THOSE FORGERIES.

Dameron held in 4,000 on two Additional Charges. The examination of J. M. Dameron on two additional charges of forgery was held yesterday before Justice Austin. The proceedings did not take up much time and were concluded in the forenoon.

A Card.

I have been shown a copy of a publication called The Union Printer, and it contains a scurrilous paragraph concerning me. The man who says I ever was discharged from any of the many positions of trust which I have formerly held, is a dirty liar and scoundrel.

have known him intimately since 1866, and have always respected him as a friend, and came to his assistance unhesitatingly and without price, when he was in trouble, as I would do with any friend.

Marriage Licenses.

There were issued yesterday the following licenses: L. Alguire 35, Canada, and Fredy Dumphy, 22, Canada, both of Riverside. Francisco Rangel, 24, California, and Eulalia Bojorguez 18, California, both of Santa Monica.

New Suits.

Edward O'Neil sues Alfred B. Townsend for \$900 and interest, on foreclosure of mortgage. F. Grazide sues E. J. Baldwin et al for \$494.40, balance of the value of 1184 sacks of barley stored in the Puente warehouse, and which the defendant failed to deliver to plaintiff.

Henry L. Pinney has brought two suits to recover street assessment. One is against Miss Wilkerson for \$81.54, and the other against Chas. E. Strong for \$84.38.

DUNLAP'S STATEMENT.

He Claims to Have Been Much Misrepresented. Attorney Dunlap says that the article in yesterday's issue, connecting his name with the case of E. S. Jones on habeas corpus is untrue in many respects.

There was no scene created he says, nor anything said about kidnaping. Jones was not charged with forgery, as stated, but the vague crime of "misdemeanor" committed in May last, in Stanislaus county. Jones should have been allowed bail, and Judge McKinley so instructed the officers, but he, in willful violation of known law and his duty, covertly hustled Jones out of a back door of the Sheriff's office and hurried him to the train without allowing him an opportunity to give it.

CATALINA GOSSIP.

A Breezy Budget From the Happy Island. Correspondence of the Herald: Life at Avalon still continues peaceful and happy. Clear weather, good fishing, good feeding, fine boating and bathing are enough to make any but an anchorite happy and contented.

The Metropole still swarms with life. Some few of the old faces are gone, but there are new ones to take their places and the crowd shows no diminution. Among recent arrivals are H. R. Waver, of the Hotel San Gabriel, W. R. Kelly, of Omaha, N. S. Harwood, Frank Cook and J. E. Hunter of Lincoln, Neb.; C. F. Cook, Hillsdale, Mich., and D. W. Coole, of Beatrice, Neb.

Two of the Nebraska gentlemen went goat hunting this morning before the other guests of the hotel were active and up to the present writing have not returned.

Mr. John H. Perry from the Lone Star state came to the metropolis last night. While other foreign arrivals were Mr. and Mrs. C. E. Packard and Mr. and Mrs. J. A. Allen of Riverside, F. W. Gregg of San Bernardino and Dr. and Mrs. W. G. Cochran of Los Angeles.

Conductor John Bassett, so well known to the passengers on the Santa Monica train, came down yesterday for a few days. He found many friends on the beach.

B. W. Harris of Pomona found a fine nautilus shell on the beach. Quite a valuable find as they are valued at Hunt & Hargitt's shell store at from \$5 to \$25 each. The last one found previous to this was one which Charlie Hargitt discovered floating in Avalon bay about three weeks ago with the animal still inhabiting the shell.

The Wanda carried a party from the Metropole to Seal Rock yesterday. The party consisted of Mr. and Mrs. Lowe, Mr. and Mrs. Warner, J. F. Blake and another. It was a farewell trip for most of them, as they take their departure on the Hermosa today. They had a good day for their trip as the largest seal of the season was on exhibition so near the boat that Captain Remington declared he could count his whiskers. He was a fourteen-foot animal and didn't care for the steam whistle enough to slide off into the water.

The amateur photographer is abroad on the beach. He carries all sizes of instruments and his effort is to get views that no one else can obtain. Yesterday two of him were caught by the tide, another one got so far up on Sugar Loaf that he could hardly get back, and he failed to get to the top after all.

A very pleasant musicale was held in the parlors of the Metropole last evening under the direction of Prof. Kent. Among those who took part in the very brilliant programme were Prof. and Mrs. Delano, the Misses Rider and Mrs. Beeson. Tourists are busy naming hitherto nameless localities along the shore. Triangle Cave, Round Top, Devil's Slide, Painted Rocks and Seaweed Ledge are among the new names for well known places.

Nanny Goat Camp is the name of a camp of part of the Y. M. C. A. contingent and is down near Camp Overall.

Johnny Blake the irrepressible correspondent of the Express takes his departure today. When the beach residents heard of his intended departure they appointed a committee to draw up suitable resolutions.

The Rambler and the Nellie have left Avalon for San Pedro.

The Hattie and the Wanda both take parties to the Isthmus today.

The last Jewish capture took place on Sunday. The fish was a 250-pounder and its captors were Lew Parcells, D. E. Merriam, Geo. Elliott and Sandy Macdonnell. Visitors are preparing to remember the Island by purchasing quantities of shells and photographs of the island. Mr. Herve Friend ships four or five dozen photographs down to the island by every steamer and they vanish like eligible lots during the boom.

A GALLIC EPISODE.

Editor Raskin and Pascal Ballade Discharged. Editor Raskin, provided with a brand new cane and mopping his perspiring face violently, came into the city justices' court a few minutes after Pascal Ballade yesterday afternoon.

He carried a bundle done up in a copy of the Gavelois and when this was opened for the edification of Justice Hustin it disclosed a badly torn alpaca coat. It was so spoiled that it will never again be of use to Mr. Raskin during the hot weather. The reason of Messrs. Ballade and Raskin's presence in the court room was that they were to be tried on a charge of disturbing the peace. In fact they had had an encounter on the night of July 31st which was only stopped when a couple of policemen tore them apart and landed them at the police station.

Officers W. B. Leverich and R. E. Cottle testified that they were riding on a Main street cable car about 9 o'clock on the night of the 31st and when opposite Arcadia street became aware that there was a disturbance going on opposite the old postoffice. They got off the car and pushing through the crowd found Ballade and Raskin clinched and both holding on to the pieces of a broken cane. Their grip on the cane was so tenacious that it took the officers two or three minutes to separate the men. Ballade had a big wet over the eye and Raskin had one coat and one shirt sleeve hanging on by the buttons. They were finally taken to the station. The had been talking in French, which is a language the officers do not understand, but Officer Cottle saw that Mr. Ballade while holding on to the stick said in English, that he wanted to get in just one lick at Raskin for luck.

Mr. Ballade said that he saw Raskin on Main street and walked up behind to talk to him. He had no intention of doing violence to the editor. As he spoke to him Raskin turned and hit him a heavy blow over the head with the cane. The witness jumped on Raskin and they were fighting when arrested. The cause of the difficulty was that the Gavelois, published by Mr. Raskin, has for one year been publishing a number of articles reflecting on the witness.

Charles Raskin now took the stand and testified that on the night of the fight he was walking up Arcadia street and heard a man coming behind him very fast. When he had reached the middle of Main street the man who proved to be Ballade caught him by the sleeve and tore it out by the roots, so to speak, adding: "I have you now, you and I am going to fix you!" As Ballade would not let the witness go he struck him with the cane. Ballade then grabbed and broke it. They both struggled for the pieces and they were arrested while the tussle was going on.

G. Rocco had seen part of the scrape and his evidence to that extent was corroborative of Raskin.

Justice Austin found the evidence so conflicting that he discharged both defendants and on motion of the district attorney the charge of battery against Mr. Ballade growing out of the same transaction was also dismissed.

Cancer of the Nose. In 1878 a sore appeared on my nose, and grew rapidly. As my father had cancer and my husband died of it, I became alarmed, and consulted my physician. His treatment did no good, and the sore grew larger and worse in every way, until I had concluded that it was to die from its effects. I was persuaded to take S. S. Swift's Cancer Cure, and a few bottles cured me. This was after all the doctors and other medicines had failed. I have had no return of the cancer.

DISEASES OF MEN.

Dr. Liebig & Co. Coming.

While some may question the propriety of an institution like the Liebig World Dispensary treating such diseases, and some would heartlessly consign unfortunate sufferers to miserable lives of torture and premature death, yet we feel that life to the erring is as dear, and pain as severe, as to those whose sins have not found them out, or those who suffer from unavoidable diseases. All reputable physicians treat such cases (without proper facilities), why should not we when prepared? The sad lesson and their penitence, as with the prodigal son, bring many a wayward yet noble youth to a life of rectitude; and however some of the pharisaical and fastidious may think of the matter, they propose to imitate the good samaritan, and though they have fallen in had company, we will relieve them, and then say, "Go, sin no more."

A SCROFULOUS BOY

Running Sores Covered His Body and Head. Bones Affected. Cured by Cuticura Remedies.

When six months old the left hand of our little grandchild began to swell, and had every appearance of a large boil. We poulticed it, but all to no purpose. About five months after it became a running sore. Soon other sores formed. He then had two of them on each hand, and as his blood became more and more impure it took less time for them to break out. A sore came on the chin, beneath the under lip, which was very offensive.

His head was one solid scab, discharging a great deal. This was his condition at twenty-two months old, when I undertook the care of him, his mother having died when he was a little more than a year old, of consumption (scrofula of the lungs). He could walk a little, but could not get up if he fell down, and could not move when in bed, having no use of his hands. I immediately commenced with CUTICURA REMEDIES, using all freely. One sore after another healed, a bony matter forming in each one of these five deep ones just before healing, which would finally grow loose and were taken out; then they would heal rapidly. One of these ugly bone formations I preserved. After taking a dozen and a half bottles he was completely cured, and is now, at the age of six years, a strong and healthy child. MRS. E. S. DRIGGS, May 9, 1885, 612 E. Clay st., Bloomington, Ill.

My grandson remains perfectly well. No signs of scrofula and no sores. MRS. E. S. DRIGGS, February 7, 1890, Bloomington, Ill.
