to \$6. When they had scored three times, Register, the driver was fined five dollars for disobedience of starting orders and then, with a few more trials, they got off. Glendine at once took the lead. Danger got into second place at the turn. Bob Mason went off fast and broke at the turn, and when they got into the backstretch he was in fourth place. Glendine went off in the lead, but at the half Jim Leach had passed Danger and established himself in second place. The order of things was not changed until they got well into the stretch, when Bob Mason came home with a great rush of speed and drove Glendine out in 2:23 3/4, finishing at a break half a length behind him.

The third heat was a sensational one. They got the word to a poor start and Bob Mason got two

lengths the worst of it. He was pacing where he left the wire and he got half-way around the turn before Bayless could get him settled. Then he was 15 lengths behind. Glendine went on in front with Jim and Danger seeing-sawing the quarter pole. Mason began moving at a 2:20 clip, and he was within a length of Danger, who was in third place at the half. On the second turn he passes Danger and entered the stretch two lengths behind Glendine and a length from Jim Leach. Then all three came down home at a clip that was killing. Bob Mason passed Jim Leach and began to reach for Glendine, gaining at every stride. Maben plied his whip freely, but do what he could, Bob Mason sustained his flight of speed to the wire and beat Glendine out by a bare head in 2:27 1/4. Jim Leach was third, Danger fourth, Belle B. who went well after the first heat was distanced.

Bob Mason tickets were a valuable property before the fourth heat. Glendine's backers stuck to him, though, and bought him at odds of two to one against the entire field. When they got the word Bob Mason was well in his stride and went off in the lead. At the quarter pole he was half a length to the good of Glendine and at the half there was a length of daylight between them. As they swung into the second turn Glendine began to close up, and when they got to the head of the stretch he was two lengths in front and the race was over. Maben rustled Glendine all down the stretch and landed him under the wire in 2:23 3/4, the fastest heat trotted on the track this season.

Dissatisfaction reigns supreme and the flight of President Barillas is looked for at any moment. MIZNER'S MESSAGES.

Why They Never Reached Washington.

The Bonilla Telegraph Agency's Version of the Affair.

Some New York Stories Denounced as Newspaper Lies.

A Family Telegraph Company and How it Operates in Time of War—A Spicy Letter from Bonilla.

EL PASO, (Texas), Aug. 7.—[By the Associated Press.] New York papers reached here today containing interviews with Minister Cruse and Consul General Baiz in regard to interrupted communication between Secretary Blaine and Minister Mizner at Guatemala. The New York officials of that government charge that the only wires now used are monopolized by the Bonilla family who have a news agency with one member of the family at El Paso, Texas. The Times here published this morning the interview from the New York Star and in its issue tomorrow will appear the following answer from Bonilla.

EL PASO, (Texas), Aug. 7, 1890. TO THE EDITOR OF THE TIMES—MUCH ESTEEMED FRIEND: I was surprised to find in your issue today a clipping from the New York Star wherein the Guatemalan minister Cruse and Consul General Baiz attack my family and the telegraphic agency conducted by myself and brothers who reside at the capital of Guatemala. In answer I begin by saying that as our telegraphic business is not participated in by my father nothing should be said of him. In regard to the representations and complaints made by Minister Cruse and Consul Baiz I am in a position to say that they lie and shall have the pleasure of having this fact come before the world as soon as Mr. Blaine, the Mexican minister and Mr. Mizner terminated their investigations. All they have said to the Star is a tissue of falsehoods and would bring the blush to the face of a gentleman. Mr. Cruse says he was indignant to learn of a syndicate that monopolized the telegraphic communication with the seat of war and that the syndicate consisted of the Bonilla family. Mr. Cruse lies when he says my father is connected with our business. He also lies when he says one of my brothers is stationed at the Libertad part of Salvador and the only instance wherein he does not lie is locating one of the brothers here with offices in Paso del Norte and El Paso Tex.,

Your obedient servant,  
JOSE DIEZ DE BONILLA.
