

The Last Day.

Some Good Races at the Track.

The Citrus Handicap a Well Contested Event.

A Large Attendance and Good Sport.

Detailed Accounts of the Day-Incidents on the Track—Fast Time Made.

The summer meeting of the Sixth Agricultural Association was brought to a close last evening, and yesterday was one of the most successful of the phenomenal week. The attendance was fully equal to that of the opening day, while the number of carriages exceeded that of any preceding day. The programme included four races, of which two were running, one trotting and one pacing, and as the favorites carried off every event, it was a field-day for the talent, who were fully equal to the occasion and went home rejoicing.

There were but three starters in the Citrus handicap, the opening event of the day, Owens' Brothers' Captain Al, J. B. Chase's Marigold and W. L. Appleby's Raindrop carrying 110, 113 and 114 pounds respectively and Billy Appleby scored another in his series of victories by running first with Raindrop. She was the choice of the talent who paid almost two to one for her against the other two, and the money was well placed. There was nothing else in it. She got off in front and stayed there for the entire distance, winning well in hand by two lengths, Marigold beating Captain Al for the place by a neck. Time 1:50 1/4.

The second event had seven starters, Santa Ana, Lathrop Belle, Peri, Mero, Bessie Barnes, Wild Rose and Mystery, carrying 109, 99, 116, 103, 97, 110 and 97 pounds, respectively. The race was the junior handicap and the distance three-quarters of a mile. While they were at the post Jockey Hennessey fainted and was taken down from Mero, his mount. He had reduced seven pounds during the night, and was exhausted by the process.

The start spread-eagled the whole field, with Santa Ana and Peri two lengths the best of the others, and the race was between them all the way. Santa Ana held a lead of half a length until they got into the stretch, when Peri went up to her and they raced down home together. In the last few leaps Peri stuck her nose in front, and under the whip ran out first, with Santa Ana at her girth. Wild Rose beat Mero for third place by a neck, but the place was given to Mero because he bored in on the latter at the head of the stretch. The time was 1:15, a good clip for a two-year-old filly with 116 pounds to carry.

The third event was the 2:35 class trot for which there were five starters: Pendennis, Dick Richmond, Leoneore, Jim and Larco. Leoneore, having shown what was in her on Wednesday last, was at once constituted favorite in the pools at \$20, Larco selling second choice at \$10 and the field going begging at \$3. As she won three straight heats with the greatest of ease, her supporters had nothing to complain of; and the fact that she made a record of 2:24, added considerably to her owner's pride in her victory.

First heat: The horses were sent away after scoring three times. Leoneore and Dick Richmond at once went to the front, Larco crowding the other two out in an effort to secure third place while turning the corner. At the quarter Leoneore was a head in front of Dick Richmond, Larco a length behind, and Jim bringing up the rear. The leaders were on even terms going down the back stretch, with Larco close up, Jim and Phoeniss being ten lengths behind. The latter was maintained to the half, but at the corner Dick Richmond broke and Larco moved up to second place within a length of the favorite. As they turned into the stretch, Leoneore was a length and a half in front of Larco, while Dick Richmond, Jim and Pendennis were four lengths apart. Dick came with a rush up the stretch, however, and passing Larco, crept up to Leoneore's wheel; but the latter, after a driving finish, won the heat by three-fourths of a length. Larco and Jim had a close brush for third place, the former having a short head the best of it. Time 2:23 1/4. Pools sold: Leoneore \$25; Larco \$10; the field \$3.

Second heat: The horses were sent off at the fourth attempt in good style, all five going steadily and on very even terms. Dick Richmond and the favorite were the first to show in the lead, closely followed by Larco. At the quarter Leoneore and Dick Richmond were on even terms, Larco two lengths behind and the same distance in front of Jim. Dick was half a length in front of Leoneore at the five-eighths mark, and Larco was closing up rapidly. At the half Leoneore and Dick were side by side, going at a terrible clip, a length from Larco, the other pair trailing behind, ten lengths away. Rounding the turn Dick Richmond broke and Leoneore shot ahead three good lengths before he got down again. Larco, however, came with a rush, and at the head of the stretch was at the favorite's shoulder. He broke, however, at the seven-eighths mark, and gave way to Dick Richmond, who was coming strong when near the draw gate. Leoneore, however, easily held her own and won by a length from the gray, who broke as he passed under the wire, three lengths ahead of Larco. Time 2:24.

Third heat: When the quintette went away for the third heat, Leoneore had slightly the best of the start, but she broke badly at the first turn and Dick Richmond and Larco at once shot out to the front. The leaders were six

lengths away when Leoneore got down to work again, but she soon began to close the gap, and at the quarter was less than four lengths behind them. Dick Richmond, who at this point was half a length in front, soon placed another length between himself and Larco, the latter having broken at the tank, but Leoneore commenced moving in dead earnest and at the half was close to the gray. At the turn Dick Richmond went up in the air and the favorite went past him like a flash and took the lead by six lengths, increasing it to ten at the head of the stretch. Larco and Dick Richmond entered the home stretch together, but the latter drew away in a vain effort to overtake Leoneore who won the heat and the race in a jog by five lengths. Pendennis came in at the finish and snatched the third place from Larco. Time 2:25 1/2.

Pools sold: Leoneore \$20; the field \$6. The 2:25 class pacing race for a purse of \$600, was the event on the card. There were only three starters for it: Silkwood, Rory O'More and Acrobat; but practically the first-named was the only one in the race. Pools were sold before the first heat, with Silkwood favorite at odds of three to one against the field; but he outfought his opponents so easily as to preclude the possibility of selling pools after it was over.

First heat—After innumerable attempts, during which Silkwood was steady as a rock, the trio was sent away, Acrobat having the pole and the favorite being on the outside. Silkwood at once went to the front, Acrobat, who broke badly at the turn, falling back two lengths. This order was maintained to the half, Acrobat being almost a sixteenth of a mile behind. Going round the corner however, Rory O'More came with a rush and passing the favorite was six lengths in the lead at the head of the stretch. Just as Silkwood was let out, Rory broke, and the favorite passed him. He made a last effort, but was too late, Silkwood after a driving finish, winning the heat by half a length. Acrobat was distanced. Time 2:21 3/4. Pools sold: Silkwood \$10; the field \$3.

Second heat—The pair was sent away at a speedy clip and paced wheel to wheel to the turn, where Rory broke. Silkwood then drew away and took a lead of at least two lengths, maintaining it easily to the end of the circuit, the pace being altogether too hot for the little chestnut. Time 2:20. No pools sold.

Third heat—But little interest was manifested in the last heat as, after the favorite's performance in the preceding one, the result was no longer in doubt, and the crowd began to disperse homeward. At the first attempt the pair was sent away, but as in the preceding heats Rory O'More, who had been going well up with the favorite, broke at the first turn and lost more ground than he was able to recover. Silkwood went to the front and moving like clockwork all the way round the circuit, won both heat and race with the greatest of ease by fully seven lengths. Time 2:20 3/4.

HARRY FRICK.

Cuts a Man's Head open with a Shovel.

Harry Frick, a young East Side tough, has at last succeeded in getting into serious trouble. The boy is well connected, and everything has been done by his relatives and friends to keep him straight, but without success. Friday morning he tried to borrow a dollar from Albert Gregg, a laborer in his brother's employ, but Gregg declined to let him have the money. Friday night Frick again met Gregg at the corner of Water and Chavez street, where he was at work, when he got into a dispute with him, and finally assaulted him. Gregg, who had his shovel in his hand, tried to keep young Frick from doing him any harm, and finally laid the shovel down, when Frick grabbed it up, and struck him across the head, severing an artery and inflicting an ugly wound. Medical aid was at once summoned, but Gregg almost bled to death before the doctor arrived. His injuries were, however, attended to, and yesterday morning he swore out a complaint against Frick, charging him with assault with a deadly weapon. A warrant was issued, and Detective Bowler and Auble found Frick in Chinatown, where he generally holds forth, and took him to the station, where he was locked up. In the afternoon Frick was taken before Justice Austin, when the examination was set for Monday, with bail fixed at \$300.

Luke Cucio, an Italian, and Heinrich Teichler, a German, were yesterday admitted to citizenship by Judge McKinley.

Among those present were: Misses Q. Shepherd, A. Donnatius, J. Bomon, K. Underwood, Adams, Ruckmaus, L. Underwood. Messrs. H. Belcher, A. Webster, S. Bowman, S. Lewis, Rex Belcher, E. Arkilles, J. Arkilles.

A FORTUNATE CHICAGOAN.

Smiled upon by the Louisiana State Lottery Goddess to the Extent of \$15,000.

Eternally sticking to it brings success. Young men in Chicago have had this old maxim recited to them so often that whatever they engage in they keep at with a persistence bound to be rewarded. If the object sought to be attained is a praiseworthy one so much the better for the young man. The rule applies whatever be the motive.

The good fortune today enjoyed by a young Chicagoan, W. E. Spingenberg, a clerk in S. Schipps' fire insurance agency at 204 La Bolla street, the station, where he was locked up for persistent efforts, or it may have been simply one of the smiles which Dame Fortune so often sheds on favored residents of the world's fair city.

Be it as it may, Mr. Spingenberg in June invested in a one-fortieth interest in ticket No. 59, 843 in the Louisiana State Lottery and now has 15,000 gold, hard dollars to show for it, the entire ticket represented by his number being \$600,000. When called on by a Times reporter he was very reticent as to details, but tacitly pleaded guilty to the extent named. Mr. Spingenberg is a sharp, shrewd, young business man and already has his newly acquired fortune invested in good advantage. Riches have by no means turned the young man's head, but the unexpected possession of even this little \$15,000 has given him an idea of the pleasant troubles that riches generally bring with them.—Chicago Times, July 17.

A BUSTED BOOM.

Is What Jay Adams Found in the North-Country. Jay Adams of the Vanderbilt system

returned from the northern country yesterday. He was all over northern Oregon and Washington, and is of the opinion that the boom has "busted" in that section.

"Hundreds of people are leaving daily throughly disgusted with the country. Many of them are going back to their old homes in the east while others are coming to California. No effort is being made to bring any of them to Southern California, and I am surprised to think that our Chamber of Commerce has not made a move in the matter. Through proper management hundreds of good citizens might be brought down here. We should send them reading matter by the car-load, for but few of them know anything about this glorious country."

A COOL ENTERPRISE.

Things to be Made Warm for the Ice Trust.

The ice combination which during the past summer has kept prices so ruinously high, will soon be a thing of the past. The decided stand taken by the press, together with the effective cartoons published some weeks ago, set capitalists to investigating the subject, and it was found that ice could be manufactured and sold at 50 cents per 100 pounds, at a good living profit.

Among others who became interested was J. H. Bryson, and the result of his investigations was a so satisfactory that he has decided to invest \$50,000 in an ice plant, which will be one of the best on the coast. Mr. Bryson has secured the building just this side of the Aliso street bridge, 50x150 feet, and has contracted for his plant, having made the first payment of \$3500 yesterday.

Mr. Bryson has secured the services of W. Weston, former superintendent of the Maen (Ga.) ice factory, and a practical man, as superintendent, and will push the work as rapidly as possible. The machinery is to be delivered in sixty days, and it will require 45 days to get it up, when the work of making ice will be at once commenced. It will take eight cars to transport the machinery.

CHAUTAUQUANS.

The People Yesterday at the Redondo Meeting.

"The Distinguished Men I Have Met" was John DeWitt Miller's subject for his final lecture yesterday morning. While this lecture is not so profound as his "Perils and Possibilities of our Country," not so laugh-provoking as "Love, Courtship and Marriage," yet its wit is finer, and its pathos more touching than either of the others.

Hugo Mansfeldt appears for the last time tomorrow night. The concert of two hundred voices, led by A. M. Penham, will participate in the musical exercises at the amphitheater, which are

to be followed by a "Venetian Aquatic Carnival" on the Pacific. Special trains will be run.

Five schooners from the north are en route for Redondo, and will arrive soon, with a total of 2,500,000 feet of lumber. One million feet is now being unloaded. This gives a vague idea of the importance to which this port is growing.

The "Challenger," a three masted schooner, was brought to the wharf yesterday and began to unload.

Files are being driven for the extension of the wharf.

PASTOR KOENIG'S NERVE TONIC

Physicians Couldn't Cure Him.

SWANSTOWN, Hamilton Co., O., June, 1889. One bottle of Pastor Koenig's Nerve Tonic cured me entirely, after physicians had tried it unsuccessfully for 8 months to relieve me of nervous debility. W. HUENNEFELD.

People can hardly believe it.

JERSEYVILLE, ILL., May 30th, 1888. I take pleasure to let you know that my boy is still all right; he has not had any of the spasms since about March 25th. The people can hardly believe it from the fact that he had as many as 16 a day or more. I believe he was a very nervous child all his life but did not show any signs of spasms until last December, after which they came in regular succession, and I had 3 doctors attending who could do nothing for him, nor even tell us what was the matter. I had despaired of his ever getting well, until I got Koenig's Nerve Tonic. After taking not quite a bottle he got quite well and has not had the least sign of spasms since. Respectfully Yours,

MRS. E. LEYTON.

I testify to the facts as stated above to be strictly true. Our Pamphlet for sufferers of nervous diseases will be sent free to any address, and poor patients can also obtain this medicine free of charge from us.

This remedy has been prepared by the Reverend Pastor Koenig, of Fort Wayne, Ind., for the past ten years, and is now prepared under his direction by the
